haulage of wine and alcoholice by motorcar

In view of the difficulties which are to be foreseen for Italy for next winter and of the shortage of essential food, it is indispensable to take again into examination the possibility of facilitating the transfer of the wine from the centres of production to the towns. Consideration must also be given to the fact that the poor food rations of the workers could profitably be completed by a sufficient and regular sup ply of wine.

Ships and railways have not carried so much wine as it had been hoped, so that theState Railways Co., in order to meet all requirements, had to make use also of their motorvehicles to transport wine by road, in contrast with the general policy.

Obviously strong protests were raised by private truckers Apart from that it is no thought it advisable to insist in main_ tainithe present restrictions when the experience of many months has showed how difficult it is to prevent the infractions.

It is the proposal of E.N.A.C. that any limitations of mileage and of destination be cancelled for the haulage of wine and alcoholics by motorvehicles; and that such trahsports should only be limited as follows:

1. - In order to save fuel the transports will be carried out only by autotrains,

2. - Every Provincial Office of E.N.A.C. will give authority for not more than one trip monthly for every autotrain, subject to the local availabilities of fuel.

3. - Wine and alcoholics will be classified at the last place in the Food List so that the priority be in any case reserved

haulage of wine and alcoholice by motorcar

In view of the difficulties which are to be foreseen for Italy for next winter and of the shortage of essential food, it is indispensable to take again into examination the possibility of facilitating the transfer of the wine from the centres of production to the towns. Consideration must also be given to the fact that the poor food rations of the workers could profitably be completed by a sufficient and regular supply of wine.

Ships and railways have not carried so much wine as it had been hoped, so that theState Railways Co., in order to meet all requirements, had to make use also of their motor vehicles to transport wine by road, in contrast with the general policy.

Obviously strong protests were raised by private truckers Apart from that it is no thought it advisable to insist in maintaining the present restrictions when the experience of many months has showed how difficult it is to prevent the infractions.

It is the proposal of E.N.A.C. that any limitations of mileage and of destination be cancelled for the haulage of wine and alcoholics by motorvehicles; and that such trahsports should only be limited as follows:

1716

1. - In order to save fuel the transports will be carried out only by autotrains,

2. - Every Provincial Office of E.N.A.C. will give authority for not more than one trip monthly for every autotrain, subject to the local availabilities of fuel.

3. - Wine and alcoholics will be classified at the last place in the Food List so that the priority be in any case reserved to the transport of food of prime necessity.

0242

Declassified E.O. 12356 Section 3.3/NND No. 785021

4. - Not more than the 10% of the total fuel available to every single Provincial Office will be assigned to the transports in question.

It will be greatly appreciated if the question might be given your favorable attention and if you would let us know your views on the matter.

THE COMMISSIONER

ALLA COMMISSIONE ALLEATA
SOTTOCOMMISSIONE TRASPORTI

R O M A

Trasporte vino ed alcolici con automezzi -

La difficile situazione che si prevede in Italia nell'immi nente stagione invernale, in relazione alla scarsità di generi ali mentari di prima necessità, rende indispensabile riprendere in esa me la possibilità di agevolare il trasferimento del vino dai centri di produzione a quelli di consumo in considerazione del fatto che una sufficiente e continua distribuzione di vino può notevolmente integrare la scarsa razione alimentare dei lavoratori.

I mezzi marittimi e ferroviari non hanno dato al trasferimen to del vino l'apporto sperato, che le stesse Ferrovie dello Stato, per soddisfare le insistenti sollecitazioni, sono state costrette a utilizzare anche i propri mezzi automobilistici, in contrasto con le norme limitative di carattere generale, il che ha provocato forti proteste da parte deitrasportatori privati.

D'altra parte è molto dubbia l'opportunità di insistere nel mantenere i rigidi divieti attuali quando l'esperienza di molti mesi ha dimostrato la difficoltà di reprimere le numerosissime infrazioni.

1765 Questo Ente propone pertanto a codesta Sottocommissione di abrogare qualsiasi vincolo di distanza per il trasporto con automez zi del vino e degli alcoolici previsto dalle vigenti disposizioni, sot toponendo i trasporti stessi soltanto alle seguenti retrizioni:

1. - per limitare il consumo specifico del carburante i tra sporti saranno effettuati esclusivamente con autotreni;

REF : Due/Tn/317
SUBJECT: Grain movement

TO :H.Q. A.C. TPN. Sub Commission Capt. Billinghurst

Failure of Transportation to move our planned grain program, ref your AC/102A/159/TN5, was due to the delay and confusion necessi= tated by the change over from WD to civilian Truck Pool status of trucks assigned this work.

