1. Attention is invited to the attached correspondence relative to the non-receipt of pay by Miss Maria Lecchini for her services at Piombino from 1 to 15 October 1945.

2. Upon receipt of the letters from Miss Lecchini and G-1 American, I took the matter up with Margaret and she told me that she had asked you about this payment before your departure and that you said that you had given the money to Lt. Evans. I then wrote Lt. Evans and he replied that he had received the pay for her services from 16 to 30 September but not from the 1 to 15 October. I then checked Lt. Evans' departure date and found that he departed Rome for Venice on or about 11th or 12th of October and therefore impossible for him to have received the money as he was not here when the payroll was drawn. As evidence of this please note Extract of Special Orders, dated 8 October to AMG, Venezie Region; copy of signal from Lt. Evans that was received here on 16 October that he had arrived Venice and copy of signal from Lt. Evans dated 18 October. You can readily see that he was not here when the payroll for 1 to 15 October was drawn and that he has not returned to Rome since his departure for Venice on 11th or 12th October.

3. You will note in Lt. Evans reply that he said he had made arrangements with Mr. Crooks to draw the money for the girl. I took this matter up with Mr. Crooks and he advised that Lt. Evans did arrange with him to draw the money when the payroll was drawn but that he had forgotten

have given the money, is it not possible that you could have put the money in your pocket and forgotten about it?

6. Inasmuch as you signed the payroll as receiving the $ 26.60 for Miss Lecchini and as she has not received the money, it seems as though you will have to be held responsible for the money.

7. It is requested that you forward the $ 26.60 to me or advise who you did give it to. As you know, you should always get a receipt for money and place receipt in file for records.

8. Actually Sgt., you could not have given the money to Lt. Evans as he left Rome before the payroll was drawn and he has not returned since he left.

9. Would appreciate an early reply with the remittance.

With ref to your AC/130/52/Tn 1 of 14 Nov. 45.
The writer did not receive the salary for Miss E. Maria Lecchini for the period of 1-15th October but only for the period of 15-30th Sept. An arrangement was made through Mr.C.Crooks and the writer that he would draw the money for Miss Lecchini and pay it to the ILVA firm in Rome who would allow Miss Lecchini to draw the corresponding amount at Piombino. As the writer left Piombino on or about the 5th October it was considered inadvisable to pay the money in advance.

Colonel M.B. Thomas,

Transportation Sub-Commission.

Dear Thomas,

Following receipt of your letters 130/36/Tn 1. of 27 and 28 March on the subject of the M.C. girl employee at MESSINA a full enquiry has been made and steps taken to see that no further friction is caused in the future.

The girl is primarily an interpreter but has been performing normal M.C. work in connection with shipment of personnel and vehicles on the train ferry and also on passenger trains from MESSINA.

As I mentioned to you, the Capo named CARONITI has been exceedingly unhelpful in the past and the girl interpreter has been required to speak plainly on a number of occasions to get priority of place for military in transit.

I feel that this factor has had something to do with the present complaints coupled with the fact that the employee is female possessing considerable personality.

From the purely Movement point of view she has performed her work most efficiently and it is not proposed to remove her but it has been pointed out that she must be careful in future to see that she gives no cause for complaints of this nature.

The placing of an N.C.O. at MESSINA, following my visit, should put the whole matter right.

Yours, Sincerely

G. Wynn Davies.

SUBJECT: Reports received from Dr.Tuccio.

TO : HQ.AC.Trans Sub-Commission (For Att.Col.THOMAS)

1. I enclose the translation of two reports received from Dr.Tuccio:

" The entraining of passengers on the Diesel Train 563 Messina to Palermo on the 13 March 1945 was supervised by a girl of ESO accompanied by a sergent of that Command. She with an air of a great self importance imposed that about 10 names of travellers be added in the list of passengers. On my objecting that the booking of diesel seats is to be made through the special office detailed for this job and before the entraining,not only she asked me to shut up,but she threatned me,and added that she and she only was to take care of the booking of all seats if she liked.

Witnes to this was Mr.Vitanza of the PWB who promised to report about this case when in Rome and asked that a copy of this report be sent over to him."

