This will provide for morning and evening travel out of each terminal, and will include the worker's trains operating via Aversa and Cancello districts.

AC Transportation Representative Naples will prepare permits for issue in duplicate to travellers, and one permit will be retained at booking office, at which the normal fare will be paid, the other retained as proof of authority to travel. Such permits may be made valid for a period not exceeding one month.

Cano Compartimento, Naples, will arrange for Cani Steriore to receive and deal with authoritative applications for travel, based on supporting documents, and forward to Cano Compartimento, who will present to AC Transportation Representative for issue of permits.

Seating capacity will be on average of 30 seats per train. Tickets issued will not exceed this number.
