SUBJECT: American Commitment Vehicles for A.C.

TO : A.T.H.Q. C-3 (Att: Lt. Col. Franklin).

1. Reference your T-6, dated 17 November '44.

2. It is regretted that the information requested has been delayed. This is due to the confusion which has arisen over the spare parts consignments mentioned in Para 2 of your letter.

3. After considerable investigation, including personal search of all known warehouses in Bari by Major Downer of our Maintenance Section, and also by a representative sent previously by Capt. May, late of our Spare Parts Section, it can only be concluded that Para 2 of your letter is in error in stating that two consignments were discharged from the SS Empire Nist.

4. This A.C. is convinced that only two shipments of spare parts have been received altogether, one of 63 cases, and the other of 62 cases. Capt. May handled both these consignments, and his receipt for 125 cases and 40-tons as to their disposition is attached.

5. With reference to Para 4 of your letter, attached is a complete list of the 185 30-Cwt Chevrolet Trucks received to date by A.C. ex Midwest. In this connection, this A.C. would reiterate its statement made in letter dated 19 August '44, Ref. AGO/28/2/36, to the effect that it is convinced, beyond all reasonable doubt, that this figure represents the complete total received to date. It is pointed out that this figure also includes the vehicle 100001, which has now been returned to A.C. by the Fleet

Page 2 of your letter.

3. After considerable investigation, including personal search of all known warehouses in Bari by Major Downer of our Maintenance Section, and also by a representative sent previously by Capt. May, late of our Spare Parts section, it can only be concluded that Page 2 of your letter is in error in stating that two consignments were discharged from the SS Empire Xiot.

4. This H.C. is convinced that only two shipments of spare parts have been received altogether, one of 61 cases, and the other of 62 cases. Capt. May handled both these consignments, and his receipt for 125 cases and details as to their disposition is attached.

5. With reference to Page 4 of your letter, attached is a complete list of the 186 30-Cat Chevrolet Trucks received to date by A.C. ex-identist. In this connection, this H.C. would reiterate its statement made in letter dated 29 August '44, Ref. 100/IN/1/10, to the effect that it is convinced, beyond all reasonable doubt, that this figure represents the complete total received to date. It is pointed out that this figure also includes the vehicle 4830684, which has now been returned to A.C. by the Fleet Salvage Officer.

27 November 1944

SUBJECT: American Commitments Vehicles for AC
(204 1½ ton Trucks ex Mideast)

TO : Headquarters, Allied Commission, APO 394.
(Attn: Executive Director, Economic Section).

1. Reference is made to letter DOS 2/17/2(3) dated 21 Oct'44, in which it is stated that a total of 204 1½ ton trucks ex USAFIME had been turned over to AC by British Vehicle Parks, copy of letter attached hereto.
2. British Ordnance also state that two consignments of spare parts, each consisting of 63 cases weighing 9 tons, were discharged at BARI from the S.S. EMPIRE MIST and despatched on July 30 to A.C. Southern Region under instructions given by Lieutenant O'Leary. This shipment was loaded into R.R. cars Nos 92667, 466970 and 7470004. In addition there was one consignment of 62 cases weighing 9 tons discharged from the S.S. KOOTNAY at BARI and despatched on 21 September to U.S. Warehouse No. 101 Corso Saecalia BARI, by road, under instructions from Major Watkins, AC.
3. Details of the above shipment were in each case handed to a representative of AC by Port Ordnance Officer, BARI.
4. In order that the matter may be cleared up it is requested that AC furnish a complete list of the 1½ ton 4 x 2 cargo trucks which were received by them ex USAFIME. It is also requested that receipt of the 188 cases of spare parts be acknowledged.
5. Since 200 1½ ton 4 x 2 cargo trucks are shown in PENBASE books as on loan to AC, the above procedure is necessary in order to complete records of the transaction.

ACC Tn/R/38

SUBJECT: 30 cwt Chevrolet - Salvage.

TO : CC. No. 1 Truck Pool, AC Foggia Province, 572.

1. Reference your TPI/1 dated 1/October 1944.

2. It is regretted that no authority can be granted for the replacement of American Commitment vehicles.

3. The following, however, is an extract from letter Reference 2nd Ind. AG 451.2/300 ORD - O. from H.Q. NATOUSA to HQ. ACC. dated 2/Sept. 1944:-

a)-No vehicle supplied to the Allied Control Commission under authorized War Department project that have been salvaged will be replaced from United States military stocks. A War Department project designed for a specific period or mission and maintenance requirements should be included in the original request. The loss of vehicles the Allied Control Commission through salvage can only be replaced additional project initiated by Allied Control Commission for shipment from the United States.

b)-As long as United States Army Ordnance Service is required maintain standard United States vehicles for Allied Control Commission, salvage operations will be accomplished by the Ordnance installations and the salvage insofar as practicable used to continue in rating condition other Allied Control Commission vehicles. No segregation of salvage parts will be attempted.

In view of the above ruling, you are directed to proceed to 2014 Ordnance Maintenance Co AF, and obtain such spare parts from the two files Nos. 4830607 and 4830827 as you may require for maintaining vehicles under your control.