Further comments if required will be made by Capt.Bent, TPN Off (AC) this area.

Ascoli Piceno, July 9th, 1945

TO : FOOD SUB-COMMISSION, ALLIED COMMISSION, = ROME =

ATTENTION MAJOR K CURRAN.

1. There is very little grain left in Macerata, and what there is, four Companies are trying to collect - You will recall that Macerata grain is being shipped also under the programme allocated to Capt. Holladay.

2. It will be easier to ship this year's harvest - permission for this is requested.

3. There are continual difficulties which prevent maximum shipment, and I keep the British Liaison Unit busy in preventing Pole Corps from taking the Consorzio Agrario warehouses. The whole Pole Corps is in this Area.

4. I could not prevent the Pole Corps from taking all ten rail wagons at Porto Civitanova yesterday, and Movements (Ancona) were not sympathetic, stating that the Army has priority.

T.P. MORIARTY
Major, R.E.
Grain Movement Officer,
Marche.

7102A 162

July 21, 1945

Ref. : G/1E/190
Subject : Grain and Flour movement week 9-15 July 1945
To : Distribution below

1. Attached hereto is a table reflecting grain and flour movement in the period 9-15 July '45.

2. Planned road movement by civilian Truck Pools was 2588 tons. Actual moved 2562 tons.

3. Planned rail movement was 260 tons flour and 2340 tons grain. Actual flour moved was 271 tons. Actual grain loaded was 1920 tons. Failure to load was due to shortage of railcars at Fabriano and Montecarotto.

4. The stockpile situation on the 15 July 1945 was:

SUBJECT:Grain movement report week 25 June - 1 July 1945

TO :Distribution below;

1.- Attached hereto is a table reflecting grain and flour movement in the period 25/5 = 1/7/45.

2.- Planned road movement by 2 Q.M. Bn. was 3300 tons. Actual moved was 2518.

3.- Planned rail movement was 400 tons flour and 2100 tons grain. Actual flour loaded was 257 tons. Failure to load was due principally to deficiency of electric energy for the Mills and to passing of trucks from two Coy of Q.M. Bn. to Civilian Truck Pools. Actual grain loaded was 1309 tons. Failure to load was due to shortage of railcars at Fabriano and Fano.

4.- By the efforts of Lt. Griffin (A.C. Port Depot) 1008 tons of grain was moved from our railheads to Ancona Port for shipment to Venice.

5.- The stockpile situation on the 1st July was:

FABRIANO.....	3.940
CHIARAVALLE.....	214
MONTECAROTTO.....	1.063
SENIGALLIA.....	834
JESI.....	39

FROM : Major T.P. Moriarty R.E. = Grain Movement Officer, Marche

SUBJECT : Grain Movement

DATE : 21 June 1945

REF : TM/

Attached is 10 day report for period 11-20th 1945.

The Truck Pool of Macerata is hauling all the grain to the loading points.

No. 15 Company of n. 2 Q.M. Bttn. is being employed for the next day ot two in clearing the rail-head at Ortona.

Temporarily this has been beyond the capacity of Chieti and Aquila Truck Pools owing to the fact that large quantities of commodities other than grain arrived at one and the same time.

INTER OFFICE MEMO

Ref.AC/9/59/TN3 23 June 1945

SUBJECT : Grain Movement.

TO : Roads Division (2).

I. Reference is made to letter from Major Moriarty dated 12 June 1945 which you passed to this Division and is now returned herewith.

2. The shortage of wagons for southern movement on line 86 in the period referred to is fully appreciated. This matter has been the subject of discussions with A.F.H.Q., M.R.S., I.S.R. and Q(Movements). Everything possible has been done to remedy the situation. A considerable improvement has been effected since the 17 June.

3. Food Sub-Commission were requested to defer this movement until the rail line was through OSIMO-ANCONA but they were unable to agree.

For Chief Movements Division.

C.N. CHRISTENSEN,
Lt. Colonel,
Roads Branch.

Date ; June 12th 1945

1. Notification of Rail Shipment Form for June 4 - 10th was not received, but that for June 11 - 17th is to hand.

2. Attached is 10 day Report of Grain Movement, from which it will be seen that no shipments were made from Porto Civitanova or Potenza Picena on the 9th or 10th, and nothing from Porto Recanati on the 10th. This was due to the fact that no rail wagons were available.

