NORME DI CONCESSIONE DEI COPERTONI E DELLE CAMERE D'ARIA

IL sottoscritto consegnatario dei copertoni e delle camere d'aria di cui all'attestazione a tergo dichiara di aver preso visione e di accettare le condizioni sottoindicate:

1 — *I copertoni ed i pneumatici assegnati dalla Prefettura sono* **in uso e ad personam** *in relazione alla determinata attività svolta dall'assegnatario con riferimento ad un dato automezzo e dietro pagamento, una tantum di un canone pari al prezzo fissato per la vendita.*

2 — *La cessione in uso dei copertoni e camere d'aria è convalidata dalla attestazione - di cui a tergo - che non è valida se non sia munita del bollo della R. Prefettura e* **firmata esclusivamente da S. E. il Prefetto,** *ed è riferita solo al titolare della concessione.*

Ogni abuso comporta il ritiro immediato delle gomme *da parte della Prefettura e le sanzioni di legge in caso di dolo o di colpa.*

3 — *In caso di indebito uso dei copertoni e delle camere d'aria a scopo diverso di quello cui furono assegnati la Prefettura* **ha facoltà di ritirare** *in qualsiasi momento* **le gomme concesse in uso,** *rimborsando al concessionario la quota versata detratta - sentito l'organo tecnico competente - una quota di consumo da determinarsi a percentuale sulla base di stato d'uso.*

4 — *La Prefettura comunicherà al dipendente Ufficio automezzi ed al Raci i nominativi del titolare dell'automezzo cui viene concesso l'uso dei pneumatici ed avrà facoltà di iscrivere privilegio sulla vettura - da iscriversi a norma di legge - per un importo doppio al prezzo corrente di mercato.*

5 — *Il concessionario s'impegna, da parte sua, a denunziare immediatamente all'Amministrazione la cessazione della sua attività, per la quale - a titolo di priorità - è stata disposta l'assegnazione dei pneumatici; di non cedere in uso, ad altri, le gomme con o senza la vettura;* **di non vendere i copertoni avuti in uso** *senza averne ottenuta l'autorizzazione dalla Prefettura che si riserva in tali casi il diritto di prelazione.*
In caso di vendita, non autorizzata o mancata restituzione delle gomme - anche determinata da furto - il concessionario dovrà pagare alla Prefettura il doppio del prezzo corrente di mercato.

Ref. 10-13467/14600 Rome 23 July 45

3316

SUBJECT : W/D Tyres pertaining to the Allied Armed Forces and permitted to be used by civilians.

TO : See distribution.

Pursuant our circular 10/14600 of 5 May 1945 concerning the authorization to use military tyres of Allied Sources, we point out that on July 15th it is elapsed the period of time valid to submit to the R.A.C.I. provincial officers the permits authorising the use of said tyres by civilians, reference is made to para one of above mentioned instructions.

We deem that the R.A.C.I., thru its provinial offices has issued to all concerned the definite authorization, reference is made to para three of the above mentioned circular.

In future this matter is left to the Allied Commission, Transportation SC, which all possessors of military tyres will have to contact.

The R.A.C.I. Administration has already issued proper instructions to all the provincial offices.

We would appreciate very much a reply.

WAR SHIPPING ADMINISTRATION

Naples, Italy
June 7th, 1945

R.A.C.1

FROM: REGIONAL PORT STEWARD, MED. WAR SHIPPING ADMIN.

TO WHOM IT MAY CONCERN

This is to certify that Mr. R. Luise is authorized by this Administration to use on his car, bearing license # WSA 9, HA 27173 - Motor # 029182 - Book license # 86859, Five (5) United States tires as follows:

Goodrich Silvertown	4455784082
Goodyear	174631
Firestone	302081 ED
Goodyear	175531
Firestone	399115 AK

These tires have been allocated to Mr. Luise to enable him to perform his duties as Ship Chandler for all United States vessels operating from and through this port under the jurisdiction of the War Shipping Administration.

An extra tire has been allocated to him because it is necessary for Mr. Luise to make long trips into the country.

Giustificazione delle Gomme

Il sottoscritto Direttore dell'ORFANOTROFIO di Patrica notifica che all'arrivo degli Alleati, qualche centinaio tra Ufficiali e soldati si stanziarono per due mesi circa nel suddetto locale. Partendo dall'Orfanotrofio che attualmente ricovera 150 bimbi, il capitano-vedendo il camioncino che era ed è l'unico mezzo di rifornimento, privo di gomme asportate dai tedeschi , come ricompensa della benigna ospitalità avute ci lasciò 6 gomme di diverse misure già da loro scartate.

In seguito alle disposizioni di ricupero , tali gomme furono regolarmente denunciate al Comando Alleato di Fiuggi, con la richiesta di averne qualcuna per sovvenire all'urgente necessità dell'Orfanotrofio. Esposta la situazione locale (45 km dal centro di rifornimento)e che detto Orfanotrofio vive di pubblica beneficienza, tale domanda fu benignamente accolta assegnandoci due gomme registrate nel regolare documentoAlleato e aggiungendo la promessa di assegnarne altre due appropriate alla macchina appena possibile.Le altre non applicabili furono consegate al medesimo Comando Alleato di Fiuggi .

