SUBJECT : Shipping space for matches.

1. We beg to advise you that as a first result of our efforts to export our surpluses of matches we have sold 10,000 gross of Safety matches to the Firms John F. Carr & Company, Ltd. - 25, Victoria Street, London - The matches should be shipped from Genoa to Liverpool.

2. Owing to the small quantity it seems to be extremely difficult to find shipping space for this lot on private ships. Therefore we would be grateful if you could help us to get the shipping space necessary for about 15 tons = 80 cubic meters on a British ship on her return journey to England.

3. We are looking forward to your kind advice of the name of ship, date of loading and freight rate.
