(all'attenzione del Sig.Magg.Backler

1. Ci riferiamo alla vostra AC/Mat/4/173/Tn 4 del 21.s.m.

2. Abbiamo compreso nel nostro fabbisogno di pneumatici per automezzi presentato al competente Ministero dell'Industria e del Commercio, i copertoni e le camere d'aria occorrenti ad alcune Ditte, fra le quali l'Impresa Rueping, segnalateci con la precedente vostra AC/Mat/4/148/Tn 4 dell'11 settembre s.a.

3. Il predetto Ministero ci ha però assegnato finora per le nostre autovetture solo 5 copertoni delle dimensioni da 6,00 x 16 già ripartiti.

4. Non è quindi possibile per ora soddisfare la richiesta della Ditta Rueping, la quale peraltro secondo la procedura stabilita, dovrebbe rivolgersi direttamente alla Camera di Commercio.

Ciò nella considerazione che il predetto Ministero assegna a questa Amministrazione solo le gomme per i propri automezzi.

Subject: tires for road vehicles

1) Your letter AC/Mat/4/173/Tn 4 dated 21 December 1945 refers.

2) Our requirement of tires for road vehicles, submitted to the concerned Ministry of Industry and Commerce, included the tires and tubes required for some Firms, among which the Firm Rueping, as shown in your previous letter AC/Mat.4/148 TN 4 dated 11 September 1945.

3) Up to now, however, said Ministry have allocated for ISR road vehicles only 5 tires, size 6.00 x 16, already distributed.

4) At present, therefore, we are unable to meet the request from the Firm Rueping, which, according to the procedure laid down, should apply directly to the Camera di Commercio. This in view of the fact that the a/m Ministry allocate to the ISR only the tires for their own vehicles.

Coperture di gomma
per autocarri "White".

ALLEGATI N.

AL MILITARY RAILWAY SERVICE
Office of Director
A.D. Tn. 2 (Br.)
(all'attenzione del Col. Coward)

1) Le Autorità Alleate hanno fra l'altro ceduto al Governo Italiano N. 260 autocarri americani "White" a tre assi, da Tonn. 10, in gran parte già consegnati a questa Amministrazione.

2) Tali autocarri sono dotati di due ruote anteriori con gomme da 11"x 24" e di quattro ruote posteriori con gomme da 14"x20", oltre che di due ruote di scorta sprovviste di gomme, salvo poche eccezioni.

3) Finora non è stato possibile avere le gomme per completare le ruote di scorta e per la sostituzione di quelle rese inservibili dall'uso.

4) Si tratta di misure speciali che non è per ora possibile avere se non dall'industria americana.
Non ne risultano disponibili neppure presso i campi dei residuati di guerra, talchè questa Amministrazione non sa come provvedere a rimettere in efficienza i propri autocarri immobilizzati per tale ragione e che aumentano sempre di numero.

5) Vi saremmo perciò grati se voleste interessarvi per farci avere un congruo numero di tali coperture e relative camere d'aria, preferibilmente della sola misura da 11"x24".

SUBJECT : Request of Spare Tyres.

1. The hereunder signed firm is responsible with the FF.SS. for the execution of works at Km.134+047 on Rail line No 65 North (reconstruction of Rail Viaduct of 5 arches of 26 mt. Span each)

2. The firm is also carrying out works for the Genio Civile Rome and he is providing FF.SS. Uff.Approvvigionamenti with 3000 Tons of fire wood, transportation to be provided by him.

3. In order to speed up the above mentioned works, No 3 White (load 10 Tons) and No 2 Chevrolet (Load 1,½ Tons) have been hired by the firm at a cost of Lira 6000.- per day for each White, and Lira 2000.- per day for each Chevrolet, that is to say a total daily cost of Lira 20.000.- for hiring.

4. On September the above said vehicles were handed over to the firm without spare tyres and as they were not aviailable at that time and the firm accepted them in view and in faith of a future assignement of spare tyres.

5. In consideration of the high cost of the mentioned vehicles and of the nrcessity of keeping them running for the good execution of the works, the hereunder request of tyres is submitted to you:-

no 3 tyres size 1100 x 24 for front wheels of 3 White
no 3 " " 1400 x 20 or size 13,50 x 20 for back wheels of 3 White
no 2 tyres size 7,50 x 20 for 2 Chevrolet

In order to be possible to the firm to get to the job site to survey the progress of the work : 5 tyres size 600 x 16 would be necessary to put on the road the car LANCIA APRILIA Target Rome-74523, Circulation Permit No.79722.

6. The above request is submitted for your approval and possible application.

FERROVIE DELLO STATO ALTA ITALIA

MILANO

N. 21 September 1945.

N. 4991 CD

al N.

To
Col. R.P. MOSS
TRANSPORTATION SUB COMMISSION A.C.
ROME

Subject:
Rail-steel production.

I am glad to inform you that the manufacturing of rails of 46,3 kg has been started by the firm Soc.An. Ernesto BREDA in the proportion of 1000 tons per month which production it is hoped to increase shortly to 1500 tons.

However the Society Breda is meeting with some difficulties at the rail-manufacturing which I take the liberty to let you know in order that with your assistance they may be removed.

1) At present it is very difficult to get the electrodes of 354 mm (14") of diametre for the electric furnaces, above all for the lack of graphite. The Society Breda asserts that those electrodes can be supplied by the local A.M.G. (Montecatini Building) but we could not ascertain with whom we have to deal in this matter.

2) In order to increase the production of rails, the Society Breda wants to kindle a MARTIN-furnace which consumes 1000 tons of coal per month. Would it be possible, with your interfering to get a supplementary allotment of 1000 tons of coal per month for the rail-manufacturing ? (The same request has been made by the Ferriere Piemontesi FIAT at Turin).

3) For the siderurgic production of the Society Breda is required a quantity of Manganese in proportion of about 1% of the steel to be manufactured. As the Society Breda reckons to produce totally about 4 - 5000 tons of rails and other steel-profiles the quantity of manganese monthly required is about 40 ton. The Society Breda asked me to find out if you could arrange the allotment of that quantity of manganese.

4) It would be very much appreciated if you could pay another visit to Milan and this is not only the desire of the various industries which are interested in the manufacturing for the I.S.R. but also personally mine. I kindly ask you therefore to advise me when you can be at Milan again.

Declassified E.O. 12356 Section 3.3/NND No. 785021

R O M E

Subject:
Rail-steel production.

I am glad to inform you that the manufacturing of rails of 46,3 kg has been started by the firm Soc.An. Ernesto BREDA in the proportion of 1000 tons per month which production it is hoped to increase shortly to 1500 tons.

However the Society Breda is meeting with some difficulties at the rail-manufacturing which I take the liberty to let you know in order that with your assistance they may be removed.

1) At present it is very difficult to get the electrodes of 354 mm (14") of diametre for the electric furnaces, above all for the lack of graphite. The Society Breda asserts that those electrodes can be supplied by the local A.M.G. (Montecatini Building) but we could not ascertain with whom we have to deal in this matter.

2) In order to increase the production of rails, the Society Breda wants to kindle a MARTIN-furnace which consumes 1000 tons of coal per month. Would it be possible, with your interfering to get a supplementary allotment of 1000 tons of coal per month for the rail-manufacturing ? (The same request has been made by the Ferriere Piemontesi FIAT at Turin).

3) For the siderurgic production of the Society Breda is required a quantity of Manganese in proportion of about 1% of the steel to be manufactured. As the Society Breda reckons to produce totally about 4 - 5000 tons of rails and other steel-profiles the quantity of manganese monthly required is about 40 ton. The Society Breda asked me to find out if you could arrange the allotment of that quantity of manganese.

OFFICE OF THE DIRECTOR (DMRSI)

Subject : Tyres for ISR Railway Electrification.

Tn.A.3(E)/12.

To : Tn. Sub Commission, AC. (Bdg). 20 Sept. 45.

Copy to : Ing. Donati,
Ufficio Elettrificazione ISR,
Viale Michele Bianchi 131,
ROME.
(Reference your memo dated 19 Sept. 1945)

The Ufficio Elettrificazione Office of the ISR HQ which is responsible for reconstruction of H.T. transmission lines necessary for railway reelectrification are in need of tyres for their vehicles.

Their requirements which appear reasonable are :

N° 5 size 4.50, 4.25, 4.00 X 17.
N° 6 size 3.00 X 19.

Will you please advise if it is possible to be of assistance in this matter.

