TRANSLATION

T. E. T. I.

September 4, 1945

Reference our letter dated August 31 ult. and telephone conference, we point out:

- 1) The subscribers rates applicable to you are the same as for the Italian Government and for the Allied Military Authorities.
- 2) The City Dial Lines' rate amounts to Lire 525 yearly til March 31, 1945 and Lire 800 for the time after the same date, according to the Italian decree issued March 26, 1945.
- 2) The rate begins with the date in which the line has been put on disposal on your frame, even if the line has been operated after above named date.
- 4) The estensions' rate starts on the installation's day.
- 5) The lines' and extensions' rates expire at the end of the three-month-time in which the equipments have been removed.

Esaminato quanto fattoci presente con la lettera su es-
marginata, ci preghiamo comunicare che concordiamo su quanto es-
posto da codesto Comando.

Per le linee urbane (canone di abbonamento f. 22) = ciascun
ns) nessun supplemento da corrispondere per gli apparecchi da
tavolo da noi non forniti e collegati a dette linee.

Derivazioni private, f. 24 anche di abbonamento per cia-
scuna, senza la tassa erariale.

Per quest'ultime non verrà conteggiato il canone di ma-
nutenzione descritto nella ns/ del 10 ottobre s.a. (Abb/AU) per-
ché per la prestazione della manutenzione saranno emesse mensili-
mente le relative fatture in base alla mano d'opera ed all'effet-
tivo materiale impiegato, come da accordi presi con codesto Co-
mando.

Per quelle linee collegate solo al Vs/ prestatore, i
canoni saranno fatturati, qualora le linee stesse resteranno a
Vs/ disposizione.

Quanto riguarda la stipulazione delle polizze contrat-
tuali, preghiamo volerle impartire precise istruzioni, mentre
sarebbe gradita la visita di un Vs/ incaricato presso i ns/ Uf-
fici per gli opportuni accordi.

Poiché nel frattempo sono avvenute altre variazioni agli
impianti stessi, qui appresso diamo la situazione risultante al
30 dicembre u.s., facendo presente che dal foglio di variazione
N. 10 non deve essere aumentata la linea 478096, perché questa
era già compresa tra quelle con solo un apparecchio principale
da tavolo (vedasi ns/ elenco trasmesso con la nostra dell'otto-
bre u.s.), la variazione consiste solo nell'aumento di un appa-
recchio in parallelo a quello già esistente, quindi il numero
rettificato in 161.

SUBSCRIPTION RATES.

We have examined Your letter of 14/II/1944 and we
are in accordance with what You wrote:

- 1) URBAN LINES. Subscription rate for principal ta-
ble apparatus ^{L. 525}
without addition for table apparatus not fur-
nished by us.
- 2) ADDITIONS connected with the above mentioned
principal apparatus ^{L. 21}
for each addition
without public treasury tax
- 3) UNRESTRICTED ADDITIONS connected with Your
switch-board ^{L. 21}
for each addition
without public treasury tax
- 4) MAINTENANCE RATE FOR THE ADDITIONS (described
in our letter of 10 October 1944-165/AU)
will not be accounted for the general main-
tenance of the P.A.X., the installations of
the apparatus and the removes will be sent
a monthly bill in accordance with the materials
and the works done (as all ready established with this
AC.HQ.)
- 5) LINES ONLY CONNECTED WITH YOUR FRAME (and not in
use). The subscriber rates will be accounted if
the lines will remain at Your disposal.
- 6) FOR THE STIPULATION of subscriber contracts
please forward instructions.
- 7) BEING THAT in the meantime some variations ac-
cured to the states, we send to You the situation as up
to December 30th.
- 8) IN YOUR REPORT n. 10, line 478026 has been wrongly
added to the total of six digit number lines. The addition
in question was an extension of the above mentioned
number and not a new line. Therefore the total
//.

number of ~~Q~~e lines is 101.

Subject : Telephone installations in Ministero delle Corporazioni Bldg

Referring to your letter ABB/AV not dated.

As the here mentioned installation must be considered as one the expenses for which entirely burden on the State balance sheet. so to it must be applied the abatement of Art. 47 of the Convention for the Session of the telephone Service to TETI CO.

Rates must therefore be modified as follows:

Subscriptions Rates

- | | |
|--|-----------|
| a) N° (91+2) local lines each L. 525 (L. 30 tabletelephone has not to be payed because the apparatus are property of the A.C.) | L. 40.025 |

1) n.1 direct line from Via Veneto to P.Verdi L. 1.000

Total subscribers rates L.100.365

RATES FOR EXTENSIONS MAINTENANCE

As the maintenance is directly held by A.C. there are not rates for maintenance, At the most, if they are paid also by the State departments, L.1500 will be paid.

PUBLIC TAX FOR ADDITIONS

We believe that, being this a State department, the expenses of which burden entirely on the State balance, this tax has not to be paid.

If You agree on all we have over mentioned, which shows the installations situation to 10 October last, You can send us the subscription contract to be signed.

The service began the 21st of June 1944.

With the here inclosed sheet we give You the installations situation to 21/6 and the every ten days changes to the installations till to 10/10/1944.

As we already have informed You, from 10/10/44 we shall give you every end of the week the daily changes.

A note is inclosed.

N.B.1) the 27 lines that with the situation to 10/10/44 result connected to our frame, but are not used, shall be disconnected but must be left to our disposal.

2) also the following lines, directly connected with toll-exchange (Viminale), but not used from us, shall be disconnected but must be left to our disposal to use them at any time. They will be diminished with our next weekly bulletin of changes.

