3 March 1945

SUBJECT: Transportation Personnel Requirements, Toscana Region

TO : G-1, British

1. According to Appendix C to 15031/3/G-1, dated 22 June 1944, 4 transportation officers are scheduled for the Toscana Region. This number is considered totally inadequate for the region's full requirements, and bearing in mind the number of officers that are being allowed in neighboring regions, it is recommended that the allowance for Toscana Region should be increased to 18 officers.

23 July 1945

Lt. Col. M. Harris
Transportation Officer
o/o Lombardia Region

Dear Colonel:

Thank you for your note about the Chief Transportation Officer, Venezia. Frankly, it is not so easy to obtain promotion for British officers as you think since in certain worthy cases I have been trying to secure it for over three months; on the American side, as you say, it is frozen. I do feel, therefore, that we ought to have an officer of major's rank as Chief Transportation Officer, Venezia. At the moment, I have written Brigadier Dunlop, asking if he would consider a Major Kinsella, whom he already has on his staff; Kinsella is trained in movements and rail work but has not a great deal of experience on the road side. The alternative is Major Symons, now in charge of the Special Traffic Police which we are proposing to transfer to Public Safety. Symons has not had real transportation experience, but he has been working closely with us for some time now and seems to be an intelligent officer; so far I have not mentioned Symons' name to Brigadier Dunlop.

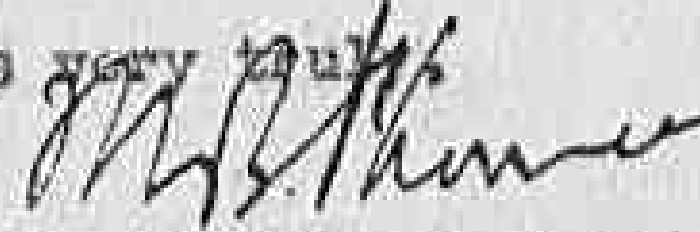

We are at present drafting an instruction regarding the whole question of your and Major Talbot's responsibilities in North Italy, and this should answer the signal you have sent on the subject. It may take some time, since there are various factors which may delay it, e.g., the military still are retaining control in the Northeast as distinct from the Northwest.

We are also examining the whole question of placing movements officers at key points, i.e.:

Bologna	-	Probably Dodds and Ash
Milan	-	Woodcock
Genoa	-	Vacancy
Turin	-	Webb
Verona	-	Fry
Padua	-	Irvine-Lynch

We realize that all these officers are not ideal for the job but they really are the best we can do at the moment.

Yours very truly

M. B. THOMAS, Colonel 132
Deputy Director

cc: Col. Baker, Mov. Div., Tn S/C

St. Col. McKerns
~~Advanced Echelon~~, Trieste, Italy
 40 Lombardia Pgn.

Dear Colonel -

Just a last note by
 May Pyrmus re replacement for
 Col. Woodger.

The only two men other
 than Lt Ash that I can
 recommend for Venezia are
 Capt. Piper and Capt. Nunn
 in the order named. Both of
 these men are experienced
 organizers. Being British, I
 can see no reason but what
 you can obtain a crown for
 them in short order as has
 been done for the British firms
 before. I realize that American
 promotions are frozen.

May I impress upon you
 again the necessity of having
 a movement officer at Padua
 as soon as possible and to establish
 his boundaries.

Kindest regards.
 W. Harris.

Lt. Col. F. Harris
AFHQ, G-4, Mov & TrSubject: T/Capt. E. Knauer, R.E.
P/216102

Dear Harris:

The above officer called to see me today. Apparently he is in Movement Control in India, British Army, but attached to Indian Army; his age is 45, his medical category is A; his address in India is c/o Embarkation Headquarters, Kiamari, Sind, India Command, India.

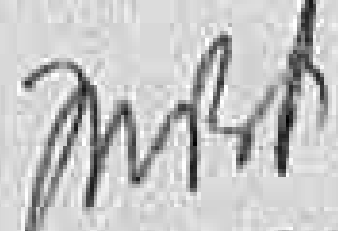

Capt. Knauer is at present on compassionate leave in Italy where his wife, who lives here, is ill. He has seen the A Branch at AFHQ and asked for a transfer to Movement Control, Italy, and he states that the necessary formalities are being initiated from the India end.

