Dear ~~Captain~~ Conway:

You came to see me the other day and were making inquiries about your own position as an officer appointed to an emergency commission from a normal regular Army engagement. I lent you a copy of ACI 596 of 1945, which you were going to study (and incidentally, I do not seem to have received this back; if you have not yet returned it will you please do so since it is the only one in the office).

Another ACI has just come into the office, ACI 860 of 1945, dated 21 July 1945, which appears to follow on the one you saw the other day, and I think you would find it worth your while to get hold of this and look it over. If you can not get it where you now are, no doubt you can see it in this office when you are next in Rome.

Yours sincerely,

P.D.G.

SUBJECT : Personnel

TO : Chief, Ports and Warehouse Division

1. Confirming numerous conversations on the subject, the following is made a matter of record.

2. Following named American officers, stationed as Warehouse Officers or Port Liaison Officers, as indicated, have over 95 points and it is anticipated they will be returned to the United States for discharge from the Army in the near future:

Major W.C. Boyd, Officer in Charge Warehouse, Genoa
Capt. A.C. Ramsey, Sr. Transportation Officer, Leghorn
Lt. George Delmerico, Officer in Charge Warehouse, Ancona
Lt. Patrick J. O'Leary (assigned to Food S/C, actually Port Liaison Officer, Bari)

3. It is also to be noted that Capt. E. T. Griffin, Port Liaison Officer, Ancona, is scheduled to be released from the British Army on or about 10 October.

4. So far as is possible to learn, there have been no provisions for replacements. With the absence of replacements, the present supervisory and managerial functions now accomplished by these officers will cease. Despite numerous attempts to secure clear-cut instructions as to Italian civilian responsibility, such instructions have not been received.

5. In addition to the foregoing, approximately 6 American IM and one British OR, performing important functions, have already been released without replacement.

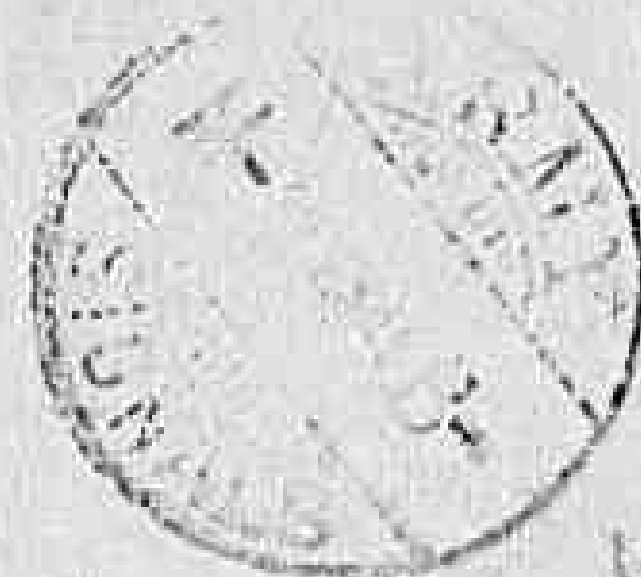

6. Because of the imminence of the departure of the officers listed above, clear-cut instructions as to the future program are urgently requested.

SUBJECT : L.I.A.P.

TO : Administration Division.

1. Further to recent letter giving information as to the eligibility of Rail Division officers for L.I.A.P., the following information is now given which brings the position to date.

- a. Captain Conway came overseas in April '43 and is therefore, overdue for leave;
- b. Lt. Col. Street came overseas August 10, '43 and Major Buckley on September 10, '43, and both therefore, are eligible for L.I.A.P.

2. All of these officers desire to take their period of leave, but it is undesirable that they should all be away together, as they are all civil engineers. Capt. Conway has indicated that he will be prepared to take leave during October.

3. Lt. Skouse has been communicated with in respect of MEDLOC, but indicates that the heavy amount of work in the North at the moment prevents him from taking advantage of the opportunity of leave at the present moment. If, however, an opportunity can be given in October, he will be ready to proceed upon receipt of detailed instructions.