R.A.C.I. circular No. 21 of the 14th March has led to an understandable confusion in the minds of Provincial Finance Officers.

In order to clarify the position it is first necessary briefly to explain the functions of R.A.C.I.

It was founded about 40 years ago for the purpose of providing certain services for its motorist members. In 1926 the State made R.A.C.I. its accredited agent for the collection of motor taxes, giving it an "aggio" to cover the expenses of the cost of collection (this "aggio" has recently been increased by law, it is on a sliding scale varying between 4% and 8% according to the total amount collected). Later the same year R.A.C.I. was established by statute as an "ente morale", i.e. a concern which may not make a profit for itself.

The following year, 1927, it was given the task of maintaining the Publico Registro Automobilistico (P.R.A.) for which it may charge certain fees of the public. It is also responsible for the issue of driver's licences.

Until such time as the appropriate Italian organizations are set up in newly liberated territory R.A.C.I. is being used to issue circulation permits.

The amount of the fees chargeable for registration, circulation permits etc. may be varied by R.A.C.I. with the prior consent of the Ministry of Finance, without the necessity for a Governmental decree. On the other hand, the rates of taxes on motor vehicles are determined by law and may only be amended in like manner.

It was founded about 40 years ago for the purpose of providing certain services for its motorist members. Later the same year R.A.C.I. was established by statute as an "ente morale", i.e. a concern which may not make a profit for itself.

The following year, 1927, it was given the task of maintaining the Pubblico Registro Automobilistico (P.R.A.) for which it may charge certain fees of the public. It is also responsible for the issue of driver's licences.

On the other hand, the rates of taxes on motor vehicles are determined by law and may only be amended in like manner.

Funds for administrative and operational expenditure are obtained in part from their central administration in Rome and in part from retained fees. Instances have been reported where, in territory recently liberated, Provincial Offices of R.A.C.I. have requested funds from the Intendente di Finanza, such expenditures being included in the Intendente Budget. This practice is irregular and must cease. Budgets will not be accepted from any Provincial Office of R.A.C.I. and no funds may be advanced or credits authorised by Finance Officers of A.M.G.

The up to date position, including the provisions of Circular No. 21 may be summed up as follows :-

R.A.C.I. Fees.

The revised rates notified in R.A.C.I. circular No. 14 of 21 Feb. 1945 have been agreed by the Ministry of Finance and this office and are effective in A.M.G. territory.

Circulation Permit Fees.

In agreement with the Ministry of Finance and this office R.A.C.I. may collect in A.M.G. territory :

a) 50 Lire on presentation of the application.
b) 100 Lire on delivery of the permit; of this, 50 lire is payable to A.M.G. (see accounting instructions at Schedule A, Executive Memorandum 24).

Motor Circulation Taxes.

All rates have been increased by Decree No. 88, published in the Official Gazette No. 39 of 31 March 1945. This was implemented in A.M.G. territory by announcement in Gazette No. 47 of 19th April 1945.

Financing of R.A.C.I.

Provincial seats will make application for funds to R.A.C.I. Head Office, Rome. In cases of urgency the request may be transmitted through official channels.

THE PRESIDENT OF THE COUNCIL OF MINISTERS

Dear Colonel,

I have examined your note of 24 March u.s. n.A.C.-343-1-In.s and I agree with you about the opportunity of releasing only one model of permits for the use of tires for those civilian who are legitimately authorized to possess and to use military tires.

I agree with you also about the modalities of the project and about the convenience of profitting for this end of the implements of RACI.

RACI will contact with the offices of this Presidence in order to agree about the executional details of the project mentioned by you.

SURVEY AND ALLOCATION OF ALLIED TIRES

The Allied Commission pointed out the necessity of knowing the exact number of tires of Allied make allocated up to now to civilian motorvehicles owned by Italians. In order to avoid any abuse or any uncertainty in the validity of the documents; the Allied Commission wants to unify the authorization form which is released to make legitimate the use and the possession of the above tires.

To this purpose it is necessary to issue directives to the end that all owners of tires of Allied make be obliged to declare them to the Provincial Offices of RACI, delivering the certificate showing authorization to have these tires or, in default of it, giving all details regarding the origin of the tires, the circumstances in which they were acquired and for what reasons.

As a proof that these directives have been complied with, the RACI Office will release a temporary receipt to certify that the use of the tires is legitimate until the final confirmation.

The declaration along with the documents authorizing the use or the possession of the tires, released by any Italian authority or Allied Command, will be then sent, with a list, to the Central Office of RACI, who will see that they are delivered to the Allied Commission. After having examined the papers the Allied Commission will release the final authorization when the papers are satisfactory, or will take the necessary action to regularize doubtful positions.

The final authorization, written on a new form prepared by the A.C., will then be sent, by the A.C. through the Central Office of RACI, to the provincial offices who will see that they are released to the persons concerned or will inform them of the action taken against them.

