MEMORANDUM.

Subject:- Bulk Grain ship, BARI.

Capt. Dravers (Movements) verbally requested information regarding the distribution of 3,000 tons bulk grain due to arrive Bari shortly.

Following information was obtained from Capt. Imry, Food Sub-Commission.

(1) 50 % will be used in the Bari Province.

(2) 20 % for Lecchi Province
Mills at Lecchi, Nerdo and Maglie.

(3) 30 % (Taranto 16 %) These two percentages may vary
(Brindisi 14 %) according to requirements and state of existing stocks at these places.

With regard to the 50% for the Province of BARI. Movements asked for this to be broken down a little more, and more detailed information given as to disposal within the Province, and the following was given over the 'phone by the Food and Supply Officer Bari (Phone 11599).

" Practically all the grain allotted to the Bari Province 5747
" will go to GRAVINA, to ensure quick turn-round of the ship and clearance
" of the Port. 180 tons can be sent daily on the Light Railway, and
" the balance by Road "

The information obtained was passed to Capt.Dravers.(Movements)

14-30 hours
12th March 1944.

SUBJECT: Civilian Barge for Hauling Grain from Reggio.

TO : Internal Transport Sub-Commission.

1. Col. P.A.W. Ruck, Supply Officer, Region II has suggested the use of a civilian barge now lying idle at Reggio, for the coastal transport of grain and other materials.

2. If this barge could be used for grain transport from Reggio in accordance with the following schedule, it may relieve transport in this area:

a. Two (2) trips per month from Reggio to Pizzo (western coast of Calabria) moving a total of 400 tons of grain.

b. One (1) trip per month from Reggio to Trebisacce (eastern coast of Calabria) ~~hauling~~ moving 100 tons of grain.

3. This barge would require a tug that probably may have to be supplied by the Navy.

CONTROL OF SCHOONERS.

Mov 5/S/1
31 Jan 44

A Schooner Control Dept has been set up to allocate schooners against tonnage bids. The Dept will operate from DSTO Italy under MEDDO.

The following procedure has been agreed :-

(a) All tonnage bids will be submitted to Movements Adv Adm Ech AFHQ who will advise all concerned of schooners allocated.

(b) Schooners will be operated from a Pool and will not be allocated to individual Services or Depts unless exceptional circumstances prevail.

(c) When necessary "Q" [illegible], A.F.H.Q., will decide priority.

(d) D.S.T.O. Italy has ruled that petrol will not be loaded in schooners, unless suitably fitted and passed as such by the local [illegible] Surveyor.

(e) Steps are being taken to bring all outstanding schooners into the Pool and Movements No 1 District are requested to advise names of any schooners operating from Sicily under services or Depts.

(f) In order to get the utmost service from schooners and reduce unnecessary delay waiting for cargo it is requested that all concerned give full co-operation.

SUBJECT:- Distribution of Flour.

TO :- Internal Tn. Sub-Commission, A.C.C.

1. When flour ships were accepted at Reggio and Crotone no mention was made or application submitted regarding the supply of wagons to deliver direct from ship to numerous destinations all over Calabria. Consequently, wagons were not available and considerable dislocation of traffic was caused as well as delay to discharge of shipping.

2. Brigadier-General Gray has just returned from a tour of Calabria where he met the local A.M.G Officers. They informed him that a steady 30 to 40 wagons a day will be required in future to handle the distribution of flour and grain direct from the ports. On even a 7 day turn round, which is possibily optimistic, this locks up nearly 300 wagons. Please go into the matter with the authorities concerned and obtain a detailed programme as quickly as possible. General Gray also discovered a ship discharging at MARINA DI CATANZARO. We have no knowledge of this ship and wish to know by whose authority it was sent there, full details of the cargo and why we were not informed. Is there any further programme for this port?

Per conference Maj Todd, Maj Smallwood, (C&C) and Major Ku, (2nd Spn)
re movt salt to Naples & Salerno; Maj Todd advised that
pending further information requested by A.F.C. as
to consignees and proposed use of salt (1790T) on
move (per message 4 Jan) no action should be taken
re movement of salt shown in minute of 3 Jan Sub. Comm.
for 3 Jan as "Agreed". Salt movement question will be
clarified and presented next meeting 3 Spn. Committee by Maj Todd.

Major TC
Jan 7, 44

Major Todd does not fully
agree with the last statement
of the minute for attention that
because of the lack of information
information had been requested of
Washington, the 4 consignees
and Coast Study as to which no reply
had been received, it would be allowed
Consignees - to which no reply would be required
Then at Naples, late
And that the call question - BUT that
at next meeting of Comm. - next meeting to
be (Maj Todd) also - which was to
clear up the Risk - be made
placed by Col. Murphy.

SUBJECT: Call for Naples Area.

1. Reference attached copy of Signal 1275 dated 4 Jan 44 from NOMIT which you loaned to this Sub-Commission today.

2. It is agreed that the 1790 tons of grit for discharge at CASTELLAMARE referred to therein was connected with the bid for 2700 tons which was "accepted" by the Transportation Sub-Committee by Min. 9 of their meeting on 3 Jan 44. enquiries have been made of the representatives of Central Mediterranean Committee (Major Todd and Major Swallow).

3. There is, apparently, some misunderstanding, which Major Todd has undertaken to clear up in time for the next meeting of the Transportation Sub-Committee.

4. Meanwhile, the representatives of the Central Mediterranean Committee request that the movement of the 1790 tons referred to in attached signal 1275 will proceed, but that no action be taken as regards the "bid" for 2700 tons accepted by the Transportation Sub-Committee by Min. 9 of their Meeting on 3 Jan 44.
