Subject: Cars allotment

Our Office, according to the instructions issued by the general Director with a note n. 1694/4/35-May 27th., must as soon as possible provide for an examination of the stocks in the dependent stores and auxiliary branch stores of several Piedmont localities, among which many are not yet joined by the Railway owing to the interruptions.

Therefore, the fulfillment of the above said task would require the use of motor-cars, which is practically impossible to our Office; since we have but one motor lorry at our disposal, useless for our aim; and a "LANCIA AUGUSTA" n. 63264, as well as a small Bianchi truck, type 5.9-n. 10.57.765, have been requisitioned by the Patriots, as testified by the document handed to the Superior Office.

We beg you, therefore, kindly to provide as readily as possible, to let us obtain a car and a small truck to be used for the conveyance of the persons in charge of the above said examinations; and besides, for the transportation of small quantities of material which should be drawn from the stores for the supply of the Plants.

We are waiting for your answer.

Questo Riparto, in ottemperanza alle disposizioni impartite da Direttore Generale con nota n° 1694/4/CS del 27 Maggio u.s., deve provvedere con sollecitudine all'accertamento delle scorte dei dipendenti magazzini e dei relativi Magazzinetti sussidiari decentrati in molte locali-
tà del Piemonte, molte delle quali non sono ancora attualmente ser-
vite dalla Ferrovia per le interruzioni.

Per potere quindi ottemperare a quanto sopra si dovre-
bbe avere la possibilità di recarsi nelle località in parola servendosi di
automezzi, ciò che è praticamente impossibile a questo Riparto, avendo in
dotazione un solo autocarro, inadatto allo scopo, ed avendo avuto a suo
tempo requisiti dai Patrioti un'autovettura Lancia "Augusta" targa 63364
ed un camioncino Bianchi tipo S.9 targa TO.57.765 come da denunzie presen-
tate al Superiore Ufficio.

Si pregherebbe quindi codesto Spett. Comandò di volersi
interessare al fine di assegnare, con cortese sollecitudine, un autovet-
tura ed un camioncino che dovrebbero servire oltre al trasporto delle per-
sone che debbono effettuare gli accertamenti prescritti, anche il traspor-
to di piccoli quantitativi di materiale che eventualmente si dovessero ri-
tirare dai predetti Magazzinetti per soddisfare gli Impianti Richiedenti.

Si resta in attesa di un cortese cenno di riscontro.