3. Movements, Ancona, have been contracted but no rail wagons have yet arrived. As a result Trucks have had to be cancelled, labour stood off, and the whole situation is disastrous, and for me impossible.

4. Work at Porto Civitanova was getting into great strides, as in the first four days of last week 870 Tons had been shipped.

5. Now the new grain is cut and warehouse space is required for this, but cannot be found until the rail shipments increase.

SUBJECT : Grain Movement.

142

REF : TM/

DATE : June 24th 1945

1. N°15 Company of N°2 Q.M. Bttn has been assisting to clear the Railhead at Ortona, but are being withdrawn today, and are under orders to move from this location in the immediate future.

2. I was at Ortona on Friday last and there were only ten rail wagons to be unloaded at mid-day that day . The work can now be completed by Chieti Truck Pools; future shipments to Ortona will not exceed eight wagons per day.

3. Rail shipments from Porto Civitanova, Potenza Picena, and Porto Recanati are proceeding very satisfactorily, although on two days recently shipments were reduced owing to the fact that Macerata Truck Pool had no Petrol. This shortage has now been remedied.

4. A schooner for Gallipoli was loaded at Porto Recanati on the 22 nd and shipped 40 Tons. Other schooners are expected there and at Porto Civitanova.

5. Two Trucks of n° 13 Company, located at Porto Recanati, are being used to help in the loading of schooners and in short hauls of grain from warehouse to Station.

TRANSPORTATION SUB-COMMISSION

19 June 45

Ext: :- 566

REF :- AC/102 A/138/Tn5

SUBJECT :- Grain movement ex Ancona, Macerata and Pesaro

TO :- A. M. G. ANCONA Area
For Captain Brent

1. The following information has been received from Food Sub-Commission 16 June 1945 .

a) Balances at 31 May 45
Figures supplied to Food S/C by Consorzio Agrario :

ANCONA	16.000	Tons
MACERATA	27.000	"
PESARO	14.000	"
TOTAL	57.000	"

1594

A portion of this tonnage will be for local consumption and it is estimated that 40.000 Tons will require to be moved .

b) A fair guide for planning distribution of 40.000 Tons is the bid now lodged with Mov-Rail for POM period 25 June to 1 July 1945, as follows : -

ORIGIN	RAIL LOADING STATION	DESTINATION	TONS
SOUTHERN PART OF MACERATA PROVINCE	PORTO CIVITANOVA	APULIA	1200
	PORTO RECANATI	APULIA	900
	POTENZA PICENO	ORTONA	800

5.200

Declassified E.O. 12356 Section 3.3/NND No. 785021

There will be some alterations in origine and loading stations but the total figure of 6.200 tons weekly will be regarded by Food S/C as a reasonable one .

2. It will be noticed that this program covers 2500 Tons in addition to A.M.G. Food .

3. The situation will improve greatly when the tunnel at Osimo is opened about the 22nd of June and the 60 vehicles now bridging the gap are freed .

4. Please confirm that this can be accomplished .

ISTITUTO DI DIRITTO PUBBLICO
D.L.L. 17 AGOSTO 1944 N. 186

DIREZIONE GENERALE

Servizio S.S. Sez. 2ª
Prot. N° 2.S.14/12377 Allg.
Risposta al N° del

OGGETTO: Trasporti decadali di grano a Roma -

1) Sciogliendo la riserva di cui alla lettera di questa Direzione Generale n. 2.S.14/10409 del 22 maggio c.a., si trasmettono i prospetti relativi ai trasporti di grano effettuati per la città di Roma dall'ENAC dai magazzini agli scali ferroviari delle Provincie di Perugia, Terni, Grosseto, Siena. Detti prospetti riguardano la 1ª, 2ª e 3ª decade di maggio.

2) Si avverte che per trasmettere i dati in questione questo Ente ha dovuto superare notevoli difficoltà, poichè le comunicazioni postali delle Provincie di cui sopra non sono ancora regolari e gli automezzi destinati alla raccolta dei dati di cui trattasi, sono privi di pezzi di ricambio ed hanno i pneumatici in pessime condizioni.

2. The Schooner "Famiglia" arrived at Porto Civitanova and loaded 80 Tons Macerata grain for Barletta. I do not know whether this Schonner was duly authorised but Consorzio Agrario,Barletta have been advised of the loading.

