TO : Chief of Stores Service I.S.R. Bldg.
Attn: Ing. Bracci

1. Reference your A.27/1848/729.13 dated 1 July 45 requesting renewal of tire permits.

2. It is not possible to issue a permit to cover the interchange of tires on a fleet of trucks as you request, however a permit can be issued in duplicate permitting the tires to be used on two cars.

3. If you can pair off your vehicles so that the same tires can be used on either one then two permit cards will be issued, one for each car, listing the same tires on each car. HQ. advises that this can only be done for vehicles in pairs.

4. Please furnish a list of the vehicles in pairs on which you can use the same tires and duplicate permits will be furnished.

Note from Eng. Lo Cigno

On March 10th, 1944 my house, situated in Via Apuania,12 Railway Personnel Building, was completely destroyed by an air raid, and I was left with no furniture, linen or anything else composing the house adornment.

I have left a car Fiat 1100 in Torino, and the five tires have been requisitioned by the Government for 1.000 lire.

I beg your HQ an authorization to buy five American tires.

The car could then be used by the ISR administration service for supervising visits to the Works.

Ref my recent conversation with you re the obtaining of permanent permits for contractors who have been using tyres issued or obtained by us for them, herewith the position :-

I obtained from Capt Petersen of Tn Roads Sub. Com. A.C. some temporary permits pending a decision by Ord. Brit. as to whether they would issue accounts for payment for the tyres. Details of these permits & tyres are as follows :-

① N° 7457 Corrado Totafiore (for Pietro Cidonio)
for 6.00 x 16 Tyres & tubes secondhand.

Dunlop	112855 KE	5 tyres & tubes.
"	P3387 MC	
Firestone	9527990	
"	6435726	
US. Royal	2433AR7	

② N° 7458 Di Zitti - Voglio. 6.00 x 16 tyres & tubes 2nd hand.

US. Royal	V 82890	5 tyres & tubes.
Dunlop	962615SS	
"	POR 48	
Firestone	783693	
Goodyear	PIF 4585	

Declassified E.O. 12356 Section 3.3/NND No. 785021

③ N° 7459. Benedetti, Guiseppe.

Dunlop	364487 HB	5 tyres + Tubes
"	389475 YG	6.00 x 16.
Allstate	3156448	Secondhand.
"	6240497	
Firestone	1287220	

At the time that I obtained these permits for these contractors I told Capt Petersen that there were still some other contractors on jobs in Northern Italy of whose tyre holdings I did not have details at the time. They are as follows:-

④ Impresa Ing. Lorenzo Persichetti & Cia.
Fiat 18 BL Roma 76603
motor N° 82213. chassis N° 18400.

Michelin	ZEF 21425	7 tyres + tubes
"	ZEF 17977	9.50 x 20.
"	GOF 75449	
"	ZEF 17507	
"	ZEF 17519	
"	ZEF 12849	
"	ZEF 19646	

⑤ as ④ above. Fiat 1100. Roma 61929
motor N° 216696. Chassis 215708.

Dunlop Fort	366369 SS	4 tyres + tubes secondhand
"	80178 SS	6.00 x 16.
Goodyear	4037/207	
Firestone	FT 474972	

0301

Declassified E.O. 12356 Section 3.3/NND No. 785021

(6) Impresa Martinez, Mario
Peugot 402. Roma 85979
motor N° 473788 Chassis N° 473788

Dunlop	8B110A	5 tyres + tubes Secondhand 6.00 x 16.
Goodrich	0373065549	
Goodyear	5V5F1517	
"	E 50S8890	
"	D 93S9590.	

All these tyres were loaned out by various departments to the contractors and some were obtained by me from our motor pool + units. It was all irregular but it helped to see the job through at the time. Most of the tyres are pretty well used by this time but the contractors are quite willing to pay for them at their original or new value.

Brit. Ord. were inclined to be haughty when I explained the circumstances but as most of the people concerned with this "original sin" have now left the theatre and are probably out of the army I cannot see any point in arguing technicalities and I only wish to let the ISR contract work to continue and clear the receipts I hold

0302

Declassified E.O. 12356 Section 3.3/NND No. 795021

for these tyres. If I have to withdraw them it will be an embarrassment to me as firstly, we have no depot here now to receive them and secondly it is not really a TNZ concern.

Would you please be good enough to take the matter up with Capt Petersen and ask for the permits in ① to ③ above to be made permanent and to issue permits for ④ to ⑥.

If we could find a competant army department to send an account to the users for the tyres, the receipt they would obtain from the cashier would be sufficient for Capt Petersen to issue permits.

There is one other contractor whom I have not been able to contact yet but I am not worried much about him as the tyres must be very nearly ready for recapping.

Thanks in anticipation for anything you can do to clear this.

Yours [illegible]

SUBJECT : Tire Permit for I.S.R. Contractors.

TO : Roads Div. Tn 5
Attn: Lt. Barrue

1. Major Maritz, Military Railway Service advises that he obtained some temporary tire permits from the Roads Division for military tires which the M.R.S. loaned to I.S.R. contractors. He has endeavored to find a channel to accept payment for the tires but has failed to do so. If necessary to withdrew the tires from the contractors it would be embarassing as they have no depot here now to receive them and would retard the contractors work for I.S.R.

2. Maj. Maritz requests that you issue permanent permits for the following tires of which you have a record;

Permit N°. 7457 - Corrado Tetafiore (for Pietro Cidonio)
600 x 16 tires and tubes, second hand

Dunlop 112855 KR
" P 3387 MG
Firestone 9527990