With reference to your AC/100/58/Tn.1 dated 16th

I have passed your communication over to the
Administrative officer of Lombardia through whom the many
appendices "B"; that I have completed have been passed to the
appropriate authority. As you know I completed a further
appendix "B", when I was in Rome about three weeks ago and
handed same to you in your office; this I understood from you
was to be passed to G.1 Br. at your Headquarters.

I understand that the Admin. Officer Lombardia will be
writing direct to G.1 Br. on the matter in question as he is
appalled by the amount of paper work he has had to submit in
duplicate.

I trust that the Administration Officers' (Lombardia)
to the appropriate authority at A.C. Headquarters will lead to
the reaching of the necessary authority appendix "B".

(1) In view of my demobilisation, it is anticipated I shall leave before the I.S.R. meeting on 6th August 1945 and I therefore feel that I should give, up to date, a résumé of the action I have taken to ensure collation of the data required for the Rehabilitation programme.

(2) Immediately the present programme to cover all Italy was proposed, to facilitate the rehabilitation of the Rail, Road, Ports and sea transport, I called on the Italian Ministries concerned and explained, through an interpreter, the details required to complete the programme. These meetings were confirmed by letter.

(3) With the exception of the Ministry of Marine, which you are tackling, I have kept in constant touch with these Ministries ever since.

In addition I toured the North, accompanied by Major Ping, to ensure that every effort was being made by the Ministries. Capt were visited in their Compartimenti and the programme explained in detail, with the exception of Verona, which was then non-existent and Trieste, which was still occupied by the Yugoslavs. A meeting was held in Milan at which the Capt, the I.S.R. Director General and

Planning Staff.

(1) In view of my demobilization, it is anticipated I shall leave before the I.S.R. meeting on 6th August 1945 and I therefore feel that I should give, up to date, a résumé of the action I have taken to ensure collation of the data required for the Rehabilitation programme.

(2) Immediately the present programme to cover all Italy was proposed, to facilitate the rehabilitation of the Rail, Road, Ports and sea transport, I called on the Italian Ministries concerned and explained, through an interpreter, the details required to complete the programme. These meetings were confirmed by letter.

(3) With the exception of the Ministry of Marine, which you are tackling, I have kept in constant touch with these Ministries ever since.

In addition I toured the North, accompanied by Major Ping, to ensure that every effort was being made by the Ministries. Capi were visited in their compartmental and the programme explained in detail, with the exception of Verona, which was then non-existent and Trieste, which was still occupied by the Yugoslavs. A meeting was held in Milan at which the Capi, the I.S.R. Director General and M.R.S. were present. General di Valzondo undertook to secure all data from Verona and Trieste.

(4) In addition to I.S.R. Capi, all Capi of Private Railways and Highways were interviewed and the programme explained at length. On my return I reported my visit to Ing. di Capi, Director General of Private Railways and Highways, who immediately sent out instructions concerning the data required and I sent these letters to destination in the North through A.C. channels.

100/38

(5) From the above, you will appreciate that every channel has been followed to ensure that the information required is forthcoming.

(6) Rehabilitation Programme.
Unfortunately the I.S.R. only delivered one set of Allegati, in Italian; these had to be translated, causing delay; on 15 July the I.S.R. promised 15 additional copies by noon 19 July; these I brought back personally from the Ministry of Transport on 21st July. This too has caused delay in presenting copies for checking and inspection by the Sub-Committees concerned of the Allied Railway Board.

(7) Cpl. Lynch, who will take a check of their distribution, has taken over these Allegati, together with the files of 255/Tn.2 which concern the statistical figures for 1935, 1939 and 1945 at present circulating in from the Ministries.

(8) Salvage.
As agreed with Col. Thomas, Lt. Col. Scoggins, Administration Division, Tn.1, has taken over file 271/Tn.2 and he will handle salvage in the future.

(9) Rail Reconstruction.
File 233/Tn.2 which covers Finance and Rehabilitation of the I.S.R. and Private Railways will be explained to you; as I understood, in Col. Thomas's office, that you would handle this personally.

