Subject : Guarding of UNRRA Traffic passing through Italian ports to Austria and Czechoslovakia.

To : Director,
Transportation Sub-Commission.

Copies to : UNRRA, Rome.
G-4 Mov & Tr - Liaison,
c/o M.R.S.

1. In telephone conversation with Movements Austria recently, it was understood that the Italian authorities have refused to permit Austrian and Czechoslovakian guards travelling with goods which will be passing through Venice and Trieste to the inland countries.
2. According to information received from your Rail Division, the arrangements made between UNRRA and the Italian State Railways in connection with the forwarding of this traffic between the ports and the frontier included a statement to the effect that the Italian State Railways would not guard the traffic.
3. As apparently no guards will, therefore, be provided, it is required to know that the Italian State Railways will accept full responsibility for claims arising from loss, damage, and pilferage.
4. It is pointed out that the full rates applicable to the normal conveyance of such traffic will be charged by the Italian State Railways against UNRRA and, under the circumstances, the Railway, as carriers, must be held responsible if they are not prepared to permit guarding of the traffic.
