Ref: AC/320/10/TN.5

SUBJECT: Vehicles for use of AC officers in the North.

TO : Supply Division, Economic Section.

Reports which this Division has received from the northern regions indicate that the work of AC-AMG officers is seriously handicapped by lack of transport.

One of the primary requirements for the proper organization and control of transportation, agriculture, industry etc. in the field is a reasonably dependable vehicle.

Particularly is this true in the north where the areas of responsibility for agriculture, commerce, industry and transport officers are so large that the limited vehicle assignments are making it almost impossible for operations to be properly conducted or supervised.

We believe MTOUSA should be urged to allow requisitioning or rental of vehicles by the regions now operating since it is obvious that the present system is not adequate.

MINISTRY OF INDUSTRY COMMERCE AND LABOUR
THE MINISTER

Rome, 26th March 1945

to Mr. A.G. Antolini
Acting Vice President of the
Economic Section A.C.
R O M E

In August 1944 the premises of the registered offices of the Lancia Ltd Co. were requisitioned by Captain Hay (British) of Transport Sub-Commission.

These offices were used for controlling and co-ordinating the Lancia organization by means of its branch offices and agents in the various regions and provinces of liberated Italy.

The continuation of the state of requisition seriously hinders the Lancia Co in carrying out its work.

The General Manager has therefore requested, but so far without any result, to be:

to be authorized to use part of his office, which consists in ten rooms

at present occupied by Captain Hay and two assisstants,

to obtain permission to use, in the premises of said office, some space for repairing the motor car in the Company's service.

In view of the importance of this Company's organization, as well as grounds of general interest, I think that this request, modest as it is, is worth taking into consideration.

I am sending it on to you therefore, hoping that you will be able to accede to it.

Thanking you in advance
I remain, yours sincerely

1. Reference is made to MT/2943/6/1 of 30th December 1944 from Lazio-Umbria Region addressed to your Sub-Commission.

2. In view of the closing down of this Region the control of garages presumably reverts to your Sub-Commission (your AC/TM/3/26 of 15th January 1945 refers).

3. It would, therefore, be appreciated if we could be informed as to whether it is desirable to proceed with applications for de-requisitioning.

4. This garage had orders for the repair of 80 Alfa Romeo motor buses and trucks belonging to ATAG, and in view of the continued press comment on the difficulties of supplying civilian passenger and goods traffic in Rome Area, it would appear that a case exists for de-requisitioning.

5. No action can be initiated in this direction, however, unless strong support is given by your Sub-Commission in the shape of a statement on the necessity for making every facility available for repairs to motor vehicles toward solving the transport difficulties in Rome Area.

Oggetto: Requisizione e uso locali

Vi scrivo nella mia qualità di Direttore Procuratore della Lancia & C. di Roma.

Il giorno 16 agosto u.s. mentre ero a Napoli per servizio il Capitano M. Hay R.A. della Transportation Sub-commission, requisì, senza però convalidare il suo atto col regolare foglio di requisizione, i locali, sia degli Uffici della Sede di Roma che nulla avevano a che fare con l'officina, sia quelli dell'officina stessa, ed in più il salone di esposizione malgrado fosse affittato ad un suddito svizzero.

In data 14.9 u.s. scrissi alla Transportation Sub-Commission Roads-Section facendo rilevare che il passaggio degli autocarri carichi dal Viale Parioli all'ingresso del salone, rovinava il travertino all'invito di accesso.

Il 19.9 u.s. il Cap. Hay mi rispose assicurando che sarebbero stati presi dei provvedimenti. Nulla è stato fatto tanto che mi sono visto costretto a riscrivere il giorno 9 corr. ad evitare l'aggravarsi dei danni.

Il 2 corrente mese, non essendomi mai pervenuto il regolare ordine di requisizione dei locali, ne feci richiesta per iscritto, chiedendo inoltre quali passi l'Amministrazione del Palazzo avrebbe dov-

Mi perviene ora una lettera in data 11 corr. con la quale vengo informato che è stata stabilita una Indennità di requisizione e che la stessa sarà al più presto regolarizzata dalla Real Estate Section H.Q. Rome Allied Area Command.

A scanso di equivoci mi permetto ripetere quanto sopra esposto e cioè che i locali requisiti sono i seguenti:

1° - Officina e relativi Uffici dipendenti dalla Filiale Lancia Roma.

2° - Uffici della Lancia Sede di Roma totalmente indipendenti dalla Filiale.

3° - Salone di esposizione affittato dall'Amministrazione Palazzi Lancia al Sig. Tuena Federico suddito Svizzero.

In conseguenza le eventuali requisizioni debbono essere tre, una distinta dall'altra non essendovi nulla di comune tra esse.