(a) Construction. The Priority List, issued monthly, indicates a target date. Progress of construction can be readily followed by consultation with Lt. Col. Street, who receives his contractors' periodical reports. Progress of lines Nos 242, 245 and 246 must be watched on account of wheat haulage; also line 14, Bastia - Aleria, in conjunction with construction of new line Aleria - Pietrafatta, for the release of lignite this winter. Work on lines of less importance is reviewed periodically.

(b) Finance. The Director General, I.S.R. applies to A.C.T. for proposed rehabilitation projects. A.C.T. study the

(7) Cpl. Lynch, who will take a check of their distribution, has taken over these altogether, together with the files of 255/Tn.2 which concern the statistical figures for 1936, 1939 and 1945 at present percentages in from the ministries.

(8) Salvage.

As agreed with Col. Thomas, Lt. Col. Jorgensen, Administration Division, Tn.1, has taken over file 271/Tn.2 and he will handle salvage in the future.

(9) Rail Reconstruction.

File 233/Tn.2 which covers Finance and Rehabilitation of the I.S.R. and Private Railways will be explained to you; as I understood, in Col. Thomas's office, that you would handle this personally.

(a) Construction. The Priority List, issued monthly, indicates a target date. Progress of construction can be readily followed by consultation with Lt. Col. Street, who receives his contractors' periodical reports. Progress of lines Nos 242, 243 and 246 must be watched on account of wheat haulage; also line 14, Bastia - Milera, in conjunction with construction of new line Allera - Pietrafitta, for the release of lights this winter. Work on lines of less importance is reviewed periodically.

(b) Finance. The Director General, I.S.R. applies to AC/242 for proposed rehabilitation projects. AC/Tn.4 study the estimated cost and materials required and write to Director, Transportation Sub Commission, giving their views and apply for financial authority.

In agreement with the Director, the Finance Sub Commission and I.S.R. are advised of authority for the expenditure of funds and construction. Dependent upon the importance of the line, a priority number is given and target date given by the C.E. Tn.4.

TO : Brigadier A.T. de Rho Philipe,

My dear Brigadier:

I understand that there is a position open as Divisional Transportation Manager for a group of factories operating under the control of Imperial Chemical Industries, Ltd., to be responsible for organizing the transportation of all raw materials and finished products.

Lt.Col. J.W. Baker, who has been with Transportation Sub-Commission for the past seven months, is eminently qualified for this position, and I wish to highly recommend him. You will recall that I personally have twenty-five years of road and rail transport experience, being on leave of absence from my position as President of Philadelphia Suburban Transportation Company. Lt.Col. Baker is well educated and an excellent mixer. He is well qualified to control both indoor and outdoor staff. He has had extensive experience with all forms of transportation and is capable of planning rail layouts and road access for new plants. He has a pleasing personality and is capable of negotiating with various officials of the companies concerned other than transportation officials. He has had extensive railway and commercial experience.

During the time that Lt.Col. Baker has been working with Transportation Sub-Commission, Allied Commission, Italy, he has performed the various duties assigned to him in an outstanding efficient manner.

Sincerely yours,

MERRITT H. TAYLOR,
Director.

PERSONALRome
30 June 1945

TO : R.M. Bazzanella, Chief
Ports & Warehouses Division
Transportation S/C

With reference to our conversation of today, I report on the circumstances relative to the incident in Turin on Thursday, 20 June.

On thursday morning I carried an AC officer who was taking up a new assignment, from Milan to Turin. On the road I met two more AC officers in trouble with their car. I gave one of these officers a lift and on arrival at Turin I fixed myself up with accommodations through the Town Major and left the car at the disposal of the AC officers in order that they could get themselves fixed up.

They invited me to dinner that night at the AC hotel. On arrival at the AC hotel I met friends who suggested that after dinner I should spend the evening at a particular club, and when I advised them that I had dismissed my car for the evening I was informed the question presented no difficulties as a "Pool" arrangement was functioning in the region.