1483

F. B. Lyon Lt. R.E.
for Colonel,
D.D.Tn.(Mech),
for Brigadier,
Director Military Railway Service.

SUBJECT : Tires for I.S.R. Contractor.

TO : Ministry of Industry and Commerce
Div. IV Mining Attn: Dr. Lubrano

1. The Italian State Railways are having difficulty in getting cross-ties delivered to them on account of the contractor trucks and trailers not being equipped with serviceable tires.

2. The firm Federico Ciucci require the following tires in order that they may deliver cross-ties to I.S.R. from Sabaudia State Forest:

For Fiat 634 - 16 tires and tubes size 1050 x 24
" " 666 - 16 " " " " 1050 x 20 or 9 x 20

3. It will be appreciated by this Sub-Commission if you can grant an early release to this firm so the supply of cross-ties for I.S.R. may be assured.

1479

DIRECTOR

Incl: Letter from Firm Ciucci
I.S.R. Purchase of Material Notice

Declassified E.O. 12356 Section 3.3/NND No. 785021

19 [illegible] 45.

To : I.S.R.

The Firm Federico Ciucci owns the following two heavy trucks with trailers.

1.) Fiat 634 No.64 H.P. Engine No.001667 chassis No.001576 Plate 4536 VT - Trailer 89 VT.

2.) Fiat 666 No.68 HP Engine No.002008 chassis Plate 4636 VT.

These trucks must be used for the transport of sleepers and crossing timber for I.S.R. from Sabaudia State Forest, bought by the above mentioned Firm, and from which 100.000 sleepers and 1000 c.m. crossing timber will be obtained.

To be able to carry on with this urgent work it is necessary that an allotment of tyres and tubes should be made to this firm.

For Fiat 634 - No.16 tyres and inner tube 10,50 x 24

For Fiat 666 - No.16 tyres and tubes 10,50 x 20 or 9 x 20.

We hope that our request will be accepted and we wait to read you soon

Your truly.

CIUCCI

We confirm that the Firm Ciucci has a contract with I.S.R. for the supply of 100.000 sleepers and 1000 c.m. timber. For this supply the use of the trucks is absolutely necessary.

SUBJECT : Transportation of Tires to Brescia.

TO : Whom It May Concern

1. The Società Italiana S.I.P.Motoriumane, Fornovia Calabra Lucane have purchased the following tires from Allied Commission through the J.S.E. and the Transportation Sub-Commission (Rail Division):

Size 750 x 20

Firestone	6486B5 F	Goodrich	423756 40 32
U.S.	2280-502	WU	43196 E
U.S.	9T 221032	GU	1 x 2657-180018
U.S.	8V 139745		

2. They have permission to transport the above tires to Brescia where they will be mounted on a new OM type Taurus truck to be delivered to them by the firm O.M.

3. Please grant them assistance in securing the circulating permit and military Tire Permit.

FERROVIE CALABRO-LUCANE.

Our File 1201
18 Sept.45.

TO : Tn.Sub-Commission.
Rome

Trough your Commission grant this Society has withdrawn by ISR Rome 14 regenerated tires sizes 750 x 20 to use on two lorries operating for a/ Society, and in particularly for the depending Calabro-Lucane Railway.

/ tires have been put in operation on an O.M. type Taurus lorry and we have had already concerned circulating permit.

The others / must be put also on an O.M. type Taurus lorry, new manufacture, that we will withdrawn in few days by O.M. Firm in Brescia. Owing that for this one, we don't know until now about chassis, motor and permit numbers, we ask a authorization of transport from Rome to Brescia; and a credential letter by which competent Allied Authority of Brescia or Milano may release concerned circulating permit.

The / tires have the following matricules:

Firestone	648565 P

Subject:
Tires and tubes for road vehicles.

To Transportation Sub Commission
(Rail Division)
C/o Transportation (Br) Main
C.M.F. - Building

1. By your letter AC/Mat/148/Tn.4 dated 11 September you advised that henceforth our requests for tires and tubes should be submitted directly to Ministry of Industry and Commerce, since the Commerce Sub Commission will make a bulk allotment to the a/m Ministry, which will distribute the tires as requested.

2. We included in our request to the a/m Ministry the tires and tubes that, as reported by you, should be allocated to persons and bodies as shown.

3. We point out however, that until now the Ministry of Industry and Commerce have allocated to the various State Administrations and to private bodies very small amounts of tires. They have allocated to ISR only 50 tires 7.00 x 20 and 7.50 x 20, for truck, without tubes.

4. It is believed that also in a near future, in view of the distribution system, it will be impossible to get a considerable allocation, so that we will be unable to meet the most of our requirements as well as of those of persons and bodies reported by you.

1405

5. Among the requests to take into consideration there is

Declassified E.O. 12356 Section 3.3/NND No. 785021

Subject:
Tires and tubes for road vehicles.

To Transportation Sub Commission
(Rail Division)
C/o Transportation (Br) Main

Copertoni e camere d'aria per automezzi

ALLEGATI N.

TO TRANSPORTATION SU COMMISSION
A.C. (Rail Division)
C/o Transportation (Br) Main
C.M.F.
Sede

(All'attenzione del Sig.Magg.Long)

1- Con la vostra lettera dell'11 settembre AC/Mat/148/Tn/4 ci avete comunicato che d'ora innanzi le vostre richieste di copertoni e camere d'aria debbono essere rivolte direttamente al Ministero dell'Industria e del Commercio, perchè la Sottocommissione Commercio farà un'assegnazione complessiva al Ministero stesso, che provvederà a ripartire i pneumatici ai richiedenti.

2- Abbiamo compreso nella nostra richiesta al Ministero predetto i copertoni e le camere d'aria che, secondo le vostre segnalazioni, si dovrebbero assegnare alle persone ed agli Enti indicati.

3- Facciamo però presente al riguardo che finora il Ministero dell'Industria e del Commercio ha messo a disposizione delle varie Amministrazioni dello Stato e dei privati quantitativi assai limitati di pneumatici, assegnando a questa Amministrazione solamente N.50 copertoni per autocarro da 7,00 x 20 e 7,50 x 20 senza camere d'aria.

4- Riteniamo che anche in un prossimo avvenire, dati i criteri che vengono eseguiti nella ripartizione, non ci sarà possibile ottenere un'assegnazione considerevole, per cui ci troveremo nell'impossibilità di soddisfare almeno in gran parte i nostri bisogni e quelli delle persone e degli Enti che ci avete segnalato.

5- Fra le richieste da tener presente ci avete fra l'altro indicata quella riguardante un vostro dipendente; e cioè l'Ing. Verbinschak, al quale si dovrebbero cedere N.5 copertoni ed altrettante camere d'aria da 6,00 x 16.

6- Vi preghiamo pertanto di esaminare se, tenuto conto delle

Declassified E.O. 12356 Section 3.3/NND No. 785021

particolari nostre esigenze, non sia possibile venirci incontro assegnandoci direttamente i copertoni e le camere d'aria dei quali vi abbiamo già indicato il fabbisogno indipendemente dalle assegnazioni che ci potranno essere fatte dal Ministero dell'Industria e del Commercio.

INTER-OFFICE MEMO

File N. AC/Mat/4/143/Tn 4

SUBJECT : Spare Tires for I.S.R. Trucks.

TO : Commerce Sub-Commission
Attn: S/L Mackenzie

1. The Italian Government was recently assigned 1600 American 1.5 ton trucks and some American 10 ton trucks are now being delivered, all of which are lacking spare tires.

2. The Italian State Railways to whom the trucks have been a assigned are requesting the following tires and tubes:

For the 1.5 ton Trucks

Size	Tires	Tubes
750 x 20	1185	1400

For the 10 Ton Trucks

Size	Tires	Tubes	
11 x 24	260	260	(front wheels)
14 x 20	260	260	(rear wheels)

3. In addition to the above they also require a supply of each size to take care of tires already worn beyond use.

4. It is noted that the trucks are all equipped with spare wheels, and were evidently equipped with tires before the delivery was made to the Italian Government.

5. Will you please make the necessary requisition to cover the tires required to equip all of the trucks with spare tires as listed in para 2.

A. 27/3067/729.13 (45)
Jcea.6002.3

Subject: tyres for vehicles

to Tn. Sub Commission
Rail Division
C/o Transportation (Br.) Main
Building

1) By our letters n. A 27/2038/729; 13 (45), dated June 27.1945 and n. A/27/2358/729;13 (45), dated July 17, you were informed by us of the sizes and quantities of the tyres and inner tubes for vehicles urgently needed.

