Subject: Rail communications Foggia-Rocchetta.

1. Further to ours 9 April same reference we beg to inform you that following schedule would make it possible to carry on the journey from Rocchetta towards both Potenza and Gicia del Colle with existing trains, while, at the same time, meeting the requirements of the workers dwelling in the intermediate localities.

dep.	0540	1229	Rocchetta S.A.	arr.	1018	1940
arr	0720	1447	Foggia	dep	0710	1730

2. Above trains, to be operated on Mondays, Thursdays and Saturdays, would be in connection at Rocchetta with existing trains running btw. Rocchetta and Potenza and btw? Rocchetta and Gicia; latter trains should be operated also on Mondays, Thursdays and Saturdays instead of Tuesdays, Thursdays and Saturdays.

3. The new trains would operate a mixed, passengers and freight, service.

4. Coal consumption abt. 9 tons per month.

Si fa seguito al promemoria pari numero del 9 corrente precisando che qualora si voglia dare la possibilità di proseguire da Rocchetta S.A. sia su Potenza che su Gioia del Colle con i treni oggi esistenti su queste due linee il progetto dei treni triestimanali tra Foggia e Rocchetta rispondente anche alle esigenze degli operai, tra i quali diversi ferrovieri risiedenti in località intermedie, sarebbe il seguente:

Rocchetta S.A.	p. ore 5,40	Foggia	a. ore 7,20
Foggia	p. "	Rocchetta S.A.	a. " 10,18
Rocchetta S.A.	p. "	Foggia	a. " 14,47
Foggia	p. "	Rocchetta S.A.	" 19,40

Questi treni si dovrebbero effettuare nei giorni di lunedì, giovedì e sabato e sarebbero in coincidenza a Rocchetta S.A. sia coi treni verso Potenza come con quelli verso Gioia del Colle che già si effettuano nei giorni di giovedì e sabato e che dovrebbero effettuarsi nei giorni di lunedì anziché martedì come attualmente.

I treni fra Rocchetta e Foggia eseguirebbero tutti un servizio misto viaggiatori e merci.

Il consumo di carbone sarebbe di circa 9 tonnellate al mese.

MEMORANDUM FOR MAJ. PIIG.

1. The many workers, among whom are several railmen, being employed in the Foggin district and dwelling in the localities along the Foggin-Rocchetta line, have not the possibility to get back home on weekend because of lack of communications, and they request that that a weekly service be operated to that purpose.

2. As above request is justified, this Department suggests following schedule:

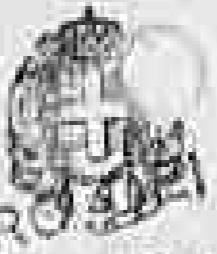

On Saturdays :	Foggin	dep. 1730	Rocchetta	arr. 1940
On Monday :	Rocchetta	dep. 0540	Foggin	arr. 0720

3. Estimated coal consumption abt. 3 tons per month.

OGGETTO APPUNTO

per il Maggiore PING

- I) I numerosi operai, tra i quali diversi ferrovieri, che lavorano nella zona di Foggia e che risiedono nelle località facenti capo al tratto di linea Rocchetta-Foggia, data la mancanza di comunicazioni, non hanno la possibilità, a differenza di quelle residenziali sulle linee di Manfredonia e Lucera, di trascorrere il riposo festivo in famiglia, pertanto avanzano premure perché venga istituita al riguardo una coppia di treni settimanali.
- II) Poiché la richiesta è giustificata si propone di istituire la desiderata comunicazione col seguente orario:
al sabato: Foggia p. 17,30 Rocchetta a. 19,40
al lunedì: Rocchetta p. 5,40 Foggia a. 7,20

 Il consumo di carbone sarebbe di sole 3 tonnellate al mese.
- III) Il consumo di carbone sarebbe di sole 3 tonnellate al mese.

The undersigned, living at Ordona, Ascoli, Candela and S. Agata di Puglia owing to war reasons, have been bitterly shocked at learning that from now on they are no more entitled to use the means by which they used to go home once a week.

They are living in most uncomfortable conditions, especially in comparison with employees working in other places and on other lines who have the possibility to go home every night.

Would it be possible to have a weekly bus or train on the Candela-Foggia line, which thing might also improve a lot the railway traffic?

La nota omoniataci, trasmite Capo Compartimento, con la quale ci si nega di ritornare in seno alle nostre famiglie almeno una volta la settimana sia col mezzo automobilistico, sia ferroviario, ci sorprende ed un tempo e ci addolora molto, Non basta la sciagura, i sinistri che ci hanno duramente colpiti e che ci sono stati causa di questo sfondamento di famiglie, non portano le ristrettezze e di sacrifici che si affrontano, la duplice spesa per mantenerci lontani dalle famiglie; ora ci si colpisce in pieno col negarsi quel mezzo che ci conduceva una sola volta la settimana ritornare fra i nostri cari. E semplicemente facciamo toglierci tale diritto che vieta al Capo di casa di vedere periodicamente le condizioni della sua famiglia, di dare quelle direttive necessarie e di provvedere alla propria pulizia personale.

