AND Rear Eighth Army

04/713

19 Feb 43

1. It is regretted that this HQ's recent transportation programmes have required several amendments and cancellations.
2. Plans to bring in, or backload, the planned supplies have been accepted at the Eighth Army tonnage conferences each week, and rail programmes, based on these plans, have been sent out immediately by this HQ.
3. Subsequently, however, Eighth Army tonnage has been restricted by Higher authority and this HQ in common with other branches, has had its plans cut. For the period 11 - 18 Feb the original 100 TPD were reduced to 3 TPD. For the period 19 - 25 Feb the original 100 TPD were reduced to 30 TPD. For the period 26 Feb - 4 Mar an original 100 TPD has now been reduced to 60 TPD.
4. A further cut for the period 19 - 25 Feb was imposed at the PCM conference held on 12 Feb 43 when the 30 TPD mentioned in para 3 were reduced to 6 TPD and, in addition, a backlog of 121 tons over the period was cancelled altogether.
5. The inconvenience caused to sub-commissions and to HQ Pacific Region is regretted. The difficulties caused to this HQ by these sudden and drastic changes will no doubt be appreciated by addressees.
6. It appears possible that a further cut will be made in the programme submitted for 26 Feb - 4 Mar.
