SUBJECT: Toll Circuit Facilities

TO : The Minister of PP. & TT.

1. A very disturbing report has been received from Sicily to the effect that of the five telephone circuits allocated to civilian use between Catania and Palermo only 3 are in use owing to either lack of equipment or inability to cope with the traffic.

2. In view of the fact that two circuits are reported not in use it is difficult to understand why your Ministry requests allocation of an additional circuit.

3. You can well understand that failure to utilize circuit turned over to civilian use, jeopardizes requests for additional facilities.
