SUBJECT: Railway Liaison

REFERENCE: Your letter on the above subject dated 10 December 1945.

TO: Lt. Colonel L. E. Vining
Provincial Commissioner, Genoa Province.

1. Since your letter was written, it has, of course, been announced that the whole of Northern Italy will be returned to Italian government control at the end of this month. After that date, the authorized establishment of transport officers in the whole of Northern Italy will total six officers only. One of these six, however, will be in Genoa in a liaison and advisory capacity to assist with the working and clearance of the port. This, in fact, has not been Captain Conway's job; he has been in N.W.I Italy to assist in railroad reconstruction. Moreover, there is another job on railway signal work waiting for him elsewhere.

2. In these circumstances, it is regretted that Capt. Conway will have to be withdrawn, but any transportation questions affecting Genoa Province can always be dealt with by Capt. Lloyd Davies or the transportation officers still in Genoa.

Genoa, 10th December 1945

Subject: Railway Liaison.

To : Director - Transportation Sub-Commission
Allied Commission - C.M.F.

1. It is understood that the sole railway representative of Allied Commission in N.W. Italy (Capt. L.A. Conway) is being withdrawn in the near future.

2. I would point out that this area is still under control of Allied Military Government and there are multifarious railway problems to be dealt with apart from the completion of reconstruction work now in hand which will continue even when the Liaison Group takes over.

3. In addition, the A.C. Railway Transportation Officer, who I am informed was Capt. Coombs, for Liguria Region has been withdrawn and there is no allied officer to supervise or advise on the movement and to undertake the allocation of tonnage at the Port of Genova.

4. With the steady reduction in staff taking place weekly, no personnel of this organization can be spared to deal with these matters which are now being passed to Capt. Conway in the first instance but more often than not are dealt with by him.

5. It would be very much appreciated if Capt. Conway be allowed to remain in this area in order to facilitate and co-ordinate the administration and working of this province with the Railway administration.

By Dear *Buchanan*

I do not seem to have acknowledged your letter of the 7th December, about Corby.

Since its receipt here, you and I have discussed the question together and I quite understand that we must in fairness let Corby go about the 27th.

All good wishes.

Yours ever

SUBJECT: Captain Warren Peterson

TO : Chief, Supply Group

1. Reference your RS/200 of 11 December 1945. It is true that certain responsibilities now being carried out by Captain Peterson are in process of being transferred, but it will be necessary to retain this officer in his present assignment until all the responsibilities for the allocation and sale of ex-Allied tires have been satisfactorily transferred to the Italian Government. It is not expected that this will be before mid-January.
2. In any case, I feel that the new transportation set-up, (whatever form it may take and whether or no it is under UNRRA auspices) should have first call on the small number of transportation officers who are still available.
3. I may also mention that no replacement has yet been forthcoming for Mr. E.S. Lynch, recently taken from this Sub-Commission, and for whom a replacement was to have been provided.

Introduction and applicability.....	1

1. INTRODUCTION AND APPLICABILITY. a. The purpose of this circular is to inform all concerned of current War Department policies regarding the relief from active duty of officers, warrant officers, or flight officers, hereinafter collectively referred to as officers, who have served honorably and who do not qualify for release under the Readjustment Regulations.

b. All applications for relief from active duty in accordance with the provisions of this circular will be considered first under the provisions of Readjustment Regulations 1-5, as amended. The separation, if approved, will be effected under the regulation which is the most appropriate in each case.

SECTION II

RELEASE OF SURPLUS OFFICERS

	Paragraph
General.....	2
Recommendations for relief from active duty.....	3
Requests for relief from active duty.....	4
Approval.....	5
Block release of officers of particular categories.....	6
Controls.....	7
Miscellaneous provisions.....	8

2. GENERAL. The provisions of this section are applicable to officers--

- Who have completed a reasonable tour of service and
- Who are surplus to the needs of the Army on the basis of their present qualifications and
- Whose retraining in a skill needed by the Army would be uneconomical within the time they could reasonably be expected to serve.

W.D. Circular #290 (cont'd)

before becoming otherwise eligible for separation.