2) We will appreciate your aid on the matter, i.e. to get some issue on our behalf.

3) We point out that, as far as tyres and inner tubes are concerned, (size 7.50x20) during last July you assigned us complessivaly n. 415 tyres and approx. 200 inner tubes.

4) At this regard, it is to note that you assigned to the Italian Government n. 1600 American 1.5 tons lorries, part of them have been already delivered.
All said vehicles have the spare wheels but they are lacking of tyres.
To complete the fitting up of the spare wheels for all the 1600 lorries, n. 1185 tyres and n. 1400 inner tubes are required.

5) Also the American 10 tons lorries, now being delivered to I.S.R. are lacking of the tyres for the spare wheels.
It is to be pointed out that the head wheels of the a/m vehicles have tyres size 11 x 24, and the rear ones have tyres size 14 x 20. Therefore for each lorry 2 spare wheels are needed. Complessively the requirement of inner tubes and covers for the a/m vehicles is of 260 tyres and inner tubes for the first size and 260 tyres and inner tubes for the second one.

6) All this, leaving out of amount that some tyres already fitted up on the lorries, already in operation, are blown up and consequently must be substituted. Therefore, besides the a.m quantities of tyres and inner tubes (sizes 7.50 x 20; 11 x 24 and 14 x 20) we need many others of the a/m items to substitute the worn out and to avoid the discontinuance in the operation of the very vehicles.

ALLEGATI N.

1) Colle nostre lettere N.A.27/2038/729.13(45) del 27 giugno scorso e successiva N.A.27/2358/729.13 (45) del 17 luglio, vi abbiamo segnalato le misure ed i quantitativi di copertoni e camere d'aria per automezzi dei quali abbiamo più urgente bisogno.

2) Vi saremo grati se vorrete venirei incontro, disponendo per qualche assegnazione a nostro favore.

3) Coll'occasione facciamo presente, per quanto riguarda i copertoni e le camere d'aria da 7;50 x 20, che durante lo scorso mese di luglio ci avete assegnati in complesso N.415 copertoni e N.209 camere d'aria.

4) In proposito rammentiamo che al Governo Italiano avete assegnato N.1600 autocarri americani da tonn.1,5 parte dei quali già consegnati.

Tali autocarri sono provvisti tutti di ruota di scorta, mancante però di pneumatici.

Per completare pertanto dei pneumatici stessi la ruota di scorta di tutti i N.1600 autocarri ci occorrono ancora N.1185 copertoni e N.1400 camere d'aria.

5) Anche i N.260 autocarri americani da tonn.10 in corso di consegna alle F.S. mancano dei pneumatici per la ruota di scorta.

O.F.

:/:

Declassified E.O. 12356 Section 3.3/NND No. 785021

Da notare che le ruote anteriori di detti autocarri spno dotate di copertoni da 11 x 24 e quelle posteriori da 14 x 20, per cui occorrono per ogni autocarro due ruote di scorta e complessivamente N.260 copertoni e camere d'aria della prima misura ed altrettanti della seconda misura.

6) Ciò a prescindere dal fatto che alcuni dei copertoni in opera sugli autocarri già utilizzati sono scoppiati e da sostituire, per cui oltre ai quantitativi suaccennati dei copertoni e camere d'aria da 7,50 x 20 e di quelli da 11 x 24 e da 14 x 20 ne abbiamo bisogno di molti altri per potere sostituire le gomme che si rendono inutilizzabili ed evitare il fermo degli autocarri.

SOCIETA' ITALIANA STRADE FERRATE DEL MEDITERRANEO
FERROVIE CALABRO LUCANE DIRECTION

SUBJECT : Truck Tires
TO : Tn Sub-Comm. AC
R o m e

Rome 22 August 45
Ref. TM/04800/305

Defreezing of two trucks O.M. Medium Type has been obtained by our Direction after application submitted to "Comitato Autoveicoli" of Milan dated 19 May 1945. Above trucks are needed for the exercise of our railway network which has an extension of about Km 750 - and is of interest of 7 Provinces of Southern Italy.

For confirmation we enclose acopy of the above allotment which has been later affirmed by the Allied authority of Northern Italy. The two trucks without tires are awaiting for delivery at O.M. Brescia Factories because the firm Pirelli is now unable to provide the tires.

We are therefore asking you an assignment of tires to be withdrawn from the stock in storage at the Rome warehouse of the Firm Pirelli for account of the Allied Authority. We could thus be able to use the trucks with the urgency required by our railway service, and avoid the setting aside of rolling stock for repair disability due to the lack of spare parts, and and its consequent diminution of the railway service.

Allotment of 14 tires, even second-hand, size: 7,50 x 20 with relative air chambers would be sufficient. Awaiting for a kind early acceptance of our request, we thank you very much.

ROMA 22 AGO 1945

OGGETTO: Gomme per autocarri -

Questa Direzione di Esercizio, in seguito alla domanda avanzata al Comitato Autoveicoli di Milano, in data 19 maggio 1945, ha ottenuto lo sblocco di due autocarri O.M.- tipo medio unificato - necessari per il trasporto di materiali, occorrenti all'Esercizio della propria rete ferroviaria, che, con una lunghezza di circa 750 Km., interessa sette provincie dell'Italia Meridionale.

A conferma di quanto sopra, si allega copia dell'assegnazione predetta che è stata poi convalidata dalle Autorità Alleate dell'Italia Settentrionale: però i due autocarri, già approntati per la consegna presso lo Stabilimento di Brescia, essendo privi dei relativi pneumatici in quanto la Società Pirelli non può per il momento provvedere alla fornitura, non possono essere ritirati e quindi utilizzati. Data la estrema urgenza di avere i due automezzi, onde evitare la continua diminuzione del ns/ servizio ferroviario per l'accantonamento dei rotabili, di cui si rende impossibile la riparazione per la mancanza dei pezzi di ricambio, chiediamo che ci vengano assegnati da codesta On.Commissione, dai contingenti che sono stati depositati dalle Autorità Alleate alla filiale di Roma della Società Pirelli:

N° 14 pneumatici, anche usati, della dimensione 7,50 x 20 e relative camere d'aria.

In attesa di un benevolo urgente accoglimento della presente richiesta, ringraziamo sentitamente.

1) We confirm that on submitting the requests regarding use-permission of the tyres 7.50 x 20 recently transferred to us, as per your AC/Mat/4/ 116 Tn.4, July 25, 1945, your instructions whereof endorsement on release order AC TT 147, will be observed.
2) Obviously such endorsement will not be made on the requests for the use of the 200 tyres, same size, covered by your previous allotment.
3) Tyres and tubes whereof point 2 will be utilized by ISR to complete the reserve wheel on one part of American lorries (1.5 tons) in progress of delivery. Said wheel is lacking of tyre and tube.
4) In this case, as the lorries have all wheels(the reserve one excluded) equipped with tyres - supplied by the factory - we will not submit the request to use said tyres.
5) On the contrary, the request will be made, according to the instructions, in all other cases.
6) Please advise if you agree.

S E D E

(all'Attenzione del Magg. Long)

1°) - Confermiamo che nelle richieste dei permessi d'uso dei copertoni da 7;50 x 20 recentemente cedutici,come da Vostra AC/Mat/4/116/Tn 4 del 25-7-1945, saranno osservate le istruzioni dateci, con l'annotazione trascritta, riguardante l'ordine di sblocco AC.TT.147.

2°) - Naturalmente tale annotazione non sarà riprodotta per le richieste d'uso dei N.200 copertoni della stessa misura oggetto della precedente vostra assegnazione.

3°) - I copertoni e le camere d'aria indicate al punto 2) saranno da noi utilizzati per completare la ruota di scorta di una parte degli autocarri americani da Tonn.1,5 in corso di consegna alla nostra Amministrazione,ruota che è composta del solo cerchio, ma senza copertone e camera d'aria.

4°) - In tal caso,poichè gli autocarri,ad eccezione della ruota di scorta che ne è sprovvista, hanno tutte le altre ruote complete dei copertoni forniti dalle fabbriche,resta inteso che non presenteremo le richieste di usare i copertoni suddetti.

5°) - La richiesta,invece, sarà presentata,come prescritto,in tutti gli altri casi.

6°) - Vi preghiamo dichiararvi d'accordo.

13 December 44.

TO: Road Section
Tn Sub-Commission

SUBJECT: Impouding of Tires & Tubes.

