SUBJECT : Labelling of wagons

TO : Rail Division (Attn. Major Ping)

1. It has been reported by Mov 13 Corps that 48 Flats containing 50 x 2 1/2 ton Chev trucks arrived WESTRA 5 Aug without labels or documents of any kind.
2. Owing to absence of documentation the wagons had to be held under load while disposal instructions were obtained, necessitating phone calls and signals being sent to several Mov HQ's, as point of origin was not known, and incurring considerable work.
3. Consignor was eventually found to be I.S.R. ROME, and consignee I.S.R. VENICE.
4. Will you please take up with I.S.R. with a view to their traffic being properly labelled to avoid similar difficulty in future.

R/VIII/30/65

SUBJECT: Arezzo Monthly Report.

TO : Food S/C HQ AC

1. P30 AREZZO reports that many of the trucks arriving at Arezzo rail-head have been insufficiently labeled. Nearly all trucks bear AC labels consigned to Arezzo Station. This includes all kinds of traffic including traffic for other provinces. There is no guide as to whom real consignee nor any clue as to consignor, and in consequence this lack of information has caused considerable loss of time and hold-ups at the rail head.

2. Please may Transportation S/C be requested to issue instructions to all consignors particularly when from Southern Region, that consignments must be properly labeled in order to avoid waste of time in the future.

1. Complaint has been received that rail cars are frequently received with the consignee inadequately designated. For example, certain stations, such as Terni and Arezzo receive supplies for several provinces, and even though the supplies may be consigned to the Consorzio Agrario in particular province may not be designated with resulting confusion.

2. Rail cars must be clearly labelled to the particular consignee for whom they are intended so that there can be no confusion upon arrival. For example, the following must be shown when the organizations indicated are consignees of rail shipments:

- A. The province of the Consorzio Agrario.
- B. The town in which the Salt Monopoly warehouse is located.
- C. The full name of other organizations or private firms with the town in which located.

3. Although freight car labels are now written by the Station Masters, it is the responsibility of the shipper to see that the designation of the consignee is complete.