I shall be very much obliged if you could follow up the case and let me know what is happening about it.

I only saw Knauer for a short time, but he seems quite intelligent and has had good Movement Control experience. He is a Danish subject, but holds a British Army commission.

He is going to AFHQ again about 27 June and I gave him your address.

Yours very truly,

M. B. THOMAS, Colonel
Deputy Director

SUBJECT: Rail Transportation Officer.

TO : Transportation Sub-Commission, Hq AC, APO 394.

1. Lt. Col. Marion J. Fitzgerald reported that his office is in urgent need of a Rail Transportation Officer. Two were promised by AC Transportation Sub-Commission, but to date none have been assigned. It is of utmost importance that we have one officer to do only rail work so he may receive bids from the various Divisions desiring to move material. At the present time Major Talbot, AC Sub-Commission, is handling it for us, but his job covers all of North Italy, and it will be impossible for him to do the job alone.

MEMORANDUM

SUBJECT : Temporary Duty of Officers

TO : Vice President, Establishment
Section, HQ.AG.

1. The following transportation Officers assigned to Regions as indicated are on temporary duty operating truck pools in Italian Government Territory:

Name

Captain J.O.DODDS (B)
Captain J.S.BILLINGHURST (B)
Lt. A.M. Clark (B)

Assigned to

Liguria Region
Venezia Region
Liguria Region

2. The services of these officers at the truck pools are definitely required until such time as the vehicles are turned over to the Italian Government, which question has been up before the Joint Chiefs of Staff in Washington for some time; the probable date of turnover cannot be anticipated.

3. Due to the shortage of officers it is not possible to replace the above named officers and it is therefore requested that they be not ordered to report to their proper Regions until advised by this Sub-Commission.

For the Director :

Section, HQ.AC.

1. The following transportation Officers assigned to Regions as indicated are on temporary duty operating truck pools in Italian Government Territory:

<u>Name</u>	<u>Assigned to</u>
Captain J.O.DODDS (B)	Liguria Region

SUBJECT: Transfer - Officers

TO : Colonel J. A. C. Pennycuik, Commissioner,
Hqs., Allied Military Government,
Naples Commune, APO 394

1. Reference your letter of 17 April 1945, R/1743, it is especially desired to move Major Marks because we now have three majors on transportation work at Naples. Major Bowers has been put in charge of the three, but it is obviously not satisfactory to have the officer in charge the same rank as two of the others. An additional reason is that we are short of senior transportation officers for northern regions and it is proposed to assign Marks to one of these. It is hoped, therefore, that the change will be acceptable to you.

2. A junior officer will be sent in Marks' place.

16 April 1945

SUBJECT: Transportation Officers, Emilia Region
TO : Regional Commissioner, Emilia Region

1. Reference is made to your letter RIX/SE/P/5/1, 31 March 45, to your Chief Transportation Officer's letter RIX/TP/1.4, 5 April 45, to remarks in the latter's monthly report, and to numerous conversations. It has recently been agreed that the ceiling for transportation officers, Emilia Region, shall be fixed at six TO/WE officers and two "Austria" officers; a separate letter will be sent out regarding this revision.

2. According to our records you at present have five officers assigned to you on TO/WE, viz., Hannon, Polyblank, Lester, Ach and Howell; in addition, you have two "Austria" officers, viz., Hughes and McCarty. There is therefore a vacancy for one transportation officer in your region, and every effort will be made to find a man suitable to fill this vacancy and to take Major Hughes' place. At the same time, it is pointed out that other regions are also short of transportation officers and are further below their ceilings than you are.

3. In addition to the above mentioned officers, you at present have a number with you on temporary duty. These will remain as long as possible, but they will be withdrawn when required by their parent regions in the north. Arrangements should therefore be made against that day.

By command of Rear Admiral STONE:

M. B. THOMAS, Colonel
Deputy Director

File

HEADQUARTERS EMILIA REGION
ALLIED MILITARY GOVERNMENT
AFO 394

REF : RIX/TF/1.4

5 April 1945.

SUBJECT: Officers.

TO : Transportation Sub-Commission H.Q. Allied Commission.