" I deeply regret to learn what you told me about Ing Caroniti,the chief of the Operating office at Messina. I regret that the Sub-Area HQ at Catania are not satisfied with the service of this official,and I confirm that action will be taken in order to prevent further complaints,being my precise intention to fully and loyally cooperate with the Allied HQs.

In order to take the necessary measures I need to know which are the irregularities,unsuitablenesses and negligence in coopetating,of which Ing?Caroniti is responsible.

The above official has enjoyed our esteem till now, he has some impetuousness in his character and sometimes might seem unkind,but he is very clever,careful in his work and has made many priced services,also for transports interesting the Allies. I doubt very much that what he is debited with might be originated by some misunderstanding and therefore I beg you to precise me what his faults are in order that I will be able to provide accordingly with full conscience and right severeness if any deficiency can be found in his work.

Very sorry for the happening,that is the first and, I hope,the last,in regard to our officials who have at any time most loyally cooperated to help your work,I express my consideration and regards."

2. I have been informed that this girl, stated to several Railway Employees that Capt.Lynch reprimanded her and she would not forget it & show him she was in authority or words to that effect.

3. As the result of information I received I arrived one evening & found a queue of civilians out side her office, I required what they were doing there and suggested she should confine herself to Military Movement.

4. I have no comment to make as I am leaving this assignment I do think it is a matter of regret that the prestige of a British officer should be assaited & the lack of courtsey that every high up ISR official has the right to expect (co-belligerents) from an Embarkation Staff Officer of his Majestys Forces, the appointment which this Italian girl now holds.

ESTABLISHMENT SECTION

42.3/EST 18 January 1945

SUBJECT: Transport of Civilian Employees

TO : All Regional Commissioners.

1. A number of instances have recently been reported to this Headquarters of officers arriving in Rome, on change of station, and bringing with them civilian employees, as a matter of convenience to the employees.

2. This practice will cease.

3. This Headquarters has, on frequent occasions, been pressed to provide sufficient transport for its own operational needs.

4. Effective with the publication of this letter, Headquarters Allied Commission will not transport back to their permanent duty stations civilian employees brought to Rome for their own convenience, and for whom return transport has not been provided by their parent unit.

5. Appropriate action will be initiated against officers responsible for violation of this directive.

Subject: Review of Civilian Internees

To : Distribution below.

1. Frequent applications for the review of Civilian Internee cases are received through Security Division, this Headquarters.

2. Civilians who have been detained for security reasons, will, normally, be interned for the duration. Cases are periodically reviewed and decision as to further internment or release is based on the individual merits of the case, its continued seriousness, and, of course, the health of the internees.

3. It is neither feasible nor practicable to indicate the possibility of the release of any internee without a full review of the case. However, cases can be reviewed specially only when there is a preponderance of evidence to indicate a great miscarriage of justice. Giving special consideration to any one individual without additional justifiable evidence would entail a loss of time prejudicial to the best interests of other cases already scheduled for review on their merits.

4. However, all applications for release of internees are forwarded to the appropriate internment camp where they become part of the internee's dossier and are given appropriate consideration when the case is reviewed.

5. The amount of correspondence required to deal with this problem makes it impossible to reply to individual cases; therefore, recipients of appeals should inform the appellants that their appeal has been forwarded to the appropriate authority for consideration and that reminders and further applications will not be replied to. Recipients should forward the papers to this H.Q., attention Security Division, Public Safety Sub-Commission.

I enclose a corrected payroll for this office for November 1945 and three claims for travelling allowance totaling Lire 27.180 whimh I will appreciate your processing so that these employees may be correctly paid.

Unfortunately, without my knowledg, Mr. Hill included the following with his payroll: Norah Naldi, Lire 7210
Angelini Leontina, 5590

Total, Lire 12800

Angelini Leontina left the employ of this office on November first and was replaced with Fiorenza Mazzanti. TO : Administrative Division
(Att: Lt. Col. W. P. Scoggins)

1. Mr. McDonnell has had about 600 lire deducted from his pay for the second half of September, for alleged absence on 15, 19 and 22 September afternoons. As a matter of fact, he was in this office and did certain work which he could not have done had he been absent.

2. The error is probably due to the fact that being British nationality, Mr. McDonnell's name was not put on the list of Italian employees present on those dates.

SUBJECT: Re-Assessment of Status - Mr. B. McDonnell (NZ).

