185. Lt. Col. LEMAC submitted a letter from Dr. KOBE to the Secretary of the Joint Economic Committee introducing Lt. Col. LEMAC, who was taking over the position of President of the Yugoslav Delegation from him. A translation of this letter is shown at Appendix i to these minutes.

186. CANCELLED MINUTES

Ing. KOVACIC referred to Minute 35 of the Finance Sub-Committee minutes of 17 JAN 46, stating that she did not consider this minute was correct as Lt. Col. BEARD was not present and no answer was given to the Banca d'Italia required the cancelled dinar notes.

Lt. Col. BEARD replied that this minute did not state that he was there, and at the last meeting of the Finance Sub-Committee held on 28 FEB 46 he had promised to submit a letter on this subject. In any case these minutes had been reviewed at the last Joint Economic Committee and no criticism of this minute had been made then.

Ing. KOVACIC replied that they were not having sufficient time to read the sub-Committee minutes before the main meeting, as they were only available the evening before. Therefore, could arrangements be made to have them completed earlier.

The Chairman suggested that 48 hours should be allowed between the last sub-Committee meeting and the main Committee meeting instead of the present 24 hours, this would give the Yugoslav members 24 hours to examine the sub-Committee minutes. This was agreed.

-2-

187. The minutes of the tenth meeting of the Joint Economic Committee held on the 19th January 1946 were received.

188. HARD COAL FOR LOCOMOTIVES IN ZONE B

Lt. Col. LEMMO asked if there had been any change in the policy concerning the question of hard coal for locomotives in Zone B. Colonel BARBER replied that there had been no change.

189. THE QUESTION OF SUPPLY OF THE FUEL AND OTHER SHIPPING SERVICES

Lt. Col. LEMMO referred to Minute 167 of the Joint Economic Committee meeting of 19th January and handed a letter to the Chairman in reply to this question. (see Appendix B)

190. DEBLOCKING OF ACCOUNTS AT BANKS

Lt. Col. LEMMO handed a letter on the question of deblocking of accounts at banks in Zone B to the Chairman and drew the Committee's attention to Minute 177 of the Joint Economic Committee meeting of 19th January. He stated that this letter explained the inconvenience caused by A.G.'s order prohibiting the meeting of liabilities of banks in Zone A, of their branches in Zone B and contained 26 claims by individuals suffering damage through this order (see Appendix C).

Lt. Col. BARBER asked if the desired the transfer of currency across the German line, which was prohibited.

Capt. HARMAN replied that they did not desire in particular for currency to pass the German line, but wished that these credits could be transferred in Zone A in business transactions so that residents of Zone B would not suffer.

Lt. Col. LEMMO replied that he would discuss the matter, if they desired, between meetings.

191. REPAIR AND SALVAGE OF SHIPS

Lt. Col. LEMMO stated that the Yugoslavs were not in agreement with the Anglo-American interpretation of what constituted war booty. A further letter of protest was therefore submitted (see Appendix D).

192. REGISTRATION OF SHIPS

Lt. Col. LEMMO submitted a letter concerning the registration and transfer of ships as requested in Minute 166 of the Joint Economic Committee meeting of 19th January (see Appendix E).

193. TRANSFER AND SALE OF SHIPS

Lt. Col. LEMMO submitted a letter on the question of the transfer and sale of ships as requested in Minute 168 of the Joint Economic Committee meeting of 19th January. He requested that action should be taken on the

Lt. Col. LEMMO referred to Minute 167 of the Joint Economic Committee meeting of 19th January and handed a letter to the Chairman in reply to this question. (see Appendix B)

190. DEBLOCKING OF ACCOUNTS AT BANKS

Lt. Col. LEMMO handed a letter on the question of deblocking of accounts of banks in Zone B to the Chairman and drew the Committee's attention to minute 177 of the Joint Economic Committee meeting of 19th January. He stated that this letter explained the inconvenience caused by AEC's order prohibiting the meeting of liabilities, by banks in Zone A, of their branches in Zone B and contained 26 claims by individuals suffering damage through this order (see Appendix C).

Lt. Col. LEMMO asked if the Chairman desired the transfer of currency across the German line, which was prohibited.

Capt. HEMMEL replied that they did not desire in particular for currency to pass the German line, but wished that these credits could be transferred in Zone A in business transactions so that residents of Zone B would not suffer.

Lt. Col. HEMMEL replied that he would discuss the matter, if they desired, between meetings.

191. REPAIR AND SALVAGE OF SHIPS

Lt. Col. LEMMO stated that the Yugoslavs were not in agreement with the Anglo-American interpretation of what constituted war booty. A further letter of protest was therefore submitted (see Appendix D).

192. REGISTRATION OF SHIPS

Lt. Col. LEMMO submitted a letter concerning the registration and transfer of ships as requested in minute 166 of the Joint Economic Committee meeting of 19th January (see Appendix E).

193. TRANSFER AND SALE OF SHIPS

Lt. Col. LEMMO submitted a letter on the question of the transfer and sale of ships as requested in minute 168 of the Joint Economic Committee meeting of 19th January. He requested that action should be taken on the suggestions incorporated in this letter. (see Appendix F).

194. THE TRANSFER OF THE RAIL & POWER & INDUSTRY & COMMERCE SUB-COMMITTEES 334

The minutes of the tenth meeting of the Fuel & Power and Industry & Commerce Sub-Committee were received.

195. TRANSFER OF COMMODITIES THROUGH ZONE A /

195. TRANSIT OF GOODS THROUGH ZONE A

Lt. Col. WICKHAM requested that the Yugoslav Delegation should be sent a letter giving details of the proposed regulations on the transit of goods through Zone A and request that contracts already entered into should be permitted without these restrictions being imposed.

Lt. Col. WICKHAM replied that goods had arrived in Italy without the knowledge of the Italian Government or AMM. Details on the transit of goods through or to Zone A had already been required and if these details were given no difficulties would arise; business could obviously not be continued in the present haphazard manner.

It was further pointed out that articles including coal on the reserved commodities list were in world short supply and these materials were allocated from a pool to places where there were most pressing, by Committees specially set up for this purpose and free trade under such circumstances could not be permitted.

Capt. BROWNE replied that as AMM did not wish to purchase YUGOSLAV coal they had considered they were free to trade where and how they desired as they did not know of the reserved commodities list, and thought that trade with Italy was free. Under the existing circumstances Lt. Col. WICKHAM requested that contracts already entered into should be completed, and asked that all that could possibly be done should be done as far as coal was involved.

Lt. Col. WICKHAM replied that originally because of the question of the shortage of coal AMM had instructed the Anglo-American members of the Committee to discuss the purchase of coal from AMM.

The Anglo-American representative gives more still prepared to discuss the purchase of YUGOSLAV coal when the Yugoslavs so desired; in the meantime, no guarantees could be given of how the coal already shipped to Italy and Zone A would be distributed as it was beyond the power of this Committee to alter the controls on reserved commodities.

196. STATUS OF THE YUGOSLAV DELEGATION

Lt. Col. WICKHAM requested the attention of the Yugoslav representatives to the last paragraph of minute 109 of the Industry & Commerce Committee minutes of 27th February and asked if more details could be given on the statement referred to. The Yugoslavs promised to forward details.

197. DISCUSSION ON SHIPPING MATTERS

Lt. Col. WICKHAM suggested that the proposed conference to deal with shipping problems should be held at 1400 hours on 14th March 1946.

Lt. Col. WICKHAM agreed with the suggestion and stated that he would confirm this date later. It was mutually agreed that the Committee should be on a Sub-Committee basis composed of experts on shipping with at least one member of this Committee represented on each side.

198. RELEASE OF PORTS FROM ILLA

Lt. Col. WICKHAM said that the Yugoslavs considered that in accordance with the spirit of the Morgenthau-Devinovic agreement it was not proper that plant and machinery should be removed from Zones A and B without the mutual agreement of both sides, and that instructions for the removal of plant should not be given one-sidedly.

desired as they are not below of the reserved commodities list, and that trade with Italy was free. Under the existing circumstances Lt. Col. LHM requested that contracts already entered into should be completed, and asked that all that could possibly be done could be done as far as coal was involved.

Lt. Col. BICKERSTETH replied that originally because of the question of the shortage of coal had instructed the Anglo-American members of the Committee to discuss the purchase of coal from Africa.

The Anglo-American representative given were still prepared to discuss the purchase of Africa coal when the Yugoslavs so desired; in the meantime, no guarantee could be given of how the coal already shipped to Italy and Greece would be distributed as it was beyond the power of this Committee to alter the controls on reserved commodities.

