WP-343

Tel. 886324
Ext. 8

JHB/jmo.

Ref.: AC/MG/201/3

Subject: Operating Procedure for transfer to the Italian Government of trucks received against LAC 95.

To: Transportation Sub=Commission = A.C.

1. Reference is your AC/349/2/Tn5, dated May 31st, and General McKinley's meeting with Colonel Carnes on Thursday 7th June, when it was agreed that the responsibilities, as set out in your letter were incorrectly designated and that some revision was required.

2. Par. 1 f. states that the Maintenance Group is answerable for accountability and responsibility of trucks referred to in LAC 95 until they are collected by the Italian Government. On orders of the Transportation Sub=Commission, a number of these trucks have been made available to the 15th Army Group and, as these H.Q. have no jurisdiction over these trucks as long as they are at= tached to the 15th Army Group, the accountability and responsi= bility must be accepted by the Army.

3. Par. 2 a. and b. state that the Truck Operating Group will be responsible for the collection of vehicles at Port of Arrival and the movement of vehicles to whatever operating unit of the Mainten= ance Group the group designates. As such collection and movement will have to be accomplished by civilians under contract, these responsibilities should be delegated to the Maintenance Group as the Truck Operating Group functions on a military basis.

4. Having regard to the fact mentioned in par. 4. above, par. 2 c and d, should also become the responsibility of the Maintenance Group and not of the Truck Operating Group.

5. It is, therefore, requested that your letter of the 31st. May, ref. as in par. 1. above, should be ammended accordingly.

James J. Carnes.
James J. CARNES
Col. Inf.
Commanding
Truck Operating Group and Maintenance Group.

Ref: AC/345/Tn5

GGC/ep

16 June 1945.

SUBJECT: Proposal for Transfer of Civilian Trucks now being Operated by the Motor Transport Group.

TO : Director, Transportation Sub-Commission.

1. On completion of the transfer of War Department vehicles now being operated in Motor Pools in the Marche, Abruzzi and Southern Regions numbering 646 vehicles, there will remain 641 vehicles classed as War Department which are operating in the 15th Army area plus 1700 vehicles now being operated by Motor Transport Group which are to be transferred to the Italian Government.

2. It is proposed that a Motor Pool consisting of 200 vehicles be established in Genoa; one of 200 vehicles in Venezia; one of 200 vehicles in Bologna; one of 200 vehicles in Leghorn and one of 300 vehicles in Ancona. Bari and Foggia should be be supplemented with 50 more vehicles, as should Perugia and Florence with 100 vehicles each. This will leave 300 vehicles to be distributed among Liguria, Lombardia and Venezia in such numbers as the Regional Transportation Officers deem advisable. However, all of these vehicles being placed in the North shall be operated in the form of organized Truck Pools so that any transfer to the Italian Government could be effected immediately. The 300 vehicles suggested for Ancona would supply all extra lift needed in the Abruzzia, Marche Regions. This will leave about 641 vehicles and it is suggested that these vehicles be held in reserve to supplement any pool needing more transport at the time of its transfer.

3. These 641 vehicles, plus 425 of the 1700 civilian vehicles are at present with the 15th Army Group and their availability for transfer depends on what arrangements can be made to withdraw the vehicles from the 15th Army Group or upon the time that operations extend to phase 2.

4. The plan outlined above is of course subject to open discussion or correction but Colonel Fernyhough and I are both of the opinion that this is the best way for the distribution of these vehicles.

G. C. GROSS Jr.
Chief

ITALIAN STATE RAILWAYS

Office of the
Director General

Rome 7 June 1945

TO : The A. C.
Att: Mr.G.G.GROSS- R O M E

With reference to the agreement made with Col. Mr.Gross concerning the transfer of new trucks to the I.S.R. it is agreed that the requests for spare parts and tyres required to repair damages, will normally be addressed to A.C.H.Q.

However, it is thought convenient to ask the A.C. that we may be supplied with a stock of a/m spare parts and tyres and tubes, even though it be a limited one, in order that we may be put in a position to provide for immediate repairs of sudden damages, and in urgent cases .

As regards the supply of fuel and lubricants which, according to agreement, we should receive through the Ministry of Industry and Commerce, keeping in mind the considerable number of trucks which will be in operation, their consumption per mile , and the fact that they will operate as a subsidiary service of ISR, it is deemed to be convenient, also for the sake of quickness, that we receive our supplies direct from C.I.P., similarly to what is being done for other supplies of fuel and lubricants to I.S.R.

For the Director General
(Signed) MARIN

R O M E

OGGETTO: pneumatici per vetture di servizio.

SUBJECT: tires for service motor vehicles.

1. - Questa Direzione Generale, avendo ricevuto comunicazione che presso la Direzione Compartimentale di Bari sono stati consegnati dei contingenti di pneumatici per la distribuzione, ha richiesto l'assegnazione di alcune coperture per le proprie vetture di servizio, ma non ha potuto ottenerle per opposizione degli Ufficiali Regionali Alleati, perchè sembra che le gomme debbano essere impiegate su automezzi delle zone cui si riferiscono i contingenti.

1. - Information has been received by this H.Q. that a quantity of tires has been delivered to the Compartmental Office of Bari, for distribution. A request has been made for the allotment of some tires for the service motorvehicles of this H.Q., but it has been impossible to obtain them, because of the opposition made by the Allied Regional Officers. It would appear that the tires in question must be supplied only to the motorvehicles of the areas to which the said tires have been assigned.

2. - Poichè questa Direzione, nonostante il suo interessamento presso le Amministrazioni che distribuiscono gomme per Roma, non ha ottenuto alcuna delle 10 coperture e 10 camere d'aria 6.00 x 16, richieste con roglio 2T.34/1908 fin dal 21.2 u.s., fà richiesta che le sia concesso il prelievo dei 10 pneumatici, o in via subordinata di 5 soltanto, dalla regione di Bari.

2. - As this H.Q. has not been able, in spite of the action taken with the Administrations which are charged with the supply of tires for the Rome area, to secure any of the 10 tires and 10 inner tubes 6.00x16, requested with letter 2T.34/1908 dated the 21st. of february, it will be greatly appreciated if authorisation might be granted to the withdrawal of the 10 tires, or at least only 5 tires, from the Bari region.