TO : Acting Vice-President, Economic Section

1. Mr. Bayard McDonnell, a British subject born in New Zealand, has been employed in this Sub-Commission since 6 September 1944, first in the Shipping Section, and later in the Ports & Warehouse Division. He was, however, engaged locally and therefore is at present on the same footing as an Italian citizen, with Italian salary and none of the messing or other privileges accorded to British civilians sent out by the War Office.

2. Mr. McDonnell, owing to his local knowledge and practical experience of shipping in this country, has been most useful to this Sub-Commission, but he is definitely handicapped by the fact that his British status has not so far been recognized; moreover, it is unfair to him to be placed in such an anomalous position. It is strongly recommended, therefore, that steps be taken to have his status reassessed in London.

3. It is understood that the Executive Officer (Colonel J. L. Jones) is fully conversant with the details of this case, but requires a formal recommendation from this Sub-Commission, through Economic Section, on receipt of which he will take up the matter with the War Office, with a view to Mr. McDonnell being put on the same footing in every way as that of a civilian sent out by the War Office. 4363

P R O - M E M O R I A

I desire to add to my note about myself, and to point out below my experience of Italy.

I served three and half years in the British Embassy, Rome, June 1919 to January 1923, in the Commercial Dept., under Sir Edward Capel Cure and later under Mr. J.H. Henderson, O.B.E., and from July 1922 onwards I worked also as confidential clerk to the Counsellor and Chargè d'aggaires. This was an exceptional training covering economic and political aspects of the Country. In this connection I give here an extract of Sir E. Capel Cure's letter of 31 March 1922:

> "... In addition to these duties, I have found Mr. "McDonnell particularly helpful in undertaking in- "vestigations outside the usual routine of office "work. He takes an interest in Italian affairs, "and keeps himself abreast of the politics of the day. "He has, besides, a very extensive knowledge of Ital- "ian geography. Mr. McDonnell is extremely industrious "and is anxious to take every opportunity of extending "his knowledge. I cannot speak too highly of his "uprightness and trustworthiness."

My work up to end May 1940 in shipping, and with Lloyd's, the Salvage Association and insurance companies of various Countries, etc., besides bringing me into contact with Concerns and persons of all nationalities, increased by my frequent trips to England, France, and other Countries brought me into very close contact with all branches of Italian economic life. I have lived also in Piedmont, Liguria, Tuscany, and very often visited these regions and Milan and Trieste on business (shipping, insurance, coal, supplies for chemical industries, etc.).

I have connections with the financial group which leads to-dy the economic situation in central and southern Italy, and is now going to be the foremost one in the North, among whom I may mention:

Gr. Cord. Carlo Orsi, Credito Italiano
Comm. Enrico Insom, C.I.F.
Gr. Uff. Marco Ara, Assicurazioni Generali

Dr. Francesco Giannini, Officine Costruzioni Nord-Fidia
Prof. Gino Camerino, C.A.R. and Head of group; representative of
Conte Luigi Faina, Montecatini the Blair Co.
Avv. Bruno, Breda.

These people have an international standing and are in a position to impress a number of politicians as they are very connected with

Besides I know well Barone Frigessi de Rattalma, managing director of the Riunione Adriatica di Sicurtà and, I may add, Dr. Mattioli of the Banca Commerciale Italiana.

Then I wish to further point out that my four years in political prisons in Italy, especially the three years two months in the political penitentiaries of Civitavecchia and San Gimignano, brought me into direct contact with Italian political prisoners of all parties, including many Communists, most of them naturally from North Italy. They were drawn from all classes, and among those I know personally I would mention Prof. Pasenti, Italian Minister for Finances in the Bonomi Cabinets. Some of the others with whom I was on friendly terms will no doubt also have a future in Italian politics.

TO : Director, Transportation Sub-Commission.

Dvr. Scheremeteff, Basilio

1. Establishment Memorandum No. 11, dated 1 June 1945, under heading of Control of Expenditure, is drawn to your attention.

