Transportation and Shipping Sub-Commission

Our Ref :- AC/602/36/Tn.3.

27 November 1945

SUBJECT :- John Henry.

TO :- Economic Section, Supply Group.

1. Ref your letter of 26 Nov.
2. SS "John Henry", which is now in Genoa, will complete discharge in that port. The tonnages of mining supplies for transshipment to Sardinia amount to a little over 100 tons and, in consequence, the vessel cannot be routed to Sardinia for port discharge. On shipment should not be difficult.
3. As little information was available regarding the cargo in this vessel, it is regretted the details of the cargo obtained from telephone conversation of 19 November were not transmitted earlier to this Sub-Commission. The ship's documents have not been received to date and the sailing signal giving fuller details of cargo was not despatched until 22 Nov, despite the vessel having sailed on 10 November. Previously DAR 44 indicated cargo as 5000 tons of foodstuffs and general cargo.

TO : Transportation S/C

1. Reference para 9 of memo covering subject telephone call:

"The S.S. JOHN HENRY (T. B. NO. 69) left U.S. port 10 November with a load of tea, milk, electrodes, steel and lead and zinc mixing supplies for Sardinia. It is destined for Genoa. Washington suggested we might want to divert it to Sardinia first in view of the mining supplies."

2. Request your comments or recommendations for appropriate action, report to be received at this office as soon as possible.