3. Shipment by rail is handicapped by lack of freight car althoug every effort has been made with Movements,Ancona (Capt.Shannon) to procure them this shortage of freight cars is not likely to be overcome for a few days until more traffic goes northbound.

2. The Schooner "Famiglia" arrived at Porto Civitanova and loaded 80 Tons Macerata grain for Barletta. I do not know whether this Shhonner was duly authorised but Consorzio Agrario, Barletta have been advised of the loading.

3. Shipment by rail is handicapped by lack of freight car although every effort has been made with Movements, Ancona (Capt. Shannon) to procure them this shortage of freight cars is not likely to be overcome for a few days until more traffic goes northbound.

T.P. MORIARTY,
Major, R.E.
Grain Movement Officer,
Marche, Ascoli Piceno.

2. There was a complete shortage of freight cars at Porto Civitanova and Porto Recanati until the 25th. On the 25th the workers at Porto Recanati staged a 1 day strike for more money. They can earn more from the fishing industry

3. At Porto Recanati yesterday the 27th (Sunday) the men at the railhead refused to work as it was a festa.

4. There are 10 rail wagons at Potenza Picena today and it is hoped that there will be no hitch in the programme of 500 tons to Ortona for Aquila

HEADQUARTERS ALLIED COMMISSION
APO 394
Transportation Sub-Commission

1 102 A/25
Pièce in in dated order.

Ext : 566

Ref : AC/10002/Tn.5 10 March 1945

SUBJECT : Grain Movement by 1002 G.T. Company.

TO : Regional Commissioner, Abruzzi-March Region
(Att : Chief Transportation Officer
Regional Supply Officer)

1. Reference is made to your letter R5/518/58 dated 6 Mar 45 and attached letter Tm/23 dated 5 Mar 45 from Major Moriarty on the above subject.

2. The present situation of grain movement from MACERATA, ASCOLI and TERAMO Provinces to CHIETI, PESCARA and AQUILA Provinces and to ORTONA railhead is as follows:-

To be moved monthly to importing provinces for immediate consumption	5435	tons
To be moved monthly to ORTONA RH.	400	"
	5835	" 1567
Additional monthly movement to clear warehouses of reporting provinces by Sep 1945	2165	"
Total	8000	"

3. According to current return for period 27 Feb - 7 Mar 1102 G.T. Coy moved 533 tons in 8 days. On this basis the Coy can move 2000 tons in a 30 day month. It is anticipated that this figure will improve when the direct road to AVEZZANO is open, engines are received for existing deadline trucks and the weather improves. W.D. Truck Pools moved 104 tons in 8 days ending 3 Mar, a lift of 400 tons in a 30 day month.

4. 1002 G.T. Coy and the Truck Pools together are moving approximately 2400 tons per month which leaves a deficiency of some 3000 tons on the figure of 5835 to be moved for immediate consumption alone.

Declassified E.O. 12356 Section 3.3/NND No. 785021

1567

3. According to current return for period 27 Feb - 7 Mar 1102 G.T. Coy moved 533 tons in 8 days. On this basis the Coy can move 2000 tons in a 30 day month. It is anticipated that this figure will improve when the direct road to AVEZZANO is open, engines are received for existing deadline trucks and the weather improves. W.D. Truck Pools moved 104 tons in 8 days ending 3 Mar, a lift of 400 tons in a 30 day month.

4. 1002 G.T. Coy and the Truck Pools together are moving approximately 2400 tons per month which leaves a deficiency of some 3000 tons on the figure of 5835 to be moved for immediate consumption alone.

5. It is not possible to provide another G.T. Coy for this purpose, since the remaining 3 Coys are employed on work of equal priority. ~~Nor is it practicable to employ a unit of 1 Truck Bn for the same reason.~~ It should be noted, too, that 1002 G.T. Coy are under 5 days notice to move and may leave the Region shortly for another commitment.

Declassified E.O. 12356 Section 3.3/NND No. 785021

6. Due to over all shortage of transport no other source of procuring additional trucks is available. It is hoped, however, that a new G.T. Coy will be activated early in April which might be made available for this grain movement. Meanwhile it is necessary for the commitment to be met from within the transport resources of the Region by fuller utilisation of trucks from AC/AMG Truck Pools and employment of civilian vehicles. It is proposed that the former should haul the additional 3000 tons per month required for immediate consumption and the latter at least 30/40 % of the 2765/5 tons balance clearance.

