Subject: Inspection to Field Work Shops.

Ref. is to 043402 and 043403 letters dated Sept. 4-1945 covering the informations requested about the Field Work Shops of Ancona, Bari and Pescara. We are now communicating that this Office charged immediately the Rolling Stock and Traction Sections of Ancona and Bari with the inspection of these shops in order to check their equipment and present conditions.

To-day the Capo of Traction Section, Bari, has communicated by phone that they were unable to visit the 101st Field Shop, Bari, for the Allied Officer in charge did not grant the relative authority.

Although we deem it that the machinery of said shop be certainly suitable for the use of our Plants, to be in a condition to supply you with the required details, we beg you kindly to issue dispositions to the a/m officer to grant our officials with the authority to visit the very shop. Please let us know when our officials can visit the shop.

As far as the Field shops within Ancona Compartmento are concerned we are communicating what follows

Reference your AC/108/6/Tn.4 dated 21 Jul 45.

1. The machine tools referred to in your letter of above reference and date are at present being used to capacity. It is regretted therefore that it will not be possible for them to be returned to Cecchetti at the present time.
2. For your information, it was agreed that on completion of 797 Coy's commitments the tools would be returned to Cecchetti by schooner, and this will be done.
