TO : Transportation & Shipping S/O ✓
Attn: Major M.P. Laraman

Rev. 41A

1. Reference your letter AO/606/247/Tn3 of 8 January, subject as above.

2. We have inquired of the various S/O's concerned, the preferred ports of discharge for the YT Supplies carried on those ships listed in your letter. It has been ascertained that the bulk of all supplies are required in the North and should as far as possible be discharged at ports in the Genoa area. Ship by Ship, the following information will indicate to you the general preferences as understood by this office:

<u>TB No.</u>	<u>Ship Name</u>	<u>Suggested Port</u>	<u>Remarks</u>
216	Cape Igvak	Genoa	Entire cargo
217	General Ruge	"	" "
218	John W. Davis	"	With the exception of 200 tons of trucks which can be handled with equal convenience if discharged at Naples.
219	-	"	23 Tons of printing paper is for use in Rome and port of Naples was requested. 280 Tons of tires, tubes and flaps may be discharged Naples, also.
221	-	"	Entire cargo.
222	-	"	for 2500 T. pig iron
		Naples	" " " Ammonium Nitrate
224	-	"	Since nearly all supplies on this ship are on Transp.S/O reqns., and that S/O advises that any west-coast port is satisfactory, diversion of this ship may be at your discretion.

Requisition Branch is now receiving copies from War Shipping Administration of a Forwarding Authorization Serial for each item of civil supplies other than POL procured ex U.S. destined for Italy. The Forwarding Authorization Serial (F.A.S.) comprises the document sent by U.S.A. to Treasury Procurement requesting that a specified portion of available goods be sent forward to the port for loading. Inasmuch as goods called forward usually arrive in Italy approximately 30 days after the date indicated on the F.A.S. as the date on which they are required at seaboard, it is believed that your respective Offices can utilize advance information of this type in formulating plans of receipt or distribution. The attached tabulation comprises a summary of pertinent information on F.A.S.'s received to date for ships which have not yet arrived in Italy. Additional information of this nature will be furnished to you from time to time as available.