SOGGETTO: Lavori eseguiti da V/ personale per A.C. (Palazzo delle Corporazioni) e situazione delle installazioni telefoniche.

Facciamo seguito alla v/ lettera del 13 ottobre u.s.

I° - V/ fattura 8776 del 11/9/44 (Lavoro 2497)

Abbiamo preso buona nota del suo ammontare per i lavori da V/ effettuati dal 25/7/44 al 31/8/44. Secondo le disposizioni in atto teniamo in sospeso per il momento il pagamento.

II° - Manutenzione della centrale telefonica presso l'A.C. - V/ personale distaccato per servizio manutenzione e installazioni nel Palazzo delle Corporazioni.

Abbiamo preso buona nota dei prezzi per fornitura e prestazione di mano d'opera oraria del V/ personale salariato distaccato permanentemente presso l'A.C. - A partire dal 1/10/44 favorite inviarci il 30 di ogni mese la fattura per la mano d'opera fornita nel mese per manutenzione e impianti.

III° - Canoni di abbonamento e situazione impianti.

Il contratto di abbonamento per l'impianto telefonico nel palazzo delle Corporazioni verrà regolato a suo tempo.

Per intanto la situazione impianti telefonici al 10 ottobre 1944 e da Voi segnalato con V/ lettera ABB/AV in data 10 ottobre va modificata per tale data come indicato nella v/ lettera in data 13/10/44.

Con nostra nota in data 30/10/44 vi abbiamo rimesso le variazioni in più e in meno avvenute giornalmente dall'11/10/44 al 28/10/44.

Da ora innanzi dette variazioni giornaliere Vi saranno trasmesse periodicamente con specchietto settimanale.

- 2 -

(Continuazione T.E.T.I.)

IV° - Linee urbane collegate solo al n° permutatore.

Nella V/ distinta in data 10/10/44 esse erano indicate in numero di 37. Come da N/ lettera in data 13/10/44 esse sono invece al 10/10/44 solo 27. Le dieci in più in uso sono quelle elencate nei paragrafi 2) e 3) della n/ lettera sopracitata.

Per le rimanenti 27 - che restano sempre a n/ disposizione - vi indicheremo presso se esse devono considerarsi sempre connesse al n/ permutatore o se verranno invece sconnesse da esso.

V° - Alleghiamo alla presente la distinta delle variazioni giornaliere in più e in meno alla consistenza impianti per la settimana 29/10/44 - 4/11/44

Con distinti saluti

SUBJECT : SITUATION UP TO THE 10th OF OCTOBER 1944
TELEPHONE INSTALLATIONS AT A.C.C.
(ministero delle corporazioni building)

The following changes have to be applied to the situation sent from you:

- 1) n. 478805 included in both lists of the 91 urban lines directly connected to a table-telephone, and in that of the 30 urban lines directly connected to a telephone with extension. One of the two numbers has to be changed into number 478806.
- 2) The two numbers 478095 and 478187 included in Your list of the 37 urban lines connected only to the frame of our switch-board are instead connected with Rome Exchange also. The two numbers therefore have to be taken off this list and added to the 91 telephones mentioned in the first paragraph.
- 3) The numbers 478301-308-309-400-401-402-403 included in Your list mentioned in the second paragraph are being used as eight new additional outgoing lines from our switch-board. Therefore these numbers must be taken off the list mentioned in the second paragraph and added to the one of fifteen numbers already used for the outgoing service from our switch-board.

In data 12 c.m. ho ritornato a codesta Spett. Società la lettera con la quale si segnalava alla Commissione Alleata di Controllo gli addebiti che sarebbero stati fatti alla A.C.C. per la manutenzione degli impianti telefonici del palazzo ex ministero delle Corporazioni e i canoni di abbonamento. Pregavo che fossero dettagliate le singole voci dei vari canoni e fossero specificati i singoli addebiti per i lavori eseguiti dal 25 luglio all'11/9/1944.

Ho ricevuto il dettaglio per i lavori eseguiti, ma non ancora quello delle varie voci per abbonamenti.

Per poter inoltrare per il pagamento la V/ fattura n. 8776 dell'11/9 e far dare il benestare per gli abbonamenti, Vi prego inviare con cortese sollecitudine la lettera richiesta.

Saluti distinti.

Restituisco l'allegata lettera con preghiera di rifarla per la parte che riguarda gli abbonamenti indicando:

canone per gli apparecchi collegati con la rete urbana,
canone per le linee collegate direttamente con la centrale interurbana statale,
canone per le linee private
canone per gli apparecchi dell'impianto interno abilitati a comunicare con la rete urbana (Lire 100 il canone annuo ? tariffa per gli impianti interni governativi?)

Prego unire come inteso:

elenco delle linee che risultano alla TETI

- a) collegate con la rete urbana
- b) collegate con la centrale interurbana di stato
- ed) collegate con le linee private

Prego confermare nella lettera che il pagamento del canone per ogni singolo apparecchio ha inizio col giorno del collegamento e termina con la sconnessione dell'apparecchio stesso.

Prego inviare anche un piccolo dettaglio del conteggio fatto per i lavori - materiale fornito, apparecchi ecc. - e di cui alla V/ lett. ra 6/76 dell'11 corrente.

Grazie.

ESONERO DALLE TASSE PER GLI APPARECCHI TELEFONICI DEL MINISTERO
DELLE COMUNICAZIONI E DEI PROPRI FUNZIONARI = RIBASSI DI
TARIFFE PER ENTI GOVERNATIVI E PER LA STAMPA.

