Unclassified.

Your Q(Mov) 162 of 14 Nov refers.

Para 1. Do not agree 1270 DMLT for US zone as only 55 per cent of fish canned viz 497 is for US zone making total 862.

Para 2. Fish canned is on requisition X9 which was called forward in our FX 70113 of 3 May for discharge TRIESTE for whole of Austria. Subsequently arrangements made 55/45 per cent split but port of discharge was not changed as bulk of items then loading. Normal channel for US zone supplies not through Italian Ports but over ETO lines of communication. X9 supplies are exceptional case and request these be handled by BTA as heretofore.

Para 3. Flour 365 Dmlt presumably loaded for TRIESTE in error. This is not worth transshipping. If BTA cannot handle request ACABRIT accept and make like quantity available to US Zone as convenient.
