ALLIED FORCE HEADQUARTERS
APO 512

AG 312.4/079 - 0

4 September 1945

SUBJECT : Abbreviations of Unit Designations.

TO : All Concerned.

1. Letter, this headquarters, file and subject as above, dated 1 July 1945, is rescinded. Either the full designation of a unit or an authorized abbreviations, as listed below, will be used in the heading and texts of message to be transmitted by electrical means.

2. Reference is made to AFHQ Signal Instructions, Item 2? Section V, subject "Submarine Cable Communications", for listing of authorized telegraphic addresses. A telegraphic address is a short meaningless word assigned currently to a civil, diplomatic, or political agency only, for use in routing traffic via commercial communication channels; whereas an authorized abbreviation is used by a military organization in lieu of the full official designation in the text of a message or in the heading when routing is in plain language by secure signal channels.

3. The list of authorized abbreviations below is not intended to include all headquarters and units in the theater. It has been restricted to those to which traffic is particularly heavy and whose designation lends itself to an intelligible abbreviation. The list must be kept short enough to permit complete familiarity by all personnel who must use it. Therefore, additions to the list will be kept to a minimum.

4. The list of abbreviations authorized to date is as follows :-

HEADQUARTERS ALLIED COMM. COM.
APO 304

Transportation Sub-Commission

3 September 1945

Tel : 478704

450/45/Tn 3

SUBJECT : All Signal Matters

TO : G-5 AFHQ

Follow up's later

1. Reference your G-5-311.3 dated 2 Sept '45 in regard to this HQ signal 4146 dated 23 Aug '45 which referred to telephone communications in the North for regulation of stores and refugee traffic.

2. Signal 4146 dated 23 Aug was sent to the Office of the Representative of the Chief Commissioner, Milan with a view to him taking the matter up with the branch of the Communications Sub-Commission in Milan. Signal was repeated to AFHQ intended for G-4 (Nov & Tn) as the matter had already been discussed with them and they promised to do what they could to assist.

3. The question of telephone communications between Verona and Milan, 13 Corps - Bologna and Rome is now being submitted to Communications Sub-Commission of this HQ, and it is being emphasized that whilst it is appreciated that as far as possible the existing telephone facilities will have to be used, from experience it has been found that it is almost impossible to work with the existing telephone communications between the points mentioned. The use of R.A.S. and Postal Services as suggested in para 3 of your letter is in most cases too slow for the immediate action that has to be taken.

4. Any assistance which you may possibly be able to give to improve the existing telephone facilities will naturally be appreciated.

1037

ALLIED FORCE HEADQUARTERS
G-5 Section
APO 512

MJG/COB/irf

2 September 1945

G-5: 311.3

SUBJECT: AC Signal Matters

TO : Headquarters, Allied Commission
APO 394

Reference your signal 4146 dated 23 August.

1. It would appear that the above-mentioned signal was sent out by your Headquarters at the instance of Transportation Sub-Commission without prior consultation with the Communications Sub-Commission. The instructions given are, in consequence, liable to conflict with the best technical solution of the difficulties, and with the higher policy laid down by this Headquarters for restricting any increase in private wires.

2. It is requested that all communications questions be referred to AFHQ or the appropriate Base/District HQ through the agency of the Communications Sub-Commission.

3. Military and/or Civil long distance telephone facilities are, in fact, available from VERONA to all the points mentioned, though in the process of redeployment and handover to Civil Maintenance, these facilities cannot always be guaranteed. All Headquarters must, therefore, be prepared to make use of telegrams, ELS and postal services where telecommunication is difficult.

For the Assistant Chief of Staff, G-5:
