MEMO.

17 November 1945

To: Ing. Biondi, ISR

You are reminded that military traffic has first priority and must be met. Reports have reached this headquarters that from 40 to 50 cars are being loaded with refugees in the Naples Compartimento daily and war materials are being delayed awaiting for same type of equipment. This practice must be discontinued at once. You have six (6) sets of passenger equipment assigned to refugee service. CS 72

TRANSLATION.

FROM : COMMDO PRESIDIO MILITARE FOLIGNO.

Ref 1134

2 Aug 45.

Subject :- Transport by rail of ex prisoners of War.

On 1st August, a trainload of ex-prisoners repatriated from Germany (total strength about 1,000) arrived at FOLIGNO Station during a heavy rainstorm. Since the repatriates were all travelling in open wagons, it is not difficult to imagine the conditions of these unhappy men.

This HQ. taking immediate action, sought for some for some place where the men could shelter and dry themselves, but in vain, because it was found that all buildings capable of accomodating a large party of men had been requisitioned, and were at the disposal of British troops.

Meanwhile the local Stationmaster - on entreaty from this HQ - and in agreement with the British RTO succeeded in despatching the train immediately to Orte, which was warned by telephone, it would be possible to substitute box for open wagons.

Since there is every likelihood of such rainy weather occuring again, this HQ considers it its duty to report the above incident, so that you may, when possible, interest the competant authorities in avoiding a repetition of so lamentable a happening.

It is pointed out that all repatriates are underfed and sick and, therefore a journey undertaken in pouring rain would have the direst consequences for them.

Trusting in your kind assistance, please accept the gratitude of this HQ for anything you can do - within the scope of your powers, to ameliorate the travelling conditions of repatriated ex-prisoners.

SUBJECT : Control of Movement of Displaced Persons.

TO : Movements Division, Rail Section.

1. Reference is made to your letter 297/28/Tm3 of the 11th of August. As the ISR have apparently produced the vouchers to be used for the movement of refugees, we have no objections to submit in respect of them.

2. In respect of your Paragraph 3 however, we feel that it is likely to lead to confusion if a rather elaborate system of code letters is used in respect of the tickets issued.

3. We feel that provided the tickets are placed at the disposal of the responsible people in the Displaced Persons Sub-Commission, the ISR can be left to insure that no irregularity takes place.

4. You state that the tickets would be available for seven days only, yet the note at the foot of the ticket indicates a validity of 15 days which is confirmed by the batch of instructions we have received and attach hereto. The exact source of these instructions is not known to us but as they apparently have been issued authoritatively, they are sent you for any action you may desire.

6. Collective vouchers are to be delivered to groups of passengers leaving from and destined to the some station.

7. -For travels concerning different lines and during which change of itinerary is necessary, delivery of a ticket to every family is more practical and advisable.

8. Collective vouchers delivered-to considerable groups have not enough room for the passengers'lists of names, they will therefore bring attached lists of names in two copies signed by the same authority who signs the vouchers.

9. If the refugees's conveyance is made by extraordinary train, a group of policemen will be in charge of-gathering and boarding-the refugees at-the departure, of watching the service during the travel of sorting the passengers at junctions and at the arrival.

In order to make such operations easier, the chief of the escort will be given the prescribed copies for the places of destination and another copy of the list of all refugees travelling on that train, this list will be issued by the Organization who compiles the voucher-ticket.

The escorting policemen will be furnished with voucher-ticket by the Authority in charge of their service.

10. - The competent Organisation compiles the entire voucher, keeps the counterfoil and gives matrix and authorization-ticket to the departing station, eventually attaching lists mentioned in Para 8. The station keeps the matrix and one copy of the lists, giving back the authorization-ticket and the other copy of the list duly stamped with dated stamp.

11. Authorization-tickets are not transferable, therefore every refugee has to be put in such conditions as to be able to show a document certifying his quality of refugee at any request from train conductors, policemen and also from high Commissariat personnel in charge of cheking.

Transgressors are liable of sanction foreseen by I.S.R. regulations (Condizioni e Tariffe).

SUBJECT : Refugees.

TO : DRTC - Major London - Bldg.

1. We have a serious complaint from the Displaced persons and Repatriation Sub-Commission regarding refugee train not holding for meal as scheduled at Santa Marinella.

2. The train in question was listed as serial No.3 on refugee program for the period 23-29 July.

3. It is alleged that train arrived Santa Marinella three hours ahead of time on the morning of 24 July; even though the meal was ready to be served, the Camp trans refused to wait for the refugees to eat.

4. This resulted in a considerable wastage of food and caused much confusion and complaint from all concerned.

5. Will you kindly look into this and let me have any information you may develop as we are anxious to avoid a repetition of such an incident.

P.G. MARSH, Major

1. The Military Railway Service have registered a severe complaint to us about the long delays to refugee trains for meals at San Severo, stating that such delays are as much as six hours.

2. Long delays of this kind contribute to our already acute shortage of fuel and engines so it is necessary that this stop be reduced to one hour.

3. Will you kindly handle with those responsible and see that time for meals at San Severo does not exceed one hour.

work of this shop so it is important to this line that we do all we can to keep this shop going.

