SEZIONE LAVORI DI:
A N C O N A

OGGETTO: - Richiesta supplemento benzina.

Si trasmette, in allegato, lo specchio comprovante il quantitativo di benzina strettamente necessario per i sei autocarri Chevrolet avuti a noleggio da Codesta On/le Sezione.

Si fa presente che a detto quantitativo va naturalmente aggiunto quello assorbito dai macchinari di cantiere e dagli automezzi della Società, come dagli specchi richiesta carburanti mensilmente inviati a codesta Sezione.

E' chiaro, quindi, come i 6825 litri globalmente avuti in assegnazione per il mese di Agosto siano assolutamente insufficienti e, di conseguenza, come la scrivente Società si veda costretta a sospendere il rifornimento dei materiali indispensabili ai lavori in corso.

Si prega, pertanto, Codesta On.le Sezione a voler cortesemente prendere in esame la seguente richiesta e provvedere, quindi, ad una assegnazione supplementare di benzina confacente alle necessità di lavoro.

Ringraziando, con osservanza.

/C.I.L.P.-Ancona
Ing. Landi Mario

To : MAJOR MOLE A.C.Tn.4

Subject : Supplementary request of P.O.L.

We beg you to release the below mentioned quantities of PETROL required for driving of No.6 Trucks Chevrolet which have been loaned to our Firm by Ancona Works Section since the 21st of this month.

Taking into consideration that about 300 Km. will be daily run by each truck ,the amounts required are as follows :

for one day :

No.6 Trucks x 30 Liters of petrol = 480 Liters

For ten days :

No.6 Trucks = 4800 Liters of Petrol

We remain, your respectfully

Subject : P.O.L. Supplies

To : Major Street -

A.C.Tn.Sub-Commission

c/o I.S.R. -
61 Area - Tel.2345
Date 8 July 1945 -
Ref.AC/Tn/86/POL 4

1. Reference conversation during my visit to Rome concerning the above.

2. Enclosed please find a specimen copy of the type of application which has been to date successful in obtaining the necessary supplies.

3. It needs hardly be pointed out that all the applications as originally received from the contractors are far in excess of what I allocate.

After checking the mileage i.e. distances between points & number of trips possible, fuel consumption with the contractors, I find that on the average one third of the request is permissable.

Office translation

To : Major Mole A.C.Tn.4 c/o I.R.C.E.4
Subject : P.O.L. supply.

1. - With reference to our letter No.223 dated 14 April 45 and to the verbal instructions successively given by you, we beg to submitt to your attention our requirements of P.O.L. for the period 19 - 30 April 45 , together with a detailed list of same.

Petrol	1950 Liters
Naphta	710 Liters
Luboil	115 Liters
Grease	34 Kgms.

2. - The high quantities of P.O.L. we requested in the a/m letter were justified by this fact : we believed that all the equipment and the plant allocated on the works were to be transported to the stores of our Firm.

The quantities of P.O.L. we will require for this purpose will be included in our application for the month of May 1945.

Oggetto: Richiesta carburanti e lubrificanti.

1) Con riferimento alla nostra precedente lettera n. 223 del 14 c.m., e al successivo colloquio, vi precisiamo il seguente fabbisogno per il mese di aprile:

Benzina	litri	1950
Nafta	litri	710
Olio lubrificante	litri	115
Grasso	Kg.	24

distribuito per i rimanenti 12 giorni del mese come risulta dall'allegato prospetto.

2) I maggiori quantitativi segnalati nella nostra richiesta del 14 aprile sopra indicati erano giustificati ritenendo noi che con tale assegnazione si dovesse provvedere al trasporto nei nostri magazzini delle macchine e delle attrezzature di cantiere alla fine dei lavori; quest'ultimo fabbisogno vi sarà invece da noi indicato per l'assegnazione relativa al mese di maggio.

P.S Giorgio. 14 April 45

To : Major Mole A.C.Tn.4 c/o I.R.C.E.4

Subject: P.O.L. Supply.

1) With the letter No.190 dated 28 March 1945, the following quantities of P.O.L. required for the works to be carried out in the month of April were requested to you:

Petrol	8450	Liters
Naphta	4000	"
Luboil	365	"
Grease	89	Kgms.

2) With your authority, the following quantities of P.OL. have been released by C.I.P. of Falconara and regularly collected by our Firm:

Petrol	2990	Liters
Naphta	1700	"
Luboil	138	"
Grease	20	Kgms.

3) Now, we inform you that, with the quantities of P.O.L. already released we will not be in a position of carrying out the extent of transport and af work as required by the engagements taken . We beg you therefore to arrange for the following quantities of P.O.L. to be additionally supplied :

Petrol	5460	Liters
Naphta	2300	"
Luboil	227	"
Grease	69	KGMS.

4) We inform you as well that a second Concrete Mixer is being used in the Nine Bridge reconstruction works and that 2 motor cycles have been allocated by our Firm for the Works shops Service.