7. W.D. trucks must operate 24 hours a day including Sundays, with one day in 10 for maintenance. On this basis it is estimated that the average grain haul can be done in 48 hours and each truck should do 13 return journeys per month. To move 3000 tons in 13 lifts, 230 tons of truck space is required. A total truck capacity of 260 tons will be needed to give a regular 230 tons lift owing to the maintenance 10%. The lift of Nos 3 - 6 Truck Pools is 480 tons, excluding deadline vehicles. It will therefore be necessary for 54%/60 of the truck lift available to be employed on this work.

8. You should take immediate action on these lines, engage additional drivers and arrange with the Consorzio Agrario that trucks are to be unloaded at any time of the day or night. It should be pointed out that their co-operation is essential otherwise sufficient grain to feed the people will not be moved.

Grain haulage will be given top priority until further notice.

9. Arrangements must be made with the Ufficio Trasporti in each province that civilian trucks commence grain haulage immediately on the basis of at least 1000 tons per month. It should also be explained that civilian trucks may have to take over the 1002 G.T. Coy commitment at an early date.

10. The M.T. Group A.C. have been requested to arrange for the G.T. Coy trucks to work 24 hours per day also in order to increase tonnage now hauled by that unit.

11. Please report progress on the above instructions.

By Command of Rear Admiral STONE:

Declassified E.O. 12356 Section 3.3/NND No. 785021

additional 3000 tons per month required for immediate consumption and the latter at least 30/40 % of the 2765/5 tons balance clearance.

7. W.D. trucks must operate 24 hours a day including Sundays, with one day in 10 for maintenance. On this basis it is estimated that the average grain haul can be done in 48 hours and each truck should do 13 return journeys per month. To move 3000/9 tons in 13 lifts, 230/6 tons of truck space is required. A total truck capacity of 260 tons will be needed to give a regular 230 tons lift owing to the maintenance 10%. The lift of Nos 3 - 6 Truck Pools is 480 tons, excluding deadline vehicles. It will therefore be necessary for 54%/60 of the truck lift available to be employed on this worlk.

8. You should take immediate action on these lines, engage additional drivers and arrange with the Consorzio Agrario that trucks are to be unloaded at any time of the day or night. It should be pointed out that their co-operation is essential otherwise sufficient grain to feed the people will not be moved.

1566

HEADQUARTERS
ABRUZZI-MARCHE REGION.

To:- Economics & Supply Division, Abruzzi-Marche Region.

Date:- March 5th, 1945.

Ref:- TM/23.

Subject:- Grain Movement by 1002 G.T.Company.

1. Two factors have increased the commitments of 1002 G.T.Company. They are:-

1. The increase in the bread ration.
2. The necessity of stocking the provinces of Pescara and Chieti.

2. Up to the moment Pescara and Chieti have had sufficient stocks from their own amass of grain to cover alimentation requiremts. Now these stocks are exhausted and for a 30-day month Pescara requires 1400 tons, Chieti 2,000 tons.

3. It was hoped that with the arrival of two platoons of 1000 G.T. Company, operating from Macerata, and the re-alignment of 1002 G.T.Company, with 60 vehicles concentrated on Ascoli Piceno and 60 on Teramo, that there would be a considerable stepping-up of the programme. It was also hoped to increase the rail shipments from Ortona from 100 tons per week to 200 tons or more.

4. However, the two platoons of 1000 G.T.Company are based on Macerata for shipment of grain from Macerata to railheads at Chiaravalle, and rightly so.

5. The present programme for 1002 Company is attached, from which it will be seen that 5435 tons have to be moved monthly to Aquila, Chieti and Pescara Provinces, and a further 400 tons to Ortona railhead, making a grand total of 5835 tons, or roughly 200 tons per day, which total will probably exceed the capabilities of the company. Some of the turn-rounds are taking 2 - 3 - 4 days, no opportunity being lost in backloading coal from Bussi, Avezzano and Pratola Peligna, A.M.G. supplies from Ortona etc.,

6. It is estimated that there are 18,000 tons grain yet to be moved from Ascoli Piceno, 7500 tons from Teramo, and 39000 tons from Macerata, or a total of 64, 500 tons. This total should be moved not later than September 1945, to make room for the new harvest. This means moving a total of 5000 tons or more per month, an obvious impossibility with the present transport available.

7. It is strongly recommendd that efforts should be made to allocate another G.T.Company to the region, without which

1. there is bound to be a big quantity of the 1944 harvest in the warehouses at the same time as the 1945 harvest is coming in,
2. shipments by rail from Ortona to the south cannot be increased beyond the existing commitment of 100 tons per week,
3. certain communes in Aquila, Pescara and Chieti Provinces are likely to be without sufficient grain to cover the ration requirements.

