TO WHOM IT MAY CONCERN.

This civilian, DESERVI Felice, was apprehended by us because he was using american tires without a regular permit.

The said tires were confiscated, and Deservi was told to procure a valid permit.

The tires were sent to the Salvage Depot by mistake and it is impossible to return them to him.

We have given Deservi 4 other tires, hoping that you'll give him a permit to use them in place of the ones he has lost. The tires are:

A CHI CONCERNE.

Il nominato DESERVI Felice fu da noi fermato per usare le gomme militari senza il regolare permesso in attuale circolazione. Le gomme furono sequestrate, invitando il Deservi a munirsi del permesso in modo che si avrebbe restituito le gomme, senonche' le suddette gomme furono per sbaglio inviate al Deposito ricupero e percio' difficile a potersi riavere.

Noi ci consegna al Deservi altre quattro gomme, qualora vorrete rilasciare un nuovo permesso per poter usare le sottoelencate gomme:

FORD 600x16	# D.O.16137

TRANSFER OF TWO PERMITS
FOR USE OF MILITARY TIRESAllied Commission
Headquarters
Electrical Division
Public Works and Utilities Sub-
CommissionR O M E

The undersigned Selt-Valdarno Electric Company makes an application to obtain the transfer of two permits for the use of military tires for the following reasons:

1°) In September 1945 the Air Ministry took back a Fiat 626/N truck, plate number 29685 Fi. belonging to this Company as it proved to have been partly a military vehicle. (see inclosure no. 1)

Four Allied tires (see inclosure no. 2) regularly sold to this company by the Regional Engineer H.Q. - P.W. and U. Div. with receipt dated March 13 1945 signed by *Sgt* W.H.Nunn (see inclosure no.3) were used on this truck. The above-mentioned receipt authorised the use of the tires only on the Fiat 626 truck no.29685-Fi.

As a result of the application made by this Company the Air Ministry has ordered the restitution of all seven tires which were on the truck, among which are the four Allied military tires. (see inclosure no.4)

The undersigned Company begs therefore that the permit to use Allied tires be transferred from the Fiat 626 truck, no.29685-Fi. to the new truck Fiat 626/NL plate Fi-31738 motor no.016056 frame no.010560 delivered to us on the 27 inst. by the

Fiat factories of Turin. We beg to point out that without the transfer of this permit we should be unable to make use of the said tires and to put into action the new 4370 truck.

The tires for which the transfer is asked are the following:

- Royal	size	750 x 20	na	YR - 172153
- Fleetway	"	"	"	ZR - 110018
- Goodrych	"	"	"	506587-3646
- Fleetway	"	"	"	Y.R. 183160 (and not Y.U. as written in the inclosure of the Air Ministry)

2°) The Fiat 1100/L motor-car plate no.26209-Fi is actually out of use due to damages caused to vital parts of the engine.

To repair these damages it would be necessary to change some of the parts with Fiat originals which however are not obtainable as the factories of Turin are actually turning out only trucks.

We therefore beg that the authorisation for the two tires assigned to the aforesaid vehicle (see inclosure no.5) be transfered to the Fiat 1500 no.6639-LU, frame no.018402 motor no.018293 which is actually out of use due to its being partly without tires.

The tires for which the transfer is asked are the following:

- Mansfield	size	600 x 16	na.	11 U 57872
- Century	"	"	"	10074877

Hoping that our application will be favourably

viewed,

We remain,

Yours truly,

SUBJECT: Tyre Permits.

TO : Headquarters Allied Commission
Transportation S/C
(Att: Capt. Peterson)

Reference recent conversation Capt. Peterson-Lt. Phillips regarding tyre permit for Macor Angelo.

1. We have been in touch with 66 Section S.I.B. (British) who state that they are satisfied on the following permits.

2.(a) that the following vehicles were issued from the 408 vehicle park complete with tyres, and that Macor can produce original issue notes, issued by 408 Park, to support the issue of tyres for these vehicles.

(b) that these vehicles were valued complete with tyres by the official valuer-tyres in each case valued at 50% used.

<u>Vehicle</u>	<u>Engine</u>	<u>Chassis</u>	<u>Tyres</u>
Trailer		05399	8
Trailer		02023	8
Fiat 1100	301560	277602	4
N ^o 8222 Lancia 3 R.O.	6608	5648142	6
N ^o 8223 Ford	160121	160121	4
Fiat 626	086087	illegible	6

3. The police are satisfied that the issue notes are not forgeries and state that they were issued by the vehicle park to Macor as an appreciation of the work done by him as chief interpreter.

4. In point of fact as the vehicles were valued with the tyres, same are thus purchased.

5. Under these circumstances this S/C or the S.I.B. have no objection to the tyre permits being issued.