Sono esenti dalle spese di impianto e del canone di abbonamento tutti i collegamenti telefonici che saranno richiesti dal Ministero delle Comunicazioni per gli uffici da esso dipendenti, ed anche per i funzionari che abbiano incarichi direttivi e che saranno segretati dal Ministero stesso, purché il totale di detti collegamenti in franchigia non superi l'1% degli abbonati rispettivi.

Si applica la tariffa di Cat. C. di cui all'art. 7 del R. Decreto Legge 23 novembre 1921, n. 1824:

1. alle Amministrazioni statali;
2. agli uffici dipendenti dalle Amministrazioni medesime;
3. agli alti funzionari dell'Amministrazione dello Stato che, per ragioni di carica hanno i loro uffici in casa;
4. agli Enti le cui spese gravino per intero sul bilancio dello Stato.

Le Amministrazioni statali le quali provvedono direttamente e con materiale proprio all'impianto di derivazioni esterne o di tutte le derivazioni interne ad uso dei propri uffici e che provvedono altresì direttamente alla manutenzione di esse dovranno corrispondere per ciascuna derivazione una tariffa commisurata al 4% di quella stabilita per l'apparecchio principale. (2)

Le stesse riduzioni di tariffe sarà applicata alle derivazioni esterne costruite e mantenute a cura e spese delle Amministrazioni statali.

Inoltre la Società concessionaria dovrà accordare alla stampa, per quanto si riferisce al servizio urbano ed interurbano, tutte le facilitazioni e riduzioni di cui al Decreto Legge, n. 1824, del 23 novembre 1921 e relativo regolamento, n. 400, dell'8 febbraio 1923, nonché al Decreto Legge, n. 1131, del 3 maggio 1923 e ai Decreti Ministeriali li 6918 del 28 dicembre 1921 e n. 12804 del 15 giugno 1923.

Con la Società concessionaria, previsti accordi con il Ministero

14 May 1945

SUBJECT: Accident Report

TO : Super Garage, Attention Captain McPhail

1. At approximately 1545 hours this date the undersigned left the 2675th Segment S-4 Warehouse with a case of teletype paper, etc., in Headquarters taxi no. 301. At approximately 1550 hours at the corner of Via Milazzo and Via Dei Mille, Headquarters taxi no. 301 was hit by an Italian truck, No. AS 112060, driven by Cottorelli, Pietro.

2. Headquarters taxi, driven by Sindici, Umberto, was proceeding along Via Milazzo at approximately 25 mph. Upon coming to the corner of Via Milazzo and Via Dei Mille, Sindici blew his horn, slowed imprecisely, and proceeded to cross Via Dei Mille. Coming down Via Dei Mille on our right side came Italian truck No AS 112060 at approximately 25 mph. Both drivers made every effort to stop, but the truck struck the taxi on the right front wheel and fender, skidding the front of the taxi something like five or six feet before both vehicles came to a complete stop.

3. No personnel were injured. It is not known for sure by the undersigned which street named above was the main thoroughfare, but I am inclined to believe that the Italian truck had the right-of-way.

1. Reference your letter D/514 dated 22nd July, 1944.

1. Measures have been taken to locate if possible, the machinery mentioned under an organized plan which is now in operation.

2. This will make unnecessary any private search as suggested and which could not be permitted at this time.

3. Further developments may require additional information from you or personal identification and in such event you will be informed.

Subject : Communications Equipment
Manufacturing Machinery Seized by Germans.

To : Industry Sub-Commission
Att: Major W.J. Maskrey.

1. Attached letter describes a situation concerning manufacturing equipment known to have been loaded into railroad cars for shipment to German territory.
2. It is understood that railway cars of this kind which were damaged or captured before they were successfully removed from the Home area have been assembled and are being systematically inventoried.
3. If our understanding is correct the data contained in the attached letter may be helpful in this case and we will disapprove the request for permitting search by the company involved.
4. If it should develop that further information from the firm involved or use of any of their personnel would be helpful for identification purposes, please advise us.
5. This Sub-Commission is interested in securing return of the machinery involved for essential manufacturing purposes.

J.L. HENDERSON
Colonel
Director, Communications Sub-Commission

Incl: One letter.

During the month of October, last year, 109 machines have been requisitioned from our factory, by the Germans. These machines were loaded on 16 rail-cars carrying the numbers indicated on the ~~first~~^{second} sheet attached. From informations we got, the machines left Rome, bound to Germany, in January, but we don't know how far they went. Furthermore we found out that some damaged rail-cars, loaded with machines, are now laying on the Roma Ostiense - Roma Tuscolana - Roma Tiburtina - Roma Littorio - Sette Bagni line.

We would appreciate very much if this A.C.C. H.A. could release passes to the men whose names and identity card numbers are on the first sheet attached in order to permit them to inspect the rail-cars on the above mentioned railroad-line and see if they contain any of our machines.

Oggetto: - Macchine Utensili -

Come noto a codesto Spett.le "ACC", nello scorso mese di Ottobre i tedeschi requisirono presso la nostra Fabbrica n.109 macchine utensili. -

Da informazioni procurateci a suo tempo sapemmo che tali macchine furono caricate su 16 vagoni che avevano i numeri indicati nel foglio allegato. -

Dalle indagini fatte risulterebbe che tali macchine partirono da Roma nel mese di Gennaio dirette in Germania, ma non sappiamo fino a quel punto siano arrivate nel loro viaggio. -

Abbiamo peraltro saputo che lungo il viaggio ferroviario Stazione Roma-Ostiese - Roma-Tuscolana - Roma-Tiburtina - Roma-Lit-
torio Sette Bagni, si trovano alcuni vagoni danneggiati e carichi di macchine utensili. -

Sarebbe per noi di grande interesse poter controllare se fra tali vagoni ve ne fosse eventualmente ancora qualcuno di quelli in cui è stato caricato il nostro macchinario, o comunque se è possibile rintracciare qualcuna delle nostre macchine. -

Per eseguire tale controllo è però necessario inviare nostro personale lungo la strada ferrata e visitare i singoli vagoni, e occorre che tale personale sia regolarmente autorizzato. -

Saremmo perciò grati a codesta Spett.le "ACC" se volesse rilasciare ai nostri dipendenti sotto indicati il permesso per transiare sulla strada ferrata lungo il percorso:

Roma-Ostienne, Roma-Tuscolana, Roma-Tiburtina, Littorio-Sette Bagni.