3. RECOMMENDATIONS FOR RELIEF FROM ACTIVE DUTY. a. Recommendation for relief of an officer under paragraph 2 will be submitted by the officer's immediate commander under the provisions of this section whenever he becomes surplus to the needs of the command. Prior to recommending an officer for relief under this section, consideration will be given to retraining for a different category of assignment. In the event that retraining is considered uneconomical, the recommendation for relief from active duty will be submitted without further delay.

b. In cases of officers serving in the zone of the interior, recommendations will be forwarded through command channels for final approval to the commanding general of the major command or to the Adjutant General for those officers not under the assignment jurisdiction of a major command. Except in cases of Medical Corps officers and officers, who are eligible for overseas duty and have completed less than 2 years' active, honorable military service since 16 September 1940, the authority to finally approve recommendations may be delegated to, but not below those commanders specified in paragraph 9b(4), (5), and (6), AR 605-12, 17 August 1944. The authority to finally approve recommendations for the relief of Medical Corps officers and officers who are eligible for overseas duty and have completed less than two years' active honorable military service since 16 September 1940 will not be delegated below the War Department.

c. In cases of officers serving in overseas theaters, recommendations for relief from active duty will be made by the officers' immediate commander and forwarded through command channels to the Adjutant General, Attention Officers' Branch, Separations Section, Munitions Building, Washington, D. C. Recommendations disapproved by the theater commander will not be forwarded.

d. The recommendations will include the following:

(1) Date the officer reported on extended active duty, his age, his Adjusted Service Rating Score as of 2 September 1945 and his desires as to retention in the service.

(2) Statement of duty assignments for which the officer concerned is qualified by training and experience and by civilian occupational background.

(3) Statement that a surplus exists in the command jurisdiction of officers of the particular grade or any higher grade who are qualified to fill these duty assignments.

(4) Statement that the officer is entitled to separation under honorable conditions.

(5) Statement that no disciplinary action or reclassification proceedings under AR 605-230 are pending or appropriate in the case.

(6) Statement that no Hospital Disposition Board or Army

W.D. Circular #290 (cont'd)

Retiring Board proceedings are pending or believed to be appropriate.

(7) A complete and up-to-date copy of officer's qualification card (not original).

c. Each commander taking action on a recommendation for relief from active duty will either reassign the officer within his jurisdiction or forward the recommendation, including in his indorsement the statement required by d (3) above, pertaining to surplus of officers in his command.

4. REQUESTS FOR RELIEF FROM ACTIVE DUTY. Individual application for relief from active duty under the provisions of this section is not authorized.

5. APPROVAL. a. The headquarters in the Zone of the Interior authorized to finally approve recommendations for relief from active duty under this section will, upon approval of the recommendation, issue necessary instructions to accomplish the release of the officer.

b. Commanders of overseas theaters are authorized to return to the continental United States officers whose recommendations for relief from active duty they have approved. Radio report of such cases will be made to the Adjutant General. The return of officers from overseas under provisions of this Section will not serve to displace high score officers or enlisted men.

6. RELEASE OF OFFICERS OF PARTICULAR CATEGORIES. The use of the provisions of this section by the major forces to provide for bloc release of officers of particular categories surplus to the Army-wide needs may be authorized by the Assistant Chief of Staff, G-1, War Department General Staff on specific request of the major force. Such requests, when submitted, will be accompanied by complete data establishing the bloc as surplus to Army-wide needs.

7. CONTROLS. The Commanding Generals of the major commands will establish the necessary controls to insure that:

a. Releases of officers in accordance with the provisions of this section are accomplished generally in the order of merit established by their Adjusted Service Rating scores.

b. No releases of officers under this section will operate to defer the relief from active duty of officers or the discharge of enlisted personnel entitled to separation under the Readjustment Regulations.

8. MISCELLANEOUS PROVISIONS. a. Forwarding indorsements of recommendations for relief from active duty may contain any additional details deemed desirable but not specifically required by paragraph 3. In the event that approval is recommended when all the required statements cannot be made, full particulars justifying exceptional action in the case will be furnished.

b. Officers relieved from active duty under the provisions of this section are relieved for the convenience of the Government and if

W.D. Circular #290 (cont'd)

other-wise eligible, are entitled to mustering-out pay.

SECTION III

RELEASE ESSENTIAL TO NATIONAL HEALTH, SAFETY, OR INTEREST

	Paragraph
Applications.....	9
Forwarding of Applications.....	10
Approval.....	11

9. APPLICATIONS. In particular instances when it can be definitely determined on documentary evidence that an officer can render more valuable service to the Nation in a civilian capacity, he may apply for release from active duty under the provisions of this section. Releases in accordance with the provisions of this section will be held to a minimum, and applications for release will be carefully scrutinized and approved only in cases where it is clearly indicated that release of the individual from active military service is essential from a National point of view. Careful consideration will be given to determining that the application is based on the National interest rather than on the personal desire and interests of the individuals concerned. An application for relief from active duty under the provisions of this section must originate with the officer. An application submitted in his behalf will be referred to him without action. Applications will be accompanied by documentary evidence in the form of affidavits, statements, letters, or telegrams, setting forth the need of the services of the individual applicant. They will include the following information:

- a. Date the officer reported on extended active duty, his Adjusted Service Rating Score computed as of 2 September 1945 and age.
- b. Name of firm, or agency, or description of individual enterprise.
- c. Product manufactured or services rendered.
- d. Title and description of position to be filled.
- e. Connection with the activity prior to military service.
- f. His qualifications for the position.
- g. Letter from a responsible official of the firm, corporation, or Agency substantiating the facts given above.

