(for Chief of E & M Section).

SUBJECT : Electric Power for operation Wagon-Lits Carriage & Wagon repair shops.

1. The workshop of the Wagon-Lits Co. (Compagnia Vagoni Letto) is engaged in the repair of passenger and freight rolling stock for Military Railways and Italian State Railways.

2. It is requested that the supply of Electric Power may be continued to these works which are situated at Tiburtino.

3. Requirements are :

150 KWH per month for lighting
600 KWH " " for power

The lighting requirement appears high in proportion but is due to the necessity of testing all lighting installations in passenger stock.

4. Working hours are from 07.30 to 1700 daily including Sundays.

SUBJECT: Repair of Wagons and Passenger Cars at "Compagnia Carrozze Letto".

FROM : Lt.R.C. Bowie, R.A.

Following your instructions with regard to repairs of Freight Wagons and Passenger Cars at the "Carrozze Letto", I beg to report that following a number of meetings between the Director of Italian State Railways and the Director of "Compagnia Carrozze Letto", a contract has been signed today (14 Nov.44) and the work of repairing cars and Wagons at the Company's shops in Rome, will start during the next few days.

SUBJECT: Employment of Steam Laundry belonging to "Compagnia Carrozze Letto", near Tiburtina Railway Station, Rome.

FROM :LT.R.C. BOwie, R.A. Att. D.M.R.S.

I beg to report that a Steam Laundry, capable of handling 45,000 sheets and/or similar articles is at present standing idle.

The Compagnia Carrozze Letto who own this plant, has just signed a contract for repairing freight wagons belonging to the Italian State Railways and the Boiler-house which supplies part of the motive power for the work-shops is also used for the Steam Laundry, so that with little extra cost or use of coal, the plant might be put into operation.

The Laundry is quite modern and has facilities for repairing sheets etc. (eight electric darning machines) and I suggest that it might well be used by some of our Military Hospitals, if this information could be passed to the proper authorities.