1. It is urgently requested that additional Transportation Officers be posted on permanent assignment to this region without delay. The transportation is being very seriously handicapped by lack of these officers and it is found quite impossible to carry out Transportation duties in a proper and efficient manner.

Captain Gardner was temporarily assigned to this Region some 3 or 4 weeks ago. This officer has now been recalled to Rome.

The P.T.O. Forli has been in the hospital for the past 14 days. It is felt largely due to the very nearly impossible task which he is expected to perform.

We are struggling to start a Movements Section at this Headquarters, within 4 days of its commencement Captain Cohen Rails Officer was posted to Rome and no replacement has been received.

The position at the moment is as under:

R.T.O.	-	Maj. A.R. HUGHES
Administrative Off.		J/Cdr. Palmer, A.T.S. (At present attending school at Porticci)
Maintenance Officer		Capt. M.O. Polyblank.
P.T.O. Forli		Capt. P. Mannon (At present sick)
Movements Officer		1st Lt. K. A. Ash (TEMP)
Awaiting Re-assignment		W.O. Hill

2. It is also requested that consideration now be given to the re-assignment of W.O. Hill. This was agreed to by Col. Thomas some 3 or 4 weeks ago and has also been confirmed in writing. We are continually being asked to submit returns in the proper manner and without a suitable staff, this is quite impossible. It is therefore again requested that this matter may receive your most urgent attention.

For the Regional Commissioner:

RIX/SE/P/6/1

ACB/eah
31 March 1945

SUBJECT: Transportation Officers

TO : Transportation Sub-Commission, HQ AC
 (Attention: Col. M.B. Thomas)

1. For the record, the following were the principal conclusions and commitments of those present at the Regional Commissioners meeting in Rome on 19 March (including the officer who represented your sub-commission) with respect to the provision of transportation officers for Emilia Region:

a. In the light of its needs, the provision for this region is more inadequate than that for any other.

b. Your sub-commission will supply additional officers from any source available as soon as possible.

c. At such time as Toscana and/or Umbria-Marche are liquidated and their territory returned to the Italian government, first consideration in the re-allocation of transportation officers now employed in these regions, will be given to Emilia.

d. Above all, you will undertake at once to locate and assign to this region a thoroughly competent and qualified officer, of suitable rank, to work immediately with Major Hughes as understudy in preparation for the day when the Major may be called for duty with the Austria contingent. (A far better solution, of course, would be to procure the release of Major Hughes from the Austria list.)

2. Of these commitments, by far the most vital to me is the last named. Your representative at the meeting assured me that this would receive immediate attention and I desire to enlist your personal and urgent efforts to this end.

- 1 -

C O N F I D E N T I A L 3046

C O N F I D E N T I A L

3. When I returned to my headquarters I learned that Major Hughes had set up a movements division which he proposed to operate under the direction of Capt. Cohen.

4. Since Capt. Cohen has now received orders requiring his departure from the region, I further request that you supply a replacement officer qualified in movements work, and that this be done at once so that this highly important task can be undertaken by an officer who will feel that this is his to carry on to completion.

Colonel, JAGD
Regional Commissioner

SUBJECT: Assignment of Officers.

TO : The Regional Commissioner,
 Liguria Region.

1. Reference conversation Col. Jordan/Col. Siff of April 4th.
2. Instructions have been issued for Capt. Salvanesi to leave Sicily on Saturday, the 7th of April, and travel by the fastest means to Rome to report to H.Q. Liguria Region.
3. Arrangements are in hand for Capt. Harper to hand over the work which he is doing at the earliest possible date, and every attempt will be made to have the hand-over completed by next Wednesday, April 11th, when he will report to H.Q. Liguria Region.
4. The difficulties with which you must contend through not having all the necessary staff available are fully appreciated by this Sub-Commission, but, as you yourself are aware, many of these officers are at present engaged on important work which it is likely will suffer when they are withdrawn, and it is therefore desired to retain them in their present positions as long as possible.

SUBJECT: Chief Transportation Officer, Umbria Marche Region.

TO : The Regional Commissioner,
Umbria Marche Region.

1. It is proposed to assign Major R.H. Klein (A) of this Sub-Commission to your Region as Chief Transportation Officer. Major Klein is at present in charge of our Warehouse Branch and is particularly experienced in this work. He is a man of some drive and initiative and it is felt that he would be particularly suitable for your Region. Before a request for the assignment is actually made we would like to be sure that the change is acceptable to you. This proposal is in no way a reflection on Capt. Richardson, but it is felt that the time has come to put in an older and more experienced man than Richardson.