1. Reference Your AC/TN/R/25 Dated Dec.8.44.

2. This correspondence arose from an urgent request in September by Major Walker, then Stores Officer for Rail Section, in respect of Tyres of railway contractor. This contractor had gone forward to collect certain tyres which were hidden, and apparently quite innocently endeavoured to bring them back to Rome to enable him to fulfill his essential work as contractor to the Director of Military Railway Services.

3. Major Walker immediately drew the attention of Col.Adams to the matter, who prior to his departure to England, submitted the matter to Mr. Antolini. It was clearly ascertained that the tyres were in the hands of Major Sowers, who was made fully aware of the position and of the special interest of Col. Adams in the matter, but instead of holding them in abeyance so that the matter co-uld be satisfactorily settled, apparently the tyres were distributed.

4. The engineer concerned is responsible for repair of section of the Line Ortona-Ancona, which is a military priority under AC supervision. These contractors are held up in essential work because of lack of tyres. The alternative suggested in your paragraph three was though af some good time ago, and Mr. Pacanowski's application should be available in your file of tyre application. Moreover, he calls frequently asking for some information on the subject.

5. It would be greatly appreciated if something special could be done to meet the urgent requirements in this case.

Reference conversation (Long - Kubale) 23rd July 1945.

The firm Societa Anonima Elettrificazione is carrying out for the I.S.R. a large amount of railway electrification work for which they are using motor transport. This firm has requested assistance in obtaining tyres and tubes and attached hereto is a copy of their request dated 20th July 1945 which appears reasonable.

Please advice if it is possible to be of assistance in this matter.

MILITARY RAILWAY SERVICE

R.M.R.

Request for assignment of tyres.

Our Firm has so far contracted from I.S.R. the reconstruction of the following war damaged high tension lines and contact lines in Central and Southern Italy :

150 KV. transmission line from Benne to Fondi
150 KV. transmission line from Fondi to Minturno
150 KV. transmission line from Fondi to Ceprano
3 KV. contact line from Rome to Orte
3 KV. contact line from Rome to Formia.

It is quite likely that additional reconstruction work will be contracted in the very next future.

The above work requires extensive daily use of our cars and trucks, for transportation and transfer of personnel, equipment, materials and supplies in the working areas.
A total of 5 cars, 1 small truck and 4 medium size trucks have been assigned for this purpose.

The tyre situation of the above vehicles is already rather poor, and will of course rapidly deteriorate with the progress of the work.
We expect therefore that an adequate number of new tyres will be necessary in a very short time, and we are hereby requesting assignment of the same as per attached list.

1406

We shall greatly appreciate your kind cooperation in this matter, and we are expressing our best thanks.

OGGETTO

Sblocco di gomme per automezzi.-

ALLEGATI N.

1) - Per attuare un servizio di collegamento per le ferrovie cogli uffici del nord e viceversa si vorrebbero utilizzare due autobus di proprietà dell'I.N.T. e precisamente:

1 O.M. Taurus, capace di 29 posti a sedere, nuovo da targare, fermo a Teramo;

1 Alfa Romeo, motrice e rimorchio, capace di 92 posti a sedere, targato Roma.-

2) - Ambedue gli automezzi sono però privi di gomme e pertanto preghiamo di voler autorizzare lo sblocco presso la Ditta Michelin di Torino che potrebbe fornirle.-

3) - Per il primo autobus occorrerebbero otto copertoni 34 X 7 con relative camere d'aria.

Per il secondo otto copertoni 38 X 9 oppure 10,50 X 20.-

4) - Dato lo scopo di detta fornitura si ha fiducia che la richiesta sarà evasa.- 1391

Si resta in attesa di cortese sollecito riscontro.=

1. Enclosed is letter from the ISR N.10378/VI/4 dated 15 June with copy of a letter from the firm DI PENTA asking for tyres. This firm is reconstructing on the line 65 and finds it impossible to finish the work in time without tyres.

2. In talking with the Ufficio Autotrasporti their Director insists that this firm may hire transport on a day to day basis but without petrol.

3. The writer feels that attention should be concentrated on the matter of getting releases for materials including tyres and petrol; diesel oil, etc for firms working on line 65 as it would appear that the control, exeercised by the Allies, is so complete that projects, sponsored by the Allies, are doomed to failure.

1372

Copia

Roma 3rd Aprile 1945

TO : Major S.P. BUCKLEY,
Tn.S.C.A.C.RAIL Div.

SUBJECT: Tires request.

1. The 22nd December 1944, Capt.Mac.Carty, IV Region Commissioner, Vi Via Locullo, Rome, gave us the authorization for no.20 tires 9.00=20 for our lorries:

No. 6 tires for the lorrj C.M. nO.IC462 BA
No. 8 tires for the trailler No.39 CB.
No. 6 tires for the lorry FIAT 666 no.77I4I ROMA.

2. We didd not take the tires, because they were too small for our trucks, and Capt.Mac.Carty promised to give us bigger ones as follows:
No. 6 tires 11,25 x 24 for the lorry C.M.
No. 8 tires 11,25 x 24 for the traller
No. 6 tires 11,00 x 20 for the lorry FIAT 666.

3° Capt.Mac.Carty is no more dealing with the tires and he told us to see Lieut.Divine, A.C. H.C., Rome, but till now we had no chance.

4. Capt. Mac. Carrty promised to give us else:
No. 10 tires 6,00 x I6
For our cars:

Fiat 1100 - No. 27139 NA
Fiat 1100- No. 24585 NA
Fiat 1100- No. 77I57 Rome

with reference to the letter of Col.Lindberg AC/239/Tn.Of.I3th Dec.44, which copy we enclose herewith.

5. The situation of our tires is simply tragical, and we should be very glad if you could Kindly help us in this matter giving us also the inner tubes.

C/c Incremento Trasporti C.M.F.
S E D E
(all'attenzione del Magg. Long)

1. Ci riferiamo alla Vostra del 14.6.1945 N.AC/Mat /4/62/Tn.4 circa l'assegnazione dei copertoni recentemente ceduticì.

2. Vi informiamo che all'Ufficio Elettrificazione F.S. di Roma abbiamo già fornito N. 7 copertoni ed altrettante camere d'aria da 7,50 x 20 prelevandoli da quelli riparati che avete messo a nostra disposizione nel maggio scorso.

Allo stesso ufficio abbiamo pure dato N.10 copertoni e 10 camere d'aria da 6,00 x 16.

3. Alla Sezione Trazione di Ancona daremo N. 2 copertoni e 2 camere d'aria da 6,00 x 16.

Non riteniamo opportuno darne 4 invece di 2, perchè i coper= toni di questa misura non si possono adoperare in luogo dei due da 6,00 x 16 pure richiesti dalla Sezione predetta.

4. Voi ci avete promesso una seconda assegnazione di copertoni da 7,50 x 20 con relative camere d'aria.

Vi saremo grati se vorrete sollecitarla.

5. L'impiego, in sostituzione di questi, dei copertoni forniti ci da 9,00 x 20 trova qualche difficoltà per la mancanza delle relative camere d'aria.

Subject: tyres for motovehicles

1) Ref. your letter N AC/Mat/4/62/Tn 4 dated 14 June - 1945 about the allotment of tyres you recently gave us.

2) We inform you that we gave 7 covers and 7 inner tubes -7,50x20, taken from the salvaged ones, that you put at our disposal on May 1945.

We also gave 10 covers and 10 inner tubes 6,00 x 16 to the same office.

3) We are going to give 2 covers and 2 inner tubes 6,00 x 16 to the Traction Section of Ancona.

We don't deem it convenient to give them 4 instead of 2, as the tyres of this size cannot be used instead of the other two, that this Section required too.

4) You promised to grant us a second allotment of covers 7,50 x 20 and relative inner tubes.

We shall greatly appreciate, could you urge it.

5) The use, as a substitution of these, of the covers 9,00 x 20, is rather difficult, as there is no availability of the relative inner tubes.

SUBJECT : Assignment of I.S.R. Tires.

TO : Chief of Stores Section I.S.R. Bldg.
Attn: Ing. Bracci

1. With reference to assignment of tires which will be received at Tibertina Stores 15 June 45.

2. The D.M.R.S. requested tires for certain I.S.R. departments which were included in our requisitions to HQ.AC. It is requested that you give these requests priority in assigning the tires:

Railway		Electrification		Departments	
750 x 20		Tires	6	Tubes	6
600 x 16		"	15	"	15

It is expected that you have already furnished this department with size 750 x 20, if not, please ascertain if they can use size 900 x 20.

