SUBJECT : s/s "ULISSE"

- I. s/s/ "ULISSE" owned by our Company and presently unloading at Civitavecchia a cargo of wine, is in urgent need of important repairs to the boiler plant and to the lifting equipment whose conditions have already greatly reduced the speed of the ship and do not afford the necessary security in operations.  
A cable to this effect from the Captain of the ship and a report from its engineer have been received, pointing out also the necessity for the ship, to reach as soon as possible Genoa or Savona for repairs.
2. The fact has been brought this morning to the attention of Maj. Laraman and Cpt. Sweet of AC/HQ Transportation S/C and by them to Mr. Hanvey, M.W.T. Rome, but despite our representations, the "ULISSE" has been ordered to sail back to Brindisi, after unloading pyrites at Portiglioni (Grosseto) for our plants at Brindisi and Barletta.  
Our suggestion was that the ship, after completing unloading operations at Civitavecchia, should go to Savona or Genoa for the repairs jobs, taking on his way to the Ligurian ports, a load of pyrites at Portiglioni.

SUBJECT : s/s " ULISSE "

1. s/s/ " ULISSE " owned by our Company and presently unloading at Civitavecchia a cargo of wine, is in urgent need of important repairs to the boiler plant and to the lifting equipment whose conditions have already greatly reduced the speed of the ship and do not afford the necessary security in operations.

A cable to this effect from the Captain of the ship and a report from its engineer have been received, pointing out also the necessity for the ship, to reach as soon as possible Genoa or Savona for repairs.

2. The fact has been brought this morning to the attention of Maj. Laraman and Cpt. Sweet of AC/HQ Transportation S/C and by them to Mr. Hanvey, M.W.T. Rome, but despite our representations, the " ULISSE " has been ordered to sail back to Brindisi, after unloading pyrites at Portiglioni (Grosseto) for our plants at Brindisi and Barletta.

Our suggestion was that the ship, after completing unloading operations at Civitavecchia, should go to Savona or Genoa for the repairs jobs, taking on his way to the Ligurian ports, a load of pyrites at Portiglioni.

RESTRICTED.

Officers of Transportation Section, AFHQ, having experience in offshore fishing parties in US waters, view with apprehension intention to utilize small motor schooner IMPARA registration number 1175 as a fishing party vessel for 7th REPLACEMENT DEPOT because of fire hazard. Instead, COGENA through MEDBO SCHOONER CONTROL COMMISSION is requested to requisition for US Army account diesel motor yacht named ITALIA, registration number 50 now on the ways at SORRENTO in the yards of APONTE FRANCESCO, address S AGNELLO, SORRENTO, and expected to be completed and ready for sea within a fortnight. Yacht ITALIA with bare furnishings is made to order for a fishing party craft, has latrines, galley and can comfortably accommodate a party of 100 personnel. Intention is that husbanding will be by COGENA and control is to rest with PENSOUTH in coordination with NOIC for operation within the port, area to be traversed outside port, weather reports, fuel, life saving equipment, rations for passengers, and cooks if COGENA cannot furnish. As this is largely fishing party, menu should specialize in fish chowder, fish fries, etc., provided better than fisherman's luck enjoyed.

1. With reference to your cable dated 7th inst., the local schooner position needs some clarification.

2. No information has yet been received at this Headquarters from Medbo Schooner Control in respect of the undermentioned Schooners at present awaiting loading.

- (1) "Rosina Madre" - 37 Tons - CAGLIARI
- (2) "Mamma Antonietta" - 45 Tons - CAGLIARI
- (3) "Cesira" - 80 Tons - OLBIA.

3. In view of the impending departure of the Allied Commission from SARDINIA, Mr. THOMAS, the local D.M.W.T.R. has been interviewed in the above connection and stated that owing to his numerous duties, he can undertake general supervision but that it would not be possible for him to assume the additional responsibility for detailed loading of Schooners. He suggested that this task should be undertaken by the local representative of "The COGENA".

4. As our experience with the COGENA's representative who handles the Schooners has not proved to be altogether satisfactory, it is suggested that the shipping of goods in Schooners in SARDINIA be carried out as follows :

- ✓ (a) The Port Commander, CAGLIARI, will inform the High Commissioner's Office of the availability of Schooners in the Ports of SARDINIA.
- (b) On application from the Economic Section of the High Commissioner's office, the Medbo Schooner Control of NAPLES will issue the necessary sailing instructions.
- (c) Against applications for export, Economics Section of the High Commissioner's office, CAGLIARI will issue the relevant Export Permits.
- (d) "The COGENA" CAGLIARI will issue the necessary Memoranda to its agents regarding the loading of goods and will assume the responsibilities for :

- (i) The registration of the Schooners and the issue of the navigation permits.

1. With reference to your cable dated 7th inst., the local schooner position needs some clarification.

2. No information has yet been received at this Headquarters from Medbo Schooner Control in respect of the undermentioned Schooners at present awaiting loading.

- (1) "Rosina Madre" - 37 Tons - CAGLIARI
- (2) "Mamma Antonietta" - 45 Tons - CAGLIARI
- (3) "Cesira" - 80 Tons - OLBIA.

3. (b) On application from the Economic Section of the High Commissioner's office, the Medbo Schooner Control of NAPLES will issue the necessary sailing instructions.

(c) Against applications for export, Economics Section of the High Commissioner's office, CAGLIARI will issue the relevant Export Permits.

(d) "The COGENA" CAGLIARI will issue the necessary Memoranda to its agents regarding the loading of goods and will assume the responsibilities for :

- (i) The registration of the Schooners and the issue of the navigation permits.
- (ii) The issue of the bills of lading, compilation of Manifests and the collection of all freights.
- (iii) Payment of Port dues and or any forwarding expenses, customs inspection fees, pilot charges etc., as directed by the "COGENA" in NAPLES.
- (iv) Supervision of loading and unloading operations and, if necessary, storage of goods awaiting loading.

5. It will be appreciated if a very urgent reply may please be given on the above points, as the Allied Commission close except for a rear party by the end of MARCH and will have completely closed down by the 10th of April.

SUBJECT: 1/3 CESIRA, Pool 1219.

TO: AC, Cagliari.

In pursuance of our letter of yesterday, N°0405, we beg to inform you that in OLBIA we have another motor schooner, the CESIRA, which lately has been refloated and repaired; now she is ready to sail, having the surveyor of the "Registro Italiano" renewed her class for TWO MONTHS and the owner has requested us permission to proceed to TRAPANI, where she is registered and where repairs shall be completed.

In order to utilize this boat for our exportations, we suggest she should be sent first to CIVITAVECCHIA with a cargo of cork, of which there is plenty in OLBIA and from CIVITAVECCHIA she might proceed to TRAPANI. Of course we shall inform our H.O. in Naples who will act accordingly.

Awaiting your instructions, we remain

Yours faithfully

SUBJECT: Shipping Space

TO : AC Sardegna Region.

1. The Società Generale Elettrica della Sicilia has asked me to assist in having 20 tons of refractory clay shipped from Cagliari.

2. The name and address of the firm from which the clay has been purchased are:

Soc.An. Finanziaria Industriale Sarda, Viale Diaz 198,  
Cagliari

3. It would be appreciated if a high priority could be given to that shipping bid as the material is urgently required to carry out repairs at Catania.

4. I have asked the Società Generale Elettrica to ask the consignor to place a bid for shipping space with AC Sardegna.
