FILE NO : RXII/ADM/191

1. We are being asked by P.W.B., Venice to help them in the carriage of newsprint. We urgently need to move French refugees from Treviso to Verona, and we shall have a heavy commitment in respect of the distribution of forms for the electoral lists.
2. All this comes on top of our standing need to move food and medical supplies.
3. To meet these demands the 90 vehicles of 1001 G.T. Coy. are clearly insufficient.
4. I trust that the earliest possible reinforcements of at least one G.T. Coy. may be provided.
5. This matter was fully discussed with Mr. Merritt Taylor on the occasion of his visit.

Lack of cooperation on part of Transportation Division here appalling. No priority given to keep. Civilian transport inadequate, and unreliable. Have transportation Section here advised as to priority and directed to assist. Most important as short distance hauls for which civilian vehicles might be used are required immediately. St Company appears only answer but must insist it be assigned entirely for keep for at least 6 weeks. If signal sent to Transportation Section here have copy sent to this office.

SUBJECT, - Transporting Supplies to Lombardia.

TO, - Headquarters, Allied Commission.

1. Our plan for transporting supplies to Lombardia is briefly as follows, -

a. A big warehouse has been set up at Cremona which is being operated by Lombardia Regional personnel. Through this warehouse we will also clear part of the food for Piemonte. From this warehouse we can distribute to all provinces except Lavia and Mantova by rail. About a thousand tons a day has to be brought into Cremona. We have the capacity to receive it.

b. 300 tons will be brought from Forlì to Cremona by Fifth Army transport. Fifth Army informs us that it cannot assume any further burden. This leaves us 700 tons which Lombardia Region itself must transport from Forlì where the supplies are and/or from Rovigo where there are Italian grain supplies. Lombardia Region does not possess civilian transport to undertake such long trips. We have asked IV Corps to give us some assistance. In addition, we would appreciate AG HQ considering whether they could send us one or two Italian truck companies which could operate between Cremona and Forlì and Rovigo.
