REPAIR SHOPS - PRIVATE TERM
DEC. 1944 STEEL WORKS

1572

28/1/4
100/21

Subject : TERNI Steel Works.

Military Railway Service,
C.M.F.

Telephone : Firebox 52,
Outside Line 843867.

Tn.A.3(M)/60.

7 Dec. 44.

To : Director of Works, A.A.I.

Copies to: Tn. Sub. Commission, A.C.
D.D. Tn. (Rlys.), 61 Area.

1. I have been approached today by the Director of the TERNI Steel Works, with a view to repairs to locomotives for the ISR being carried out by that firm.

2. We have large numbers of locomotives on the railway which have their fireboxes and cylinders so damaged that we are unable to undertake the repairs on them in the railway workshops at our disposal. If this heavy boiler work and cylinder casting could be undertaken by the TERNI Steel Works it would be of inestimable advantage to us and subsequently to A.C.

3. A.C. is in full agreement and the Director General of the ISR is fully prepared to arrange a contract with the TERNI Steel Works.

4. The Director of the Steel Works informs me that this work would in no way impede or delay any work now being carried out for you.

5. Under the circumstances I should be very glad to have your authorisation for this to be done in order that engines may be moved in at the earliest possible date. *Will you please let me know.*