2. At the same time it is proposed to transfer Lt. del Mexico to act as one of the Port Liaison Officers at Naples. Your concurrence to this proposal is also requested.

By command of Rear Admiral Stone:

M.B. THOMAS, Colonel,
Deputy Director.

attached

1. Reference Transportation Sub-Commission letter, 430/12/TN 1 dated 7 Mar 45, and RVIII/2/1C/113, this Hq, dated 14 Mar 45.
2. As pointed out in this Hq letter referred to above, the transfer of Major G. B. SOWERS (A) at this time will seriously disorganize and disrupt the Transportation Division of this Region, and although the transfer was approved by this Hq, in the letter referred to, it is now considered, in the interests of efficiency, that it will not be possible to free Major SOWERS until the end of April.
3. A new railhead is opening in April and it is essential that Major SOWERS be present until the arrangements for the special ALCOM railhead are running smoothly. Major SOWERS has been concerned throughout with the various committee meetings which have taken place from time to time in this connection.
4. It is recommended, therefore, that Major SOWERS remain on duty with this Region until, at least, the end of April.

MEMORANDUM for Colonel Harris, Planning Staff

SUBJECT: Personnel for Northern Italy

1. Reference to your memorandum of 26 March, the ceilings for transportation officers in the northern regions were fixed without reference to this Sub-Commission and we have today put in a protest against them and asked for increases. For the moment no further officers are available for Venezia, but officers will be assigned as soon as they become available.

2. The recommendation made in your paragraph 3 was borne in mind in submitting the case for the increased ceilings.

3. Your paragraph 4, Colonel Scoggins has this question in hand.

4. Your paragraph 5, rail officers have been assigned to Piemonte in the shape of Lt. Strand, and to Venezia in the shape of Captain Newby. Captain Irvine-Lynch will be assigned to Lombardia or Piemonte about 1 May.

5. Port officers for Venice and Trieste are not yet available.

6. Your paragraphs 7 and 8, the attached draft refers thereto. Please state if you have any comments to make on the draft.

ALLIED COMMISSION
SICILIA REGION HEADQUARTERS
 APO 394

OFFICE: REGIONAL COMMISSIONER
 PHONE: 15355 EXT 1

FILE: RC/500

SUBJECT: Transportation - Sicily Region
 TO : Headquarters Allied Commission
 (Att: Vice President Establishment Section)

With reference to your recent special orders re-assigning officers of this Region, the following officers have been placed at 48 hrs notice:-

Capt CALVARESE (A) (Transportation - I.M.T.)
 Capt INVERE-LYNCH (B) (Transportation - Railways)

As regards road transportation - I.M.T. - I understood it was agreed with your Headquarters that until such time as responsibility for I.M.T. passed to the Italian Government it would be necessary for an Allied Commission Officer to remain in SICILY to exercise control as heretofore. I consider that during the transition period the presence of an A.C. officer would be essential.

As regards railways, I also understood that it was the intention to leave an A.C. Railway Officer in SICILY. Although in theory control of the railways in SICILY has been handed back to the Italian authorities in practice the railways are mainly controlled by the Allied authorities. Allied control is exercised through the operations of movements and of the transportation Subcommittee of your Headquarters from which prior approval must be obtained before train services on the Island are modified in any way.

As the above officers are at 48 hrs notice, which in the event of orders being received for them to move would not allow of time for reconsideration, the above matter is brought to your attention.

SUBJECT: Ceilings for Transportation Officers.

TO : All Divisions, Tn. S/C

1. Under G-1 B/31/3/A of 7 March, the ceilings for Transportation Officers has been fixed as follows:

<u>NA or Region</u>	<u>TN/NA</u>	<u>Additional Austria Officers</u>
Italian Govt. Territory	8	1
Southern Italy	4	1
Umbria-Marche	5	2
Toscana	7	3
Emilia	4	2
Liguria	9	-
Piemonte	7	-
Lombardia	12	-
Venezia	9	-
Venezia-Giulia	4	-
NA, Tn. S/C	<u>52</u>	<u>-</u>
Total	121	9

2. Re-assignments will be made to make the actual number of officers agree as far as possible with the number authorized in the above table.

