SUBJECT: Salvage Availabilities.

TO : Normal Distribution for Lists; and,  
Ministry of Industry and Commerce,  
Salvage Office.

1. Lists of salvage materials available from Allied sources are periodically circulated by this Sub-Commission. In fairness to other Sub-Commissions who wish to bid for these materials on behalf of Italian concerns, it should be stated that the policy of this Sub-Commission is to give preference to claims made by the Italian Ministry of Industry and Commerce. This is done in order to fall in with the Italian Government's general plans for industry.

2. In order not to disappoint would-be purchasers of salvage items, whose claims are backed by Sub-Commissions in this H.Q., it is advisable that all bids from Italian concerns should be directed to the Salvage Office of the Ministry of Industry and Commerce. Only in exceptional circumstances should they be submitted to this Sub-Commission direct.

3. Lists of available salvage will continue to be circulated to all interested Sub-Commission in order that they may know what is on the market. Concerns wishing to purchase items listed should submit their claims to the Ministry with the minimum of delay.
