15 July, 1945

SUBJECT: Transfer of 2nd Bn, MT Group Vehicles
to Italian Government

TO: Chief, Roads Division, Transportation S/C

1. Three hundred seventy-nine (379) vehicles formerly of the 2nd Bn, MT Group have been collected by me for transfer to the Italian Government.

2. The one remaining truck to be collected is not now in the battalion area, but the Battalion Commander has promised that I will be notified as soon as the truck is ready for collection.

3. A total of sixty-four (64) vehicles are in the Shop at Civitanova, and three hundred fifteen (315) were serviceable or in need of only minor repairs at the time of collection.

4. Present disposition of vehicles is as follows:

Truck Pool No 6	In Shop 27	In Pool 102
Truck Pool No 7	" " 37	" " 213

5. Shipping tickets are now being prepared for transfer to the Italian Govt. These shipping tickets will include all vehicles, spares, and tools received by me from the 2nd Bn. They will exclude only the tire numbers on vehicles in Shops, which can only be obtained as vehicles are rendered serviceable.

6. As vehicles in shops are made roadworthy, they will be collected and turned over to the pool to which they have been assigned. Further shipping tickets for tires supplied on these vehicles will be prepared at that time.

5097

7. Truck Pool No 7 is experiencing some difficulty, due to the very great increase in the size of the pool, and due to the fact that accomodation in the Osimo-Ancona area is not to satisfactory. Efforts are being made to straighten out difficulties as fast as they arise, and the pool should be functioning smoothly in a short time.

8. Truck Pool No 6 will have no great difficulty in absorbing the additional trucks, as far as maintenance and administration are concerned.

9. As was anticipated, when these pools became the property of the Italian Government, a clamor for a larger field of operations was immediately raised. I plan to confer with the Ispettorato in Ancona again on the eighteenth and to obtain signatures on shipping tickets at that time. If possible, I will telephone your office for your views on operations.

SUBJECT: Report on Turnover of MT Group Vehicles
to Italian Government

TO : Chief, Roads Division, Transportation S/C

1. Reference your AC/54/15/Tn5, dated 28 June, 1945, the following information is submitted.
2. Thirty (30) vehicles were collected on 1 July by Truck Pool No. 6. Twenty-two (22) of these Vehicles were roadworthy at time of collection and have been put in operation, continuing on the program on which they were previously engaged.
3. A total of one hundred fifty (150) vehicles have been collected by Truck Pool No. 7, fifty each on July 3, July 5, and July 7. Of these, one hundred twenty four (124) were serviceable and are being put in operation. Captain Bent has informed me that he is satisfied with the progress to date.
4. It was seen fit to alter the original schedule, which called for Eleven Company to be turned over to Truck Pool No 6 and for Fifteen Company to be taken by Truck Pool No 7, due to the fact that Fifteen Company is now occupying space at Sforzacosta which will be satisfactory for quartering all additional vehicles for Truck Pool No 6. Thus, all companies from Ten to Fourteen inclusive are being taken by Truck Pool No 7, Fifteen Company will be taken over by Truck Pool No 6 in the present position, and Sixteen Company will be moved in alongside. The Sforzacosta area, of which I mentioned the possibilities at our recent conference is much more satisfactory than the Pollenza area.

5. Shipping Tickets covering the transfer of all three hundred eighty (380) vehicles will be handed to Captain D. P. Richardson for forwarding to Headquarters as soon as the turnover to the Italian Government has been completed.
