Rome, November 2, 1944

TO : THE ALLIED COMMISSION
Agriculture Sub-Commission
R O M E. Rome.
for the attention of Major Merritt

copy for Capt. Lester – Region IV – Rome.

Fruit and vegetable operations carried out by the Federation of Consorzi Agrari up to October 15; 1944.

We attached a summary – the relative documentation will follow up as soon as possible – of the fruit and vegetable operations effected by us for Rome from August 22 to October 15 : operations which show a deficit of Lire 3.975,962. If to this figure we add the transport expenses the exact total of which is not yet known but which can be calculated as averaging 1000 lire per carload, the total loss will amount to approximately 4,361,000 lire.

It may be specified that the costs are those paid by us at time of departure, and therefore, without any profit for our organization, and the proceeds are those obtained from the Rome Central Market, and therefore also without any allowance for the Federation.

It may be added, however, to be prcise, that Beir grapes were calculated by us on the basis of 14 lire the kg., price which we are endeavouring to reduce somewhat; if we succedd in reducing the price, naturally the deficit will also be reduced.

As is clearly seen from our figures, the deficit is due entirely to the operations in Campania (our Naples Office); and it is easily explained by the very considereble losses which occurred, particularly in the first period, either because of the nature of the produce (highly perishable), the weather (the hottest time of the year), or because the cars, instead of within 48 hours, arrived at their destination after 4, 5 and even 8 days.

Declassified E.O. 12356 Section 3.3/NND No. 780021

copy for Capt. Lester - Region IV - Rome.

Fruit and vegetable operations carried out by the Federation of Consorzi Agrari up to October 15; 1944.

We attached a summary - the relative documentation will follow up as soon as possible - of the fruit and vegetable operations effected by us for Rome from August 22 to October 15 : operations which show a deficit of Lire 3.975,962. If to this figure we add the transport expenses the exact total of which is not yet known but which can be calculated as averaging 1000 lire per carload, the total loss will amount to approximately 4,361,000 lire.

It may be specified that the costs are those paid by us at time of departure, and therefore, without any profit for our organization, and the proceeds are those obtained from the Rome Central Market, and therefore also without any allowance for the Federation.

It may be added, however, to be preise, that Bair grapes were calculated by us on the basis of 14 lire the kg., price which we are endeavouring to reduce somewhat; if we succedd in reducing the price, naturally the deficit will also be reduced.

As is clearly seen from our figures, the deficit is due entirely to the operations in Campania (our Naples Office); and it is easily explained by the very considerable losses which occurred, particularly in the first period, either because of the nature of the produce (highly perishable), the weather (the hottest time of the year), or because the cars, instead of within 48 hours, arrived at their destination after 4, 5 and even 8 days.

Already at the start of operations we had anticipated, though not to such an extent, a certain amount of loss, owing to the period in question, the inevitable difficulties and the pressing need for organizing the said operations; nevertheless we were happy to have the confidence of the Allied Command placed in our organization, and made every effort to carry out in the best possible way the task entrusted us of supplying the Rome markets. It must be admitted that we have carried out this task, since the City of Rome during this period has been adundantly and regularly supplied with produce, and not only this, our intervention has made it possible to reduce prices

Declassified E.O. 12356 Section 3.3/NND No. 782021

On the other hand, precisely because of the reasons which caused the deficit in question, it may be taken that as operations continue this deficit will deminish; to this end, we have endeavoured to organize the work in the best possible manner and trust that the Allied Command will continue in the future to give us its confidence.

This report, therefore, aims only at discrediting any assertion or rumour started by interested parties or Enti in regard to the hyperbolic profits we are supposed to have made.

In fact, we would like to point out that if, during this period, anyone made any profit from our operations at the Rome Market, it was not our organization but the Aziende Commerciali which operate at the said Market.

The Commission will find in fact that the dealers (commercianti) have beneficted considerably from our efforts, as can be seen from the figure which represents the commission acknwoledged by us to the dealers, of over 2?500,000lire.

To be noted also, in examining the data given in the brief report, the high figure of Market Dues (Lire 620,000); and that of Lire 475.000 paid to the "Cassa Rischi", calculated at the rate of 20 lire the quintal. This Fund was started as a means of compensating the losses caused trhough unforeseen circumstances (bombardments, railwayx delays, etc.) which could occur while bringing produce to the Rome Market. From what has been heard, however, the "Cassa Rischi" shows a deficit today, consequently the amounts we pay in serve marely to make good the losses incurred in the past, up to June 4, 1944.

Within a few days we will forward the data relative to the second fortnight of October.

Departmental Head
(Dr. Stefano Tonazzi)

P.S. The dara given comprise also operations regarding potatoes in Campania, but not those in Avezzano.

Declassified E.O. 12356 Section 3.3/NND No. 785021

at the said Market.

SUBJECT: Transport of Electrical Equipment.

TO : Director, Transportation Sub-Commission, Allied Commission, APO 394, US Army.
ATTENTION: Lieutenant Colonel J. BORDASS.

1. Further to our conversation of this morning, it will be appreciated if you could arrange for 26 cases of electrical equipment, weighing approximately 2½ tons, to be picked up from 3650 Signals Depot, Naples, by one of your trucks (Turn left on Route 7 at main cross roads approximately 8-10 kilometers from Naples; the road to 3650 is well sign-posted). If driver will get in touch with Lieutenant KAY, who has been advised, he will give him this equipment.

2. For your information, this load is consigned to Civil Censorship Group, Rome, and delivery will be made at this end to Headquarters Allied Commission Building.

3. Perhaps you will be kind enough to telephone 472762 and advise arrival.

4. In case of any difficulty in Naples, driver may telephone Naples 16110 to either Captain AUSTIN or Lieutenant BOULTON.

R. N. ALLMAN,
Major, IC,
Actg Civil Censorship Officer.

Received 26 cases, 4 Nov. 44

T/5 Wm. E. Grove
