 should not have to bid for it.
 In other words, Jodi's Sub-Committee has discovered an
 1) getting priority use of road routes without consulting
 head -
 representative (has got invitation to the December meetings but apparently
 do not attend).

(2) The more Rome - Geneva was protesting dollar with
 at a trading meeting for last week Coppe & Mac & Tan

 shipping for export accepted from 04 1951

There again, Thompson seems to go on with confidence with
 us. I feel that we should press & ensure to attend
 of our representatives at all these meetings - what is the
 use of saying "you can't use road from Constantinople to
 Rome" if it is in fact acceptable with out any aid from

TO : Director, Food Sub-Commission,
HL. ACC.

SUBJECT : Food Supplies to Forward Areas.

1. Reference is to your Advance Representative's signal of 28 June 44.
2. It is essential as previously requested, that complete liaison be established between your Commission and Transportation Sub-Commission, and a reply would be welcomed to that effect.
3. There are a number of misconceptions therein which could be satisfactorily dealt with by liaison. For instance, whilst Civitavecchia Port will be available in near future, and authority might be obtained for its use for the diversion of the S.S. Vito, I do not anticipate that Army Movements will be able to allow us use of the rail line for another two weeks at least. However, I would make immediate application if I knew your plans so that they can tie up together.
4. The provision of a coaster Bari-Ancona, which is a little premature before the latter port is actually freed and inspected, would be the concern of this Sub-Commission.

Lieut-Colonel.

SUBJECT: Salt for Rome Area

TO : Rome ^{Region}, Economics and Supply

1. The following schooners have been assigned to carry salt from TARANTO, Sicily to ANZIO for Rome Region. They are due at Taranto today.

MAFIA S. S.	Capacity 100 tons
Alma	200 "

2. In a telephone conversation (Capt. Barry-Capt. Curran) we requested Region I to notify the salt works of the expected arrival of the above schooners and to instruct them that the salt should be sacked. We also requested the Region to assist the salt works to obtain the sacks if they are without them.

3. When the salt arrives at ANZIO will Rome Region please arrange for its transportation to Rome. Although the request has been made that the salt be sacked, there is always a chance of a slip-up and we suggest that Rome Region be prepared to have the salt bagged in the hold of the ship at Anzio if it arrives in bulk.

4. As we requested Region I to have the salt billed to the State Salt Monopoly, we suggest you have it handled by the monopoly organization in Rome unless there is strong reason why this should not be done.