196. STATEMENT BY AN ATTACHED OFFICER

Lt. Col. BICKERSTETH drew the attention of the Yugoslav representatives to the last paragraph of minute 109 of the Industry & Commerce Sub-Committee minutes of 27th February and asked if more details could be given on the statement referred to. The Yugoslavs promised to forward details.

197. CONFERENCE ON SHIPPING QUESTIONS

Lt. Col. BICKERSTETH suggested that the proposed conference to deal with shipping problems should be held at 1430 hours on 10th March, 1946.

Lt. Col. LHM agreed with the suggestion and stated that he would confirm this date later. It was mutually agreed that the Committee should be on a Sub-Committee basis composed of experts on shipping with at least one member of each Committee represented on each side.

198. RELEASE OF MACHINERY FROM ITALY

Lt. Col. LHM said that the Yugoslavs considered that in accordance with the spirit of the Morgan-Vovanovic agreement it was not proper that plant and machinery should be removed from Greece and 3 with the mutual agreement of both sides, and that instructions for the removal of machinery should not be given one-sidedly.

Lt. Col. BICKERSTETH replied that the objection of the Yugoslavs to this point had been referred to AFM, when the ruling was asked for, and that the Anglo-American representatives had been subsequently instructed that this machinery was not affected by the clause relating to the removal of plant and industrial facilities in Appendix I of the agreement. He further stated that if the Yugoslavs were still in disagreement with this ruling the question should be taken up by them through diplomatic channels.

Lt. Col. LHM replied that this would be considered.

199. THE RADIO TRANSMITTER AT GORIZIA

Lt. Col. BICKERSTETH stated that no information had been so far received regarding the release of the radio transmitter which had been impounded at Gorizia.

200. BUS SERVICES AND CIVILIAN CONVOY THROUGH ZONE B

No reply had so far been received by the Anglo-American side on the granting of permission for the operation of bus services and a civilian convoy through Zone B. Col. BIKERSBETH pointed out that although the Yugoslavs had requested the service GOBIZIA-POSTUMLA no authority had been given and presumably the service was no longer required.

Capt. HEZELJAK replied that this service was required, but since they had been unable to provide the twelve tyres, as provisionally agreed, from their side, they had understood that the Anglo-American side was not prepared to operate this service.

Lt.Col. BIKERSBETH replied that if they still wished to operate this service and put up a proposition, the case could be re-examined.

It was further requested that the position of the bus services already operating between Trieste and Pola should be clarified by the Yugoslav Military Government and a written authority given.

Lt.Col. LEMAC stated that bus services in Zone B had greatly improved and that until Nigler Graton's withdrawal his seven buses without warning, and in contravention to his contract which was not due to expire until the end of 1946, this improvement had been maintained.

The Chairman asked if a written authority for the operating of the civilian convoy could be given before the next meeting.

Lt.Col. LEMAC replied that he would try to arrange this.

201. BUSES OPERATED BY GRATON

Lt.Col. LEMAC requested that AMG should assist in the return of the buses owned by Nigler Graton, who had assigned to Zone A and Pola with seven buses in contravention of his contract. It was understood that some of these buses had gone to Venice. It was requested that an answer to this request should be provided urgently so that the improvement in bus services in Zone B could be maintained.

The Chairman replied that the matter would be investigated and the results would be passed to the Yugoslavs between meetings.

202. DESTROYER KILMER/RECORD

Lt.Col. LEMAC stated that the letter sent by the Secretary of the Joint Economic Committee arrived on the 19th February and for this reason no answer had been given. The problem had been passed to the Yugoslav authorities and it was hoped that it would be possible to give an answer before the next meeting.

203. DISTILLATION OF TAR

Investigations had been commenced on the proposal for the distillation of the 50 tons of tar from the Rovigno Gas Works and information would be passed to AMG as soon as it was available.

204. THE CONSORCIO FERRIA ENERGETICA DELL'ISTRIA

Lt.Col. BIKERSBETH stated that he would submit the request for the documents of this organisation in writing.

Lt.Col. LEMAC promised to do everything that was possible to obtain the necessary documents.

Lt. Col. LEMMO stated that bus services in Zone B had greatly improved and that until Siger Gratonni withdrew his seven buses without warning, and in contravention to his contract which was not due to expire until the end of 1946, this improvement had been maintained.

The Chairman asked if a written authority for the operating of the civilian convoy could be given before the next meeting.

Lt. Col. LEMMO replied that he would try to arrange this.

201. BUSES OWNED BY GRATONNI

Lt. Col. LEMMO requested that AG should assist in the return of the buses owned by Siger Gratonni, who had escaped to Zone A and FOLA with seven buses in contravention of his contract. It was understood that some of these buses had gone to Venice. It was requested that an answer to this request should be provided urgently so that the improvement in bus services in Zone B could be maintained.

The Chairman replied that the matter would be investigated and the results would be passed to the Yugoslavs between meetings.

202. DESTRUCTION OF THE

Lt. Col. LEMMO stated that the letter sent by the Secretary of the Joint Economic Committee arrived on the 19th February and for this reason no answer had been given. The problem had been passed to the Yugoslav authorities and it was hoped that it would be possible to give an answer before the next meeting.

203. DESTRUCTION OF THE

Investigations had been commenced on the proposal for the distillation of the 50 tons of tar from the Rovigno Gas Works and information would be passed to AG as soon as it was available.

204. THE CONSORTIUM FOR THE REFINING OF PETROLEUM

Lt. Col. BICKERSTETH stated that he would submit the request for the documents of this organization in writing.

Lt. Col. LEMMO promised to do everything that was possible to obtain the necessary documents.

205. RELEASE OF BUSES (Ind & Commerce Sub-Com. Min. 119 of 27 FEB 46)

It was agreed that the question of the release of these buses would be examined in conjunction with the case concerning Gratonni's buses.

206. FLOUR MILL AT FOLA

It was agreed that as the account for the milling of WERRA flour had still not been paid by the Yugoslav authorities that the arrangements for payment should be made through the exchange clearing agreement and that the flour which had been held as security against payment should be released taking into consideration the world food shortage.

392

207. TRANSPORT OF FOUR POLA-MILK

Lt. Col. LEMMON submitted a letter containing details of the overhauling for the shipments of flour in the Pola-Corse sea routes by UGANA. He stated that the bills could be provided (see Appendix 2).

208. TRANSPORT OF CATTLE & GOODS FROM ZONE A

Lt. Col. LEMMON stated that action had been taken to implement these arrangements on the 15th of February 1946 and that he would follow this up.

209. CONTROLS ON THE MORGAN LINE

Lt. Col. LEMMON stated that the date for the commencement of controls on the Morgan line had not yet been fixed but that it would take place sometime during March 1946. Full details would be provided to the Yugoslavs with copies of all the necessary forms and documents.

210. THE FIFTH MEETING OF THE FINANCE SUB-COMMITTEE

The minutes of the fifth meeting of the Finance Sub-Committee held on the 28th of February 1946 were received.

211. DEFERMENT OF DISCUSSIONS

It was agreed that the discussions on the Finance Sub-Committee meeting of 28th February should be deferred as the Yugoslav representative had not had sufficient time to study them.

It was further agreed that a meeting of the Finance reps should be held after the main meeting so that the final points at difference in the exchange clearing agreement could be settled.

212. REPRESENTATIVE OF YUGOSLAV FROM ZONE B - 1 POLA

Lt. Col. LEMMON stated that 250 men who had been employed in Pola and who resided in Zone B had been prohibited from going to work; could a reason for this action be given.

The Chairman asked that a list of men dismissed should be forwarded for investigation. This was provided by the Yugoslavs.

213. MACHINERY EXPORTED FROM THE COTTON MILL AT LODGERS

Lt. Col. LEMMON drew the attention of the Committee to the fact that machinery had been exported from the cotton mill at Lodgers on the 21st February and that on a protest received from the workmen it was understood that it was intended to export still more machinery. Could it be discovered why this machinery was removed in the first place and could arrangements be made to see that this did not continue.

Major FORD replied that he understood that if this was electrical apparatus it had been taken to Lodgers by the Germans and that it was now being returned to its proper place in GMA Menzies to make space in the cotton mill so that work could be recommenced. He pointed out that the machinery was not being exported but

of controls on the longer line and not yet been fixed but that it would take three months during March 1946. Full details would be provided to the Jugoslavs with copies of all the necessary forms and documents.

210. THE FIFTH MEETING OF THE FINANCE SUB-COMMITTEE

The minutes of the fifth meeting of the Finance Sub-Committee held on the 26th of February 1946 were received.

211. EXAMINATION OF DISCUSSIONS

It was agreed that the discussions on the Finance Sub-Committee meeting of 26th February should be referred as the Yugoslav representative had not had sufficient time to study them.

It was further agreed that a meeting of the Finance reps should be held after the main meeting so that the final points at difference in the exchange clearing agreement could be settled.

212. REMOVAL OF MACHINERY FROM ZONE B. I POLA

Lt. Col. LEMING stated that 250 men who had been employed in Pola and who resided in Zone B had been prohibited from going to work; could a reason for this action be given.

The Chairman asked that a list of men dismissed should be forwarded for investigation. This was promised by the Jugoslavs.

213. MACHINERY EXPEDITED FROM THE COTTON MILL AT POGORCA

Lt. Col. LEMING drew the attention of the Committee to the fact that machinery had been exported from the cotton mill at Pogorca on the 21st February and that on a protest received from the workmen it was understood that it was intended to export still more machinery. Could it be discovered why this machinery was removed in the first place and could arrangements be made to see that this did not continue.

Major PODN replied that he understood that if this was electrical apparatus it had been taken to Podgora by the Germans and that it was now being returned to its proper place in CRDA plant. He pointed out that if this was the case the machinery was not being exported but simply being moved to its normal place in Zone B.

Lt. Col. LEMING stated he would investigate the matter further and inform the committee.

214. REMOVAL OF RAILWAY LINES

331

Lt. Col. LEMING stated that he wished to draw attention to the removal of railway lines in the area of Gorizia from the tracks, which were being taken in the direction of Udine. He stated that this matter was raised with the Joint Economic Committee as it concerned the removal of plants.

The Chairman instructed that this should be investigated by Colonel RUMFORD and the Jugoslavs.

215. IDENTITY CARD

Three copies of the new identity cards to be issued in Zone B, columns 200, 201 and 202, were submitted by the Yugoslavs.

It was stated that these were to be issued in accordance with the agreement and that the reason for the different colours was that one colour was to be for citizens of Italian nation, Italy, another for citizens of Yugoslavia and another for citizens of Yugoslav nationality.

It was requested that further copies should be forwarded for distribution to interested departments in Zone A.

216. Letter to the Joint Committee

It was stated that the next meeting should be held as follows

Industry & Commerce and	:	25 March 1946, 0930 hrs.
Food & Home & Sub-Committee	:	26 March 1946, 0930 hrs.

TRANSMISSIONATTENTION

Military Government of the Yugoslav Army
for the Giulian Region, Istria, FRI
and the Slovenian Littoral.
FINANCE DIVISION.

REF : 1300/F.

DATE : 1 March 46.

TO : A.A.G., FINANCE DIVISION, TRIESTE.

We are receiving complaints and protests from various banks and credit institutions that central banks are in Trieste and Pola, saying that when they ask for settlement of their claims at the central banks, the answer they get is that these central banks in Trieste and Pola would meet their obligations but for the written orders from the prohibiting them any payment for Zone B.

As this money belongs to inhabitants of Zone B and not of it to business people, we must that you should issue an order to the credit institutions to meet their obligations towards their branches in Zone B so that these could in turn meet obligations towards their customers.

We want to mention that such work considerably hinders the rehabilitation and normalization of economic life in Zone B which is granted by the "PROGRAM JOKOVIĆ" agreement.

Would you, please, inform us about it.

We are sending you herewith a copy of your prohibiting order.

Y. J. TO RASCHET - LIBERTY TO THE PEOPLE.

Trieste, 4 Oct. 45.

TO : Cassa di Risparmio di Trieste, Trieste.

FROM : Area Finance Officer, Trieste.

SUBJECT : Transfer of funds to Zone B.

REF : F/20.

With reference to your letter dated 29.9.45, in which you ask us whether you may transfer to your correspondent institutes in Zone B of Venezia Giulia certain funds, we confirm that the provision of funds in Zone B is prohibited by the Italian Government. The Government has issued an order in Zone B is prohibited, the result of which is the prohibition of recent APC order by which Credit Establishments with central offices in Trieste and branches in Zone B are exceptionally authorized to replace funds in limited quantities and for specified purposes to their c/r branches.

DH/m.

DECLARATIONREMARKS

Joint Economic Committee
Delegation of the People's
Democratic Republic of Yugoslavia

No. 14/16.

Belgrade, 25th Feb 1946.

TO: MR. SECRETARY of the JEC, TRIESTE.

With reference to the note of the War-Rioty Committee, it is our honour to state a protest against the interference in an intervention with War-Rioty.

It cannot otherwise be considered that War-Rioty in the Italian region which was considered territory, belonged to the Italian government recognized by all Italy, because it was used directly for the purpose of the Italian forces which were actively collaborating with the Germans - according to information from the Ministry of Foreign Affairs of the Federal Republic of Yugoslavia.

DATE 3 FEBRUARY - LIBERTY TO THE PEOPLE.

President of the Delegation
Dr. Kado, Boco.

With reference to para 164, in accordance with the note of the War Party Secretariat, it is our intention to submit a protest against the intervention in connection with the 164th.

It cannot be considered that the War Party in the Italian position which was a violation of territory, belonging to the Italian Government, recognized by the Italian Government, but also it was used directly for the purposes of the Italian forces which must actively collaborate with the German - according to intervention from the Minister of Foreign Affairs of the Executive People's Republic of Germany.

NOTE TO FACSIMILE - LIBRARY TO THE PEOPLE.

President of the Delegation
Dr. Kaba, Rome.

PARIS

APPENDIX E

With reference to para. 106 of the minutes of the
Joint Economic Committee, 1946, on the following explanation:-

Since the instant when the Yugoslav army entered into Trieste
and other ports that are not city under Allied Government or under
the Yugoslav Military Government, a change in registration of ships
that were registered in those ports to other ports outside Zone A and
B is permitted.

A change of registration carries out since then should be
proclaimed valid as it is contrary to the agreement of 26th June 1945
between the Chief Allied Commander of the Mediterranean Theatre of
Operations and the C-in-C of the Yugoslav Army (Appendix J, especially
para. 1/c).

DEATH TO FASCISM - LIBERTY TO THE PEOPLE.

President of the Delegation
Dr. Rado, Rado.

TO: SAC, Department of the Joint Economic Committee,
TABLE 3.1.2

With reference to items 16 of the minutes of the
 Joint Economic Committee, as given in the following explanation:-

Since the present when the Egyptian army entered into Trieste
 and other ports that are not city under Allied Government or under
 the Egyptian Military Government, change in registration of ships
 that were registered in those ports to other ports outside Zone I and
 is permitted.

Any change of registration carried out since then should be
 precluded valid as it is contrary to the agreement of 26th June 1945
 between the Chief Allied Commander of the Mediterranean Theatre of
 Operations and the C-in-C of the Egyptian army (Appendix J, especially
 para 1/c).

DEATH TO NAZIS - LIBERTY TO THE PEOPLE.

President of the Delegation
 Dr. Kobi, Roz.

TRANSMISSION

Joint Economic Committee
Delegation of the People's Republic of
Yugoslavia

No. 10/46.

Ljubljana, 25th Feb 1946.

TO: SAC, Secretariat of the Joint Economic Committee,
WARREN

Referring to item 163 of the minutes of the Joint Economic Committee conference of 19th January, we give you the following explanation :-

According to the agreement dated 20th June 45 between the Supreme Allied Commander of the Mediterranean Theatre of Operations and the C-in-C of the Yugoslav Army, Appendix J, para 1/c, no shares or ownership of shipping or industry enterprises can be alienated during the time of the allied occupation and until the final settlement of all questions on the peace conference. According to this, transfer of shares should not be permitted by the Allied Authorities. All transactions carried out during the time of allied occupation should be proclaimed void as they will not be recognised.

Would you please transmit all the measures necessary concerning this question.

DELETED TO RSC/EM - DELETED TO THE FILE.

President of the Delegation
Dr. Koba, Boco.

TO: AG, Secretariat of the Joint Economic Committee,
PRIVATE

Referring to item 163 of the minutes of the Joint Economic Committee conference of 19th January, we give you the following explanation :-

According to the agreement dated 29th June 45 between the Supreme Allied Commander of the Mediterranean Theatre of Operations and the C-in-C of the Yugoslav Army, Appendix J, para 1/c - "no shares or ownership of shipping or industry enterprises can be alienated during the time of the allied occupation and until the final settlement of all questions on the peace conference. According to this, transfer of shares should not be permitted by the Allied Authorities. All transactions carried out during the time of Allied occupation should be proclaimed void as they will not be recognised."

REF : 2532/P.

DATE : 1st March 1946

TO : A.M.C., COMMERCE DIVISION, TRIESTE.

The captains of the ships "SAN GIOVANNI" and "SANTILGO" that belong to the Society "UGAL", incorrectly charge the fare for transport of flour from Pola to Cerro.