ADDITIONAL TELEPHONE REQUIRED.

In order to accommodate the additional personnel who will be joining my staff on my assuming the duties of Senior Naval Officer in Italy, I have recently taken possession of the 2nd floor of No. 6, Via Lucullo.

2. As I hope to instal my augmented staff in these new premises by early July at the latest, I should be grateful if urgent action could be taken to arrange the following additional telephone facilities required for this building and my present office in Allied Commission Headquarters :-

- (a) A direct line from No. 6, Via Lucullo to Allied Commission Headquarters. Switchboard, with three extensions at No. 6, Via Lucullo. This has been discussed with, and agreed upon by the Headquarters Signal Officer, Allied Commission, subject to Rome Area Allied Command's concurrence.
- (b) A telephone connected to the automatic exchange for each of the 15 offices in No. 6, Via Lucullo.
- (c) An extension telephone from Allied Commission Headquarters, Ext. 363 (Lieutenant Commander (S) Thomas R.N.V.R., my secretary's telephone) to my room.

1. V'incarico di stabilire un regolare lavoro di manutenzione del centralino automatico in maniera che il suo funzionamento non debba dipendere dal caso. A tale scopo prenderete accordi col capotecnico sig. Froidi. Tale piano di lavoro dovrà prevedere un completo controllo periodico dell'impianto con apparecchi di prova ecc. almeno ogni 10 giorni.

Ci sono pervenute molte delle seguenti lagnanze :

- a. Il centralino automatico lascia cadere la comunicazione durante le conversazioni.
- b. Il centralino automatico forma spesso numeri errati.
- c. Chiamanti a ritoccare la velocità di lavoro dei dischi combinatori degli apparecchi, noi si dovrebbe poter disporre dell'apparecchio speciale adatto allo scopo.

2. Favorisce sottoporci un dettagliato piano per il nominato lavoro di manutenzione. Il piano stesso, che dovrà essere elaborato con sollecitudine, sarà presentato al Col. Scudder per l'approvazione.

W.B.S.

Eng Carpi:

you are

1. To establish a regular routine of Maintenance; ~~we are~~ ^{we are} not ~~to~~ ^{to} depend on luck.

This is to be coordinated with Fraldi.

This routine will be set up to recur every 10 days at least — complete

check up with testing equipment, etc.

we have
received
the

Following complaints (many of these):

A. Automatic equipment cuts off conversations
B. " " gets wrong

numbers consistently

C. When requests come for adjusting dial speeds, ^{we} should have proper equipment ~~that~~ ~~that~~ ~~that~~ ~~that~~ ~~that~~ ~~that~~ for such adjustments.

2. Please submit a detailed plan for this maintenance to me. This will be submitted to Col. Scudder for his perusal, and must be instigated immediately.

ISTRUZIONI PER IL NUCLEO CIFRA ITALIANO

1-29 Il carteggio alleato ha le seguenti classificazioni:

<u>ALLEATO</u>	<u>EQUIVALENTE ITALIANO</u>
In clear by any means	Ordinario
Restricted	Riservato
Confidential	Riservato Personale
Secret	Segreto
Top-Secret (TOPSEC)	Segreto - Decifra da se

b) Tutti i messaggi diretti alla I^a Regione (Palermo) ed alla VI^a Regione (Cagliari) e che portano la classificazione restricted, confidential, secret, e top-secret devono essere cifrati prima della loro trasmissione.

2) Per la sicurezza del cifrario sia alleati e ne-italiani, sono state date dal quartier generale del Comando Alleato (AFHQ) le seguenti istruzioni:

a) Il numero di protocollo (Ref. N°) dovrà essere inserito nel corpo del testo cifrato e non riportato esternamente, come eventualmente può essere nel testo in chiaro.

b) L'indirizzo non dovrà mai apparire come prima parte del testo ma si dovrà inserirlo tra parentesi (PARAN) nella parte centrale del messaggio.

c) Tutti i messaggi saranno individuati dalla rispettiva classificazione (restricted, confidential, secret, e top secret) che dovrà figurare come prima parola del testo da cifrare. Questo accorgimento sarà preso direttamente dal compilatore del messaggio in ottemperanza alle disposizioni sulle comunicazioni. Il cifratore non dovrà però lasciare come prima parola la suddetta indicazione, ma bensì inserirla nel testo.

3) Il nucleo cifra italiano dovrà tenere un registro di protocollo ove, sia per i messaggi in arrivo che per quelli in partenza, sarà riportato il numero dell'ufficio messaggi (MESSAGE CENTER), quello di protocollo del testo chiaro (REF. N°), il gruppo orario, i due gruppi indicatori e le ore di ricezione e di consegna del messaggio.

-8-

Si dovrà quindi, nel modo suddetto, avere una traccia completa di tutto il traffico svolgentesi attraverso il nucleo.

