SUBJECT : Timber Supply for firm Cecchetti.

TO : Chief of Stores Service I.S.R. Bldg.
Attn: Ing. Brucci

1. Attached is letter received from the Chief of Traction Liaison Office Ing. Torni in regard to the firm Cecchetti at Civitanova Marche requiring more lumber in order to carry out car repair work for I.S.R.
2. Will you please see that this firm is supplied with a larger amount of lumber so they may increase their output of repaired cars for I.S.R.
3. It is still difficult for private concerns to purchase lumber and material and it is to your advantage to keep such firms as Cecchetti's supplied.
4. It is suggested that you continue supplying Cecchetti at least until 1 June 1946.

The Firm of Cecchetti, Civitanova Marche, carry out on behalf of ISR repairs of box cars and flats, requiring wooden floors.

To cover their requirements, they are now drawing 40-50 tons of timber from 330 Stores Depot at Falconara.

In view of the large number of cars to be repaired, the quantity of timber is insufficient; therefore, please increase the allocation of timber required for these repairs.

SUBJECT : Materials for Cecchetti Workshops - Civiltowne Marche

TO : Capt. F. P. Philby, Transportation Officer
C/o Capt. W. S. Smith C/o D.D.T (Rys) C.M.F.

1. Reference request for supplies needed by o/m workshop for a period of one month which you approved.

2. The quantities demanded are excessive in many instances and have accordingly been reduced to what is considered by M.R.S. Stores and M. J. (Mech) to be a reasonable requirement. The following items are not necessary and therefore will not be supplied:

Couplings Westinghouse Brake
Triple Valves
Distributors, Broda type
Supports, for " "
Cut off tops, for " "
Cylinders
Rubber Gaskets
Bearings
Chromium.

3. The 7 quintals of white metal on hand is considered to be sufficient for the time being and none will be supplied from Military Stocks.

5694

1. Reference request for supplies needed by a/m workshop for a period of one month which you approved.

2. The quantities demanded are excessive in many instances and have accordingly been reduced to what is considered by M.H.S. Stores and M.S. (Mech) to be a reasonable requirement. The following items are not necessary and therefore will not be supplied:

couplings Westinghouse Brake
Triple Valves
Distributors, Breda type
Supports, for " "
Cut off tops, for " "
Cylinders
Rubber gaskets
Bearings
Chromium.

5604

3. The 7 quintals of white metal on hand is considered to be sufficient for the time being and none will be supplied from Military Stocks.

4. It is necessary that you furnish details on the following items before they can be supplied:

saw blades for metal -	assess hacksaw blades to be required, if so, quote size.
" " " (machine) " "	what width is required
" " " wood	quote size required
Vee Belting	}
Wood nails	
" screws	

5. Please furnish information promptly so that these items can be furnished.

Civitanova Marche (Porto)

A Cecchetti (wagon shops)

May 1945

28 May '45

Subject: Supplies for Civitanova Marche (Cecchetti)

To : Major S.S. Reiter

From : Capt. P.O. Philby

1. Transport to a limited extent has been arranged from the A.C. Truck Pool Macerata. This pool present activities with high priority consists in the transportation of grain (wheat) and I can only get trucks when grain commitments have been made. Typical 3 T Dodge trucks which the pool consists of, are not adaptable to haul heavy logs which can be purchased in the mountains 20-25 miles from Civitanova Marche. The pool at Ancona likewise consists of 3 T Dodge Trucks and this pool's commitments are unusually heavy because they are charged with Dock clearance (Ancona). However the arrangements made with the pool at Macerata are satisfactory except for log hauling.

2. Weekly wagon repair reports have been sent you. You'll find on reverse of each report the individual wagon numbers.

3. The Intendente di Finanza has approved the credit status of Cecchetti, however local banks are reluctant to advance funds. The Bank of Italy has refused to advance any money, the other banks have advanced a small loan sufficient for 1 month's expenses. Capt. Foster (3) Finance Officer Perugia advised me Cecchetti must make arrangements for loans to the Ministry of Finance and Ministry of Communication at Rome for all future loans. Cecchetti's credit is bad.

4. Materials needed by Cecchetti and previously requested have not arrived and in many instances in short supply, an example: letter our Ref. - ref. AC/Int/41/4/Ex-16 May '45 Major Long in response to my request for a minimum of 200 wagon journal wool in lubricating pads, informed me to collect same from 100T.S.T. There I found only 10. It takes 4 for 1 wagon and for double truck wagons 8. The results I have repaired wagons waiting today only for lubricating pads. I must now ask for 400 pads because

3828

adaptable to haul loads. The pool at Ancon consists of 20-25 miles from Civitanova Marche. The pool at Ancon consists of 3 F Dodge trucks and this pool's commitments are unusually heavy because they are charged with back clearances (Ancon). However the arrangements made with the pool at Ancon are satisfactory except for log hauling.