The distance between Pola and Cerro is 32 nautical miles and according to tables issued by the society "UGAL" for transport of flour that comes into the 4th category (Table I), the tariff for 30 nautical miles amounts to 600 Lira, for 40 nautical miles to 740 Lira per ton, whilst these captains are charging us 862 Lira per ton.

Therefore, if we take the distance of 40 nautical miles for reckoning, there is a difference of 122 Lira per ton.

Would you please intervene with "UGAL" to conform with regulations in force and to return to us the incorrectly charged amount.

MINUTESINDUSTRY & COMMERCE SUB-COMMITTEE and the
FUEL & POWER SUB-COMMITTEE

106. The tenth meeting of the Industry & Commerce Sub-Committee was held at 1430 hours on WEDNESDAY, 27 FEBRUARY 1946, in the Economic Section, HQ. 13 Corps, TRIESTE. The Fuel & Power Sub-Committee was incorporated.

PRESIDENT:

Chairman
Lt.Col. D.S. BICKERSTETH
13 Corps.

Members

Major. K. COOPER,
Economics,
13 Corps.

Major J.D. FODEN,
Ind & Utilities,
13 Corps.

Capt. D. HRZENJAK
Ing. SINCER, D.
Ing. KOVACIC, K.
Ing. DELGAN, K.
Maj. J. MOIGAJ, M.

In Attendance:

Lt.Col. C.A.V. STEPHENS, Commerce.
Major BELLUM, G-II, 55 area.

107. TRANSIT OF GOODS THROUGH ZONE A.

Ing. KOVACIC again raised the question of the difficulties experienced, in the transit of goods through Zone A, by the Yugoslav authorities. She stated that it had been hoped that these difficulties would have been eased, but instead trade was steadily becoming more difficult.

Lt.Col. BICKERSTETH replied that many deals taking place at the present time had given the appearance of irregular transactions, and on each occasion it had been necessary to undertake investigations to ensure that the deals were regularised. Any deal that was in order and which had been recognised by the Yugoslav and Italian authorities would be helped in every way.

Ing. KOVACIC requested that the exact policy of AMG to trade and to the methods to be adopted, in clearing goods through Zone A and in trading between countries, should be clearly stated.

Lt.Col. BICKERSTETH replied that he would ask Lt.Col. STEPHENS to write to CENTROPRON giving details of the routine to be adopted in all

Members

Major. K. COOPER,
Economics,

Capt. D. HRZENJAK
Ing. SIJOSK, D.
Ing. KOVACIC, K.
Ing. DOIGAN, K.
Mac JANCIK, K.

In Attendance.

Lt.Col. C.A.W. STEPHENS, Commerce.
Major BELLAW, G-II, 55 Area.

107. TRANSIT OF GOODS THROUGH ZONE A.

Ing. KOVACIC again raised the question of the difficulties experienced, in the transit of goods through zone A, by the Yugoslav authorities. She stated that it had been hoped that these difficulties would have been eased, but instead trade was steadily becoming more difficult.

Lt.Col. BICKERSTETH replied that many deals taking place at the present time had given the appearance of irregular transactions, and on each occasion it had been necessary to undertake investigations to ensure that the deals were regularised. Any deal that was in order and which had been recognised by the Yugoslav and Italian authorities would be helped in every way.

Ing. KOVACIC requested that the exact policy of M/G to trade and to the methods to be adopted, in clearing goods through Zone A and in trading between countries, should be clearly stated.

Lt.Col. BICKERSTETH replied that he would ask Lt.Col. STEPHENS to write to CENTROPROM giving details of the routine to be adopted in all transactions affecting Zone A and Italy.

Lt.Col. STEPHENS explained that Italy would be recommending controls on foreign trade and it would be necessary to have import and export licences, and that goods from Zone A and Zone B imported into Italy would require a certificate of origin, and goods received from Italy by Zones A and B would require a permit to export from the Chamber of Commerce of the place concerned and goods for Yugoslavia or elsewhere the export licence of the Italian Government. It was only desired that M/G should control and ensure that only regular trade took place in zone A, and in consequence it had been necessary to introduce a system of transit, import or export permits in all movement of goods through, into, or out of this zone. In cases of the export of goods from Zone B to Italy, it would be necessary to have an authorisation from the Italian Chamber of Commerce of the place concerned, a certificate of origin from zone B with a stamp authorising the sale by the Yugoslav authorities, before a transit licence could be issued.

-2-

Lt. Col. BICKERSTETH pointed out that the reason for controls was so that materials imported to Zone A and B were not re-exported to any other country and to ensure that export trade was of solely indigenous supplies.

108. CONTROL OF GOODS ON THE MORGAN LINE

Lt. Col. BICKERSTETH stated he wished to inform the Yugoslavs officially that JMG was preparing to establish controls on the movement of goods over the Morgan Line.

109. ARSA COAL

Captain HRZLJAK asked for what reason the sale of coal dust to Zone A had been refused.

Lt. Col. BICKERSTETH replied that this coal had been run into small creeks up the coast at night and that this did not seem to be a regular way of doing business. It created the very worst imaginable impression on the Allied Authorities in UDINE and Zone A, and if coal was for sale it should be offered openly. The coal situation was very bad indeed and there was a dire need in the Mediterranean theatre for as much coal as possible, large quantities were having to be diverted for this purpose, which was creating much inconvenience to industry generally. The Anglo-American representatives were willing to negotiate the whole question of ARSA coal when the Yugoslavs were prepared to discuss the matter.

Capt. HRZLJAK pointed out that trust in such matters was essential and several things had created a bad impression amongst Yugoslav officials; for example, the statement by an Allied officer that the import of wood would have to be discontinued because the profits made were being used for propaganda purposes. It was desired to point out that Zone B was the worst damaged part of VERONA, GORIZA by the war and that this money was needed for rehabilitation, furthermore Yugoslavia was at present only exporting to Zone B those goods most needed by the population.

110. SALVAGE AND REPAIR OF SHIPS

Lt. Col. BICKERSTETH raised the question of the salvage and repair of ships which had been subject to War Booty claims and asked if a reply could be given to his request that the Yugoslavs should agree to make a reimbursement for the work undertaken if the ships at a later date should be awarded to them. (see minute 164 of the Joint Economic Committee of 19 JAN 4). It was agreed that this was a matter for the Finance Sub-Committee.

111. SHIPPING

It was agreed that all matters relating to shipping should be discussed at the main Committee, and the Yugoslavs propose a special meeting to deal with shipping between main Committee meetings.

The points raised for discussion were:

Lt. Col. BICKERSTETH replied that this coal had been run into small creeks up the coast at night and that this did not seem to be a regular way of doing business. It created the very worst imaginable impression on the Allied authorities in UDINE and Zone A, and if coal was for sale it should be offered openly. The coal situation was very bad indeed and there was a dire need in the Mediterranean theatre for as much coal as possible, large quantities were having to be diverted for this purpose, which was creating much inconvenience to industry generally. The Anglo-American representatives were willing to negotiate the whole question of JRSI coal when the Yugoslavs were prepared to discuss the matter.

Capt. HEZLEWICK pointed out that trust in such matters was essential and several things had created a bad impression amongst Yugoslav officials; for example, the statement by an Allied officer that the import of wood would have to be discontinued because the profits made were being used for propaganda purposes. It was desired to point out that Zone B was the worst damaged part of VERONA, GULI, by the war and that this money was needed for rehabilitation, furthermore Yugoslavia was at present only exporting to Zone B those goods most needed by the population.

110. SALVAGE AND REPAIR OF SHIPS

Lt. Col. BICKERSTETH raised the question of the salvage and repair of ships which had been subject to War Booty claims and asked if a reply could be given to his request that the Yugoslavs should agree to make a reimbursement for the work undertaken, if the ships at a later date should be awarded to them. (see minute 164 of the Joint Economic Committee of 19 JAN 44). It was agreed that this was a matter for the Finance Sub-Committee.

111. SHIPPING

It was agreed that all matters relating to shipping should be discussed at the main Committee, and the Yugoslavs propose a special meeting to deal with shipping between main Committee meetings.

The points raised for discussion were:

- a) Shipping removed from Zone A during the Yugoslav occupation. (see Minute 164 of Joint Economic Committee meeting 19 JAN 46).
- b) THE RELEASE OF THE SHIP "REDA", which was placed on the slips ostensibly for repairs in March 1943 at Rovigno, but which in fact was placed there to prevent her use by the Germans and is still on the slips awaiting release by the Yugoslav authorities so that it may be towed to Trieste for completion.
- c) THE RELEASE OF THE SHIP "MIRAL", a motor fishing vessel owned by Mr. Pietro Barale who desired to bring the vessel to Trieste, its port of registry, but was refused by the Harbour Master at Pirano, on instructions from the Yugoslav Maritime authorities who wished to use the ship for trade in the Gulf of Trieste.