Oggetto: Richiesta carburanti e lubrificanti.

I) Con nostra lettera n. I90 del 28 marzo I945 avevamo chiesto per il mese di aprile, per il funzionamento degli automezzi e delle macchine in servizio presso i cantieri, i seguenti quantitativi:

Benzina	litri	8450
Nafta	litri	4000
Olio	litri	365
lubrificanti	Kg.	89

2) Con vostra autorizzazione, da noi ricevuta il 6 c.m., ci avete invece assegnato per il mese di aprile:

Benzina	litri	2990
Nafta	litri	I700
olio	litri	I38
lubrificanti	Kg.	20

che sono già stati da noi ritirati dal C.I.P. di Falconara e in parte consumati.

3) Con tali quantitativi non ci è possibile effettuare il programma dei trasporti necessari per la esecuzione delle opere; vi preghiamo pertanto di volerci rilasciare una nuova autorizzazione per i quantitativi residui, vale a dire:

Benzina	litri	5460
Nafta	litri	2300
Olio	litri	227
lubrificante	Kg.	69

4) Vi comunichiamo che abbiamo da vari giorni messa in funzione una seconda betoniera al ponte sul torrente NINA, e che, per il servizio cantieri, utilizziamo altre due motociclette.

Subject: Rail Contractors

TO: C.I.O., PESCARA
FROM: A.C. SUPPLY AT CHIETI

We hold advice that P O L needs of Rail Construction Contractors will be furnished by you on coupons or buoni signed by the Engineering Division of Italian State Rail Ways under system comparable to that used by Army Contractors.

Supply of P O L will not come therefore from civil allocations and this is your instruction to release all quantities reserved from the three provinces for civil needs. P O L already delivered should now be covered by buoni from the I.S.R.

Subject: POL for Contractors working on Military Account.

HQ. AC/AMG, ABRUZZI MARCHE REGION

1. Your R5/518/120 dated 7 Feb. 45 addressed to PC for PSO Ancona copy to this HQ. refers.
2. The instruction contained in your letter paras. 1 and are not quite in agreement with the statement made over the phone by Major Fagan to Capt. Shaw Kennedy.
3. Contractors are considered to be working on Military Account when they are employed directly by a Military Unit or arecarrying out a contradt ordered by the Allied Military and supervised by Military personnel. Work ordered by the Engineering Department of I.S.R. on their own account is not Military Contract. The procedure is as follows:
   a) The Ministry Unit employing contractors on Military account make applications to the S. & T. district concerned.
   b) Application should set out the same and address of contractors, list of vehicle and machinery and quantities of POL required.
   c) S. & T. issue authority to the contractor to collect required coupons from local rationing authority. On presentation of coupons to C.I.P. supplies are obtained.
4. As soon as special coupons are printed and circulated to S & T district, the letter will issue the coupons direct to the contractors.
5. Quantities so drawn through C.I.P. are not chargable against the ordinary civilian allocations.
6. As the ordinary load carrying vehicle employed by the I.S.R. are not entitled to draw POL against military account. It was agreed by M.S.R. that their Engineering Section when applying for POL would certify a re= quest letter that demand was for contractor working on Military account.

Copy to; Pet Sec AFHQ.

FROM : HQ, AC/AMG,Abruzzi-Marche Region (E & S.)

REF : R5/518/120/

DATE : February 7th 1945

SUBJECT : POL for Contractors on Repair Railway.

1. Further to our R5/518/120 of 8 January 45,it is confirmed by Pet Sec AFHQ (Maj.Fagan by telephone to Capt.Shaw=Kennedy,6 Feb 45) that the contractors working on repair of railways are to be treated as Army contractors whether they work under Army or under the Engineering Dept of Italian State Railways.

2. You are therefore authorized on presentation of a request from either Army or the Engineering Dept. of I.S.R. automatically to give such a contractor an authority to C.I.P.to supply the quantity requested on payment, stating clearly on the authority that it is for an Army contractor and to count against=Military Stocks (i.e. NOT your civilian monthly allocation).

3. The scheme system by which Army Supply the coupons of a special type to the contractors has been held up because the coupons are not ready.

4. The justification of the quantity requested is Army or ISR's responsibility: you do not question it.

5. Above,of course,does not apply to POL for vehicles used by ISR (delivery-vans and so on) in the normal course of running the railway (as opposed to repairing it):this would be a civilian supply to be included in your Pet 6 and allocated from your civilian monthly allocation.

REF : R5/518/120

DATE : 8 January 1945

SUBJECT: POL for Contractors on Repair of Railway

1.- Ref. attached copy of letter from Capt.Smith,AC Tn. S/C representative at Ancona.