Traction		Service		Ancona	
600 x 16		Tires	2	Tubes	2
600 x 18		"	2	"	2

As we did not or will not receive any size 600 x 18 please assign 4 - 600 x 16 to this service, if it is possible for them to use the two additional size 600 x 16.

R o m e

To meet, at least on a minimum scale, the lack of railway facilities between Rome and Campobasso, the I.S.R. Administration, through their own Istituto Nazionale Trasporti, inaugurated a weekly bus shuttle service between the two above localities.

We hoped to operate a bi-weekly service, as soon as more facilities were available.

On the contrary, due to the bad order of the roads, the tyres suffered so much that, as from 16 May, the service had to be discontinued.

As we could not purchase at the normal sources the tyres required to replace those being worn out, and in view of the necessity to get a connection between Campobasso and the Capital, please arrange to sell to the Istituto Nazionale Trasporti 16 tyres, 34 x 7 (or equivalent sizes), needed to operate the two busses for the above service. 13-3

FERROVIA CANCELLO - BENEVENTO

Il Presidente

BENEVENTO,

24th, May, 1945.

Sir,

I have the honour to request that five tyres No 6.00 x 16 are alloted to this administration for car 'Aprilia' No.2621. It is known to you that this privately owned railway is being rebuilt on the instructions from the Allied Command for urgent military reasons.

It will be appreciated that the rebuilding of this rail way requires constant supervision and I am requested by Capt Greany R.E. who is your representative here to apply to you for the release of these tyres.

Work is being done by day and by night and the necessit for a car is most urgent. I shall of course pay cash for the tyres on release.

I have the honour, to be

Sir

Your obedient servant

Umberto Perrotta

With reference to your letter A.27/975/729.13(45) dated 21 Apr. 45.

1. Transportation Sub Commission have informed me that four tyres were specially procured for H.E. The Minister only about one month ago and it is not understood therefore why a further demand is now being made unless they are required to equip a second vehicle.

2. If this assumption is correct will you please ascertain for what purpose the second car is required so that an assessment of the degree of priority can be made.

3. Tyres of all types are in extremely short supply and can only be issued to meet the most urgent demands.

6 April 1944

SUBJECT: Automobile Tires for I.S.R. Officials

TO : Director General, Military Railway Service, APO 400, U S Army
(Attention: Lt. Col. R. J. Crane)

1. Attached hereto are translations of two letters sent to me by Sig. DiMauro concerning the condition of the tires on the two cars operated by himself and Sig. Selinari.

2. I have looked at these tires after these letters had come in and they are in very poor shape. It is true that these men did not get out over their territory when we first were in this area, but they have been getting out frequently in the past three or four weeks and their inspections have been of great help to themselves as well as to us in coordinating the work on their districts.

3. If at all possible would like to have this request looked into by the Stores Department and if tires can be made available for essential military railway officials, would appreciate any effort you can give in the matter.

SUBJECT: Rehabilitation of lines.

1. To prepare the many projects for rehabilitation of the lines, a special Office has been set-up for whose operation the use of motor-vehicles is essential, both for conveyance of personnel, for sureveys, etc.and for carriage of material.

2. To fulfill above requirements, following vehicles are available: two cars, four ISR trucks and one motorveycle.

3. Most of above vehicles have badly worn-out tires and to secure continuity of operation following tires would be necessary:

size 4,25 x 15	5 tires and 5 inner tubes	
" 5,50 x 15	5 " " 5 " "	
" 6 x 17	5 " "	(for truck)
" 30 x 5	6 " "	" "
" 27 x 3,85	3 tires and 3 " "	
" 695 x 135	5 " "	

4. As it is not possible to secure continuity of operation without above tires & inner tubes, nor, on the other hand, is it possible to buy them in the open market, you are kindly requested to investigate the possibility to somehow help this Dept.

XXXXXXXXXXXXXXXXX
DEI TRASPORTI

Servizio Lavori e Costruzioni.

COMMISSIONE ALLEATA
Signor Maggiore STREET
R O M A

Ripristino linee.

1) Per compilare i numerosi progetti di ripristino linee si è costituito presso questo Servizio un Ufficio che per il proprio funzionamento ha assoluto bisogno di impiegare automezzi sia per inviare sul posto il proprio personale, per constatazioni, rilievi, e lavori, sia per trasporto materiali.

2) Per lo scopo suddetto si hanno due autovetture, nonchè quattro autocarri proprietà ferroviaria, e una motocicletta.

3) Senonchè detti automezzi hanno ormai le coperture in gran parte consumate e per assicurare per qualche tempo l'efficienza di essi, occorrerebbero almeno le seguenti coperture:

6 camere d'aria e 6 copertoni - 4,25 x 15
6 camere d'aria e 6 copertoni - 5,50 x 15
6 camere d'aria per autocarro - 6 x 17
6 camere d'aria - 20 x 5
6 copertoni e 6 camere d'aria - 27 x 3,85
6 camere d'aria - 895 x 135.

1319

4) Poichè senza detti materiali non può essere assicurato il servizio dei sopracitati autoveicoli, e d'altra parte sul libero commercio è ormai pressochè impossibile trovare, anche a prezzo elevato, coperture del tipo occorrente, così prego la S.V. di volere, se possibile, venire in aiuto a questo Servizio.

Rehabilitation of lines:
242 - Albacina-Porto Civitanova
245 - Ascoli-Porto d'Ascoli
246 - Tearna-Giulianova

1. I am in receipt of your letter AC/Tn.29/C.E. dated 20 April concerning the rehabilitation of a/m lines 242, 245 and 246

2. In so far as the Albacina-Porto Civitanova line is concerned, Woerks Section Ancona is dealing with the matter and we await their suggestions on this subject.

3. For the other two lines, Works Section Ancona cannot do xxx anything.

4. This Works Dept. HQ ISR xxxxx is in a position to prepare corresponding projects, with its own staff, but it xxxxxxxxxxxxxx xxxxxxxxxxxx has no tires for the car required to effect the survey.

5. Some time ago xxxxxxxxxxxx our Purchase Dept. was instructed tu buy 5 tires Pirelli at 450.000 lire, but the tires had already been sold.

6. Please therefore do your best in order that this Office may be allocated 10 tires & inner tubes for Fiat Ba illa.

OGGETTO

Ripristino linee:
242 - Albacina-Porto Civitanova
245 - Ascoli-Porto d'Ascoli
246 - Teramo Giulianova.

COMMISSIONE ALLEATA
Sig. Maggiore STRETT

ALLEGATI N.

1) Ho ricevuto la lettera N. AC/Tn.29/C.E. del 20 corrente circa il ripristino delle linee 242 - 245 - 246.

2) Per la linea Albacina-Porto Civitanova si occupa la Sezione Lavori di Ancona, e si attende da qualche tempo la proposta di massima.

3) Per le altre due linee Ascoli-Porto d'Ascoli, et Teramo-Giulianova, la Sezione di Ancona non è in grado di provvedere.

4) Questo Servizio potrebbe compilare il progetto con il proprio personale, ma non ha le gomme per l'autoveizo occorrente per eseguire i rilievi.

Qualche giorno fa avevo dato ordine di acquistare 5 coperture Pirelli a L. 450.000; ma non appena autorizzato l'acquisto le gomme erano state vendute ad altro acquirente.

5) Così stando le cose sarei vivamente a pregare di volere assegnare a questo Ufficio 10 coperture complete con camere d'aria per Fiat Balilla.

1) L'Ufficio delle costruzioni ferroviarie di Tavernelle che deve provvedere al completamento del raccordo ferroviario per la stazione di Ellera-Corciano e la miniera di Pietrafitta non può svolgere una efficace dirigenza e sorveglianza dei lavori dato che l'unica autovettura di cui dispone ha i copertoni completamente fuori uso e quindi non può circolare.

2) Prego pertanto, se possibile, assegnare a detto Ufficio n° 4 copertoni 5.00 x 18 ovvero 5.50 x 18 ovvero 4.75 x 18 od anche 6.00 x 18 nonchè 5 camere d'aria adatte per i copertoni che saranno forniti.

N. I/4/13140/1

Al N. del

Servizio Lavori e Costruzioni.

COMMISSIONE ALLEATA
Signor Maggiore STREET
R O M A

OGGETTO

Ripristino linee.

ALLEGATI N.

1) Per compilare i numerosi progetti di ripristino linee si è costituito presso questo Servizio un Ufficio che per il proprio funzionamento ha assoluto bisogno di impiegare automezzi sia per inviare sul posto il proprio personale, per constatazioni, rilievi, e lavori, sia per trasporto materiali.