1565

0464
Declassified E.O. 12356 Section 3.3/NND No. 785021

Subject:- Grain Movement by 1002 G.T.Company.

1. Two factors have increased the commitments of 1002 G.T.Company. They are:-

1. The increase in the bread ration.
2. The necessity of stocking the provinces of Pescara and Chieti.

2. Up to the moment Pescara and Chieti have had sufficient stocks from their own amass of grain to cover alimentation requirements. Now these stocks are exhausted and for a 30-day month Pescara requires 1400 tons, Chieti 2,000 tons.

3. It was hoped that with the arrival of two platoons of 1000 G.T. Company, operating from Macerata, and the re-alignment of 1002 G.T.Company, with 60 vehicles concentrated on Ascoli Piceno and 60 on Teramo, that there would be a considerable stepping-up of the programme. It was also hoped to increase the rail shipments from Ortona from 100 tons per week to 200 tons or more.

4. However, the two platoons of 1000 G.T.Company are based on Maccrata for shipment of grain from Macerata to railheads at Chiarevalle, and rightly so.

5. The present programme for 1002 Company is attached, from which it will be seen that 5435 tons have to be moved monthly to Aquila, Chieti and Pescara Provinces, and a further 400 tons to Ortona railhead, making a grand total of 5835 tons, or roughly 200 tons per day, which total will probably exceed the capabilities of the company. Some of the turn-rounds are taking 2 - 3 - 4 days, no opportunity being lost in backloading coal from Bussi, Avezzano and Pratola Peligna, A.M.G. supplies from Ortona etc.,

6. It is estimated that there are 18,000 tons grain yet to be moved from Ascoli Piceno, 7500 tons from Teramo, and 39000 tons from Macerata, or a total of 64, 500 tons. This total should be moved not later than Septe[illegible] 1945, to make room for the new harvest. This means moving a total of [illegible] tons or more per month, an obvious impossibility with the present transport available.

1945

7. It is strongly recommendd that efforts should be made to allocate another G.T.Company to the region, without which

1. there is bound to be a big quantity of the 1944 harvest in the warehouses at the same time as the 1945 harvest is coming in,
2. shipments by rail from Ortona to the south cannot be increased beyond the existing commitment of 100 tons per week,
3. certain communes in Aquila, Pescara and Chieti Provinces are likely to be without sufficient grain to cover the ration requirements.

8. In the mean-time every available truck from truck pools at Aquila and Ascoli Piceno are being used to supplement the movement, but the numbers of trucks available are insufficient to make any notable difference in the total to be carried by 1002 Company.

2

1.- Reference your AC/102/A/102/ tn5 of I7 May '45 addressed to Food Sub Commission, and referred to this office for reply.

2.- The figures furnished by Capt. Bent and those supplied Food Sub Commission are not comparable. Capt. Bent shows 5504 tons moved to railheads for Rome. Our figure of 3214 tons reflects actual rail shipments to Rome.

Capt. Bent's figure of total lift in April (8996) reflects in many instances a double lift - from warehouse to railhead warehouse - from railhead warehouse to railwagons.

Our figure of 7786 reflects simply the tonnage moved from Consorzio warehouses to railhead or port.

Subject:- Grain Movement Report

To :- HQ MT Group AC. (2)

From :- Capt. R.L. Bent RASC.

I. Further to telephone conversation (Capt. Bent - Lt.Col. Bordass) of even date, and as mentioned previously to Lt. Col. Fernyhough, enclosed is report from Major Hardley, Grain TPT Officer, Ancona, on subject of domestic control of drivers and trucks by QM Coys concerned.

2. A further copy of the report and of this letter are enclosed for information of Transportation Sub- Commission.

3. This report was forwarded to me by Major Hardley. I have forwarded a copy to Major Cobel, CO No 2 Truck Battalion, and have requested his observations and any other points he may wish to raise, which will be forwarded to you in due course.

4. Such incidents mentioned in para 4 of the report as have been mentioned to me at the time of occurrence have been notified to Major Cobel by me and Major Hardley. Major Cobel has gone fully into them as best he could

5. Para 5 of the report would appear to sum up the reasons for lack of Control. Trucks on grain hauls operate over a very wide area, and it is not possible to operate them in convoys of any size. It is therefore impossible to control the drivers, the majority of whom would appear to be completely undisciplined and irresponsible, unless adequate means of control, such as Jeeps and /or motorcycles, are provided for the purpose. It is therefore most strongly urged that everything possible be done to alleviate the present position as soon as possible.