I ferrovieri di tutte le altre linee convergenti a Foggia godono di rientri giornalieri, essendo tutte frequentate da due o più corse al giorno di treni; noi che abbi mo avuto la disgrazia di sfollare nei Comuni di Ordona, Ascoli, Candela e S. Agata di Puglia ci vediamo preclusa ogni via.

Quale ne siano le ragioni e difficile indovinarla che cosa costa agli Alleati una corsa automobilistica o alla nostra Amministrazione una corsa settimanale di un treno da Foggia a Candela, che potrebbe anche essere utilizzata per il traffico ferroviario? E non siamo noi pari ai ferrovieri di Lucera, Manfredonia, di Bari, di Termoli ed anche delle Foggia-Ariano?

Sono persino muniti si serie A.O. Ed è così che Alleati ed Amministrazione vanno incontro a chi lontano dalla sua famiglia attende al suo diurno dovere? Vogliamo suggerirvi che, fatti essenzialmente indipendenti dalla volontà, abbiano determinato tale sospensione e restiamo in attesa che tanto il Comando Alleato, quanto la nostra Amministrazione rivelano la nostra disastrosa situazione creataci da eventi bellici e si pronunzino con serenità ridendoci la possibilità, non dico giornaliera, ma almeno settimanale di passare un giorno con le nostre abbandonate famiglie.

All the above mentioned trains (Pozzolo-Lugone line, Bagnadore-Bagnadore line and Po-Lugone line) should be composed each of passengers cars and luggage wagons, and they ought to be completed with goods carts, to be operated as mixed trains.

The requests (mentionned in paragraphs 1)-1--) and 2) are justified by the decentralisation of the Trentin Public Offices and by the populations dislocation owing to the destructions generated by air-bombings.

3) Sogliano-Sogliano del Colle line - A couple of mixed trains between Sogliano and Soglio del Colle, composed of two cars and one luggage wagon, to allow to the line workers to reach Mori and Taranto.

Sogliano IV. 0630
Soglio del Colle IV. 1600

In all passenger trains the luggage wagons should be utilized also for goods (prepared in small stock by passengers trains, with payment of an incoming & outgoing fee and also for a long distance) in order to fit the heavy demands coming from the operations perishable goods carriage.

V, By the required measures 190 wheeled truck carts or equivalent vehicles, 10 luggage wagons, 14 mail wagons should be used together with a daily average consumption of about 100 tons, at total.

MINISTRY OF COMMUNICATIONS
I.S.R., DIRECTOR GENERAL

To Allied Control Commission

SUBJECT

Proposals about increase
of goods trains and extension
of piece-goods service -

cc. Direction General R.C.S.

Bonne

- 1) The present situation of civilian transportation on the Compartimenti's lines south of Rome is as follows:

A couple of daily goods trains is running only on the lines Napoli-Potenza, Battipaglia-Seglio Calabria, Metaponto-Reggio Calabria, Barletta-Brindisi, Brindisi-Foggia, Taranto-Potenza; besides, a couple of goods trains is running each four weeks, on the Sigonella-Lagonegriso line, on the Massafra-Foggia-Mazara, Taranto-Rocchetta S.A., Roschette S.A.-Gioia del Colle, Battipaglia-Spinazzola, the goods service is executed by mixed trains quoted in the time table in force. Finally, on the line Catanzaro-S. Infemini, Paola-Cosenza, Cosenza-Gibellina is performed a limited goods service through the goods trains effectuated per Allied benefit.

2) By the rehabilitation of the lines Naples-Rome, via Cassino, and Naples-Rome, via Formia, it arises the possibility to provide Rome by railway - with goods coming from the natural procurement centres, i.e. Campania and Puglia. This supply appears necessary and urgent, as for the difficult foods situation of Rome, as well as for avoiding the storage of many products, which are in excess at the production districts. Such products are also to be taken away as soon as possible, in order to avoid their waste and to make place for the next harvest of vegetables - especially potatoes - grapes, fruits and wine (only in Lecce province there are still 70,000 tonn. of wine at hand). And last not least are to be considered salt transports.

We suggest, therefore, to set up two couples of daily goods trains between Naples and Rome, (the one via Cassino, the other via Formia) and to increase the goods service in the Campania and in the Puglia, in order to convey goods from inland production localities to the main lines and through these last, to Rome.

3) Moreover, considering that plenty of supplies have been made to Rome in the past, and could take place still at present, from North Italy, Sicily, Calabria and Toscana, we suggest to estimate - as

1) The present situation of civilian transportation on the Campania's lines south of Rome is as follows:

A couple of daily goods trains is running only on the lines Napoli-Potenza, Battipaglia-Baggio Calabria, Metaponto-Reggio Calabria, Bari-Brindisi, Trindisi-Taranto, Taranto-Potenza; besides, a couple of goods trains is running each four weeks, on the Salerno-Mazzone-S. Cesario-S. Vito line; on the lines Bagnoli-Batifola, Potenza-Rocchetta S.A., Roccella S.A.-Civita del Lolle, Barletta-Spinazzola, the goods service is exercised by mixed trains quoted in the time table in force. Finally, on the line Cetara-S. Infemis, Fasola-Cogenzana, Cosenza-Sivilati is performed a limited goods service through the goods trains effectuated per Allied benefit.

