Dear Lieutenant,

following the conversation that our Father Mr. Giovanni Panessa had with you in your Office some time ago, we have the pleasure to enclose herewith list of tyres for which we are demanding the non payment of them to the Italian Ministry of Transport Rome.

If you remember, Capt. Morgan agreed to discuss favourably this matter again, and meanwhile he told our Mr. Panessa to have all the documentation in your hands again.

You know that our Mr. Panessa was in your office in order to find the letters and documents that the Italian Ministry of Transport assured to have sent to you. Documents were instead not traced.

We are pleased to confirm that those tyres were given to our Mr. Panessa, steamship Agent for account of Ministry of War Transport, by Mr. Norris, Representative Ministry of War Transport, for the services rendered by our Firm to the above Gentleman. In fact our trucks were used, free of charge, for the transport of all the necessary ship's supplies from various depot to ships in port.

We beg also to inform you that all the tyres in question, given us, were old ones, and consequently out of use for Allied Forces.

Will you kindly, Dear Lieutenant, consider favourably our request, and very sorry for the troubles we are giving you, and awaiting you reply, we are,

Yours faithfully

Dear Sir:

The attention of this office has been called to your letter of 10 May 1946 addressed to the Ministero dei Trasporti, Roma and its attached authorization for Allied tires:

The authorization of the 3485 Ordnance Company does not, in itself, furnish sufficient proof that you are entitled to free permanent permits for your twenty-three (23) tires. It is requested that you also furnish the Allied Commission permit signed by Captain Peterson.

This office is further interested in your statement that you have spent thousands of Lire obtaining recognition of your rights by the Allied Commission and desires that you clarify that remark to indicate in just what way the money was spent.

Your correspondence has been returned to the Ministero dei Trasporti.

SUBJECT: Allied tyres authorization.

Lucca 10 May 1946

We are informed by the Firenze Railways Club that your Ministry does not acknowledge the validity of the authorization given us by Allied Authorities for the use of Allied tyres, which we had submitted along with our application for a permanent Italian permit free of charge according to present regulations in place of the authorization in question, and consequently advise us to pay the sum of 44,551.25 lire, otherwise the permanent permit cannot be issued us.

We wish to point out, on the other hand, that the above-mentioned authorization is authentic, having been issued us by the R.A. 2485 Ord. Man. Co. on returning us the 23 tyres requisitioned by the American Police in October 1945, in place of the permit issued by Maj. Macorelli (English) for which we paid the amount due through the median of the "Compagnia Lucchese Autotrasporti" and which the above-named R.A. did not deem valid.

Our 23 tyres were not returned to us, however, until after the authorization issued us by Maj. Macorelli had been exchanged for a regular permit from the Allied High Command signed by Capt. Pitterson. On presenting the said permit to the R.A. 2485 Ord. Man. Co. in order to withdraw our tyres, the original tyres could not traced and were replaced with others.

In view of these circumstances we feel that we have every right to a permanent permit issued free of charge,

3008

- 2 -

having already paid the amount due as stated, not to mention some thousands of lire spent in obtaining recognition of our rights by the Allied Commission.

Will you therefore please return our Allied document, as we intend to bring the matter to the attention of the Allied Authorities in order to have it confirmed.

Dear Sir:

In reply to your letter of 16 June 1946, addressed to Admiral Stone, it is deeply regretted that the Allied Commission is not able to assist you in the matter of obtaining tires free of charge. Matters with respect to tires are under control of the Italian Government and the most that could be done was to ask for an assignment of tires to you.

It is suggested that you make an urgent plea to the Italian Government - setting forth your difficulties - requesting payment of war damages or an advance on your pension.

Sincerely yours

MEMORANDUM:

SUBJECT : Tires for disabled veteran
TO : Acting Vice-President

1. With reference to letter written to Admiral Stone by Cinti Silvio (copy with translation attached) the following data has been obtained:

a) In response to subject veteran's request, Lt:Col; L.W. Stearns, Office of the Chief Commissioner, wrote to the Italian Ministry of Industry and Trade on 2 May 1946 requesting special consideration in the allotment of suitable tires to Cinti Silvio.

b) In compliance, the Ministry of Industry consigned seven (7) tires from Pirelli production to Cinti Silvio.

c) Pirelli will furnish these tires but is asking payment as in any other business transaction.

2. It is not known to what extent the Chief Commissioner's office is willing to go to obtain free consignment of these tires but it is respectfully submitted that aid for Cinti Silvio in this matter might be obtained by the Chief Commissioner's office expediting the payment of war damages with which this man states he would be able to effect payment, or the authorization of a direct charge against the proper Allied account.

To Admiral Stone
Rome.

I thank you very much for the seven tires and seven tubes 7.90 x 20 assigned to me in my quality of disabled war veteran. However, at their delivery I ought to pay the sum of Lire 25.665 for each of them, which amounts to a total sum of Lire 179.641 that I have no possibility whatsoever to put together.

Knowing your kindness, I address to you a new appeal asking you kindly to request the Ministry of Industry to grant me a free assignment. This would enable me to start my work and earn the money my family needs.

If I had received the payment of the war damages or an advance on my pension, I would have been able to pay for the tires, but unfortunately all the efforts and steps I made remained without any result.

Should it not be possible to obtain the above free of payment, I beg you to have some Allied tires assigned to me, as having lost all I had, I have no possibility whatsoever to purchase them.

Trusting in your kind intervention, I thank you with all my heart with for what you will do for me and remain
