Oggetto : Ri chiesta palancole "Larssen" per il ponte sul
Albegna (Km 157*437 della linea Civitavecchia-
Grosseto).

La sottoscritta Impresa per l'esecuzione dei lavori subacquei relativi alle nuove pili del ponte in oggetto, ha potuto procurarsi una partita di palancole metalliche Larssen della lunghezza di ml. 4,50.- Dato però la profondità dell'alevo, in alcuni punti occorrerà usare delle palancole di maggiori dimensioni (lunghezza ml. 5,50/6.-), palancole assolutamente introvabili nel libero commercio nonostante le nostre più accurate ricerche nei vari porti di mare.

Siamo a pregare perciò la Vostra cortesia di voler interessare la :

TRANSPORTATION SUB-COMMISSION, A.C., RAIL DIVISION-
Roma - Piazza della Croce Rossa

acche' possano venire cedute circa n. 90/100 palancole Larssen di ml. 5,50/6.- e del profilo che sarà possibile trovare, comprese tre palancole d'angolo a 90* e due a 120*

Con osservanza

SUBJECT : Steel for Line 86 Ortona to Ancona.

1. The Director of Military Railway Service has been ordered by A.F.R.Q. to reconstruct the Railway Line No. 86 from Ortona to Ancona. The work ranks as a Military Priority No. 1.
2. The Director of the M.R.S. has assigned this work to be carried out under the supervision of the Transportation Sub-Commission Engineers of the Allied Commission.
3. The contracting firm of "Impresa Grovagnoni" Naples, have been awarded a contract between Pescara and km. 326 and have requested release of the following material:

STEEL

Flat bars	50 x 10 mm.	3000 Kg
Round "	16 mm. dia.	4500 "
Nails length	70/100	8000 "
Total		15000 "

4. As this work is very urgent and have been given a time limit it is requested that a release for the above material be furnished.