4)

Dopo le operazioni di cifratura o decifratura, i messaggi, sia quelli avuti per la cifra e sia quelli in arrivo che sono stati decifrati, dovranno essere immediatamente consegnati insieme ai testi cifrati, all'ufficio messaggi (AMERICAN SIGNALS OFFICE, Room 1b)

5)

Per i messaggi in arrivo dovrà essere indicata sulla copia decifrata da consegnarsi al message center, l'ora di consegna all'ufficio suddetto, mentre per quelli in partenza si dovrà indicare l'ora in cui il messaggio è stato trasmesso.

Subject : ACC Hq. Telephone - Number changes in connection
with new Telephone Directory

To : Officers Involved

1. In order to ~~serve~~ ^{serve} certain ACC Hq. direct city telephone lines from a civilian automatic switch section to a strictly military switch section it has been necessary to change the telephone numbers shown herein.

2. The numbers have already been changed. However to avoid problems for the users both the old and new numbers will function until after issuance of the new ACC Hq. telephone directory.

3. After issuance of the new directory only the new numbers will be used.

Nell'acquistare ricevuta della lettera inviata da codesta Ditta l'8 agosto u.s. prendiamo atto con compiacimento dell'intenzione di riprendere rapidamente i lavori, essendo stata ora erogata la necessaria energia elettrica.

Nella stessa lettera si fa rilevare però la necessità di ottenere un locale supplementare ove poter collocare le macchine di proprietà di codesta Ditta, precedentemente nascoste in cantina.

Non si capisce tale necessità, sembrando che le macchine possano di nuovo venir installate dove erano prima della loro rimozione.

SUBJECT: Contemplated move in office space

TO : Office of the Executive Commissioner

1. It has been brought to my attention that there are at present contemplated plans for changes in office space accommodations for this section. In view of the technicalities involved in such a move, this office should like to submit the following points:

a. The Signal Section now occupies the space shown on the attached sheet entitled "Present Plan". While it is appreciated that the headquarters is urgently in need of office space, it is pointed out that on the ground floor and 1st floor annex, there is not sufficient space for Message Center and Signal section to be centrally located in relation to each other in accommodations suitable for maximum efficiency unless the same relative space is assigned these sections on the ground floor as they now occupy on the first floor.... By careful consolidation, the Signal Section can give back to the headquarters Room 10 and annex and Room 12, first floor (as shown in attached "Proposed Consolidation") and still be able to operate efficiently. It is felt that perhaps also the Message Center and Cable Section may be further consolidated to give up additional space.

b. The Signal Section is now centrally located to be convenient to the Message Center and Cable Section as well as to couriers operating to and from this and other headquarters. Should it be removed to the first floor annex, the section would not be easily accessible to all parties over a twenty-four hour day unless arrangements could be made to keep the side entrance near the car park open at all times.

2. In view of the above considerations, it is strongly recommended that the Signal Section, Message Center, Cable Section and Mail Dispatch be allowed to retain that space now occupied by them, with possible consolidations, so that the efficiency of these sections is not impaired. It is further pointed out that these sections are on operational basis, and the impairing of the efficiency of these sections will reflect directly upon the efficiency of the Allied Commission as a whole.

SUBJECT: Allied Commission Duty Officer

TO : All Concerned

1. The following procedure with regard to Duty Officers is effective 1 July 1946:

a. The functions of the various duty officers (Chief Commissioner's, (MIA, etc), within the Allied Commission will all be performed by one individual, who will be known as the Staff Duty Officer, Allied Commission. Only one officer and one EM/OR will be on duty for each tour, which will be carried out according to a roster.

b. The Staff Duty Officer's tour and the Assistant Adjutant's duty hours will be coordinated so that an official representative, a commissioned officer or warrant officer is on duty within the headquarters building for 24 hours a day. Each officer will therefore remain at his post until relieved in person by his successor. Delays in reporting for duty will be reported immediately in writing to the Adjutant, Allied Commission.

2. All officers below the rank of Lt Col or equivalent and all EM/OR below the rank of Sgt or equivalent are eligible for duty as Staff Duty Officer and Duty Clerk except Motor Transportation Officer (A) Major ARTHUR M MCPHAIL, Motor Transportation Officer (B) Major J. S. LEON, Headquarters Company, 2675th Regiment Commanding Officer Capt THOMAS R SWISHER, and Officer in Charge, British Detachment Capt R. V. DUDLEY-GLAINE. Other exemptions from duty will be sanctioned only by the Executive Commissioner, to whom applications should be made in writing through the Executive Officer (A) or (B).

3. Duty rosters will be kept by the Assistant Adjutant, Allied Commission. G-1 (B), G-1 (A), and the Personnel Officers of Navy, Land Forces and Air Forces Sub-Commissions will submit to the Assistant Adjutant each week nominal rolls of all officers and EM/OR assigned or attached to Allied Commission. This procedure is necessary in view of the great reduction in strength of commissioned personnel of the Allied Commission and in order to prevent undue hardship on the part of a few officers.

4. Duty tours for off-duty daylight periods will be on half-day schedules and will be kept as a roster separate from the night duty tour. The post for this tour will be in the office of the Chief Staff Officer to the Chief Commissioner, 3rd Floor, phone Ext. 485. This tour will be as follows:

Wednesdays	1300 -- 1800
Saturdays	1300 -- 1800
Sundays & Holidays	0330 -- 1200 and 1300 -- 1800

Officers going on duty on Wednesdays and Saturdays will report to the Assistant

Those going on duty on Sundays will report to the Assistant Adjutant at 1200 hours on the Saturday before. They will be relieved by the night duty officer.