4. Reference to "C" in Par.2 castings are now made and available to the railway in the foundry and delivery will not be made until the navy knows who to charge for the work and material. Up to this time the Military has received practically all the benifit of the production of this shop because they would reach over and snatch the newly repaired locos and the railway furnished the material. Now however the situation is changing because the railway is out of material and the statement I made about the good locos eventually going to MRS was not satis factory. The navy wants a letter from a reliable source telling them who to bill for work and labor performed for the railway.

MOVEMENT SERVICE

TO: M.R.S. Direction

On June 16, 1945, as referred by our Naples Movement Section which has been requested by telephone, at the arrival of train R.S.1 at Battipaglia, the refugees refused decidedly to tranship into cars of already disposed train. In spite of the reinterated requests of the I.S.R. personnel and of the armed force, very modest anynew threatening, it could not be possible to avoid the train prosecution refugees did not change their mind; as these last ones were also to Reggio, from where the rolling stock was immediately sent to Rome.

On June 17 and yesterday, June 18, transhipment has been regularly executed, being the passengers' reluctancy easy to win. We hope these difficulties will not happen any more in the future, and therefore it will be avoided to put into execution the order given by Naples Allied H.Q. to that Movement Section, of returning to Rome stock and passengers, if they will not tranship.

Il 16 andante, come ha riferito la Sezione Movimento di Napoli, ai sono state chieste informazioni a mezzo telefono, all'arrivo del treno R.S.1 a Battipaglia, i profughi si rifiutarono recisamente di trasbordare nei carri del treno previamente disposto. Malgrado le reiterate insistenze del personale ferroviario e della forza armata, pur**tro** molto modesta, non si ottenne che i profughi recedessero dal loro proposito, e siccome costoro arrivarono perfino a minacciare violenze, non si potette evitare di far proseguire il treno su Reggio, donde il materiale venne fatto immediatamente restituire a Roma.

Il 17 andante e ieri 18 il trasbordo è avvenuto regolarmente, essendosi riusciti a vincere le riluttanze dei viaggiatori. Si spera che l'inconveniente non si ripeterà ulteriormente e quindi si eviterà di attuare l'ordine impartito dal Comando Alleato di Napoli a quella Sezione Movimento, di restituire cioè a Roma materiale e viaggiatori ove questi si ostinassero a non volere trasbordare.

SUBJECT : Failure to transfer refugees at Battipaglia.

TO : MRS - Bldg.(attention Major London).

1. Reference yours CS.549-18 June.

2. The failure to transfer refugees from passenger equipment to box cars at Battipaglia on 16 June has been handled with our Reggio representative.

3. Battipaglia is controlled by the Naples Compartimento and it was their responsibility to see that the box wagons were available.

4. There is an extreme shortage of box wagons in Calabria and Sicily, Sicily alone is clamoring for 300 box wagons immediately. Therefore it would appear that the box cars should be furnished by the Naples Compartment; being that such equipment is badly needed in the Calabria-Sicily area.

CONFIDENTIAL. In the movement of refugees from Florence-Leghorn Area to Reggio it was planned to transport them from the origin point to Battipaglia and there transfer the refugees to box cars in order that the passenger equipment could be turned back and be made available for another southward trip. There was a failure to transfer refugees from passenger equipment to box cars at Battipaglia 16 June and passenger equipment was run through to Reggio. In order to get the maximum use of pas senger equipment it is essential that transfer be regularly made at Battipaglia. Please investigate reason for failure on 16 June and take necessary steps to see that there are no transfer failures in the future. CS-549. Signed London.

1. Reference telephone conversation (Taylor-Bamford) it is confirmed that difficulty has been experienced by Q Movts at BARLETTA owing to large parties of refugees arriving from the South wishing to proceed towards the North there being no civilian passenger train service north of BARLETTA.

2. The Italians in question are normally in possession of Permits to move issued and signed by the Italian Police of the place from which they started. It is understood that on 25 Mar the Police at ORIA signed about 60 Permits for movement to places between PESCARA and ANCONA. There are not only no passenger trains between these places but at present no railway.

3. It is understood that you are today telegraphing all Prefects in this area to the effect that these movements must be stopped.

TO: HQ Italian Refugee Branch

SUBJECT: Trains to South Italy.

1) The special trains, scheduled weekly for South Italy, take refugees to CALABRIA and SICILY. Some of the coaches are detached and coupled to the normal trains for CAMPANIA, LUCANIA and PUGLIE.

2) These coaches are detached at different stations each time, according to the journey they have to make. It would be appreciated if in future this could be done always at the same station (preferably) at Caserta and the same itinerary Rept (preferable Caserta-Benevento, Cervaro, Lucera, Bari; and from Bari, to Brindisi, Lecce and to Taranto, Metaponto, Potenza).

3) As known to the Sub-Commission, only one meal stop (at Bari) exists on the Caserta, Benevento, Bari line.
The refugees remain therefore without any meal from Rome to Bari, that is for about 2 days.

4) It is therefore requested that a meal stop be set up at Benevento, which would only have to work on a small scale, the number of refugees in transit never exceeding 150.

5) We are awaiting your reply.

The High Commissioner
Tito Zaniboni.