6. As regards para 6 (b) of the report, these daily reports were latterly passed to this office for scrutiny after collection. But the system has had to be discontinued owing to the present impossibility of collection of these reports.

MAY 18 1945

Ref. : C/1E/54
Subject : Grain Movement report 7-13 May 1945
To : Distribution below

1. The attached schedule shows grain movement, week of 7-13 May.

2. Planned movement was 2772 tons. Actual movement to scheduled rail-heads by Q.M. Co's was 1431 tons. (An unknown but not large quantity of grain was hauled to a warehouse not on our schedule).

3. The Q.M. Co's failed to make scheduled lifts. One Coy was short 21 tons per day, another 53 tons per day. These figures give the companies credit for the VE holiday, and schedule revisions.

4. Experience gained over many months has demonstrated that our schedules are not unreasonable, and that the Consorzio Agrarios function reasonably well. The trouble, in my opinion, is due chiefly to the very serious lack of control exercised by the companies over the drivers. The utter lack of discipline is illustrated by the following incidents: 1555

a) Two armed drivers are reported to have attempted to rob an AC Warehouse.

b) Records of 4 days operations at Fabriano Railhead reveal 147 shortages, representing a loss in transit of 181 quintals.

c) Drivers are reported to be travelling on other but official business. Yesterday en route to Ancona, of 3 Q.M. Coy vehicles I observed 2 had female passengers and the business at hand was obviously not grain haulage.

d) Drivers are reported to have capriciously refused to accept grain loads.

e) Drivers are not making the number of trips scheduled, and thus far no reason for their failure has been presentated.

5. The inability of the American company Officers to maintain control over their drivers is due to:

a) Lack of American EM supervisory personnel
b) Lack of jeeps, motorcycles for road discipline purposes.
c) Inability of this office to check daily performances, again due to lack of transport.

Declassified E.O. 12356 Section 3.3/NND No. 785021

1. The attached schedule shows grain movement, week of 7-13 May.

2. Planned movement was 2772 tons. Actual movement to scheduled rail-heads by Q.M. Co's was 1431 tons. (An unknown but not large quantity of grain was hauled to a warehouse not on our schedule).

3. The Q.M. Co's failed to make scheduled lifts. One Coy was short 21 tons per day, another 53 tons per day. These figures give the companies credit for the VE holiday, and schedule revisions.

4. Experience gained over many months has demonstrated that our schedules are not unreasonable, and that the Consorzio Agrarios function reasonably well. The trouble, in my opinion, is due chiefly to the very serious lack of control exercised by the companies over the drivers. The utter lack of discipline is illustrated by the following incidents:

1555

a) Two armed drivers are reported to have attemted to rob an AC Warehouse.

b) Records of 4 days operations at Fabriano Railhead reveal 147 shortages representing a loss in transit of 181 quintals.

d) Drivers are reported to have capriciously refused to accept grain loads.

e) Drivers are not making the number of trips scheduled, and thus far no reason for their failure has been presentated.

5. The inability of the American company Officers to maintain control over their drivers is due to:

a) Lack of American EM supervisory personnel
b) Lack of jeeps, motorcycles for road discipline purposes.
c) Inability of this office to check daily performances, again due to lack of transport.

6. There are two methods of controlling the performance of the drivers:

a) On the road, by constant surveillance and supervision. This method takes a maximum of supervisory personnel and machines. Indeed I think (I am not an authority on the subject) it verges on the impossible in operations of this nature.

b) At the railheads. With the C.T. Coy this type of control proved quite effective. Records were kept of departures from platoon HQ's, of arrivals and departures at the railheads, of time of return of vehicles to the platoon park;

./.

Declassified E.O. 12356 Section 3.3/NND No. 785021

These records were collected daily, together with the truck loading slips, and each driver's performance scrutinized. G.T.Coy was then notified of any apparent malfeasance and disciplinary action taken.
Such a system, as tedious and burdensome to this office as it was, did stimulate efficiency. It can be placed into effect again with two dispatch riders and a jeep.

7. It is requested that the Transportation Sub-Commission AC. be opportuned to give the matters reported herein immediate.attention.

SUBJECT : Grain Movement -- Foggia

TO : E.N.A.C. (Att:Mr.Bompard)
Piazza Croce Rossa.