10. FORWARDING OF APPLICATION. a. Applications will be forwarded as prescribed in paragraph 3b and c.

b. The first forwarding indorsement will include the following statements:

- (1) Approved or disapproved.

W. D. Circular #290 cont'd)

(2) This officer is (or is not) occupying a "key" position and a replacement will (or will not) be required.

(3) Services of officer have been such as to entitle him to separation under Honorable conditions.

(4) No hospital disposition board or Army Retiring Board proceedings are pending or believed appropriate.

(5) Complete and up to date copies of officer's qualifications card (not original) are attached.

(6) No disciplinary action or reclassification proceedings under AR 605-230 are pending or appropriate in the case.

c. Subsequent forwarding indorsements will include statements b, (1) and (2) and such other remarks as may be deemed pertinent.

11. APPROVAL. a. The headquarters of the final approving authority will, upon approval of the application, issue necessary instructions to accomplish the release of the applicant. Disapproved applications will be forwarded to The Adjutant General, Attention: Officers' Branch, Separations Section for final consideration, accompanied by an indorsement stating reasons upon which action was based.

b. Eligibility for mustering-out pay will be determined by the provisions of AR 35-2490.

SECTION II

RELEASE BECAUSE OF UNDUE HARDSHIP

	Paragraph
Application.....	12
Acceptance.....	13

12. APPLICATION. a. Application of an officer may be made for relief from active duty because of undue hardship, either to the individual or his family. An application for relief from active duty under the provisions of this section must originate with the officer. An application submitted in his behalf will be referred to him without action. Applications will be forwarded in the manner prescribed in paragraphs 3b and c above and will include a statement of the date the officer reported on extended active duty, his Adjusted Service Rating Score computed as of 2 September 1945, and age.

b. Such applications must establish the following:

(1) The individual or his family is undergoing hardships greater than the normal hardships which are being experienced by all members or families of members of the military service.

(2) The hardship is not of temporary nature.

(3) There are no means of alleviating the condition other

W. D. Circular #290 (cont'd)

than by relieving the officer.

(4) Upon release, the officer will be able to eliminate or materially alleviate the condition.

c. Documentary evidence in the form of letters, telegrams, or affidavits establishing the necessity for relief from active duty will accompany each application.

d. Application for relief from active duty for undue hardship of officers temporarily in the United States from overseas theaters will be submitted to the commanding officer of the installation to which the individual concerned has been directed to report upon expiration of temporary duty or leave. The commanding officer of such station will process the application in accordance with the procedures prescribed by the major force having command jurisdiction over the installation.

e. The headquarters of the final approving authority will, upon approval of the application, issue necessary instructions to accomplish the relief of the applicant. Disapproved applications will be forwarded to The Adjutant General, Attention: Officers' Branch, Separation Section, for final consideration, accompanied by an indorsement stating reasons upon which action was based.

13. a. During the period of active hostilities the Army's pressing need for manpower necessitated that extremely rigid standards be observed in reviewing applications for separation for hardship. With the Army now in the process of demobilization it is desired that these rigid standards be relaxed. However, the basic principle of demobilization which contemplates the release, in order of merit, of those most deserving of separation will be considered in reviewing requests under this section.

b. Eligibility for mustering-out pay will be determined by the provisions of AR 35-2490.

SECTION V

RELEASE BECAUSE OF AGE

	Paragraph
Requests.....	14
Separation.....	15

14. REQUESTS. Male officers who have attained the age of 50 years and female officers who have attained the age of 40 years will be relieved from active duty under the provisions of this Section providing:

a. They request such relief in writing.

b. They are entitled to separation under honorable conditions.

c. No disciplinary action or reclassification proceedings under AR 605-230 are pending or appropriate.

W.D. Circular #29 (cont'd)

d. No hospital disposition board or Army Retiring Board proceedings are pending or believed to be appropriate.

15. SEPARATION. Officers who apply for relief from active duty under provisions of this Section will be reported for separation without delay and in no case later than 60 days after application is made.

