SUBJECT: Inventory of Railway Rolling Stock.

TO : HQ Movements East Italy.
HQ Movements West Italy.
HQ Movements Central Italy.
HQ Movements Rome.
HQ Movements 8 Army Rear.
HQ Movements 5 Army (Br Inc).

1. Under arrangements DARS Italy, a general inventory of railway freight and passenger rolling stock (locomotives not included) will be made in liberated Italy, Sicily and Sardinia as of 1700 hrs, 15th March, 1945.

2. A schedule is attached setting out the areas to be checked, and the reporting unit responsible for each area.

3. As the major burden of the work falls on ISR personnel, it will be necessary that such personnel be given access to military depots and dumps where railway cars are placed for loading and/or unloading. Instructions are being issued therefore through staff channels this Headquarters to all British Services to permit access of ISR personnel to their depots and dumps as required.

4. HQ AFHQ and CG AFHQ/ATO have agreed to issue necessary orders to their respective depots.

5. Mov Area HQs will liaise with all Services and IRS representatives to ensure that full cooperation is given to obtain an accurate and dependable inventory.

28th February, 1945.