1. Confirming conversation (Lt.Col.Fernyhough-Mr.Bompard) of today's date.

2. Our Truck Pool Officer at Foggia has informed us that the following additional transport will be required in the Foggia area during the periods shown:

1-20 June	20 x 3 tonners	- 60 tons
21 June - 20 July	65 x 3 tonners	- 195 tons
21 July - 21 Aug.	85 x 3 tonners	- 255 tons

The a/m vehicles will be utilised in hauling grain for consumption in Rome.

3. Will you please make the necessary arrangements to provide the additional lift required.

1. With reference to the transfer of goods from one Consorzio to another, the following system of Truck Loading Tickets will be used.

2. The Truck Loading Tickets will be made out in Quadruplicate by the Consignor and distributed as follows.

(a) The driver of the vehicle will be given three copies, which he will deliver to the consignee who will note any shortages on the Tickets, return one copy to the driver, retain one copy for the records of the consignee and send one copy to the Federazione Consorzi Agrari.

(b) The fourth copy will be retained by the Consignor for record purposes.

(c) The driver will hand his copy into the HQ office of the Transport Company, whether it is a G.T. Company or a privately owned concern e.g. Truck Pool.

TRUCK POOL N. 3

REGION V, - A.C.C.

CHIETI

TRANSLATION

Chieti, ~~17~~ Maggio 1945

N. di Prot. 3TP/13/76

Oggetto: Service irregularity

- RESPECT. E.N.A.C.-Prov.Direction CHIETI
- CONSORZIO AGRARIO-Prov.Direction CHIETI

The following remarks have been noted from the reports of our drivers:-

-1) The driver of the truck N. 357 on Saturday night 5th May inst., on his way back from Vasto with a load of flour drawn from the D'Ercole Mill to Pastificio Spiga Pescara, arrived at 1935 hrs. couldn't unload because the pastificio was closed. The following morning Sunday 6th he had to provvide to pay the labours whom he found to unload the truck with his own money as there are no labour at the pastificio on sun= days.

-2) The drivers of the trucks n. 325 and n.326 arriving at Vasto D'Ercole Mill - to load flour for Pastificio Spiga - Pescara as from the requests of E.N.A.C. n.8081 dated 6-5-45 couldn't give them a load because they hadn't the goods, but regualarly noted and signed the trip ticket.-

-3) The drivers of trucks n. 312 - 338 - 356 - 357 and 368 despatched as from requests of E.N.A.C. n. 84, 85, 86, 87 and 88 of the 6th May inst. for loading grain at Fermo country were constrained to load the grain their selves to avoid returning without a load.As it was Sunday there were no labourers at the granary.

Confirming our previous vebal notes and remarks re the irregulari= ties which have been verified in the last days, we add the uppermentioned; Will you kindly make arrangements so that these inconvenients will not be repeated again.-

FROM : Major T.P. Moriarty, R.E.

DATE : 15 May, 1945

TO : Lt. Col. Fernihough. Transportation Sub-Commission HQ.AC.

REF. : TM/23

SUBJECT : Grain Haulage.

1. There have been many minor difficulties to straighten out:-
a) Slowness on the part of N°2 Truck Bttn to start Loading; particularly in Ascoli-Piceno and Macerata.
b) 1002 G.T. Company took away large quantities of sacks to their new location.
c) Reluctance to work on Sundays and feast days.

2. The above-mentioned have been overcome and Hauling is proceeding satisfactorily, except from Macerata.

3. Pole Corps have occupied Consorzio Agrario warehouses at Porto Recanati, Porto Civitanova and Porto St. Giorgio and I have failed to get them out. It is possible they will not be long in this vicinity, hovewer.

4. Yesterday I visited Porto Civitanova and Porto Recanati to see the grain rail programme commenced.
Although we were ready to ship first thing in the moning no Freight cars were available. I Phoned Movements, Ancona, who promissed them for 1 p;m;, but they did not arrive until after 5 p.m. and then only 5.

5. I went on to Ancona and raised hell with Movements, but was told that nothing more could be done just then owing to the difficulty of getting freight cars up the line and distributed.

6. I find that the present truck pool vehicles of Macerata can cope with the rail traffic Porto Recanati and Porto Civitanova to the heel, and if one Company of N°2 Truck Bttn. is to be located at Pollenza, they should haul to Aquila Province until I can arrange rail shipments from Porto St. Giorgio to Ortona for collec-
tion there. This may take some time owing to the lack of freight
