SUBJECT : Opening of Belluno-Treviso Line

TO : Rail Division (Tn 4)

1. Reference your letter AC/74/Tn 4 dated 3 August and conversation (Constable - Ping) today.
2. This office is now informed through ISR sources that the line Belluno-Feltre-Montebelluna-Treviso is still not in operation.
3. Relying on the information contained in your above mentioned letter, this office informed the Minister of Transport on 28 Aug that it was not considered necessary to move pyrites from Scarlino in view of the shorter rail haul from the Agordo Mine.
4. Furthermore, the movement of pyrites has now become urgent, and today this office has authorised movement from Scarlino (see our letter 261/46/Tn 3 dated 4 Sept).
5. In view of the foregoing it is requested that the repair of the line referred to has the highest possible priority.