5. Night Duty Tour will be from 1800 to 0830 each night. Post of tour, Room 5, 1st Floor, Ministero delle Correzioni Building, phone Ext 433. Officers going on night duty will report to the Assistant Adjutant at 1200 hours prior to duty tour. Those taking night duty on Wednesdays, Saturdays and Sundays will take over from the Staff Duty Officer in his office at 1755 hours.

Subj: Allied Commission Duty Officer (Cont'd)

6. The signal officer will see that the duty operators direct calls to the phones indicated in paragraphs 4, 5 and 7.
7. The Assistant Adjutant, Allied Commission is located in Room 32, 6th Floor, phone Ext. 405 or 429.
8. Each individual concerned will arrange his personal and official affairs so that he reports for posting on time. Once on duty he will not leave his post unless so instructed by the Chief Commissioner or the Executive Commissioner. British officers will arrange with the Head Waiter at the Flora Hotel for a special meal to be provided so that they may report for duty punctually at the time stated. Suitable arrangements will be made by US officers at the Excelsior Hotel. Messing will be completed before going on duty. Bedding will be supplied by the individual going on night duty.
9. Detailed instructions will be kept up to date by the Assistant Adjutant and will be presented to the duty officer at the beginning of his tour.

SUBJECT: Military Discipline.

TO : Commanding Officer, Each Unit, this Command.

1. Military discipline is that mental attitude and state of training which render obedience and proper conduct instinctive under all conditions. It is founded upon respect for and loyalty to properly constituted authority. While it is developed primarily by military drill, every feature of military life has its effect on military discipline. It is generally indicated in an individual or unit by smartness of appearance and action; by cleanliness and neatness of dress, equipment, or quarters; by respect for seniors, and by the prompt and cheerful execution by subordinates of both the letter and the spirit of the legal orders of their lawful superiors. Courtesy among military men is indispensable to discipline.

2. The maintenance of a satisfactory standard of military discipline and courtesy within this command is a responsibility of each and every officer of the American Forces in Rome, whether he be a commanding officer or a subordinate, a permanent officer or a transient. Each one must realize his responsibility for insuring that the officers and enlisted personnel with whom he may come in contact during the course of his daily activities will observe proper military discipline and courtesy. All officers, while maintaining discipline and the thorough and prompt performance of military duty, must bear in mind the necessity of taking corrective action in such manner as not to injure the self-respect of the individual. Officers must impress upon the young enlisted men lessons of a form of government ideally suited to the American way of life, and will teach and impress upon them the necessity for obedience and military discipline in the service.

3. In keeping with the proper wearing of the uniform it is reemphasized that each officer and enlisted man must wear the identifying shoulder sleeve insignia of his Major Command on the left sleeve of his outer garments. Violations of this will be reported to the individual's Unit Commander or in the case of visitors to their own Major Commanders.

4. Each Unit Commander will insure that all members of his Unit are instructed not only to comply with local uniform regulations but also those prescribed at Rest Centers and Leave Areas when the individuals are visiting such areas. Rest Centers and Leave Areas have been instructed to report all violations. Repeating violators will have their accommodations cancelled and will be returned to their proper station.

ACTION

TO : Commanding Officer, Each Unit This Command

1. Attention is directed to attached Extract of War Department Circular No.201, cs, dated 4 July 1946.

2. Although the circular referred to is directed to US Units, the contents are equally applicable to all units and headquarters using the RAAC Message Center, in which many of the abuses outlined are currently occurring.

3. In view of above, paragraph 3, basic Circular will be especially noted and complied with.

III. COMMUNICATION. 1. The overburdening of the Army's communication facilities has reached a stage where the speed of service is being impaired and, unless the load of nonessential message traffic is eliminated, expansion of plant and material increase in operating personnel will be required.

2. A study of the traffic handled by Army communications services reveals the following on both the oversea radio and cable and the domestic teletype facilities:

a. A large portion of all messages handled in the past are not properly telegraphic business and could have been sent by air mail, or even ordinary mail, without detriment to the war effort. This is particularly the case with domestic teletype traffic.

b. Messages are entirely too verbose. A few minutes thought over each message would materially reduce its length. A number of long messages selected at random were rewritten with an effort toward brevity and the number of words reduced more than 50 percent without leaving out any essential information or instruction.

c. Many administrative messages are given multiple address listings which necessitate separate transmissions to each addressee, when many of the addressees take no action on the contents and do not need the information immediately.

d. The concealed address in classified messages is frequently too long. Such addresses in the body of the message as "BLANK SIGNED BLANK TO BLANK FOR BLANK" are not uncommon and may violate cryptographic security. The naming of an individual for whom a message is intended has often resulted in delays and wrong deliveries as the individual has been transferred. The headquarters of the command to which the message is addressed is solely responsible for designating the person that is to take the action on contents.

e. PRIORITY precedence of messages is grossly abused, particularly by officers of high rank. This results in slowing up the transmission of extremely important messages requiring top flight precedence indicators.

f. Many messages are not filed in the signal center for from 1 to 3 days after they are written. A large number of these messages are for domestic United States delivery and, if promptly air mailed after typing, many would be at destination before they are filed in the signal center for transmission.