2) Per lo scopo suddetto si hanno due autovetture, non chè quattro autocarri proprietà ferroviaria, e una motocicletta.

3) Senonchè detti automezzi hanno ormai le coperture in gran parte consumate e per assicurare per qualche tempo l'efficienza di essi, occorrerebbero almeno le seguenti coperture:

5 camere d'aria e 5 copertoni - 4,25 x 15
5 camere d'aria e 5 copertoni - 5,50 x 15
5 camere d'aria per autocarro - 6 x 17
6 camere d'aria - 30 x 5
3 copertoni e 3 camere d'aria - 27 x 3,85
5 camere d'aria - 895 x 135.

1295

4) Poichè senza detti materiali non può essere assicurato il servizio dei sopracitati autoveicoli, e d'altra parte sul libero commercio è ormai pressochè impossibile trovare, anche a prezzo elevato, coperture del tipo occorrente, così prego la S.V. di volere, se possibile, venire in aiuto a questo Servizio.

Eugenio Parcini
Contractor

ref: N.2556

Roma, 2 Apr[illegible] 1945

To: Tn S/Commission AC
Rail Division

The undersigned Contractor, having his head-office at Roma, Piazza Sallustio N. 9, has been entrusted by IGT Administration, by order of Allied Military Authorities, with following works:

a) reconstruction of works on Roma-Orte line

b) reconstruction of works btw. Cascine Station and Possa Viaduct on Firenze-Empoli-Pisa line.

c) reconstruction of works btw. Montevarchi and Rignano Stations on Arezzo-Firenze line.

As it is nearly impossible to purchase tires on the open market, he applies to that S/Commission for kind allocation of:

four tires & inner tubes size 16 x 5.00

He is prepared to agree on the conditions that will be established by that S/Commision.

Also tires having similar size could be utilized.

Trusting in a favourable reply, he remains

yours faithful

3RD April 1945

TO : Major S.P. BUCKLEY
Tn.S.C., A.C., Rail Div.

SUBJECT: Tires request.

1. The 22nd December 1944, Capt.Mac Carty, IV Region Commissioner, via Lucullo, Rome, gave us the authorization for No. 20 tires 9.00-20 for our lorries :

No. 6 tires for the lorry O.M. No. 104662 BA
No. 8 tires for the trailer No. 39 CB.
No. 6 tires for the lorry FIAT 666, No. 77141 ROMA.

2. We did not take the tires, because they were too small for our trucks, and Capt. Mac Carty promised to give us bigger ones as follows ;

No. 6 tires 11,25 x 24 for the lorry O.M.
No. 8 tires 11,25 x 24 for the trailer
No. 6 tires 11,00 x 20 for the lorry FIAT 666.

3. Capt. Mac Carty is no more dealing with the tires and he told us to see Lieut. Divine, A.C. H.Q., Rome, but till now we had no change.

4. Capt. Mac Carty promised to give us also:

No. 10 tires 6,00 x 16
for our cars :

Fiat 1100 - No. 27139 NA
Fiat 1100 - No. 24585 NA
Fiat 1100 - No. 77157 Rome

with reference to the letter of Col. Lindberg AC/239/Tn of 13th Dec. 44, which copy we enclose herewith.

The situation of our tires is simply tragical, and we Would be very glad if you could kindly help us in this matter giving us also the inner tubes.

We need also:
n°6tires and tubes 12x20 for backwheels
N° 6 tires and tubes 9x16 for front wheels
for our 2 trucks 18 BL target N° 83172 ROMA and 83174 ROMA and/
for 1 truck 18 F target N° 81382 ROMA;

MINISTERO DEI TRASPORTI

FERROVIE DELLO STATO
SEGRETERIA TECNICA
DEL CAPO COMPARTIMENTO DI ROMA
CONTROLLO CONSUMO CARBURANTI

Roma, 25 FEB. 1945

N. 6.b.0 450.Prgum.

HEADQUARTERS
Allied Control Commission
Transportation Sub-Commission
A.P.O. 394

OGGETTO: Richiesta pneumatici di scarto.

Sotto la giurisdizione di questo Compartimento funziona una Mensa Refettorio per agenti ferroviari in servizio attivo, sfollati, sinistrati e pensionati (Palazzo del Clementino - Via delle Terme di Diocleziano N.33).-

Detta Mensa provvede giornalmente alla somministrazione di circa 3500 pasti caldi, consistenti in una minestra ed un secondo composto di legumi e verdure fresche.-

Per l'approvvigionamenti dei viveri necessari, sia a Roma che nelle località viciniori, ed il loro trasporto, la Mensa è dotata di un automezzo di proprietà delle Ferrovie dello Stato : Autocarro marca Fiat 508, targa Roma 83208, MP.12, permesso di circolazione N.148710, regolarmente munito di carta carburanti e di foglio di via dell'E.N.A.C.-

Tale autocarro fra brevissimo tempo non potrà essere più utilizzato a causa del forte deperimento dei pneumatici, i quali non possono ulteriormente garantire la circolabilità della macchina.-

Se ciò avvenisse creerebbe un gravissimo disagio al buon funzionamento della Mensa, al quale si potrà difficilmente ovviare stante la penuria di automezzi in cui versa questo Compartimento e la introvabilità sulla piazza di coperture in buono stato.-

Si prega pertanto vivamente perchè codesta On. Commissione voglia concedere, in via del tutto eccezionale ed in considerazione dell'alto scopo umanitario espletato dalla Mensa, un treno completo di pneumatici (copertoni e camere d'aria, misura approssimativa 4.00 x 17), fra quelli che dalle Forze Armate Alleate sono stati scartati e riparati per essere eventualmente caduti in vendita agli Enti Statali Italiani.-

Si resta in attesa di cortesi sollecite comunicazioni al riguardo, fiduciosi in un esito positivo della presente richiesta.-

MINISTRY OF TRANSPORTATION
ITALIAN STATE RAILWAYS
OFFICE OF COMPARTMENT

ROME. 27 February 1945 Ref. 6.b.CC.450.Pnau

SUBJECT. Request for used tyres

TO HQ., A.C. Tn S/Commission, A.P.O. 394
(attention Major Ping)

At the Palazzo del Clementino, via delle Terme di Diocleziono 33, there is a Mess under the control of the Rome Compartment for I.S.R. employees (those in actual service, refugees, bombed out and pensioners).

This mess provides about 3500 hot meals daily, consisting of soup and a dish of fresh or dried vegetables.

In order to transport the necessary food either from markets in Rome or on the outskirts, an ISR motor lorry is used (FIAT, type 508 - No. ROMA 83208, HP 12 - circulating permit No. 148710 - provided with petrol coupons and permanent trip ticket issued by F.N.A.C.)

Owing to the tyres being worn out, it is anticipated that in the near future it will be no longer possible to use the lorry.

This position would create a serious difficulty in maintaining the Mess, particularly as the Compartment is short of motor lorries and could not allocate another for the use of the Mess, and it is impossible to purchase tyres in good condition on the market.

In view of the necessitous objects served by the Mess, I therefore kindly ask for a set of 5 tyres (tyres & inner tubes, approx measurements 4.00 x 17) selected from those which have been discarded by the Allied Forces and repaired for eventual sale to the Italian State Concerns.

Your early reply will oblige.

/s/ MARIN

TRIESTE
VIA NIZZA N. 21 - TELEF. 49-01

Roma, January 28th, 1945

To the Allied Commission of Transportation
R O M E

Object: authorization to use Allied tires -

The undersigned Firm informs you that on Nov. 28th, 1944 their automobile FIAT 1200 - Rome 68543 was stolen.

After a long research the same was found, but without wheels or other important accessories and even after the arrest of the supposed thief they were not to be got back.

It has not been possible to buy but a small part of the accessories needed, while up to date it has been impossible to get any tires at all.

In the meanwhile this Firm has undertaken the work of checking and restoring masterpieces and manufactured articles of the 2nd block of the Railway lineage : Florence - Empoli - Pisa -

We have therefore a real necessity to put again in circulation our car for said work and therefore we kindly require for an authorization that permits us to use tires once belonging to the Allied Army Forces, if it might be possible for us to get them through the eventual regained possessions.

Thanking you in advance, and trusting for a favourable reply,

We beg to remain,

Yours very truly,

Impresa Pardi - Roma

SUBJECT: Request for tires for ISR vehicles

TO : Assistant Deputy Director Stores, Military Railway Service-Italy

1. A letter was written 16 December 1944 to Supply Officer 774 Railway Grand Division requesting tires for use on vehicles belonging to the Italian State Railways. This letter was referred to Major Long who wrote a letter to the Allied Commission requesting the tires be supplied.