Afterx having thus made a survey of the amount of tires at present allocated and having clarified the situation, a card-index of the tires allocated with regular authorization should be established on the basis of the data collected, showing all the information required to identify the vehicle and the possessor of the tires, as well as all the characteristics of the tires themselves.

By this means it will be possible at any moment and in any province of Italy to control the origin and the use of the tires for a certain car registered under the name of the owner, and destined to a service of public interest.

In order to comply more efficiently with the directives re-/

0926

Declassified E.O. 12356 Section 3.3/NND No. 785021

ceived onthis matter, it is also necessary to establish a strict control of the allocation of tires and issue strict regulations in regard to the transfer of property of the tires or of the vehicle having tires of allied make. These in fact are the cases in which it would be easy to frustrate the aim of this concession, which is strictly connected with and justified by the service to which the vehicle is destined, in the interest of the general economy or to help the war effort.

To this purpose we suggest the adoption of a procedure based on the following directives:

The person requiring the allocation of tires of allied make will put a request to the Provincial Office of RACI, filling out the special form distributed by RACI. The request will be accompanied by all the documents and justifications of the case.

The request will be carefully examined by the Office, both by checking if the use of the vehicle is really needed for the general benefit and if the reasons brought to obtain the circulating permit are really existing, as well as by consulting the general index-card to check if other tires have already been allocated to the same vehicle, and will then be sent to the Provincial Commission to be examined. The Provincial Commission is composed of the representatives of the Prefecture, the Chamber of Commerce, ENAC and RACI and grant or deny the allocation of tires writing their decision under the request itself. All the requests with the documents attached will be kept in the Provincial Office of RACI.

If the request is granted, the act of allocation of the tires will be written on three copies on a special form, giving authorization to use the tires on a certain vehicle, registered under the name of a certain person, on account of the activity displayed by such person in the public interest.

One copy of the document will then be delivered by the Provincial Office of RACI concerned to the applicant who will release a receipt by signing the second copy to be kept in the above provincial office; the third copy will be sent to the Central Office of RACI to keep the general index-card showing the allocation of tires up to date, in order to be in condition to know the exact situation of all regions, to control any possible transfer of property or of province and to avoid duplicate in the allocation of tires.

On allocating the tires it will be made quite clear that any transfer of property of the tires separately or on the vehicle, is forbidden; that the tires cannot be used on another vehicle belonging to the same person without having obtained the permit from the provincial commission who will grant a new

authorization; that any change of residence of the owner or of the place where the vehicle is supposed to be used must be notified to RACI.

It is necessary to establish the form of punishment (confiscation of the tires and of the permit of circulation, and in the most serious cases confiscation of the vehicle itself) in case of non-compliance with the above regulations, i.e. the denunciation required to carry out the survey and the renewel of the authorization, and the obligations contracted at the moment of the allocation.

Attached herein are drafts of the forms for the request of the applicant and for the allocation of the tires.

24 March 1945

Dear Mr. Minister :

This letter is written you in regard to placing a standard tire permit form in the hands of those civilians legally entitled to the possession and use of military tires.

Both military and civilian authorities are seriously hampered in their efforts to properly regulate the traffic in this item by the varied, and often unauthorized, certificates in circulation.

We believe it to be in the best interest of all concerned if the recall and replacement of the properly authorized issue certificates is conducted through an agency designated by your department.

It is our opinion, following conferences with the Public Safety Sub-Commission and Military authorities, that the organization and facilities of the Royal Italian Automobile Club are best adapted to the requirements of this operation. The R.A.C.I. has been most cooperative in the past and is willing to undertake this work subject to your approval.

The immediate distribution of standard permits would be of the utmost benefit to those citizens who, though lawful possessors of military tires, suffer delay and embarrassment while the validity of their permits are being checked.

The plan which has been discussed is as follows :

(a) A Manifest from the Italian Government will request all persons in legal possession of War Department tires, American or British, to declare complete details of said tires at the nearest Royal Italian Automobile Club office.

(b) The R.A.C.I. representative will collect the old permits on which the tires were first issued and render the declarers a temporary users certificate.

Declassified E.O. 12356 Section 3.3/NND No. 785021

(c) The collected forms will be forwarded to the RACI representative working in cooperation with this Sub-Commission and we will check the legality of the original issue.

(d) Having ascertained that the applicants have proper title, we will issue a standard tire permit form and retain the miscellaneous documents presented as justification.

(e) The standard form will be dispatched through the R A C I organization to the collecting agent who will replace the temporary users certificate with the permanent permit.

(f) The standard form will be held by the users as a permanent part of the official circulation permit.

(g) A central reference file will be maintained containing all details of the tires issued

May it be noted that this proposed action has no connection with the Allied Commercial tires now being imported. It is only concerned with the control of those tires which are or were the property of the American and British War Departments.

Please inform us at your earliest convenience of your decision. If you are in agreement with the general proposal we will request the R A C I representative working with us to contact your department and complete the details.