M. B. Thomas

M. B. THOMAS, Colonel,
Deputy Director.

HEADQUARTERS ALLIED COMMISSION
APO 394
Transportation Sub-Commission
(Movements Division)

MJS/vb

Tol: 318

13th February, 1945.

76713/Tn.3.

SUBJECT: Transportation Personnel in
King's Italy.

TO : Deputy Director,
Transportation Sub-Commission.

1. Reference your 101/9/Tn.1, dated 8th February, 1945.
2. I do not think that the number of Transportation officers, shown in Appendix B, for King's Italy is adequate to cover Movements' problems, and is certainly not adequate to ensure that transportation problems as a whole are properly resolved.
3. The following details are given of some of the transportation problems at present in existence in King's Italy:-

(a) SICILY:

- (i) Sulphur and citrus fruit export programmes to areas outside Italy.
- (ii) Coal and cereal importation programmes.

Both (i) and (ii) above involve the utilisation of considerable Allied shipping and resources. The efficient utilisation of all available transportation facilities in Sicily is most necessary, if shipping is not to be delayed, and programmes are to be fulfilled.

(b) SARDINIA:

- (i) Export of Sardinian coal to Italian territory and the South of France.
- (ii) Importation of cereals into Sardinia.

101/pe/w1

Transportation Sub-Commission.

1. Reference your 101/9/Tn.1, dated 8th February, 1945.
2. I do not think that the number of Transportation officers, shown in Appendix B, for King's Italy is adequate to cover 'movements' problems, and is certainly not adequate to ensure that transportation problems as a whole are properly resolved.
3. The following details are given of some of the transportation problems at present in existence in King's Italy:-

(a) SICILY:

(i) Sulphur and citrus fruit export programmes to areas outside Italy. 3010

(ii) Coal and cereal importation programmes.

Both (i) and (ii) above involve the utilisation of considerable Allied shipping and resources. The efficient utilisation of all available transportation facilities in Sicily is most necessary, if shipping is not to be delayed, and programmes are to be fulfilled.

(b) SARDINIA:

(i) Export of Sardinian coal to Italian territory and the South of France.

(ii) Importation of cereals into Sardinia.

Again, both the above involve Allied shipping; at present some 50,000 tons of Allied shipping is permanently allocated to the Sardinian coal trade. It is hoped that production will be increased and the output eventually raised to 100,000 tons per month, which will entail an almost equivalent tonnage of shipping. Any delay in moving Sardinian coal to wherever it is required generally means that an equivalent amount of coal must be imported from extra Mediterranean sources. This not only entails a longer shipping turn round but provision of a commodity which is in short supply to the Allies, i.e. United States or British Empire coal.

- 2 -

(c) CALABRIA:

The Catanzaro, Crotona, Vibo Marina area is the largest timber producing area in liberated Italy.

Timber is being moved, both by sea and rail to the maximum shipping and rail capacity available from this area to other areas in Italy. There are at present at least four clear claimants for this timber:-

- (1) Military, for purely military purposes;
- (2) MPS, AC, and ISR combined, for such work as the repair of rail cars;
- (3) civilian consumers, for the production of cases for export, i.e. citrus export from Sicily to the U.K.;
- (4) essential civilian demands for rebuilding.

(d) REEL PORTS:

The volume of A.C. traffic in and through the Reel ports is increasing; at the same time there is no sign of any slackening of military traffic. Civilian tonnages are in direct competition, so far as all means of transportation are concerned, with military tonnages.

(e) FOGGIA ZONE:

This is a large grain exporting area and at the same time a nodal railway centre for military traffic. Military and essential civilian traffic are in direct competition.

(f) CIVITAVECCHIA:

The port of Civitavecchia is being developed by the Italian authorities with a large measure of Allied military assistance to handle 3,000 tons per day. Both the rail and shipping programmes entail the closest coordination with the military programmes.

(g) NAPLES GROUP OF PORTS:

In addition to supervising A.C. traffic in the Naples area and Naples ports there is also the supervision of the growing volume of traffic at Castellammare, Torre Annunziata, and Salerno. Up to the present ship and port working in the satellite ports has been appallingly inefficient.