2. An investigation into the wages paid to the above-mentioned driver who is the driver of the car assigned for your use, shows that during May he worked 31 days and 179 hours of overtime, and in June 1-15, 15 working days and 99 hours overtime. It is possible that this driver is claiming excessive overtime through inaccurate completion by you of the daily trip ticket. Your attention is, therefore, drawn to para. 11, Daily Bulletin No. 134, this HQ, dated 14 May 1945, in regard to the proper completion of trip tickets by officers concerned. If, however, you find it impossible to reduce the amount of overtime of this driver, then it will be necessary for me to assign an Italian Army driver to you in place of this civilian driver.

1. Reference is made to your HQ0/10/12, 19 June 1945.

2. Establishment Memorandum No. 11, dated 1 June 1945, has been noted.

3. The matters as referred to in para. 2 of your letter have been noted with the following comments:

a) Driver Basilio Scheremeteff was not assigned to me, until after the 15th of May. During the first part of May, while I was absent in the United States, this Driver was working for a pool controlled by Mr. Gross, Chief, Road Division, Transportation Sub-Commission which was available to employees of the Foreign Economic Administration. During this period, 129 hours overtime were made.

b) During the second half of May, a portion of this overtime, not accurately determinable, accumulated before the car was assigned to me. The total overtime amounted to 90 hours and as explained, only a portion of it was for my account. During this period, it was necessary for me to visit the billet of Mr. MacMillan on two different occasions, the Russian Embassy on one occasion, etc.

c) During the first 15 days of June, 99 hours of overtime were earned, 64 of which were occasioned by a trip from Rome, Florence, Bologna, Padova, Venice, Milan, Turin, Genoa, and back to Rome on important transportation business. The balance of the overtime, namely, 35 hours, was consumed partly on business and partly on reasonable recreation.

4. Every effort will be made to control expenses within reasonable limits. I must, however, point out to you, the responsibilities of Director, Transportation Sub-Commission are such that it is not possible to eliminate all overtime.

Declassified E.O. 12356 Section 3.3/NND No. 785021

5. The amount of overtime claimed by the Driver referred to has been verified and found to be correct.

Dear Sir,

From the attached letter, you will see that it is my desire to go back as early as possible to GENOA, where I have lived for many years. As I immagine that Tn.S/C will have to send to Genoa representatives attached to Liguria Region, I took the liberty of writing the attached letter.

Genoa probably will not be a very important place for Rail transportation, but as I have worked there for many years in the Shipping and Coal Import branches, I think I could be of good use either attached to the Port Liaison Officer or the Port & Warehousing Div. I have long experience in the discharge of coal cargoes etc.

When I entered the Rail Tn. branch last October, it was a completely new occupation to me, but I think in the end I did'nt do badly. Back in my old place, however, I feel that I could do much better.

Apart from these reasons, I am anxious to go back to Genoa, as I have there a large number of friends and then it is also a step nearer to Switzerland, my home country, from where I am missing for over 5 years.

I am sure you will understand my position and support my request with Col. Thomas and Col. Sieff, to whom I presume the attached letter will have to be passed on.

Meanwhile, and thanking you in advance for what you will do for me, I am, Dear Sir,

Yours very Sincerely,

Reference attached application. I have told W. Spengler that orders were issued yesterday, forbidding the movement of civilians into Liberated Territory. In any case, as we stand at present, I cannot afford to lose him. He is the mainstay of my programming Section + if we are to introduce an A.C. POW, his retention will be even more essential.

1.- The undersigned, in October last year, when entering the services of your Sub-Commission, asked to be kept in consideration for any evantual transfer of personnel to Northern Italy, especially GENOA, as soon as these territories had been freed, which, I presume now will be only a matter of days.

2.- Your Sub-Commission certainly will need to send to Genoa as early as possible Military & Civilian personnel encharged with the reopening of the port, the organisation of stevedores, quay labour etc., the reorganisation of Rail-, Road - & Seatransports. Railtransports in Liguria at the beginning will be probably almost non existant, so that a rapid organisation of local resources, such as truck facilities and coastal shipping will be of great importance.

3.- I have lived and worked in GENOA for many years and know local conditions as to harbour and transport facilities very well and feel convinced that I could be very useful in the organisation of local resources.

4.- It is my sincerest wish to put all my knowledge and energies at the disposal of AC. in its task of rehabilitation and reconstruction of war ravaged Italy and I feel that no-where could my collaboration be of better use than in Genoa.