-3-

- a) RELEASE OF THE MOTOR TRAILER OSTRO which was on a voyage from Jablanica (Dalmatia) to Trieste and due to damage to her engines, took shelter at Fiume. Special engineers were sent to Fiume by the firm of Ansaldo from Trieste, to undertake repairs, but when she was ready to sail the Harbour-master at Fiume informed the owner through a shipping agent by the name of "Lutis" that the ship would be held as War booty, pending a decision on the question of reparations by Italy. This vessel was built in Toscana Italy in 1920 at Porto del Vanni, and the present owner, Mr. Rocco, bought and renamed the vessel Ostro, port of registry, Trieste, in October 1941.

112. RELEASE OF MACHINERY FROM ILVA.

Lt.Col. BICKERSTETH stated that he wished to inform the Yugoslav Authorities that the Anglo-American members of the Committee had been instructed by AMM, that the 74 machines, to be used for the construction of a cement plant, could be released to ILVA as they were not affected by Appendix I of the Morgan-Jovanovic Agreement.

Capt. HRZANJAK asked that this could be brought up at the main Committee as it was a one-sided decision and the Yugoslav members of the Committee could not agree to this principle.

Lt.Col. BICKERSTETH pointed out that this was a final ruling and if the Yugoslavs were dissatisfied he suggested that it should be taken up through diplomatic channels.

113. THE RADIO TRANSMITTER AT CORITZ.

Lt.Col. BICKERSTETH stated that concerning the letter submitted by the Yugoslavs on a radio transmitter, which was impounded at CORITZ, the matter had been taken up on a higher level, and a reply was awaited.

Capt. HRZANJAK asked if this could be expedited and a satisfactory answer given.

Lt.Col. BICKERSTETH replied that no guarantee of any sort could be given.

114. BUS SERVICES AND CIVILIAN CONVOY

Lt.Col. BICKERSTETH asked if the Yugoslavs had any reply on the question of permission to operate the bus services and civilian convoy which had been previously brought up at the Joint Economic Committee and in a letter from the Secretary of 12 Feb 46. This concerned:

- a) Gorizia - Postumia Service (which was ready to operate)
- b) Two bus Services Trieste - Pola (already operating)
- c) Civilian convoy between Trieste and Pola.

Lt.Col. BICKERSTETH stated that he wished to inform the Yugoslav Authorities that the Anglo-American members of the Committee had been instructed by AFHQ that the 74 mm guns, to be used for the construction of a cement plant, could be salvaged as LVM as they were not affected by Appendix I of the Morgan-Jovanovic Agreement.

Capt. HREMANJAK asked that this could be brought up at the main Committee as it was a one-sided decision and the Yugoslav members of the Committee could not agree to this principle.

Lt.Col. BICKERSTETH pointed out that this was a final ruling and if the Yugoslavs were dissatisfied he suggested that it should be taken up through diplomatic channels.

113. THE RADIO TRANSMITTER AT GORIZIA.

Lt.Col. BICKERSTETH stated that concerning the letter submitted by the Yugoslavs on a radio transmitter, which was impounded at GORIZIA, the matter had been taken up on a higher level, and a reply was awaited.

Capt. HREMANJAK asked if this could be expedited and a satisfactory answer given.

Lt.Col. BICKERSTETH replied that no guarantee of any sort could be given.

114. BUS SERVICES AND CIVILIAN CONVOY

Lt.Col. BICKERSTETH asked if the Yugoslavs had any reply on the question of permission to operate the bus services and civilian convoy which had been previously brought up at the Joint Economic Committee and in a letter from the Secretary of 12 Feb 46. This concerned:

- a) Gorizia - Postumia Servi (which was ready to operate)
- b) Two bus Services Trieste - Pola (already operating)
- c) Civilian convoy between Trieste and Pola.

Capt. HREMANJAK replied that he understood a letter in reply had been dispatched on this matter, but they did not know the answer.

317

Lt.Col. BICKERSTETH replied that as this had not been received and the question had been outstanding for a long time, could the Yugoslavs ensure that the Committee had a reply to this question at the main meeting.

115. D STROYA SERRA NICO/B. GORITIA

Lt.Col. BICKERSTETH stated that a letter on this ship had been dispatched to the Yugoslavs on the 9th February asking that if the salvage and sale of this ship to defray expenses of salvage by JEF was not agreed by the Yugoslavs notification should be given by 16 Feb 46.

As no notification had been received it was proposed to carry on with the salvage as the ship was lying in the way of shipping.

Capt. HREMANJAK replied that the Yugoslavs did not agree to this proposal and the letter from the Secretary had not been received.

Lt.Col. BICKERSTATH asked for an immediate answer, as the ship was not worth salvaging except as scrap, and the Yugoslavs had instructed Tripceovich to discontinue salvage operations, and it was necessary that it should be removed.

116. PRICES CHARGED BY UIVOD

Lt.Col. BICKERSTATH drew attention to the fact that prices of goods purchased from Zone B were considerably higher than for the same goods sold in Zone B to residents, could an explanation please be given on this matter, as it is necessary for trading that prices should be equitable.

Capt. HRZMANJUK replied they did not know of this matter as trade was free and no control was exercised over the prices charged by private concerns; a small export charge was made but this should in no way affect the price.

Lt.Col. BICKERSTATH pointed out that civilians in Zone B were buying timber more cheaply than the price paid through UIVOD by AMB.

117. DISTILLATION OF TAR

The Yugoslavs were asked if they were prepared to undertake a business deal for the distillation of 50 tons of tar situated at ROVIGNO Gas Works by the distilleries in Trieste. It was pointed out that this was to create work in the local distilleries.

The Yugoslavs replied that they would give an answer to this question.

118. THE CONSORZIO PER LA BONIFICA DELL'ISTRIA

It was requested that the Yugoslavs should provide on loan the documents concerning the Consorzio per la Bonifica dell'Istria, which was being liquidated, so that outstanding credits could be ascertained.

Lt.Col. BICKERSTATH promised to submit the request in writing.

119. RELEASE OF BUSES

AMB had been requested by the Yugoslav Military Government to release a bus situated at Sestile (No. 3984) to the owners in Fiume. It was felt that as the Yugoslavs were at present holding two buses, two trucks and a trailer, which belonged to INT, some form of exchange could be arranged. The details of these buses are as follows:-

Autobus Isotta Fraschini D/120 target	TS 14252 motore	5002 tel	5002
" Fiat 635	TS 8783	" 002817	" 000072
Autocarro OM 5 MLD	TS 8794	" 0460	" 0318
" "	TS 8795	" 0118	" 0118
Rimorchio Bartolotti	TS 464	" "	" 745

120. FLOUR MILL AT POLA

Lt.Col. BICKERSTATH stated that the flour mill at POLA which had been milling URRB grain had not so far been paid and the debt now amounted to two million lire.

Lt.Col. BICKERSTATH pointed out that civilians in Zone B were buying timber more cheaply than the price paid through UIVOD by ACF.

117. DISTILLATION OF TAR

The Yugoslavs were asked if they were prepared to undertake a business deal for the distillation of 50 tons of tar situated at ROVIENO Gas Works by the distilleries in Trieste. It was pointed out that this was to create work in the local distilleries.

The Yugoslavs replied that they would give an answer to this question.

118. THE CONSORZIO PER L. BONIFICA DELL'ISTRIA

It was requested that the Yugoslavs should provide on loan the documents concerning the Consorzio per L. Bonifica dell'Istria, which was being liquidated, so that outstanding credits could be ascertained. Lt.Col. BICKERSTATH promised to submit the request in writing.

119. RELEASE OF BUSES

ACF had been requested by the Yugoslav Military Government to release a bus situated at Seile (No.F 3984) to the owners in Piuma. It was felt that as the Yugoslavs were at present holding two buses, two trucks and a trailer, which belonged to INT, some form of exchange could be arranged. The details of these buses are as follows:-

Autobus Isotta Fraschini D/120	targa TS 14252	motore 5002	tel 5002
" Fiat 635	TS 8783	" 002817	" 000072
Autocarro OM 5 BLD	TS 8794	" 0460	" 0318
" "	TS 8795	" 0118	" 0118
Rimorchio Bartoletti	TS 464	" "	" 745

120. FLOUR MILL AT POLA

Lt.Col. BICKERSTATH stated that the flour mill at POLA which had been milling UFFA grain had not so far been paid and the debt now amounted to two million lire.

