Subject:- Disposal of Surplus Equipment to Civilian Port Authorities - Naples.

Transportation (Br) Main,
C.M.F.

Tele. : Firebox 9375
Ref. : Tn.A2/127/47

19 August 46.

To:- H.Q. Allied Commission,
Transportation & Shipping Branch,
ROME.

---

1. Enumerated on the attached list are items of plant and equipment which is now surplus to our requirements and held by 990 Port Maintenance Coy., R.E. at Naples.

2. As you are aware, in other Italian Ports we handed over, upon our withdrawal, sufficient equipment to the Civilian Port Authorities for the continued operation of the port to a civil end. However, it has been brought to our notice that much of this equipment is now not required in the ports in which it was left and the Italian Ministry of Marine are taking steps to distribute it to other ports where it is required. This might apply to Naples.

3. Bearing this in mind will you please say whether you consider this surplus plant or any other items of port equipment which may become surplus to our requirments in Naples in the future, should be made available to the Captain of the Port.

4. You will also appreciate that should you not consider it necessary to hand this equipment over to the Captain of the Port, the Ministry of Marine or private enterprise under their jurisdiction will still be able to procure it by negotiations with A.R.A.R., to whom it will be ceded for ultimate disposal once we have declared it surplus to the Ministry of Supply.

5. It would be appreciated if you could please reply by return.

J.H. Reeder

Major, R.E.
for Colonel.
Deputy Director of Transportation.
(J.H. REEDER).