3. In order to eliminate these abuses and make the communications

system more effective, the Commanding Generals, Army Air Forces and Army Ground Forces, chiefs of administrative and technical services, and commanding generals of all oversea commands and commanders of subordinate units and installations will comply with the following provisions and will institute methods of continuously checking messages originating under their jurisdiction. A message will not be filed for transmission by electrical means unless it conforms with the following:

a. Gives orders, instructions, or information or calls for actions that are of such immediate nature that they cannot be handled by ordinary or air mail.

b. Is as brief as is consistent with clarity.

c. Is not given a multiple address distribution unless such action is essential. If a multiple address distribution is necessary, only addressees who must take immediate action or have the information immediately will be included. In the case of unclassified messages only, a copy of the message will be sent by mail to such other addressees as is desired.

d. In a classified single address message, contains the minimum essential names or titles in the concealed address, and wherever possible not more than two such names or titles.

e. Is not overclassified. See AR 380-5

f. Use of URGENT, OPERATIONAL PRIORITY, and PRIORITY precedence to be in accordance with paragraph 11, AR 105-25, 12 February 1945.

g. That there is no untimely delay in delivering messages to the signal center or message center for transmission.

4. The precedence PRIORITY is the highest grading that can be given to important administrative messages.

5. Section I, WD Circular 78, 1945, pertaining to the foregoing subject, is rescinded.

PART I. MILITARY SECRETARY

750. Appointments

Ref GRO 695/46. Brigadier G. F. R. BASTIN, O.B.E., re-assumes the duties of Brigadier IC Administration GHQ CMF wef 18 Nov 46.

A. J. C. Block,
Lieut Colonel,
AMS

PART II. GENERAL STAFF

751. Telephones in Private Residences

1. Telephones in private residences will only be provided by Signals for those officers for whom they are an operational necessity. Any other officer who wishes to have a telephone must make the necessary arrangements with the Civil Company on payment.

2. It is the responsibility of Formation Commanders to decide who should be authorized telephones in their quarters. This should be done after consulting

the Signals Officer concerned as to the facilities available and whether there is any problem over maintenance.

3. The granting of private telephone facilities on more than the minimum essential scale may well result in overloading the system with consequent reduction in efficiency all round.

(Applicable to all troops in TMA-Y.)

752. Military Reference Library

1. GHQ CMF Military Reference Library is situated in 1 Armd Div College TRIESTE. This Library contains a comprehensive selection of books both of military and general interest.

2. Catalogues have been issued to Fms and additions as they occur will appear as addenda to GROs. Further copies are available on indent to GHQ G (Training).

3. Facilities for reading and notetaking exist at the Library and a number of periodicals and publications are available there for study.

4. Books may be obtained by personal visits to the Library or they will be sent by post on request.

either in writing to the Librarian, Military Reference Library c/o 1 Armd Div College CMF or by telephone (TRIESTE 93972).

5. A Suggestion book is available at the Library in which requests for purchase of particular books may be entered. Fms are also invited to forward suggestions for new purchases to GHQ G (Training). Author and publisher should if possible be quoted.

(Applicable to British troops in ITALY.)

TMG/36

B. M. Archibald.

Brigadier,
Chief of Staff.

PART III.**BRANCH of the ADJUTANT and QUARTER-MASTER GENERAL****753. GHQ Pool for Transit Hotel Duties**

1. The GHQ Pool for Transit Hotel Duties was formed to provide military Supervisory staffs to operate Transit, Transit & Rest Hotels, and Rest Hotels which have been established to meet theatre requirements.

2. All existing staffs on the War Establishment of the Pool and those required for opening new hotels will be authorized only by GHQ who will similarly withdraw staffs when there is no longer a requirement for them. Area, Sub-Area, etc. Commanders will review the general requirements within their areas and submit recommendations where appropriate to GHQ through normal channels.

3. The Pool includes a Major, ACC Supervisor, who with the assistance of a number of Warrant Officers will perform duties as under:—

(a) Visit all hotels staffed by this Pool in order to inspect the staffs and to ensure that they are carrying out their duties efficiently.

(b) To assist Local Commanders by advising on problems arising in connection with the operation of the hotels and bring to their notice any points which need rectifying. In this respect the supervisor will act in the same relationship to the Area, etc. Commander as the Catering Adviser of the Area, and executive orders except those of the technical running of the hotel will be issued through staff channels. In this connection, it should be remembered that, whilst he may assist, Catering Advisers of Formations, etc. are not responsible for Officers' hotels.

(c) Liaison with GHQ CMF on all matters concerning the general policy of running hotels. In putting forward any recommendations which are at variance with the policy of the local Commander the latter should be informed before it is submitted.

(d) Liaison with GHQ CMF and local Commanders on any matters regarding the provision of new staffs. Re-adjustment to the existing staff will

be carried out in conjunction with GHQ, any recommendations from Area, etc. Commanders will be included.

(e) To deal direct with Military Managers on all matters regarding the technical efficiency and running of the hotels. Local Commanders must however be kept informed of any policy matters arising in this respect.

(f) Apart from duties outlined at (a) to (e) above the Supervisor will have no executive powers.

4. Military Managers of hotels will be responsible to local Commanders through their appropriate Staff Branches for:—

(a) All matters of discipline both concerning guests in the hotel and the military staff.

(b) For all complaints concerning the hotel, but the Supervisor should be kept informed of any complaints against technical efficiency.

(c) All financial questions. An exception will be the disposal or transfer of any funds accumulating from the operation of the hotel which will be referred to GHQ through the Supervisor of the Pool; the local Commander should however be consulted over any such transfer and any recommendation he may wish to make will be forwarded to GHQ by the Supervisor.

5. The allocation of accommodation in hotels is the responsibility of Area, Sub-Area, etc. Commanders, or such Officers *eg* Town Mayor, to whom he may delegate this duty; such allocations will however be subject to any general directions which may be given from time to time by GHQ. Neither the Supervisor of the Pool nor Military Managers will initiate or accept reservations direct unless local Commanders have delegated authority to Military Managers.