Capt. HRZANJAK replied that he understood that this had now been settled and that an exchange for timber had taken place.

Lt.Col. BICKERSTATH replied that if this arrangement was not satisfactory it could be brought up between meetings.

121. TRANSPORT OF FLOUR POLA-CARSO

Ing. SIKOLAK said that UGITA were charging 120 lire a ton too much according to published rates in transporting flour on the POLA-CARSO route.

Lt.Col. BICKERSTATH asked for details and the actual documents in any specific case where they have been charged.

-5-

122. TRANSPORT OF CATTLE & GOODS

Ing. WOLCIE drew Lt. Col. BICKERSTETH's attention to the fact that authority had not so far been given to the transport of cattle through Zone A as had been requested in Minute 104 of the Sub-Committee meeting of 16 Jan.

Lt. Col. BICKERSTETH replied that the matter had been passed to Public Health Division and Agriculture for action and he would investigate the reason for the delay.

123. FUEL & PORT SUPPLIEMENTS

Major FODEN stated that there was no business to be discussed.

38. APPOINTMENT OF COMMISSARS.

Lt.Col. HEARD asked if Commissars had been appointed to all private undertakings in Zone B, if so had they taken over management and were undertakings in Zone B, whose owners and registered offices were in Zone A, being subjected to the same control.

Capt. HRZENJAK replied that he did not feel that this was a suitable question for the Finance Sub-Committee as each military Government was responsible to operate its own policy to the best of its ability.

It was agreed that this question should be raised at the main meeting.

39. OPERATION OF BANKS IN ZONE B.

Lt.Col. HEARD asked if private banks were permitted to operate in Zone B, and if they were not operating was this because they had insufficient currency.

Capt. HRZENJAK replied that banks in Zone B were functioning freely, some banks were having difficulty regarding currency as they had sent their money to their central banks outside Zone B before the liberation but it was felt that when the problem of the indebtedness of the central banks to their branches was solved this question could be answered, but

38. APPOINTMENT OF COMMISSARS.

Lt.Col. BEARD asked if Commissars had been appointed to all private undertakings in Zone B, if so had they taken over management and were undertakings in Zone B, whose owners and registered offices were in Zone A, being subjected to the same control.

Capt. HRZENJAK replied that he did not feel that this was a suitable question for the Finance Sub-Committee as each military Government was responsible to operate its own policy to the best of its ability.

It was agreed that this question should be raised at the main meeting.

39. OPERATION OF BANKS IN ZONE B.

Lt.Col. BEARD asked if private banks were permitted to operate in Zone B, and if they were not operating was this because they had insufficient currency.

Capt. HRZENJAK replied that banks in Zone B were functioning freely, some banks were having difficulty regarding currency as they had sent their money to their central banks outside Zone B before the liberation but it was felt that when the problem of the indebtedness of the central banks to their branches was solved this question could be answered, but if the same system was adopted as had been used by Cassa di Risparmio, Fiume, the currency shortage could also be settled in this way. The method used by the Cassa di Risparmio had been to sell the assets in foreign banks to concerns who were in possession of currency in Zone B. These assets had come into the hands of the Cassa di Risparmio when clients in Zone B transferred their accounts to the Cassa di Risparmio. The amount affected was 15,000,000 L.

Lt.Col. BEARD asked if other banks used the same methods would there be sufficient money in private hands to meet their needs.

Capt. HRZENJAK replied that there were not thousands of people in Zone B who had money and further added the reason for the interest in this matter.

Lt.Col. BEARD replied that Allied Commission wanted advice on the situation so that they would be in a position to advise the Italian Government in reply to Dr. KOME's letter on the question concerning the liabilities of banks in Zone B.

It was agreed that this question would be raised at the main conference.

- 2 -

40. MONOPOLY STAMPS.

In reply to the request of Lt.Col. BEARD that the Italian monopoly stamps which had been withdrawn from use in Zone B should be returned to AMG., it was stated that these stamps had been withdrawn from use and would not be used.

41. THE QUESTION OF THE CANCELLED D'ITALIAR NOTES.

Capt. HRZENJAK requested that the reason for the request of the return of the cancelled Dinar notes to the head office of the Banca d'Italia should be submitted to the Yugoslav Military Government by letter so that an answer could be given to the request.

42. FINANCIAL LIABILITY OF THE JUGOSLAVS IN ZONE A.

Lt.Col. BEARD stated that there were considerable sums due by the Yugoslav Authorities to concerns in Zone A. This matter had been under consideration by the Yugoslav Authorities for at least four months, could they make a statement on this matter.

Capt. HRZENJAK replied that Yugoslavia can meet these debts and will do so.

Lt.Col. BEARD asked when this would take place, as private firms could not maintain the sums owing to them much longer. As an example, Magazine Generale was a creditor to the extent of approximately 20 million lire for the unloading of UNRRA goods and they could not possibly continue to unload ships if they were not paid.

Capt. HRZENJAK replied that they were doing their utmost to meet these obligations including those through AMG and he understood that a way had been found to pay for the off-loading of UNRRA supplies. He also felt that AMG could probably help in the meeting of regular liabilities if they assisted in getting debts, owed by Italy and from outside zone B, paid. He pointed out that many of the debts were originally incurred in recommitting industry and in alleviating unemployment when this area was first liberated, and most of the debts in consequence are other than normal commercial debts.

Lt.Col. BEARD stated that there were three types of debts outstanding:-

- a) Debts incurred to create employment.
- b) " " since the Anglo-American Army had been in occupation
- c) " " continually.

How was it intended to pay the debts continually incurred? It seemed obvious that the best way of meeting these obligations was to sell surplus Yugoslav products which could be offered to merchants in Zone A.

Capt. HRZENJAK stated that he considered he had answered the question sufficiently by answering that the Yugoslav authorities would pay their debts.

It was agreed to raise the question again at the main meeting.

43. DEBTS OWED TO CREDITORS BY THE JUGOSLAVS

42. FINANCIAL LIABILITY OF THE JUGOSLAVS IN ZONE A.

Lt.Col. BEARD stated that there were considerable sums due by the Yugoslav Authorities to concerns in Zone A. This matter had been under consideration by the Yugoslav Authorities for at least four months, could they make a statement on this matter.

Capt. HRZENJAK replied that Jugoslavia can meet these debts and will do so.

Lt.Col. BEARD asked when this would take place, as private firms could not maintain the sums owing to them much longer. As an example, Magazine Generale was a creditor to the extent of approximately 20 million lire for the unloading of UNRRA goods and they could not possibly continue to unload ships if they were not paid.

Capt. HRZENJAK replied that they were doing their utmost to meet these obligations including those through AMG and he understood that a way had been found to pay for the off-loading of UNRRA supplies. He also felt that AMG could probably help in the meeting of regular liabilities if they assisted in getting debts, owed by Italy and from outside zone B, paid. He pointed out that many of the debts were originally incurred in recommending industry and in alleviating unemployment when this area was first liberated, and most of the debts in consequence are other than normal commercial debts.

Lt.Col. BEARD stated that there were three types of debts outstanding:-

- a) Debts incurred to create employment.
- b) " " since the Anglo-American Army had been in occupation
- c) " " continually.

How was it intended to pay the debts continually incurred? It seemed obvious that the best way of meeting these obligations was to sell surplus Yugoslav products which could be offered to merchants in Zone A.

Capt. HRZENJAK stated that he considered he had answered the question sufficiently by answering that the Yugoslav authorities would pay their debts.

It was agreed to raise the question again at the main meeting.

43. DEBTS OWED TO CANTIERI BY THE JUGOSLAV AUTHORITIES

Lt.Col. BEARD stated that several hundred million lire was due to the Cantieri by the Yugoslav Authorities and that a list of materials, which the Cantieri would accept in part quittance of these debts, had been submitted to the Jugoslavs. Would the Jugoslavs be prepared to agree to the supplying of these materials?

In reply it was stated that the Jugoslavs had nothing against this arrangement and that when this proposition had been received it was passed to the competent authorities for examination.

Lt.Col. BEARD requested that this matter should be settled as soon as possible, in reply to which Capt. HRZENJAK stressed that was in their interests also to clear up debts in this territory.

-3-

44. RETURN OF BANK EMPLOYEES

Lt.Col. BEARD raised two questions:

- a) concerning 3 Bar employees removed from Zone A in May 1945.
- b) The Chief Cashier of the Bank of Italy, ZARA.

He asked whether it would be possible to return these individuals as their services were required in the first instance in Trieste, and in the second instance in Rome. He then asked Lt.Col. BEARD stated that he had no knowledge of their post-war whereabouts or whether they were desirable people and that he felt confident that the Yugoslavs were the best judges of this point.