4. I consider that a minimum of one Transportation officer liaising with the Italian authorities is necessary in (a) Sicily,

(d) HEEL PORTS:

The volume of A.C. traffic in and through the Heel ports is increasing; at the same time there is no sign of any slackening of military traffic. Civilian tonnages are in direct competition, so far as all means of transportation are concerned, with military tonnages.

(e) FOGGIA ZONE:

This is a large grain exporting area and at the same time a nodal railway centre for military traffic. Military and essential civilian traffic are in direct competition.

(f) CIVITAVECCHIA:

3009

The port of Civitavecchia is being developed by the Italian authorities with a large measure of Allied military assistance to handle 3,000 tons per day. Both the rail and shipping programmes entail the closest coordination with the military programme.

(g) NAPLES GROUP OF PORTS:

In addition to supervising A.C. traffic in the Naples area and Naples ports there is also the supervision of the growing volume of traffic at Castellammare, Torre Annunziata, and Salerno. Up to the present ship and port working in the satellite ports has been appallingly inefficient.

4. I consider that a minimum of one Transportation officer liaising with the Italian authorities is necessary in (a) Sicily, (b) Sardinia, and (c) Catanzaro-Crotone area; I think that a minimum of three officers is necessary in the Heel, one in the Foggia area, two in the Civitavecchia area and four in the Naples area.

5. Eventually it should be possible to hand the bulk of the work in Sicily, Sardinia, and the Southern Region over to the Italian authorities; unfortunately little action has been taken by the Transportation Sub-Commission during 1944 to prepare the Italian authorities for this work. It is only now that steps are being taken in conjunction with the Italian Ministry of Communications, the Ministry of Marine, and the ISR, to enable Italians to function without direct Allied assistance and advice on the spot. The completion of these plans will take at least two or three more months. If the Transportation Sub-Commission's field representatives are taken away before these plans are matured and the new

systems operating, then confusion and waste will again occur. In certain areas there is likely to be a continuation of heavy military traffic, i.e. Naples zone and the Heel zone. Unless AFHQ military organization is prepared to accept responsibility for moving this traffic on behalf of the Italian authorities, and deal direct with them, then the traffic is unlikely to move according to programme ~~if there is not adequate A.C. transportation~~ representation. This has been fully proved by past experience.

6. Considerable military assistance is now being received from G-4 Mov. & Tr. AFHQ in these areas, but this is on the understanding that A.C. Transportation Sub-Commission will train up their own field representatives and the Italian authorities to take over this work as soon as possible.

7. I therefore consider that in addition to the officers already detailed, the following are still required:-

Sicily	1
Sardinia	1
Crotone-Catanzaro	1
Heel Area	2
Poggia	1
Civitavecchia	1
Naples Area	1

I consider this an absolute minimum under present movement and transportation circumstances.

3008

M. J. SIEFF Col.

SUBJECT: Transportation - sicilia region
TO : Headquarters Allied Commission
(Att: vice President establishment section)

With reference to your recent special orders re-assigning officers of this region, the following officers have been placed at 48 hrs notice:-

Capt CALVANESE (A) (Transportation - INT)
Capt IRVING-LYNCH (B) (Transportation - Railways)

As regards road transportation - I.M.T. - I understood it was agreed with your Headquarters that until such time as responsibility for I.M.T. passed to the Italian Government it would be necessary for an Allied Commission officer to remain in SICILY to exercise control as heretofore. I consider that during the transition period the presence of an A.C. officer would be essential.

As regards railways, I also understood that it was the intention to leave an A.C. railway officer in SICILY. Although in theory control of the railways in SICILY has been handed back to the Italian authorities in practice the railways are mainly controlled by the Allied authorities. Allied control is exercised through the operations of movements and of the transportation subcommission your Headquarters from which prior approval must be obtained before train services on the Island are modified in any way.

As the above officers are at 48 hrs notice, which in the event of orders being received for them to move would not allow of time for reconsideration, the above matter is brought to your attention.

