WASHINGTON 25, D. C.

LIST OF ALL ASSIGNED SHIPPING DESIGNATORS

(Effective 15 September 1943)

NOTE:

(1) Classification of shipping designators has been reduced from "confidential" to "restricted" by War Department letter, AF 400.161(28 August 1943) OS-S-32497-16, dated 29 August 1943, subject: "Reclassification and Marking Supplies for Overseas Shipment." However, their meanings will be limited to those agencies who have a specific need therefor.

(2) On this list, there appear unassigned four letter words, meanings of which will be assigned at a later date, when the need therefor arises. When such assignment has been made, the holder of the attached list will indicate the meaning immediately following the shipping designator in question. Thus a master list can be compiled during a much greater period of time.

(3) Shipping designators assigned to the four zones in the North African Theater of Operations will become effective on all shipments of supplies to be set up to arrive at ports after 21 September 1943. After that time, shipments of supplies will be made to the ports rather than to specific ports, and shipping designators presently assigned to ports in the North African Theater of Operations will not be used.