2. Weekly wagon repair reports have been sent you. You'll find on review of each report the individual wagon numbers. The Intendente di Ancona has approved the credit status of Deschotti, however local banks are reluctant to advance funds. The bank of Italy has refused to advance any money, the other banks have advanced a small loan sufficient for 1 month's expenses. Capt. Foster (3) Finance Officer through advice as Deschotti must make arrangements for loans to the Ministry of Finance and Ministry of Communication at Rome for all future loans. Deschotti's credit is bad.

3. Materials needed by Deschotti and previous requests have not arrived and in many instances in short supply. An example: Letter our Reg. - ref. 25/28/41/78/24 - 16 for long in response to a request for a minimum of 200 wagon journals wool in lubricating oil, informed me as per letter of 10/1/41. I told Deschotti I would only 100. It takes 4 for 1 wagon and for double tank wagons 8. The result I have repaired wagons waiting today only for lubricating pads. I must now ask for 400 pads because additional wagons for repair are arriving daily. I have experienced recently 5 wagons which were repaired and released to service with burnt journals because of our use of old worn-out pads. Tank wagons are awaiting steel plates for repair, we have repaired frames and gears but promised steel (Deschotti) has not arrived for repair of tanks (proper). Imperial type wagons await roof covering. I have sufficient canvas, but insufficient glue and no cord or large head tackle. I have been informed 100 m.p. has been allowed for posting. Therefore after such move other arrangements for stores (Military) will have to be made. The timber allocation of 6 tons per week is insufficient and must be increased. I have stores for Major Role's operations on Ancon tunnel a number of wagons these are at Porto Recanati on orders of April and British movements and transportation.

2070

Declassified E.O. 12356 Section 3.3/NND No. 785021

Ancona, 6 boxes and 48 open wagons.

4. I have been unsuccessful in obtaining for my personal automobile spark-plugs and 1 600-15 tyre. No units in vicinity to draw from or who will permit issue. AC Garage Ancona said no.

5. I will in near future visit Ancona (Capt. Smith) and acquaint him with matters of urgency-likely to arise upon my departure.

6. Materials previously requested and now needed: timber, white metal, lubricating pads, paint, paint brushes, electrodes, mild steel sheets, large head galvanised tacks, cotton sewing card, additional fabric or leather belting and hack saw blades.

Cecchetti Workshops

Olivitanova Marche, 11 May 1945

List of the most important items required by Cecchetti Shops.

A) T O O I S

Threading taps (in sets of 3 taps); sizes: 5M = 6M = 7M = 8M = 10M = 12M = 16M = 20M
 Threading dies, adjustable, round; sizes as available: 5M = 6M = 7M = 8M = 10M = 12M = 16M = 20M =
 Threading taps, sizes: 1/4" = 3/8" = 1/2"
 Threading dies, sizes: 1/4" = 3/8" = 1/2"
 Emery wheels, various grains (fine, coarse, etc.)
 Emery wheels, sizes from 2 to 10 mm.
 Saw-blades, sizes from 2 to 10 mm.
 Twist drills, sizes from 2 to 10 mm.
 Drill chucks, sizes from 2 to 10 mm.
 Pliers, sizes from 2 to 10 mm.
 Files, sizes from 2 to 10 mm.
 Reamers, sizes from 2 to 10 mm.
 Milling cutters, sizes from 2 to 10 mm.
 Tool, sizes from 2 to 10 mm.
 Motors, sizes from 2 to 10 mm.
 Brushes, sizes from 2 to 10 mm.
 Emery cloth, sizes from 2 to 10 mm.
 Glass paper, sizes from 2 to 10 mm.

B) MISCELLANEOUS MATERIAL

Electrodes, for welding
 Fasteners, for belting
 Cork strip, for increasing the friction btw. the saw-belt and the driving wheel; can be replaced with a balata strip
 Glue, for carpentry work
 Tacks, for roofing; various sizes: 12 x 30 = 14 x 40 = 15 x 50 = 16 x 60
 Pin-head, size 10 x 30
 Galvanized, large head, tapered shank, size mm. 2,5 x 20
 Round head, size 22 x 25

Remark

Cecchetti's representative who brought present list of requirements did not know what kind of a machine is the "Dentatrice" (last but three on page one) and he reserved himself to investigate the matter and eventually submit a fresh application.

