Our reference: ACC Tn./271/1
Date : 7 August 1944

TO : Minister of Communications.

SUBJECT : Formation of Civil Transport Commission, Bari.

1. Reference is to your letter M 24 - A/1044 of 13 July 1944.
2. It is noted that a local Commission has been formed in Bari, to deal with the economic problems arising in respect of Civil Transport in the area.
3. You will know, of course, that all essential applications for additional transport facilities are dealt with at the monthly meetings of the Transportation Sub-Committee, and any such items should be submitted for the Agenda well in advance.
4. Capt. E. W. Dean is Transportation Sub-Commission ACC representative at Bari, and in due course will take over the supervisory duties of ACC Divisional Superintendent; when the Director General of Military Railway Services relinquishes control of the Bari Division to ACC.
5. In Sicily our representative is invited to attend such meetings as you describe in your letter, and is able to give first hand information on points arising, although he is not vested with authority to sanction additional rail facilities.
6. I would suggest the Bari Commission should invite Capt. Dean to be present at their meeting.