2. No action has been taken by the Commission and no assurance was given the ISR that they would ever receive the tires.

3. The maintenance of all Military Railway Service lines of communication which are of vital importance to the operation of the Railways has been made the responsibility of the ISR. Approximately one thousand miles of communications lines are being maintained by the ISR under the supervision of MRS. Therefore, in order for the Italians to be able to carry out this work it is essential that they be furnished the necessary equipment.

4. It is requested that 15 - 600 x 16 - 6 ply tires be made available as soon as possible. Seven vehicles are out of service because tires are lacking. Heavy duty tires are not satisfactory for the small vehicles.

Office of the Director

APO 512
16 December 1944

Subject: Application for tires for use on I.S.R. vehicles

To: Supply Officer, 774th Ry. Grand Division.

1. The Signal and Communications Office of the Italian State Railways has requested that they be furnished with fifteen (15) 600x16 - 6 ply tires. The heavy type tires used on jeeps is not satisfactory for use on the small cars.

2. This department has ten (10) vehicles, seven (7) of which are not in service because tires are lacking. If these tires could be supplied all vehicles could be placed in operation.

3. These vehicles are used in signal communications maintenance that is essential to the efficient operation of the railways. Inasmuch as the majority of this maintenance is being carried out by the Italians as troops are not now available it is felt that this request should be approved. The procurement of signal maintenance stores for use by the I.S.R. requires a lot of effort. Unless transportation to the job is available these stores cannot be used which defeats the purpose of their procurement.

SUBJECT: Repair of Tires for Italian State Railway.

TO : Headquarters, Region IV, Regional M.T.O. A.P.O. 394
U.S. Army. ATTN: Major Harris.

1. The Signal and Communications Office of the Italian State Railways have ten (10) vehicles seven (7) of which are not in service because tires are lacking.

2. They have requested that they be furnished with fifteen (15) 600 x 16 -6ply tires. The heavy type tires used on jeeps are not satisfactory for use on the small cars.

3. The need of the tires is affirmed by Captain Claude Johnston, Railway Signal Maintenance Superintendent of Military Railway Service who is charged with the repair and maintenance of signal and Communications. The materials for this work have been procured but, the effort in procuring them is defeated by having no means of distribution.

4. It is requested that a high priority be given to Italian State Railway and their contractors for the repair and purchase of tires in order that this necessary work may be pushed and our Railway transportation facilities be increased, to take care of the ever increasing demands being made on them.

Suoject: Request for tires for Contractor Alarico Palmieri Low Working Fondi Tunnel

To: Captain C. M. Long, Stores Section, 774th Ry Grand Division, APO 512.

1. Attached herewith for your handling is letter from Contractor Alarico Palmieri who has contract with the I.S.R. under the direction and supervision of the Military Railway Service, covering repairs to Fondi Tunnel, requesting tires for trucks and passenger cars used in connection with his work.

2. This request is approved by this office on presumption that tires have been inspected and should be renewed or repaired, and if such is the case would request that effort be made to secure these tires for contractor in order to avoid delay to work.

3. It should be noted that in paragraph 2 of the attached letter, the contractor made application for 16 tires with A.M.G. of Arezzo last September. He also has a request in for tires with the Transportation Sub-Commission A.C.C. H.Q. We should check this matter to see that two issues of tires are not made to contractor.

4. It should also be noted that contractor is now requesting 16 - 16" or 15" tires and tubes for cars in addition to request for 16 - 20" tires and tubes for trucks.

APO 400
13 October 1944

SUBJECT: Spare Parts for I.S.R. Vehicles.

TO : Hq. A.C.C., Transportation Sub-Commission, APO 394, U.S.Army.

1. With further reference your letter 15 September concerning spare parts for I.S.R. vehicles, Signal Section, there is now attached a copy of letter (translation), dated 10 October from Chief of Signal Section, I.S.R., asking in the alternative of securing release for the parts listed with our letter of September 9, that permission be granted to salvage parts from wrecked automobiles.

2. Will you please advise what the prospects of securing parts listed in our previous letter of September 9 are at this time; also whether their proposition of independent salvage of parts can be entertained.

3. The Signal Section of I.S.R. have heavy and very important responsibility in the matter of maintaining railway communications.

4. It is becoming increasingly difficult for them to cover the job because of a lack of vehicular transportation to get at the jobs. Every possible consideration favorable to their request is therefore urged.

Office of Director General

A. F. O. 400
28 August 1944

Subject: Transportation Required for Maintenance of Railway Telephone and Telegraph Circuits Potenza to Bologna and Florence.

To: Colonel E. F. McFadden, A. G. M., Stores.

1. Between Naples and Foggia it was necessary to leave four (4) M.R.S. rail motor cars with the ISR Electrical Department for the maintenance of railway telephone and telegraph lines, with additional help furnished the ISR on transportation by MRS units at Naples, Aversa and Caserta.

2. The ISR has a few trucks and motor cars now in service in the Rome Area, some of which are in need of repairs to continue operation. In addition the ISR has trucks not in service that require engine parts, tires and tubes which would allow them to be put back in service if repair parts are available. The attached list shows the trucks belonging to the I.E.S. Section of the ISR, Rome, and parts required.

3. When additional rail lines are turned back to the ISR for operation, it will be necessary to furnish them with additional vehicles for maintenance of telephone and telegraph lines in addition to the vehicles they now have in service and can be repaired if parts are available.

4. The minimum number of additional trucks required for telephone and telegraph line maintenance are as follows:-

Naples to Potenza	3 - 3/4	ton	trucks
Caserta to Foggia	2 - 3/4	"	"
Naples to Caserta and Naples Terminal	1 - 3/4	"	"
Naples to Aversa and Naples Terminal	1 - 3/4	"	"
Caserta to Rome, Line 90	2 - 3/4	"	"
Aversa to Rome, Line 89	2 - 3/4	"	"
Rome to Arezzo, Line 65	2 - 3/4	"	"
Rome to Leghorn, Line 50	3 - 3/4	"	"
Orte to Ancona, Line 87	3 - 3/4	"	"
Ancona to Bologna	3 - 3/4	"	"

Subject:

Request of authorization for the purchase of parts and pneumatics (tyres and inner tubes) for our motor-conveyances used in connection with works dependent on I S Rys under the control of M.R.S.

With reference to the conversations which took place between your Offices and our legal representative, we beg to confirm hereby that we are under the urgent necessity of supplying ourselves with the parts and pneumatics shown on the attached specification, which are indispensable for the full operation of our motor-conveyances intended for the transportation of the materials needed for the prompt excecution of the works entrusted to us by the I.S.R. under the direct control of M.R.S.

At the same time, we should request you to kindly comply with our request relative to a possible purchase of motor-conveyances coming from the States and being of an American trade-mark, with a view to renderd our collaboration ever more active. That, of course, should such motor-conveyances be sold to Concerns being entrusted with works depending on you of to be effected under your control.

Thanking you in atticipation, we remain

SUBJECT: Inner Tubes for I.S.R. Vehicles

TO : Hq, ACC, Road Section, Transp. Sub-Comm.
APO 394, U.S.Army

1. There is attached (translation) letter from Director General, Italian State Railways, dated 7 Sept. 1944, file ICCA/567/3/Segr., explaining that two (2) inner tubes, property of the I.S.R. were requisitioned, while at a repair firm, by Col. Carter, D.O.S.

2. It will be appreciated that at best it is very difficult to keep sufficient automotive transportation on the road for the I.S.R. supervisory officers to do their jobs. Therefore, it will be appreciated if handling can be given to recover these tubes, or authorize replacement by I.S.R.

Subject:
Requisition of inner tubes

To General Direction M.R.S.
Building

Colonel Carter D.O.S. has requisitioned two inner tubes (5000x15), property of I.S.R.Administration, located at "Scarpone Renato Firm, for repairing.

The request forwarded to said Officer by this General Direction had no success.

As this Administration is scarcely provided with inner tubes, we beg you to dispose that the above ones be given back.

Relative documents are attached.

DIREZIONE GENERALE DEL

MILITARY RAILWAIS SERVICE

SEDE

Il Colonnello Carter del D.O.S. ha requisite due camere d'aria (5.00 x 15) appartenenti a questa Amministrazione, che si trovavano presso la Ditta Scarpone Renato per riparazione.