I am sure this wish will find your best consideration and comprehension and remain,

2. It is understood that a "ceiling" has been placed on civilian staff. Therefore it would be appreciated if a request could be put through to the appropriate authority so that this additional staff may be obtained as quickly as possible.

Dear Wynne Davies:

I am inclosing a copy of a letter from our Regional Commissioner in Sicily. You will remember that I mentioned the subject to you when we were in Massina the other day. It does seem that the lady in question ought not to wear an ENO arm band, which is the armlet for an officer. I should, too, be interested to know what her exact duties are so that we can tell our people there and also the State Railway officials as necessary. I gather that there is a certain amount of feeling among the letter on this subject.

Yours very truly,

SUBJECT: Italian Civilian Employee - Messina

TO : Headquarters Allied Commission
R C M E

For some considerable time there has been employed at Messina by "Q" Movements an Italian female employee who is designated and wears an armlet ESO (Embarkation Staff Officer) as used in the British Army.

This girl virtually controls the passenger traffic at Messina Station and the Ferry at the Messina end. This girl assumes or attempts to assume all the authority of an ESO who, in my experience, is entitled to demand from an officer of any rank conformity with movement instructions.

Local representations have failed to get any change in this matter.

I consider the situation most unsatisfactory and there is considerable dissatisfaction in many quarters about it.
Moreover, I am at a complete loss to understand how an Italian female employee can be allowed to operate wearing the approved armlet of an ESO of the British Army.
I trust that you will see your way to take this matter up with AFHQ.

SUBJECT: Employment of Italian Civilian Personnel.

TO : Economic Section.

1. Reference request made at Economic Section Staff Meeting on Friday, 2nd March, attached herewith is a list containing the names of Italian civilian personnel employed by this Sub-Commission. Below is a summary by numbers.

Administration Division	21
Planning Staff	2
Movements Division	12
Rail Division	7
Road Division	4
Port and Warehouse Division	5

2. It has not been possible in the time at our disposal to conduct a full enquiry into the work of these Italians, but the following preliminary remarks are submitted.

This Sub-Commission is 10 officers, 2 warrant officers, and 6 EM/ORs below the strength authorised for it by the Man Power Committee; and it is only by the extensive use of Italian personnel, including certain highly paid personnel, that we have been able to get through the work with this shortage of Allied officers and EM/ORs. Steps are being taken to increase the number of Allied personnel in the Sub-Commission. Below are some remarks regarding each Division.

3. The Administration Division has 10 Italians employed on the central filing system, interpreting, the central typing pool, and messenger work. It is proposed to reduce the number of typists by one; if we could secure offices for all the divisions on the same floor we could also dispense with the services of the messenger. (You will remember that we at present have offices on the ground floor, main, 7th floor annex, and on most floors in between.)

In the Accounts and Statistics Branch of the Administration Division 11 Italian civilians are employed. There

Declassified E.O. 12356 Section 3.3/NND No. 785021

are 3 on accounts work. This office handles the paper work in connection with 30,000 to 40,000 tons of food stuffs and miscellaneous supplies, which are warehoused by us. Below is given a summary of their duties:

(a) The maintenance of ledgers and all accounting records of all imports and issues made by stockpiles under the control or supervision of A.C.

(b) The preparation for Finance Sub-Commission (Chief Accountant) of Monthly Stock Reports setting out in detail all issues to:-

(i) Italian Governmental Agencies
(ii) 5th and 8th Armies
(iii) A.M.G. warehouses
(iv) Regional warehouses.

(c) The reconciliation, in conjunction with Finance Sub-Commission, of all relevant Bills of Lading.

(d) The preparation of Stock Movement Reports for Food Sub-Commission.

(e) The maintenance of <u>separate</u> ledgers and accounting records for all UNRRA and American Red Cross supplies.

The staff employed on this work is the bare minimum and cannot be reduced without loss of efficiency.

The Statistics Office of the Accounts and Statistics Branch employs 8 Italian civilians. This is a relatively new office which has been set up to obtain reliable statistics of traffic actually passing by the various agencies. You are aware that our movements control system has recently been developed. One of the serious difficulties it encountered was not knowing how much of the programmed traffic had actually passed. The information produced by the Statistics Office will be of great value in determining trends of traffic, and it is the only way we can obtain information for your Priorities Board. A summary of the duties of this staff is given below:-

(a) The compilation of statements of imports, exports, and internal Regional movement effected by overland transportation (both rail and road).