(Applicable to UK troops in ITALY.)

WAR OFFICE TECHNICAL INSTRUCTIONS

[illegible]

WAR OFFICE WORKSHOP BULLETINS

[illegible]

754. Reinforcement German Service Units

1. Reinforcements for German Service Units will be demanded on form 02E/SEP/2 "Field Return German Service Units" which will be rendered weekly to No. 1 02E Det (EPW/SEP) CMF. Destination to which reinforcements should be sent will be shown on the form.

2. No. 1 02E Det (EPW/SEP) CMF will inform Comd No. 1 Surrendered Enemy Personnel Reinforcements and Holding Centre of reinforcements required and dispersal points. No other authority in CMF may order reinforcements for German Service Units except "A" Branch this GHQ.

3. Reinforcements will be posted to fill deficiencies in tradesmen and general duty men but will not necessarily conform to the deficiencies in ranks.

4. Drafts of reinforcements will be despatched at intervals by Comd No. 1 Surrendered Enemy Personnel Reinforcement and Holding Centre BIMINI to dispersal points as desired by O&C British Cadres to German Service Units and in accordance with instructions issued by "Q" Movements. Comd No. 1 SEP and Holding Centre will also inform the HQ concerned by signal of the numbers despatched and ETA. Custody and disposal of these reinforcements will be the responsibility of the HQ concerned when they have reached the dispersal points.

5. GROS 130/45, 65/46 and 133/46 are hereby cancelled.

(Applicable to all German Service Units in ITALY)
3280/11/A/2

755. Post War Code of Pay

1. Post War Code of Pay Pamphlet No. 1 is being issued on the same scale as GROS. This Pamphlet contains an elaboration of the conditions required for star classification grading and contains also all amendments to Pamphlets No. 1, 2 and 3 which have been issued to date, and a list of Army Orders on the new Pay Code.

2. Immediately on receipt of Pamphlet No. 1 COs will review the star classification of all soldiers under their command in accordance with the revised conditions.

3. Consequent on the issue of Pamphlet No. 1, Appendix "B" Part II of Pamphlet No. 1 is cancelled.

(Applicable to all UK troops in ITALY)

757. Volunteers—Officers for Training in Photographic Interpretation

1. Officers are required as photographic interpreters.

2. The necessary qualifications for photographic interpreters are common sense and power of deduction, good eyesight and stereoscopic vision (anyone who can use field glasses has this), and ability to concentrate on details.

3. Officers who wish to volunteer will, when required, be called forward by GHQ for interview at the War Office to confirm their suitability, and, if accepted, will attend a three weeks course at the School of Military Intelligence. They will then be posted to any part of the world where vacancies exist, according to their eligibility. They will not be compulsorily transferred to the Intelligence Corps.

4. The normal posting will be in the rank of Captain or Lieutenant.

5. Applications will NOT be considered from:—

(a) Officers whose substantive or war substantive rank is above that of Captain.

(b) Officers of medical category "C".

(c) Officers who are within nine months of release. Where the date of release is not yet known, officers must undertake, if necessary, to defer release under one of the existing schemes to ensure that they will have at least nine months to serve from the date of the commencement of the course.

6. Officers wishing to volunteer will complete Appendix "A" to this GRO which must be forwarded through the normal channels to A9 GHQ, CMF as soon as possible.

7. Applications from eligible officers will not be withheld.

8. The attention of all officers is directed to ACI 1248/45 which must be read in conjunction with this GRO. The age limit for officers laid down in para 6 (a) of ACI 1248/45 will be waived until the required number of officers has been found. The ACI will not be altered permanently and no action is being taken to amend it. Notification will be given when the age limit is re-imposed.

9. No officer will be despatched to the UK for interview or a course until orders are issued from this GHQ.

(To be published in unit orders)

(Applicable to UK troops in ITALY)

Furthermore, there is no limit to the number of these parcels which may be sent to one addressee.

3. Addressees of Gift Parcels will still be liable for the payment of any Customs and/or Purchase Tax charges which may be raised on their contents, except in the case of parcels covered by the Forces Gift Parcel Duty Free Concession Label. GRO 1372/45 refers.

4. There is also no restriction on the weight of food-stuffs which may be enclosed in parcels sent under the Forces Gift Parcel Duty Free Concession Scheme; but the other conditions relating to the sending of this type of parcel remain unchanged.

Mr. Latorraca: Please see what you can do to get two telephone extensions installed in the Villa of Major Sullivan (The Admiral's Chief Staff Officer).

Solutions of this problem might be:

- a. Installation of two of your telephones there.
- b. Having the telephone company install two extensions.

First ask the telephone-company if they can install two telephones, and the cost. Ask Major Sullivan if he wants to pay the price.

SUBJECT: Telephones.

TO :

1. Congestion on telephone lines within the AC Building has become serious and is hampering communications from Headquarters. This has been brought to the attention of most subscribers by their inability to get in outside line when dialing "0".

2. There are two reasons for this congestion. One is the large number of unofficial calls, particularly by civilians. The other, and most important, is the excessive number of lines on the AC exchange. A reduction of 25 percent of lines now operating is necessary for proper traffic flow.

3. The AC telephone exchange has two blocks of lines. One, the unrestricted (100-979), the subscriber can call all numbers in the building, and he can also call all numbers available to the AC exchange by dialing "0". The other block, the restricted (100-779), can call all three digit numbers in the building, but cannot call outside.

4. It is requested that you remove unrestricted numbers in your section from urgently needed, and have telephones serving a high percentage of inter-building traffic changed to restricted numbers.