SECTION VI

MISCELLANEOUS GENERAL PROVISIONS

	Paragraph
Granting of accrued leave.....	16
Retention of commissions after relief from active duty.....	17
Special provisions for National Guard officers.....	18
Special provisions for battle wounded.....	19
Rescission.....	20

16. GRANTING OF ACCRUED LEAVE. a. An officer who has been recommended for or has requested relief from active duty may, with his consent, be granted accrued leave pending final action in the case.

b. An officer granted such leave will be specifically notified that he is subject to reassignment.

c. Prior to final separation from active service, an officer will be granted, when practicable, terminal leave under the provisions of AR 605-115.

17. RETENTION OF COMMISSIONS AFTER RELIEF FROM ACTIVE DUTY. A commissioned officer relieved from active duty under the provisions of this circular will be furnished a certificate of service and may retain his commissioned status, as following:

a. An officer holding an appointment in the National Guard of the United States or in the Officers' Reserve Corps will return to inactive status in the grade held upon relief from active duty. If he holds an appointment to higher temporary grade in the Army of the United States, he will retain this grade until 6 months after the termination of the war.

b. An officer holding an appointment in the Army of the United States only will retain his appointment on inactive status until 6 months after the termination of the war.

c. Any appointment to a temporary grade in the Army of the United States (Air Corps) made under the provisions of Public Law 453-17th Congress, will be terminated.

d. Any officer relieved from active duty under the provisions of this circular may submit his resignation, if he so desires, at the time of relief or at any time while on inactive duty.

18. SPECIAL PROVISIONS FOR NATIONAL GUARD OFFICERS. In the

W. D. Circular #290 (cont'd)

case of a National Guard officer relieved from active duty under the provisions of this circular, The Adjutant General will notify the Chief, National Guard Bureau, and The Adjutant General of the State of origin, in order that appropriate action may be taken with respect to the status of the officer in the State organization.

19. SPECIAL PROVISIONS FOR BATTLE WOUNDED. Special consideration will be given to the desires of combat wounded officers who, as a result of their wounds, are permanently below the physical standards for general service. Such personnel who so desire will be relieved from active duty whenever practicable. However, if any individual specifically requests to be retained on active duty, special consideration will be given his retention provided his physical condition, experience, and the needs of the service will permit useful employment. Combat disabled officers will not be encouraged to remain on active duty.

20. RESCISSION. a. The following publications are rescinded:

- (1) War Department Circular 485, 1944, subject: "Relief of Officers, Warrant Officers and Flight Officers from Active Duty."
- (2) Section VII, War Department Circular 137, 1945.
- (3) Section V, War Department Circular 150, 1945.
- (4) Letter, AGPO-S-A-220.8 (18 August 1945) dated 29 August 1945, subject: "Release of Physically Qualified Military Personnel by Means other than Readjustment Regulations."

b. Cases initiated under the provisions of rescinded publications prior to receipt of this circular will be processed for final action under the provisions of this circular.

1. In view of the fact that all our Civil Engineering Officers are due for LIAP at about the same time, in order to assist with essential maintenance and repair work necessary before bad weather conditions set in, Director, Military Railway Services has loaned to Rail Division the following two officers, and it is requested they be attached to Allied Commission until further notice:-

W/Lieut. E.S.P. TAYLER, (282205) R.E. British
W/Lieut. J.A. CHURCH, (259761) R.E. do

2. They should be attached to HQ AC, but their duties will require them to be on detached duty at Bologna (Lt Tayler) and Ancona (Lt Church).

3. May request be made to G1 (British) for attachment of these Officers, please.

Acting Director.

1. In early September, in open competition, I submitted an application for the vacant post of International Secretary of the British Labour Party.

2. I am now informed by letter dated 15th October, that the Sub-Committee appointed to make a selection has included my name on the "short list", and I am asked to attend a selection meeting in London on 20th November '45.

3. I fully appreciate the LIAP scheme is at present running behind schedule, but Major Buckley has kindly offered to allow me to take his turn, which is now due, and this would enable me to attend the interview, and any immediately subsequent interviews which might be considered necessary.

4. I am most anxious to indicate whether I shall be able to attend the interview, and would be most grateful for any action which might be found possible in the matter.

CIVIL EXPERIENCE

Commenced engineering training in 1922 after passing an open competitive examination for Engineering Apprentice Royal Ordnance Factories, Woolwich. Successfully served the five year theoretical and practical course at Woolwich and passed the examination for the A.M.I.Mech.E.

In 1927 became Engineering Cadet to the Chief Engineer, London Electric Rlys (now known as London Passenger Transport Board), and trained for two years for civil engineering, passing the exempting examinations for A.M.I.C.E. and A.M.I.Struct.E.