(b) The preparation of statistics of all raw materials and food stuffs imported into Italy and moved by P.O.M. bids. This involves reconciliation of loading programmes and compilation of Port Operations returns.

0943

Declassified E.O. 12356 Section 3.3/NND No. 785021

(c) The preparation of statistical data for the economic control of overland movement.

4. The Planning Staff employs only 2 Italian civilians and it is not practicable to reduce this number. They are employed on filing, translating, and general secretarial work.

5. The Movements Division employs 12 Italian civilians mainly on secretarial work, filing, interpreting, and office routine. It is possible, in view of the change in bidding procedure that will come into force about the middle of this month, that we may be able to save one or two posts in this Division, and the whole question will be re-examined at the end of March.

6. Rail Division employs 7 Italian civilians on general secretarial work. It is proposed to dispense with the services of one; two more could be saved if we could have a good EM/OR in their place.

7. In Roads Division 4 Italian civilians are employed. Their number cannot at present be reduced without loss of efficiency.

8. The Port and Warehouse Division employs 5 Italian Civilians, including two highly paid ones. It is possible that the work of the latter overlap to some extent with that of the Shipping Sub-Commission. When a clear directive is given as to the division of responsibility between Shipping Sub-Commission and Transportation Sub-Commission we will examine the whole position and endeavour to reduce this number of Italians. The responsibilities of the Shipping Sub-Commission are under consideration with you in separate correspondence.

2. The Accounts Sub-Section handles between 30/40,000 tons monthly of foodstuffs and miscellaneous supplies which has to be accounted for in terms of individual commodities. This involves a great number of "breaking-down" and "building-up" processes before the final answer is obtained in the required form.
The personnel employed on this work is a bare minimum of staff.

SUBJECT: Visit of Mr. McDonnell

TO : Regional Commissioner, Sicilia Region

1. With reference to your letter, File R.C. 960, 25 January 1945, Mr. McDonnell, while a British subject, is employed by Allied Commission as an Italian civilian.

2. He reported to Major Dring, Economics and Supply Officer, immediately upon his arrival at Palermo.

3. As he had many years of business experience in Sicily, he was selected by this office to go to Sicily to explain to the Chamber of Commerce the bidding procedure and to give other technical advice in connection with their part in the operation.

4. He called on the High Commissioner, at the Commissioner's own invitation, which was given in this office, but only after consultation and agreement with Major Dring.

5. Mr. McDonnell has no authority to accept or cancel bids. He reports, however, that the Chamber of Commerce suggested the cancellation of certain bids for goods which did not exist and that upon Mr. McDonnell's recommendation, Captain Aldridge, Economics and Supply Officer, did in fact sign these cancellations.

6. It is accepted practice that all representatives of this Sub-Commission call as soon as possible on the Regional or Provincial Commissioner or, if they are not available, on the transportation officer in charge.

7. The functions of Headquarters, Transportation Sub-Commission officers visiting the various regions are to give technical instructions through Regional or Provincial Headquarters and report on the general transport problems of the area visited.

1. Reference your letter 1 February, advising disapproval of exemption of Luigi Luzzi on the basis that he is unskilled personnel.

2. Before this man is drafted into the Italian Army, it might be wise to examine into the fact of whether or not he is an American citizen.

3. Luzzi's father became a naturalized American citizen before Luzzi attained the age of 21. Luzzi resided for a number of years in the United States and was travelling in Italy at the outbreak of the Italian war. Because of the fact he was born in Italy, he was forcibly placed in the Italian Army.

Dear Mr. Minister:

I would like to recommend for your consideration in connection with ENAC the employment of Dr. Pasquale Pravata, of Isidoro, Via Monte Cristo 1, Rome. Your consideration of Dr. Pravata's application which has previously been placed with your Ministry will be appreciated by me.

I very much regretted that due to a bad cold I was unable to attend the departure of the first train from Rome to Naples. We hope that this service can be speeded up in the near future.

Yours very truly,

M. H. TAYLOR,
Director

His Excellency
The Minister of Transport
