HEADQUARTERS ALLIED COMMISSION

APO 394

Office of the Executive Commissioner

Tel: 341

Ref: 991/49/EC

24 March 1945.

SUBJECT: Signal No.D/5380 from SARDINIA dated 17 Mar 45.

TO : Economic Section (for Transportation Sub-Commission)

1. Reference your AC/615/64/Tn.3 dated 21 Mar 45.
2. The cable in question was handled in the Message Centre as priority in the normal manner and took precedence for delivery in accordance with other priority cables logged prior and subsequent to its receipt during the night of 17-18 March. Delivery was made to your office at 11.35 hours on the morning of the 18th March.
3. The only means of communication with the Port of CIVITAVECCHIA is by DRLS which is a daily service from HQ RAAC. The information contained in the cable was of a nature which could not be given over the telephone, therefore it is considered no direct action by the Duty Officer was practicable in the circumstances. Both Signal Centre and HQ Message Centre are guided primarily by the normal precedence indication which is shown usually as the first word of the text. In view of this and also the fact that the expected time of arrival of the ship was not given it is the opinion of this office that only a representative of Transportation Sub-Commission could have determined whether or not immediate action was essential in this particular instance.
4. Your remarks with regard to the term 'VICE' are however noted and instructions have been given to the Message Centre for such cables to be handled in accordance with your request.

1704
N.M. Stuart
Chief Staff Officer, Maj.
To Executive Commissioner.

615/TH

(64)

HEADQUARTERS ALLIED COMMISSION
APO 394
Transportation Sub-Commission

AMMC/ga

File No AC/615/64/Tn.3.

21 March 1945

SUBJECT :- Signal No D/5380 (your reference) from Sardinia
dated 17 March 1945.

TO :- Message Center
HQ. Allied Commission

see 65

1. The above signal was received by Signal Center from Cipher Section at 23.15 hrs. on 17 March 45. As only messages of Operational Priority and over are dealt with during the night, it was passed "routine" to the duty officer, and ultimately received by Movements Division, Transportation Sub-Commission during the afternoon of 18 March 1945.

2. This signal is a "vice" signal, giving movements of a ship, and as such is one of operational priority. It will be appreciated therefore if appropriate standing instructions can be issued that all signals preceded by the word "VICE" are treated as operational priority and dealt with immediately. In the particular case in point the ship arrived in the port of Civitavecchia, without the Port Authorities receiving any notification, thus causing considerable difficulties in discharge.

M. B. Thomas
M. B. THOMAS, Colonel
Deputy Director
