INTER OFFICE MEMORANDUM

25 January 1946

2076/140/Tn 3

SUBJECT : Refugee Repatriation to Munich

TO : Rail Division (Tn 4)

1. Displaced Persons and Repatriation Sub-Commission have requested the following bids :-

<u>Date</u>	<u>Journey</u>	<u>Number of Personnel</u>
16 Feb '46	Bolzano to Munich	350
20 Feb '46	" " "	300

2. Will you please ascertain from the ISR to what extent these requests can be met as it is appreciated that shortage of appropriate heated stock is a matter of deep concern at the moment. It is considered that, if necessary, ISR facilities be extended to Innsbruck, and Acabrit be asked to provide stock for onward routing. Failing this it might be expedient to transport them as far as Brennero provided stock can be arranged there to accomplish the whole journey.

from Stations on Line 86.

TO : Transportation Sub-Commission.

Reference your 297 6/85 In 3 dated 14 July 1945.

1. We confirm that the civilians you refer to as collecting at Ancona are not refugees.

2. We also take this opportunity of confirming what we said in the conversation referred to, namely that we are not responsible for civilians who collect in various parts of Italy hoping to get a train lift somewhere. We suggest that this is a matter for the Italian Police, and possibly Public Safety.

3. Although the matter is not one for our action, we always wish to help in any way possible, and with this end in view we informed the Ministero Assistenza of the unauthorised crowds and believe that the Ministero will pass the information to the necessary Quarter.

4. Would it not be quicker, simpler and more correct, for the local Italian Police to take action in whatever part of Italy the crowds may collect, instead of assuming that the crowds are refugees to be dealt with by us?

SUBJECT : Unauthorised movement of Civilians to the North by rail

TO : Displaced Persons & Repatriation Sub-Commission.

1. Confirming conversation Lt.Col.Oliver - Major Worthington.
2. It has been reported by the AG Transportation Officer, Ancona that civilians are arriving at Ancona by empty rolling stock trains at the rate of 2,000 per week.
3. These people are not fare paying passengers and are trying to make their way to the North.
4. As trains terminate at Ancona and as there is no civilian train service forward they have had to be directed to the Refugee Camp or find their own means of transportation forward.
In consequence the jumping of Northbound trains and all available transport is hindering the movement of regularised transport services.
5. Will you please confirm that these civilians are not refugees and say what action if any has been taken by you to regularise this movement.

R o m e.

The High Commissioner has informed us that the movements of Refugees, who have to go back to the Frosinone Province, has stopped and this is due to the delay of the voyages of the "POLA" Boat.

In order to complete the repatriation of these refugees we beg you to dispose that two waggons should be attached daily to the ordinary trains in Reggio Calabria so that they should be forwarded to Frosinone.

We are awaiting for your decision.