After dinner I adjourned to the bar to await the car which was announced shortly afterwards. When I was about to leave the hotel entrance a porter approached and stated that Colonel Maeshall wished to see me in the bar. I was asked if the car, which was apparently causing some obstruction, belonged to me. I endeavored to explain that the car had been ordered through my friends and beyond knowing that a car was waiting some where outside the hotel I had no knowledge of the car's particulars. I obviously failed to make my position clear, as it was then pointed out to me that the 'Pool' should not be regarded as a "right" but as a privilege. I thoroughly understood this, but I was conscious of the officers in the bar and I felt the circumstances confusing. I was questioned regarding my duty in Turin and asked to produce my travel orders. Colonel Marshall and Colonel Jones (who was setting next to Colonel Marshall) ordered the car away and I was dismissed.

./.

2102

I felt uncomfortable about the whole matter, and the next morning visited the AC offices to see Colonel Marshall and Colonel Jones, view to explaining my position. Colonel Jones was away and Colonel Marshall was occupied. However, the P.A. advised me that Colonel Marshall had questioned him that morning, and I had the impression that the matter had been satisfactorily explained.

As regard the purpose of 'breaking my journey' in Turin, I confirm that I had no duty to perform, but I regarded it as a convenient staging point in my itinerary. I would add that my car broke down in Turin and was repaired by the Regional Transportation Officer. This delayed me 24 hours, but normally, staging at Turin would not have prolonged my trip.

SUBJECT :- Leave of Absence

TO :- Commanding Officer 2675th Regiment (through channels)

1. Pursuant to para 2 Daily Bulletin No. 171, 20 June 1945, leave of absence for the purpose of visiting Cairo, Egypt, and Palestine is requested by the undersigned.

2. Pertinent information follows:-

- a. Length of Service overseas - 26 months.
- b. Dates of leave of absence - January 31, 1945, ten days (prior to departure for overseas.)
- c. Dates of leaves of absences, temporary duty and detached service for rest or recuperation - None.
- d. Amount of accrued leave - 71 days.
- e. Remarks deemed applicable. Inasmuch as I have not taken any form of leave of absence or temporary duty for rest purposes in the 26 months I have been overseas, and further, since I have not even taken regularly the 1 day off per week allowed to officers in this Headquarters, it is urgently requested that the above application receive favourable consideration.

1. My letter 9th May 45 asked for proforma forms upon which to apply for appointment as Civil Affairs Officer for Burma and the Far East. None have been received.
2. On 29th of May, the writer visited Florence Command and obtained copies of proforma, completed them, and forwarded them to your Headquarters.
3. This morning (18 June) the writer called at your offices to enquire if forms had been forwarded as requested and was told they were incorrect and would have to be completed again to comply with amendments.
4. It is appreciated that your staff is very busy in preparation of handing over but surely in the twenty days elapsing since proformas were sent your office, time could have been found to advise the writer that forms were incorrect when further action could have been taken.
5. If the matter cannot be handled through your Headquarters due to lack of time or proper forms or A C Is, may permission be granted to apply direct to H.Q. in Rome.

TO COL. M.B. THOMAS

DCM/fm

7 June 1945

Sir,

I have the honour to report to you an incident which occurred to myself and my W.D. vehicle on the 1 June 45.

1. On the 6 June 45 my corporal carried out certain repairs to the gear-box of my W.D. vehicle. In view of my impending journey to Palermo in this vehicle on 8 June 45 I decided to test the vehicle in the evening. I proceeded to a semi-official function organized in Rome by ADOS (Purchase and Production) from whom the Roads Division receive much assistance, driving the vehicle myself.

2. At about 0030 hrs on 7 June 45, accompanied by a lady whom I was taking to her home in Via Flaminia, I pulled up on the highway between the Via Veneto and Via Flaminia to light a cigarette and was approached by two military policemen , who asked to see a) the lady's permit to travel and b) the vehicle work ticket.

3. The lady is an Italian civilian duly authorised to travel in a W.D. vehicle, but on the evening in question she had omitted to carry the permit with her.

4. I am in possession of a RAAC permanent pass authorising me to transport civilians, on official business, and also a curfew pass.

5. The vehicle work-ticket was in order but for the fact that I had omitted to change the name of the driver from Corporal Taylor to my own.

6. I gave my particulars to the Police who appeared satisfied but in view of my previous experience in such matters and of my impending departure for Sicily I deem it necessary to report the facts to you.

I am, Sir,
your obedient servant