ELENCO MATERIALI CHE NECESSITANO PRINCIPALMENTE ALLA

NOSTRA OFFICINA

(Utensileria)

- Taps*
- = MASCHI per filettare (serie di 3 pezzi) da 5 M - da 6 M - 7 M - 8 M - 10 M - 12 M - 16 M e 20 M
 - = FILIERE tonde registrabili (ϕ come disponibili) da 5 M - 6 M - 7 M - 8 M - 10 M - 12 M - 16 M e 20 M
 - = MASCHI per filettare a gas da 1/4 : 3/8 e 1/2"
 - = FILIERE tonde registrabili (come disponibile) a gas da 1/4 : 3/8 e 1/2"
 - = MOLE SMERIGLIO cilindriche grane miste e cioè : fina, grossa ecc.
- Drills*
- da m/m. 200 x 20 x 20
 - " " 400 x 50 x 50
- Grinding wheels*
- = MOLE SMERIGLIO con profilo a taglio per seghe a nastro da : m/m. 200 x 12 x 20 o misura approssimativa
- Drill bits*
- = SEGHETTI per macchina da 16"
 - = " a mano da 12"
- Twist drills*
- = PUNTE da trapano cilindriche da m/m. 2 a m/m. 10
- Drill chucks*
- = MANDRINI per trapani per punte sino a m/m. 10 (autocentranti)
- Files*
- = LIME TRIANGOLARI per seghe
 - = " da MAZZO da 2 al mazzo
 - = " piano taglio bastardo e taglio dolce

- FILLERE tonde registrabili (ø come disponibili) da 5 M - 6M - 7M -

8M-10M-12M-16M e 20 M

- NASOHT now filettare a pas da $1/4$; $3/8$ e $1/2$ "

PIUMINI tonde registrabili (come disponibile) a gas da 1/4: 3/8 e 1/2"

NOTE SWEETATO cilindrica grane miste e cioè : fine, grossa ecc.

 $\frac{da}{dm} = 200 \pm 20 \pm 20$

" " 400 x 50 x 50

- MOLE SMERIGLIO con profilo a taglio per seghe a nastro da :

m/m. 200 x 12 x 20 o misura approssimativa

= STICCHETTI per macchina da 15"

" a piano da 12^{te}

numero de transo cilindriche da m/m. 2 a m/m. 10

- MAMPONT per trapani per punte sino a m/m.10 (autocentranti)

= TIME TRIANGOLARI per seghe

- " da MAZZO da 2 al mezzo

- " viene taglio bastardo e taglio dolce

" quadre
"
"
"
"

" senza tonde taglio dolce

Besides a/m material it is necessary to provide the firm with a track
 for carriage of timber from the forest as well as calcium carbide, coal,
 oxygen, etc. from the various plants & depots.

SOCIETA' ANONIMA COSTRUZIONI MECCANICHE " A. CECCHETTI " PORTOCIVITANOVA

ELENCO DEI PRINCIPALI MATERIALI OCCORRENTI PER LA RIPARAZIONE E COSTRUZIONE DI
CARRI FERROVIARI

Denominazione del materiale	Quantitativo occorrente per un mese	Quantitativo esistente	Giustificazione della richie- ste.
X LEGNAME : Abete in tavole mc. Rovere o Larice in tavole mc.	100 120	=	p. foderatura cassa carri F.S
X Carbone coke Qli	300	=	p. pavimenti carri
X Carbone fossile "	300	=	p. n° 2 forni fonderia ghi- sa.
Nafta "	200	=	p. forge costruzione e ri- parazione molle balestra
X Olio per trasformatori "	20	=	p. forni forge e reparto molle. Riempimento una volta tan to di n° 2 trasformatori , un con densatore .
X Carburio di calcio "	9	=	p. saldatura ossiacetilenica
X Ossigeno mc. 300 (90 bombole) =			" "
X Elettrodi n° 50.000		=	" " elettrica
Metallo bianco lega 3 o composizione Qli	20	7	per cuscinetti carri ripar.
Soda caustica "	2	=	per sgrassare
Olio di lino cotto "	150	=	per verniciatura carri
Acqua ragia "	1	=	" " "
X Bullette a legno X	3	=	" fissaggio parti in legno
Viti e legno "	0,50	=	" " "
X Tela olona	1000, =	=	" copertura imperiali car.

Denominazione del materiale	Quantitativo occorrente per un mese	Quantitativo esistente	Giustificazione della richiesta
x Cuscinetti tipo 28 n°	20	=	per carri F.S.
x Cinghie di cuoio ml.	300	=	
Cinghie trapezoidali assortite n°	100	=	) per trasmissioni di macchi-) ne utensili.
Cromo Kg.	10	=	per la concia delle cinghie di cuoio
x Lime assortite piane-triang.-n° mezze tonde- tonde	400	=