5 March 1946

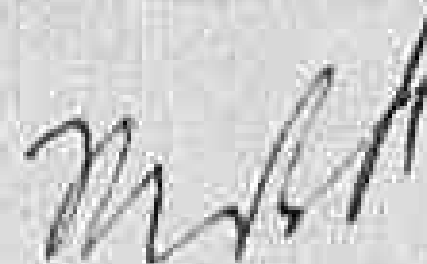

Dear Major:

Reference your letter of 1 March 1946, file EP/102/1, I was very pleased to hear your good remarks about Halstead. I think it would be a very good plan if the Senior British officer above Halstead instituted an AFE 194 D in respect of him. Establishment Memorandum No. 3 refers.

In the meantime, I have been called upon to nominate another officer for transportation Austria, and Halstead's name has been given. I have done this because I believe his chances of promotion in Austria will be better than they are here. Copy of this letter is being sent to Group Captain Benson, who is in charge of the Austria party.

It need hardly be added that this letter constitutes no sort of promise that Halstead will definitely get a promotion when he goes to Austria.

Yours very truly,

M. R. THOMAS, Colonel
Deputy Director

PISTOIA PROVINCE

ALLIED MILITARY GOVERNMENT

Ref : PP/102/1

SUBJECT: Capt J.F.D. Halstead (B)

Date: 1 March 1945.

TO

HQ ALLIED COMMISSION - R O M E
(Attn: Transportation Sub-Commission)

1. Capt Halstead was posted to me on an attached status on

5 Nov 44 from AMG 5th Army.

2. At the time he came to this province the Ufficio Autotrasporti was in an extremely disorganized condition. Actually it was hardly operating and he did and has made the Autotrasporti into a most efficient transportation organization.

3. Capt Halstead is, without doubt, very expert in the organization and management of transportation. He injects into his work great energy and enthusiasm. His hours are too long nor the complexities of the work too much for him and I am very fortunate to have had him with me.

4. At present he divides his duties between Pistoia and Lucca Provinces.

5. From an initial start of 40 vehicles in the Pistoia Autotrasporti - well over 300 vehicles now operate and carry weekly more than 1000 tons. In addition a well equipped garage has been established and capable of quite extensive repair work.

6. Capt Halstead has had a hand in the formation of six Autotrasporti all of which experience leads me to believe that he is most

5 March 1945

SUBJECT: Transportation Personnel Requirements, Mailia Region

TO : G-1, British

1. According to Appendix C to 18021/3/G-1, dated 22 June 1944, four transportation officers are allowed for the Mailia Region (Region IX). When the whole of the region is captured, this number will be completely inadequate and the requirements have recently been examined by the Regional Transportation Officer. The attached list has been submitted by the Regional Commissioner, and it will be noted that a total of 20 officers is required. Normally we would consider this number as fully justified, but in view of the grave shortage of transportation officers and bearing in mind the allowances that have been made for the Northwest regions, we consider it should be reduced to a minimum of 12. May this figure be approved for the Mailia Region?

2. In the limited areas which they are now covering the region is using 5 transportation officers.

SUBJECT: Assignment of Officer.

TO : Commanding General, Replacement & Training Command, MOWSA, APO
 49, U. S. Army. (Info: Commanding Officer, Sq Command, AF, APO 512).

1. It has been brought to the attention of this headquarters that 1st Lt Jerome L. Fluster, 01300304, Inf, presently assigned to the 7th Replacement Depot, has the necessary qualifications for duty with the Transportation Sub-Commission of the Allied Commission.

2. It is requested that this officer be permanently assigned to this organization.

3. Favorable action on this request, and on those submitted previously upon which final report of action has not been received, will not result in exceeding the authorized strength of this command. This organization is presently overstrength due to the extension of an additional allotment of personnel for the formation of Company "B", 2675th Regiment (Austria). This overstrength will be adjusted in the near future.

4. The vacancy against which this request is made was not created by rotation of personnel to the United States.

SUBJECT: Assignment of Major E. J. W. Wickens

TO : G-1, British

1. Reference the attached file, will you please assign Major E. J. W. Wickens as a transportation officer, Liguria Region. It is true that Liguria Region has already 9 transportation officers as authorized, but arrangements will be made to transfer one of these elsewhere, the reason being that Major Wickens is particularly required as Port Officer, Genoa; in this connection, please connect with file 5806/COS.

2. Major Wickens should report in the first instance to Major James, Room 3, Ground Floor.