La richiesta inoltrata al predetto Ufficiale da questa Direzione Generale ha avuto esito negativo.

Si prega codesta Direzione volere intervenire affinchè le gomme suddette siano restituite data la grande scarsezza di gomme che ha questa Amministrazione Ferroviaria. Si allegano i documenti relativi.

TO: Major F. J. Murphy

1. Existing directives prohibit the turning over to civilian organizations any military equipment. Such equipment which is required by the ISR should be requested by them thru their own established channels on ACC. Such requests are forwarded to General di Raimondo, who solicits the approval of the DGMRS, and if he agrees, he in turn indorses the requests to ACC, recommending the equipment be furnished.

A. P. O. 400
28 August 1944

Subject: Transportation Required for Maintenance of Railway Telephone and Telegraph Circuits Potenza to Bologna & Florence.

To: Colonel E. F. McFadden, A. C. M., Stores.

1. Between Naples and Foggia it was necessary to leave four (4) M.R.S. rail motor cars with the ISR Electrical Department for the maintenance of railway telephone and telegraph lines, with additional help furnished the ISR on transportation by MRS units at Naples, Aversa and Caserta.

2. The ISR has a few trucks and motor cars now in service in the Rome Area, some of which are in need of repairs to continue operation. In addition the ISR has trucks not in service that require engine parts, tires and tubes which would allow them to be put back in service if repair parts are available. The attached list shows the trucks belonging to the I.E.S. Section of the ISR, Rome, and parts required.

3. When additional rail lines are turned back to the ISR for operation, it will be necessary to furnish them with additional vehicles for maintenance of telephone and telegraph lines in addition to the vehicles they now have in service and can be repaired if parts are available.

4. The minimum number of additional trucks required for telephone and telegraph line maintenance are as follows:-

Naples to Potenza	3 - 3/4 ton trucks
Caserta to Foggia	2 - 3/4 " "
Naples to Caserta and Naples Terminal	1 - 3/4 " "
Naples to Aversa and Naples Terminal	1 - 3/4 " "
Caserta to Rome, Line 90	2 - 3/4 " "
Aversa to Rome, Line 89	2 - 3/4 " "
Rome to Arezzo, Line 65	2 - 3/4 " "
Rome to Leghorn, Line 50	3 - 3/4 " "
Orte to Ancona, Line 87	3 - 3/4 " "
Ancona to Bologna	3 - 3/4 " "
Leghorn to Florence	2 - 3/4 " "

SUBJECT: Tires.

TO : Colonel J. E. Guilfoyle, Commanding Officer, 701st Ry Grand Div, Attn: Major Delisle.

1. We have requisitioned one civilian truck which is a Fiat make, license number 23462 NA. This has been assigned to the contracting firm of I.L.S.E. who are now engaged in the reconstruction of the Monte Massico Tunnel. This truck is used entirely for construction purposes and the obtaining of supplies and rations for this particular job. It is not engaged in any other work. This truck was obtained in order to release Army vehicles at this point.

2. The tires on this truck are in very poor condition and three tires are needed to keep this truck in operation. Would you please requisition the following tires for this truck:

2 tires 5.50-18
1 tire 6.50-20

3. These tires can be delivered to the Engineering Section and will be turned over to the contractor.

HQRS. 719 RAILWAY OPERATING BATTALION
A. P. O. #400 - U. S. ARMY

24 June 1944.

SUBJECT: Tires and Gasoline for S. A. FONDERIE DI SALERNO

TO : Colonel E. F. McFadden, ACM Stores, MRS, APO #400.

1. Referring to - and confirming - 'phone conversation this date:

2. Attached is original letter 15 May from S. A. FONDERIE DI SALERNO which requests authority to purchase six (6) tires, size 600x16, and permission to secure maximum of 90 gallons gasoline per month. Statements made in this letter that theyfurnish brake shoes, fire box grates, journals, etc., for the IRS, are correct and constitute our regular source of supply for these items.

3. I have had the tires on the car inspected and they are practically worn out, and are not safe for further operation of the automobile. I recommend his request for tires be favorably considered. Insofar as the gasoline requirements are concerned, they can be taken care of along with those of the IRS from our usual source supply this point.

For the Commanding Officer:

Stabilimento e Direzione: Fratte di Salerno

- - - - - - -

Fratte di Salerno, li 15 May 1944

SUBJECT: Request for tires, gasoline
and circulation permit (Auto 4539 SA)

TO: Colonel McFadden, M.R.S. - Naples

As you well know, from prevous dealings, the undersigned firm is manufacturing and supplying the demands of all the State Railways transactions met specifically for the locomotive repair shops at Salerno and for the Railways Departments of Naples, Bari, Reggio Calabria and Palermo.

This firm is the only concern of its type in Souther and Insular Italy able to mass produce brake shoes, fire box grates, journal boxes, etc. for locomotives. At present this firm has been called upon to supply materials in the amount of six million lires by the Office of the Undersecretary of State, Supply Department, Italian State Railways.

To maintain contact with their own various offices and departments, also with Allied Authorities and keep pace with the various technical difficulties that arise, this firm must rely solely on one automobile with all tires worn out, an allotment of gasoline of 9 gallons per month (when the allocation was made by AMGOT the amount was approx. 45 gallons.).

In view of this it is requested:

1. That you kindly authorize us a special permit to travel in the provinces of Southern Italy and Sicily.

2. That you obtain for us a granting of 90 gallons of gasoline per month for the exculsive use of this vehicle.

3. That you take an interest about requesting that AMGOT ALLOT THIS machine 6 complete tires and inner tubes of the dimensions of 500x16 or 600x16.

This firm is prepared to make cash payment.

The plate of the car is 4539 SA.

Due to the commune purpose this activity is offering it is hoped that you give your kind consideration to this matter.

Illegible.

13 December 1943

RECEIVED DEC 14 1943

SUBJECT: Request for Tires

TO : Commanding Officer,
703rd Railway Grand Division,
A.P.O. 782, U.S.ARMY

1. The Division Engineer, SENFS, who is in charge of all track and bridges between NOCERA INFERIORE and POTENZA, and between NOLA and NOCERA, and between SALERNO and BENEVENTO, has worn out the tires on his automobile. He requests that he be issued four used 1/4 ton truck tires for use on his own automobile.

2. It will be understood that this automobile will be used only for the benefit of the railway service.

F. W. OKIE
Lieutenant Colonel T.C.

INTER-OFFICE MEMORANDUM

APO 400
4 December 1943

Subject: Italian Utility Truck.

To: Col. E. F. McFadden, AGF-Stores.

1. In connection with the restoring of the electrification of the railways, Captain Wiley has located an Italian utility truck which is in fair condition belonging to the Italian State Railways and minus tires. The Italian officials are cooperative and say that they are perfectly willing to have this car used for the transportation of material and personnel.

2. Captain Wiley has developed that jeep tires will be suitable for this car. As we have approximately 100 men in this area, transportation is a vital problem and any truck that we can find will be to an advantage.

3. Will you explain the situation to your source of supply and arrange to have five (5) jeep tires furnished for this truck?

W. J. CRABBS

APO #400
9 December, 1943

INTER-OFFICE MEMORANDUM:

TO: Colonel E. F. McFadden, AGM-Stores

1. In conference in my office this morning with three Italian State Railways representatives formerly in charge of the electrified part of the railroad and who are now working for us to re-establish electrification back on certain parts of the railroad, these men brought to my attention the problem they have in transporting men and small materials to and from the different jobs that we have instructed them to do, and they advised me that they have a truck that belongs to the Italian State Railways which can be used for this purpose if they can obtain tires for it.

2. Investigation of this matter has developed the fact that Jeep tires will fit and be suitable on this truck. Therefore, it would be in the best interests of the Military Railway Service if we could secure jeep tires for this purpose so that this truck can be placed in service to speed up the necessary repairs to place electrification in operation.

3. I would appreciate your advising me at once as to what can be done about this matter.

INTER-OFFICE MEMORANDUM:

TO: Colonel E. F. McFadden, AGM-Stores.

1. I am advised by Captain E. P. Wiley, who I have working on the restoration of electrification, that he has located a Fiat utility truck at Savignano belonging to the Italian State Railways which is suitable for service, except for tires.

2. Jeep tires can be used on this truck, and it is desired that a set of Jeep tires be made available for use on same. The use of this truck will greatly aid in the work of repairing electrification.

3. I would appreciate advice from you as to what can be done in connection with this matter.

4. These jeep tires are required in addition order previously placed for same.
