No objection is raised to the posting of Dvr. The posting of the a/m Vehicle Mechanics to Region 12 is recommended.

These men are at present held on the strength of H.Q. Commandant but are attached to H.Q. Southern Region.

The object of this attachment originally appeared to be the supervision of H.Q. Commandant's vehicles operating in the Naples area. On a recent visit to Naples however I was informed by the officer in charge of H.Q. Transport and the men themselves that sufficient personnel was already available to take care of the vehicles mentioned and the attachment of these men was superfluous.

Region 12 however have 44 British vehicles on charge and are without a British tradesman vehicle mechanic.