Capt. HRZENJAK replied that the political views of these people had not been examined, but suggested that the best method of dealing with the question was through diplomatic channels.

45. CLOSING OF THE NATIONAL MATERNITY AND CHILDHOOD ORGANISATION
IN ZONE B

Lt.Col. BEARD asked if there was any information concerning the dissolving of the National Maternity and Childhood Organisation in Zone B, and whether it was the policy of the Yugoslavs to dissolve all Italian social organisations?

Capt. HRZENJAK replied that he did not consider this was a suitable question for the Finance Sub-Committee, and that in any case the position in Zones A and B was not the business of the Italian Government. Furthermore any questions of this nature should be taken up through diplomatic channels, and only questions raised by Allied Commission or AFHQ could be considered.

Lt.Col. BEARD replied that no questions were received direct from the Italian Government and that in all cases questions of Italian Government origin were passed to him by AC or AFHQ, who themselves request an answer.

It was agreed that this question should be discussed at the main Committee.

J.R. SNOWDEN

knowledge of their political background for whether they were desirable people and that he felt confident that the Yugoslavs were the best judges of this point.

Capt. HRZENJAK replied that the political views of these people had not been examined; but suggested that the best method of dealing with the question was through diplomatic channels.

45. CLOSING OF THE NATIONAL MATERNITY AND CHILDHOOD ORGANISATION
IN ZONE B

Lt. Col. BEARD asked if there was any information concerning the dissolving of the National Maternity and Childhood Organisation in Zone B, and whether it was the policy of the Yugoslavs to dissolve all Italian social organisations?

Capt. HRZENJAK replied that he did not consider this was a suitable question for the Finance Sub-Committee, and that in any case the position in Zones A and B was not the business of the Italian Government. Furthermore any questions of this nature should be taken up through diplomatic channels, and only questions raised by Allied Comiser or AFHQ could be considered.

Lt. Col. BEARD replied that no questions were received direct from the Italian Government and that in all cases questions of Italian Government origin were passed to him by AC or AFHQ, who themselves request an answer.

It was agreed that this question should be discussed at the main Committee.

BUREAU DE L'UNION INTERNATIONALE
DES TÉLÉCOMMUNICATIONS

Notification n° 426.

Berne, le 1^{er} février 1946.

— *pièce* —

Monsieur le Directeur général,

Nous avons l'honneur de vous communiquer les renseignements ci-après qui ont été portés à notre connaissance depuis la dernière notification.

**Ratification, approbation ou application des actes de l'Union
ou adhésion à ces actes.**

Autriche.

Par lettre reçue le 18 janvier 1946, l'Administration autrichienne nous a fait connaître ce qui suit :

Sur la base de l'article 4 de la Convention internationale des télécommunications, la République autrichienne adhère

- au Règlement télégraphique (révision du Caire, 1938),
- au Règlement téléphonique (révision du Caire, 1938),
- au Règlement général des radiocommunications (révision du Caire, 1938),
- au Règlement additionnel des radiocommunications (révision du Caire, 1938).

Je vous prie d'en donner connaissance aux gouvernements intéressés.

(Ces adhésions ont été portées à la connaissance des membres de l'Union par notre télégramme-circulaire 2171, du 18 janvier 1946.)

D'autre part, l'Administration autrichienne contribuera dans la V^e classe aux frais communs de la division télégraphique et téléphonique du Bureau de l'Union, et dans la VI^e classe en ce qui concerne la division des radiocommunications.

**Classification des gouvernements adhérents relativement aux frais communs
du Bureau de l'Union.**

Tchécoslovaquie.

Par lettre en date du 17 décembre 1945, l'Administration tchécoslovaque fait connaître qu'elle contribuera, conformément aux dispositions de l'article 17 de la Convention internationale des télécommunications, aux frais du Bureau de l'Union dans les mêmes classes qu'avant la guerre, à savoir: III^e classe (15 unités) pour la division télégraphique et téléphonique et IV^e classe (10 unités) pour la division des radiocommunications.

Mutaton.

Autriche.

Par lettre reçue le 18 janvier 1946, l'Administration autrichienne nous a fait connaître ce qui suit:

Sur la base de l'article 4 de la Convention internationale des télécommunications, la République autrichienne adhère

au Règlement télégraphique (révision du Caire, 1938),

au Règlement téléphonique (révision du Caire, 1938),

au Règlement général des radiocommunications (révision du Caire, 1938),

au Règlement additionnel des radiocommunications (révision du Caire, 1938).

Je vous prie d'en donner connaissance aux gouvernements intéressés.

(Ces adhésions ont été portées à la connaissance des membres de l'Union par notre télégramme-circulaire 21/48, du 18 janvier 1946.)

D'autre part, l'Administration autrichienne contribuera dans la V^e classe aux frais communs de la division télégraphique et téléphonique du Bureau de l'Union, et dans la VI^e classe en ce qui concerne la division des radiocommunications.

Classification des gouvernements adhérents relativement aux frais communs du Bureau de l'Union.

Tchécoslovaquie.

Par lettre en date du 17 décembre 1945, l'Administration tchécoslovaque fait connaître qu'elle contribuera, conformément aux dispositions de l'article 17 de la Convention internationale des télécommunications, aux frais du Bureau de l'Union dans les mêmes classes qu'avant la guerre, à savoir: III^e classe (15 unités) pour la division télégraphique et téléphonique et IV^e classe (10 unités) pour la division des radiocommunications.

Mutation.

Hongrie.

Par lettre en date du 5 janvier, M. le Dr Ódön Udvarhelyi fait connaître qu'il a été chargé de la gestion de la direction générale des postes de Hongrie.

En même temps, M. Udvarhelyi nous prie de vouloir bien donner aux administrations l'assurance que tous ses efforts tendront, non seulement à maintenir, mais à resserrer encore davantage les excellentes relations qui ont toujours existé entre l'Administration des postes de Hongrie, d'une part, et les autres offices de l'Union et le Bureau international, d'autre part.

Dispositions facultatives des Règlements télégraphique et téléphonique du Caire (2^e série).

Autriche.

T.-e. 21/18, du 18 janvier:

... De plus, Administration autrichienne nous prie notifier ce qui suit:
Autriche désire et est autorisée par Conseil allié à ouvrir trafic télégraphique avec tous les pays de l'Union, à l'exclusion de l'Allemagne, du Japon, de la Corée, de Formose.
D'après les dispositions du § 1 d) de l'article 27 du Règlement télégraphique, taxe terminale autrichienne fixée à 8,5 centimes et taxe transit 6,5 centimes.
Autriche est disposée conclure arrangements particuliers.
Autriche propose aux pays limitrophes de renoncer à décompte taxes terminales dans trafic terminal réciproque.

Dans trafic originaire ou à destination Autriche, seul langage clair est admis et ceci en langues anglaise, française, russe ou allemande seulement; langage secret admis seulement pour télégrammes d'Etat et télégrammes de service, ces derniers dans expressions de code réglementaires.

Vu situation actuelle, catégories de télégrammes et services spéciaux suivants sont pas, réceptions pas, admis jusqu'à nouvel ordre: collationnement (TC), télégrammes-mandats et télégrammes-virements (Mlt), accusés de réception (PC, PCP), Express payé (XP), Express, Poste-avion (PAV) et phototélégrammes. En outre, sont pas admis au départ Autriche réponse payée (RP) et à destination Autriche formulaires de luxe (LX) et remise de nuit (Nuit).

Les administrations sont priées de donner à Autriche leur accord pour ouverture du trafic télégraphique en lui communiquant leurs taxes et autres conditions éventuelles, ainsi que d'informer ceux de leurs offices intéressés à accepter les télégrammes de service dans le trafic avec l'Autriche. Par cette voie, Autriche transmettra des propositions pour l'ouverture du service téléphonique. Date ouverture du trafic télégraphique et téléphonique public sera fixée d'un commun accord.

En raison difficultés actuelles dans transmission sur son réseau intérieur, Administration autrichienne regrette ne pouvoir accepter aucune responsabilité concernant remise du trafic télégraphique reçu de l'étranger surtout en ce qui concerne délais prévus article 90 Règlement télégraphique.

(14) Compañia Marítima Atlántica Ltd., c/o Simpson Spence & Young, 8-10 Bridge Street, New York, (N.Y.)

Dans l'annexe n° 2 à la nomenclature des stations côtières et de navire, 16^e édition, il y a lieu d'apporter la modification suivante:

Danemark (y compris les Féroé et le Groenland).

Dans l'état signalétique de la station de navire *Dania OYUB*, remplacer, dans la colonne des taxes,

40 ⑤ *) par 40 ① ③ *)

Réédition des tableaux de taxes A, B et C.

