JUN.-DEC. 1945

I.S.R. MOVEMENTS SECTION TURIN

Turin, 17 December 1945.

Rif.M.17/111/485/2.

SUBJECT: Transports.TO : Chief Commissioner's representative Office

Tr.Sub-Commission-Rome-

MilanoCopy to: Capt.Hannon.Railway Transportation OfficerTurin

We transmit Report of loading operated on lines of this Compartimento during the period from 1 to 15 December 1945.

The wagon situation continues to be insufficient also to provide to the principal needs of industry and commerce, while movements of live-cattle and vegetables particularly destined to Genoa and Milan Compartimenti are being operated with increasing intensity .

Trasmettasi la relazione del carico effettuato sulla linea di questo
Compartimento nel periodo dal 9 al 15 e.m.-

La situazione del materiale da carico continua mantenersi deficientis-
sima anche per provvedere alle principali esigenze dell'industria e del
commercio mentre continuano a svolgersi con crescente intensità i trasporti
di bestiame vivo e di prodotti ortofrutticoli particolarmente in destina-
zione di stazioni dei Compartimenti di Genova e Milano.

June, 45

Lt. Col. Zwencpoel
Military Railway Service
Presso Capo Compartimento
MILANO

WEEKLY REPORT : Torino Compartimento - w/e 2/6/45 -

1. Lines available and in service.

a) - Lines in use.

The following additional service has been put operation during the week :

RAILCAR. Cuneo (Madonna dell'Olmo) - Saluzzo -
Moretta - Cavallermaggiore.

b) - Lines available but as present out of service for steam owing to shortage of Coal. (additional to last week) :

Vignale - Romagnano - Varallo - Oragna.

c) - RAILCAR SERVICES.

Diesel car services are operating over the following sections at present :

Novara - Vignale - Borgomanero - Oragna
Novara - Vignale - Romagnano - Orignasco
Novara - Milano
Cuneo (Madonna dell'Olmo) - Moretta - Cavallermaggiore

2. Rolling Stock Position.

See attached annexes A and B.

a) - The question of reducing the number of wagons under load has been engaging attention. The figure has been reduced from 542 to 398 during the week, but as many loaded wagons are in the vicinity of Novara, and coal is required to bring them to Torino, work has been partly suspended pending the arrival of coal.

WEEKLY REPORT : Torino Compartimento - w/e 2/6/45 -1. Lines available and in service.

a) - Lines in use.

The following additional service has been put operation during the week :

RAILCAR. Cuneo (Madonna dell'Olmio) - Saluzzo -
Moretta - Cavallermaggiore.

b) - Lines available but as present out of service for steam owing to shortage of Coal. (additional to last week) :

Vignale - Romagnano - Varallo - Omegna.

c) - RAILCAR SERVICES.

Diesel car services are operating over the following sections at present :

Novara - Vignale - Borgomanero - Omegna
Novara - Vignale - Romagnano - Grignasco
Novara - Milano
Cuneo (Madonna dell'Olmio) - Moretta - Cavallermaggiore

2. Rolling Stock Position.

299

See attached annexures A and B.

a) - The question of reducing the number of wagons under load has been engaging attention. The figure has been reduced from 542 to 398 during the week, but as many loaded wagons are in the vicinity of Novara, and coal is required to bring them to Torino, work has been partly suspended pending the arrival of coal.

b) - The 179 coaches are made up as follows :

Engine vehicles	II class	44
	III class	121
Short vehicles	II class	2
	III class	12

- 2 -

3. Locomotive Position.

- a) - See attached annexures G and H.
- b) - Two diesel locomotives, one suitable for shunting and one for mainline service, were located at Novara during the week and were these been brought to Torino. They will examine to determine their mechanical condition and load hauling capacity.

4. Coal Position.

Please see attached annexure D.
A strict economy is being exercised in the consumption of coal.

5. P.O.L. Situation.

Please see attached annexure E.
A total of 264 Gallons petrol have been delivered to the Capo Compartimento of Torino during the week.

6. Trains Run.

Please see attached annexure F.

7. Military Traffic.

Please see attached annexure G.

8. Repair of Lines and Bridges.

- a) - During the week survey and reconstruction drawings were being prepared for repairs to the following three bridges between S. Giuseppe di Cairo and Savona :
 - I) - Masonry bridge of 5 - 10 metre arches over Acquafredda river (3 arches and 2 pillars are destroyed).
 - II) - Masonry bridge of 5 - 16 metre arches over Isola river (bridge totally destroyed except for 1 pillar).
 - III) - Masonry bridge of 6 - 14 metre and 18 metre arches (4 middle arches destroyed).
- b) - The provisional restoration work on the line between Torino and Meana has been strengthened while survey drawings are in hand for the section Meana to Bardonecchia.

9. Theft of WD Traffic.

2379

these been brought to Torino. They
mined to determine their mechanical condition and
load hauling capacity.

4. Coal Position.

Please see attached annexeure D.

A strict economy is being exercised in the
consumption of coal.

5. P.O.L. Situation.

Please see attached annexeure E.

A total of 264 gallons petrol have been deli-
vered to the Capo Compartimento of Turin during
the week.

6. Trains Run.

Please see attached annexeure F.

7. Military Traffic.

Please see attached annexeure G.

8. Repair of Lines and Bridges.

a) - During the week survey and reconstruction drawings
were being prepared for repairs to the following
three bridges between S. Giuseppe di Cairo and
Savona :

- I) - Masonry bridge of 5 - 30 metre arches over
Aguatona river (3 arches and 2 pillars are
destroyed).
- II) - Masonry bridge of 5 - 18 metre arches over Isola
river (bridge totally destroyed except for 1
pillar).
- III) - Masonry bridge of 6 - 14 metre and 18 metre arches
(4 middle arches destroyed).

b) - The provisional restoration work on the line
between Torino and Meana has been strengthened
while survey drawings are in hand for the section
Meana to Bardonecchia.

2379

9. Theft of WD Traffic.

On 2nd June it was reported through I.S.R. channels
that 4 horses being transported from Ivrea to
Milano had been stolen and sold by military per-
sonnel at Chivasso and Senthid.

- 3 -

The matter has been reported to Movements who have called in the S.I.B.

10 - Repair and Construction of Locomotives and Rolling Stock in Private Firms

- a) - The engineer in charge of the Ufficio Collaudi, the office that controls all repair and construction work undertaken by private firms has been contacted and a weekly report will be submitted in future giving details of all rolling stock in shops and released from shops.
- b) - Among the rolling stock completed during the previous week was a 3000 v. D.C. motor coach No. ALe 790036 for Milan.
This week a second coach on the same order No. ALe 790037, has been completed. These coaches will be moved to Milan when coal supplies permit.
- c) - A summary of the present position is given on the attached Annexures J and K.

11 - Rolling Stock Awaiting Repair.

- a) - The position in so far as private and railway shop only are concerned is as follows:

	Private Shops.	PV. SS. Shops.	Total
Coaches	105	14	119
Baggage Vans	42	14	56
Wagons	207	262	469

- b) - The position regarding rolling stock requiring recovery is being ascertained but the indications are that the figure is not high, but a certain number of wagons are of course blocked on lines which are inaccessible at present.

12 - Diesel Railcars.

The following railcars are at present located in this Compartimento:

Torino - AIn	556.1223	under repair
	556.1238	" "
	556.1262	" "
	556.1267	in service for use of railway officials.
	556.1281	under repair