2) By the rehabilitation of the lines Naples-Rome, Via Cassino, and by railway - with goods coming from its natural production centres, i.e. Campania and Puglia. This simply appears necessary and urgent, as for the difficult food situation of Rome, as well as for avoiding the storage of many products, which are in excess at the production districts. Such products are also to be taken away as soon as possible, in order to avoid their waste and to make place for the next harvest of vegetables - especially potatoes - grapes, fruits and wine (only in Lecce province there are still 170,000 tons of wine at hand). And last not least are to be considered salt transports.

We suggest, therefore, to set up two couples of daily goods trains between Naples and Rome, (the one via Cassino, the other via Formia) and to increase the goods service in Via Cassino and in the Puglie, in order to convey goods from inland production localities to the main lines and through these last, to Rome.

3) Moreover, considering that plenty of supplies have been made to Rome in the past, and could take place still at present, from North Lazio, Marche, Umbria and Toscana; we suggest to effectuate - as soon as possible - a limited goods service between Civitavecchia, Ostia, Folligne and Rome.

Among said supplies, besides foods, there are very important ones, i.e. those of charcoal and building materials.

4) The suggested services, with the indications of the rolling stock required, of the tons, volume, of the trains tonnes and of the needed fuel, are shown - for each line - by the attached statement.

- 5) The piece-goods service, now allowed only within the single compartment of Naples, Farni and Reggio C. and only for a limited volume, it appears to be insufficient for the imperative needs of the populations, which have especially the necessity of traffic opportunities with the main towns located out of the Compartment. Therefore, by the suggested goods service extension, we consider indispensable that piece-goods transports be admitted also for destinations out of each Compartment, effectuating the same through mixed cars to be coupled to all running goods trains. It is understood that such piece-goods service ought to be suitably regulated and extended also to the Rome Compartment.
- 6) The rolling stock needed to effectuate the suggested trains shall be of 2287 cars; this number is evidently inferior to that of the rolling stock daily in excess in the various Compartmenti, being of 2550 cars.
- 7) Finally we point out the necessity that the organizations to lead the war, be measured to the transport possibilities; this because, as we are informed, the few running trains are often not entirely loaded, owing to the lacking of authorizations in comparison with the requests.

The T.S.R. Director General

S. G. Di Reinondo

6) The rolling stock needed to effectuate the suggested trains shall be of 2281 cars; this number is sensibly inferior to that of the rolling stock daily in excess in the various compartments, being of 2550 cars.

7) Finally we point out the necessity that the authorizations to lead the cars, be measured to the transport possibilities; this because, as we are informed, the few running trains are often not entirely loaded, owing to the lacking of authorizations in comparison with the requests.

SUBJ: On proposed additional freight programme.

TO : Ministry of Communications

General Direction

1. The additional freight services requested in your letter, reference M/303/3066/309/98 of the 22 August 1944 were carefully considered at the meeting of the transportation Sub-Committee held on Monday, 28 August 1944. The lack of rolling stock and locomotive parts at the present time it is impossible to consider additional services.

2. It is fully appreciated that there is a considerable tonnage of wine on hand in the Tuscany district but for the time being it is regretted that this type of traffic which carries such a low priority, cannot be moved in any great quantities.

3. For your information, we are conveying a considerable tonnage of fresh vegetables daily into the cities and localities where these commodities are urgently required and this tonnage is being brought forward attached to military trains.

4. I am afraid the movement of building materials will have to be suspended a short time until a regular flow of traffic can be maintained.

5. The rolling stock needed to carry out the programme in your "appendix" attached to this letter, would require 2281 cars and owing to the serious shortage of rolling stock in Liberated Italy, it was found impossible to consider your proposition for the time being.

This application will be kept closely before us and

1. The additional freight services requested in your letter, reference Y/223/8056/309/93 of the 22 August 1944, were carefully considered at the meeting of the transportation Sub-Committee held on Monday, 28 August 1944. The lack of rolling stock and locomotives parts at the present time it is impossible to consider additional services.

2. It is fully appreciated that there is a considerable tonnage of wine on hand in the Fuglie district but for the time being it is regretted that this type of traffic which services such a low priority, cannot be moved in any great quantities.

3. For your information, we are conveying a considerable tonnage of fresh vegetable daily into the cities and localities where these commodities are urgently required and this tonnage is being brought forward attached to military trains.

4. I am afraid the movement of building materials will have to be suspended a short time until a regular flow of traffic can be maintained.

5. The rolling stock needed to carry out the programme in your "appendix" attached to this letter, would require 9282 cars and owing to the serious shortage of rolling stock in Liberated Italy, it was found impossible to consider your proposition for the time being.

6. This application will be kept closely before us and reconsidered at a later period by the transportation committee.