T.c. 28/29, du 29 janvier:

« Stocks tableaux de taxes télégraphiques A, B et C étant épuisés doivent être renouvelés. En raison nombreuses modifications apportées à ces tableaux pensons que simple réimpression éditions actuelles: 1938 pour A et B, et 1942 pour C ne répondrait pas aux besoins.

En conséquence, allons procéder à réédition de ces documents mis à jour à date actuelle.

Prix probables nouvelles éditions: Tableau A: 2,60 francs suisses; tableau B: 3 francs suisses; tableau C: 20 centimes suisses.

Repartition gratuite réglementaire sera effectuée automatiquement.

Prions offices qui désireraient exemplaires à titre onéreux nous faire connaître télégraphiquement leur souscription en indiquant genre de tableaux desirés et quantités.

A cette occasion, prions également offices qui auraient modifications à apporter à l'un ou l'autre tableau nous le notifier par télégraphe.

Prions vouloir bien communiquer présent telegramme-circulaire aux exploitations privées intéressées.

Restrictions de service.

Ethiopie.

T.-c. 26/28, du 28 janvier :
« Administration éthiopienne notifie que restrictions actuellement en vigueur sont les suivantes :
1^o Seuls les télégrammes rédigés en anglais ou français sont acceptés pour toutes destinations, sauf Italie pour laquelle langue italienne est acceptée dans télégrammes strictement privés.
2^o Télégrammes en codes autres que télégrammes officiels ne sont pas acceptés.
3^o Télégrammes ne sont acceptés que pour localités : Addis Abeba, Debre Markos, Dessié, Dire-Daoua, Djimma et Harrar. »

Japon.

T.-c. 23/19, du 19 janvier:

« Administration japonaise informe que, par ordre du Commandant suprême des armées alliées, les télégrammes et les conversations téléphoniques entre Japon et l'étranger sont soumis aux restrictions suivantes:

1° Messages entre Japon et l'étranger doivent être rédigés en langage clair, sauf quand l'expéditeur ou destinataire au Japon (répétions au Japon) a, au préalable, une permission spéciale d'envoyer ou recevoir des messages en code. Cette permission est nécessaire aussi pour l'usage des adresses et signatures abrégées ou en code.

2° On n'admet et ne délivre que les messages rédigés en anglais, russe ou japonais.

3° Quand on a la permission de l'usage d'un code, un numéro d'enregistrement sera distribué à celui qui se sert de ce code. Ce numéro doit figurer en tête du texte d'un message rédigé dans ce code. Nul, sauf la personne autorisée, ne peut envoyer ni recevoir des messages avec ce numéro, sauf dans le cas où l'on ait la permission de faire usage des adresses et signatures abrégées ou en code.

Tous les messages doivent contenir les adresse et noms complets de l'expéditeur ainsi que du destinataire.

Les conversations téléphoniques entre Japon et l'étranger doivent être tenues en langage clair japonais ou anglais.

4° Le trafic officiel des diplomates ou agents consulaires de nations alliées ou neutres constitue la seule exception à ces règlements.»

Luxembourg.

T.-c. 27/29, du 26 janvier:

« Administration luxembourgeoise communique qu'elle admettra, à partir 4 février 1946, télégrammes échangés entre Grand-Duché de Luxembourg et le Japon aux conditions suivantes:

1° Seul le langage clair est admis.

2° On n'admet et ne délivre que les messages rédigés en anglais.

3° Tous les messages doivent contenir les adresse et noms complets de l'expéditeur ainsi que du destinataire.

4° Les télégrammes originaires ou à destination du Japon peuvent être sujets à des retards de transmission et de remise et sont acceptés aux seuls risques des expéditeurs.

5° Le trafic officiel des diplomates ou agents consulaires de nations alliées ou neutres constitue la seule exception à ces restrictions.

6° L'échange ne se fera que de 09.00 à 12.00 et de 14.00 à 18.00 HEC.

Taxe terminale luxembourgeoise fixée à 10 centimes-or.»

Maroc (à l'exclusion de la Zone espagnole).

T.-c. 25/25, du 25 janvier:

« Faisant suite à T.-c. 258/19, 19 novembre (notification n° 492, page 8), Administration marocaine communique que échange radiotélégrammes avec navires est rétabli sans restrictions quant à leur objet.

Les messages peuvent être rédigés en langage clair ou en codes commerciaux admis. Service des avis radiomédicaux également rétabli.»

Tous les messages doivent contenir les adresses et noms complets de l'expéditeur ainsi que du destinataire.

Les conversations téléphoniques entre Japon et l'étranger doivent être tenues en langage clair japonais ou anglais.

4° Le trafic officiel des diplomates ou agents consulaires de nations alliées ou neutres constitue la seule exception à ces règlements.»

Luxembourg.

T.-c. 27/29, du 29 janvier:

«Administration luxembourgeoise communique qu'elle admettra, à partir 4 février 1946, télégrammes échangés entre Grand-Duché de Luxembourg et le Japon aux conditions suivantes:

1° Seul le langage clair est admis.

2° On n'admet et ne délivre que les messages rédigés en anglais.

3° Tous les messages doivent contenir les adresses et noms complets de l'expéditeur ainsi que du destinataire.

4° Les télégrammes originaux ou à destination du Japon peuvent être sujets à des retards de transmission et de remise et sont acceptés aux seuls risques des expéditeurs.

5° Le trafic officiel des diplomates ou agents consulaires de nations alliées ou neutres constitue la seule exception à ces restrictions.

6° L'échange ne se fera que de 09.00 à 12.00 et de 14.00 à 18.00 HEC.

Taxe terminale luxembourgeoise fixée à 10 centimes-or.»

Maroc (à l'exclusion de la Zone espagnole).

T.-c. 25/25, du 25 janvier:

«Faisant suite à t.-c. 258/19, 19 novembre (notification n° 492, page 5), Administration marocaine communique que l'échange radiotélégrammes avec navires est rétabli sans restrictions quant à leur objet.

Les messages peuvent être rédigés en langage clair ou en codes commerciaux admis.
Service des avis radiomédicaux également rétabli.»

Palestine.

T.-c. 31/31, du 31 janvier:

«Administration britannique informe que toutes restrictions afférentes télégrammes pour Palestine ont été supprimées.»

Siam.

T.-c. 32/31, du 31 janvier:

«Administration siamoise communique qu'à partir 1^{er} février 1946, télégrammes avec RP, PC et MP sont admis dans relations télégraphiques avec Siam.»

REQUISITION

PROGRAM OF ESSENTIAL IMPORTS FOR 1ST HALF 1946

VENEZIA GIULIA - UDINE

(SIGNAL)

Program-----C

Requisition Number AC - MISC -

To : Allied Force Headquarters
Date : 23 October 1945
Period : January 1st : June 30 1945
Ship to : Udine for Udine program
Trieste for Venezia Giulia
Consignee : A.M.G. XIII Corps.

REQUISITIONED BY :

H.C. QUARTIER
Lt. Col., GNC
Economic Section

APPROVED BY :

C.W. WALTON
Colonel, AC
Chief, Supply Div.
Economic Section

To

: Allied Force Headquarters

Date

: 13 October 1945

Period

: January 1st : June 30 1945

Ship to

: Udine for Udine program
Trieste for Venezia Giulia

Consignee

: A.M.G. XIII Corps.

RE VISITED BY :

H.C. QUARTIER

✓ 1 A812.11	wire bronze No12 BWG solid	FT.	1.100.000
✓ 1 A812	wire iron No12 BWG solid	FT.	1.160.000
✓ 1 A816	wire iron No16 BWG solid	lb.	440
✓ 6 N7530	Solder bar	lb.	110
✓ 6 N8583	Tape friction TL-83 3/4"	roll	166
✓ 6 N8594	Tape rubber TL-94 3/4"	roll	54
✓ 6 Q8794	Block equipment TG-92	Complete	10

1. The above equipment is essential for the rehabilitation of telecommunications in theidine area for period mentioned.

2. Only twenty one percent of the telegraph offices have been reopened for wire transmission. In order to reopen the remaining essential offices and maintain the wire routes necessary for the proper functioning of government and essential private communication during the first half of 1946 it is estimated that the above items will be the minimum requirement.

1. The above equipment is essential for the rehabilitation of telecommunications in Venezia Giulia area for period mentioned.

2. Practically all of the locations previously served by telegraph and telephone are again receiving service. The principle problem confronting the telephone and telegraph companies is one of maintenance. The material of hand at the present time in the Venezia Giulia region is inadequate to insure proper functioning of government and essential private communication during the first half of 1946, it is estimated that the above items will be the minimum requirement.