On completion of cadetship was appointed technical assistant and resident engineer. Designed and carried out several large works undertaken by the Company, including Ealing Common, Charing Cross, and Park Royal Station reconstructions. Later became resident engineer on the Western Extension of the Piccadilly Rly and carried out works by direct labour to the total value of £1,250,000.

Became interested and later a director of two small but very successful firms, one a building and public works contractor and the other a manufacturing concrete paint company.

In 1934 resigned from Passenger Board to join staff of the Air Ministry in the reinforced concrete section and designed some of the typical types of large span hangars.

In 1936 joined the Southern Railway Chief Engineers Department as Bridge Engineer on London West Division. Later was appointed Permanent Staff. In this capacity was responsible for the design and carrying out of the work of reconstructing many important large bridges on this Rly.

ROME 17 September 1945

REF :- N° 7357

SUBJECT :- Allied Military personnel - Truck Pools -
 Acknowledgement of service .

The operations for handing over to the Italian Government Truck Pools in Foggia, Campobasso, Aquila, Chieti, Taranto, Pescara, Ascoli Piceno, Macerata, Ancona and Pesaro, have now been successfully concluded .

These organizations after transfer to the Italian Government continue to operate as they used to in the past, and fulfil with considerable efficiency their appointed tasks concerning the satisfaction of outstanding local needs for food supply and the rehabilitation of the country, just as the Allied intended and practised .

I now feel the particular need of expressing a very hearty word of praise to the following Officers of the Allied Commission who were responsible for the installation, the organization and the very efficient operation of the a/m Truck Pools :

Major Harry DOWNER Inf. O - 360942
 First Lieut. Lionel L. CLARK F.A. O - 1176577
 First Lieut. James E. HOWELL, T.C. O - 1582378

2287

The a/m Officers distinguished themselves in setting up and operating the Truck Pools and showed a high competence and proficiency, and a clear and sympathetic understanding of the needs of primary and fundamental importance for those regions and areas which having been damaged by the war, had remained at first all but deprived of all means of transport and communication.

A similar sign of praise is to be conferred on them for the operations of transferring the Truck Pools to the Italian Government, for which they have given their efficient assistance thus facilitating the said operations for the representatives

of the Italian Government , by surmounting and smoothing out all difficulties arising from the transfer of vehicles and management .

It is also my privilege to point out to your Commission the names of the following n.c.o.s. and o.r.s. who have cooperated under Allied Officers, to the organization and operation of Truck Pools and to the subsequent turning over, and by their activity and experience have considerably contributed to their success.

T/ Sgt	Lewis F. GELSOMINO	32340515
S/ Sgt	Marshall E. RUSCETTI	33409538
T/5	Frank TRENTACOSTE	32572009
Pfc	Thomas FANTRY	32598019
Sgt	Henry G. DIAZ	13145022

Finally I wish to point out in a special manner the activity and cooperation which Capt. D.P. RICHARDSON Infantry O - 419406 gave to the Italian Government with good will , proficiency and particular sensibility to and understanding of our requirements .

Besides the work of setting up and operating Truck Pools the said Officer has facilitated in a really praiseworthy way the work of Government Representatives and has supplied a personal contribution to the clearing up of various difficulties and to the success of the operations .

Sono ormai terminate con felice successo le operazioni di consegna al Governo Italiano dei Truck Pools di Foggia, Campobasso, Aquila, Chieti, Taranto, Pescara, Ascoli Piceno, Macerata, Ancona e Pesaro.

Questi organismi ceduti al Governo Italiano continuano a funzionare come per il passato adempiendo con particolare rendimento i compiti istituzionali riguardanti il soddisfacimento dei preminenti bisogni della locale alimentazione e della ricostruzione così come concepito ed attuato dagli Alleati.

Sento ora la speciale necessità di esprimere una vivissima parola di encomio e di lode ai sottolencati ufficiali della Commissione Alleata che ebbero a provvedere per l'impianto, l'organizzazione e l'ottimo funzionamento dei ricordati Truck Pools:

Dear Col. Buchanan,

Thank you very much for your letter of the 13th inst. and the interest you have shown in this matter.

I have looked up ACI 860 of 45 which certainly amplifies the previous ACI and will send the particulars required to Oi/c Signal Records.

As you will no doubt appreciate, my chief interest is to retain my commission until retirement age and am anxious to pursue any line of country which will ensure this. Apropos of that I understand that applications are invited from A.C. officers for service in A.M.C. in East Africa, this has appeared in Piedmonte Regions orders. May my name be submitted before it is too late?

Yours respectfully