2.- Pet.Section,AFHQ,agree that the POL will be made available,but they and we must know whether it is for "W.D. Contractors" or not.

a. If they are "W.D. Contractors" i.e. working on an Army contract (as opposed to AMG or Genio Civile or ISR or Italian Gov't contract) Pet.Section will merely see that POL is available to CIP Ancona in sufficient quantities each month Jan-May 45 inclusive. The Contractors obtain from CIP Ancona on payment on authority from the Allied Officer i/c the work.

b. If they are not working on an army contract,your representative must see that PSO of the Province in which the POL is to be drawn receives a demand for each month's needs one month in advance to include on his monthly demand (Pet. Form 6) . For Jan.45 it should have been in by I Dec.1944; for Feb.1945 by I Jan.45 and so on. The Contractors would by POL from CIP as PSO's authority such authorization would be made as indicated by your representative.

In this case (b) will you kinfly arrange direct will Major Borrego of Pet.Section AFHQ (Tel.Roma 478876) and would Major Borrego Kindly inform us the exact supplementary allocations in which provinces he has agreed to for Jan.45

3.- Your representative's letter seems to ask for all POL to be drawn from Ancona. There is also a CIP Bulk-drawing Depot at Pescara that is partly fed from Orbona. It may be more economical for the contractors to drawn some from there in which case under para (2 b) above allocations for that part should be made to PSO Pescara or Chieti.

POL INSTRUCTION:
)
No. 2.....:

POL Supplies for Contractors Employed on Military Projects

1. Civilian contractors employed directly by the Army on Military projects are provided with petrol coupons and draw supplies from civilian stocks which are replenished automatically so that civilian allocations are unaffected.

2. It has now been decided to extend this system to Civilian Contractors employed by ACC/AMG on Military projects.

3. Public Works and Utilities Sub-Commission will accordingly instruct their Regional Engineers to supply the local licensing authority with a certified schedule in duplicate of these Military projects showing the total monthly POL requirements for each contractor and will send copies directly to Public Works and Utilities Sub-Commission, ACC, HQ. and to Pet. Sec., HQ. AAI.

4. The local licensing authority will issue special coupons in bulk to the total requirements shown. Regional Engineers will be responsible for rationing these out to the contractors in accordance with actual daily needs of the vehicles and will only issue coupons for minimum necessary consumption.

5. Any coupons remaining unissued at the end of the month will be used to reduce the number claimed for the following month.

6. The same system will apply equally in Military Government and Italian Government territory, and ACC/AMG Officers supervising the local rationing authority will see that the new scheme is properly understood. The Italian Government is being advised separately.

7. Steps are being taken to have the special coupons printed. When available, they will be used also for direct issue to contractors employed by the military. Meanwhile the standard coupons will be used.

8. The special coupons will be collected and used by CIP in claiming replacements and one copy of the Engineers Certificate will be sent by the licensing authority to the ACC/AMG Supply Officer and used by him as a claim for replenishment of his civilian stocks. The copy sent direct to Pet. Sec. will serve as advance warning of the quantities likely to be required for the service of these Military projects and as a check against claims for replenishment of stocks by Supply Officers and CIP.

By Order of Captain STONE (USNR)

POL INSTRUCTION:

No. 1.....:

POL For Special Civilian Representatives

1. Requests are being received by Region IV for the issuance of Vehicle Circulation Permits and Petrol Rations for Industrialists and Agriculturists working for the Allied War Effort who are required by ACC to make special EMERGENCY journeys, sometimes involving considerable mileage and petrol allocation equal to many times the standard monthly allowance.

2. These requests are embarrassing to Region IV whose petrol supplies are dependent on Bids submitted to Petroleum Section before the fifteenth of the month previous and which are only accepted by Pet. Sec. if backed by full justification.

3. It follows that any allocations they make to ACC HQ for the above emergency journeys can only come out of supplies often already cut and earmarked for other purposes, and result in shortages which can only be replaced if full justification is supplied to Pet. Sec.

4. Sub-Commissions who may find themselves obliged to ask for emergency rations for such purposes as visualised in para. 1 above, will, therefore, send a letter in duplicate giving full justification for the journey, details of the car and mileage to be covered to Region IV (Transportation Division) with copies to Commerce Sub-Commission so that arrangements may be made for the necessary POL supplies. Failure to do so will result in the application being refused.

5. Supplies for contractors and others REGULARLY employed or working for Sub-Commissions should be bid for through the Provincial Supply Officer of the territory in which they reside subject to the proviso that companies with Headquarters in Rome requiring numbers of Permits and Rations for their staff will submit details, covered by a letter of justification, to Region IV who will no longer consider individual applications from employees of such companies. Sub-Commissions specially interested in the activities of such firms should provide a duplicate letter of recommendation as in para 4 above.

6. POL for Italian Government Ministerial use is similarly dealt with by a bulk allocation to the Inter-Ministerial Petroleum Committee to whom all applications should be referred. No individual allocations can be made by this Headquarters and no individual requests will be received on behalf of particular Ministries or individuals.
